WEBSTER'S

High Grade Packet and Bulk Seed

WE ORIGINATED THE

Large Seed Packet

and ours are the only Genuine Mammoth Packets with Double Quantity of seed to packet. Do not be deceived by claims of others who seek your business.

To the Trade:

We realize fully that **THE QUALITY COUNTS FOR MORE** in Seeds than in any other line of merchandise, and we do not need to tell you that cheap seeds, grown by irresponsible growers in a careless and haphazard manner, are never cheap seeds to buy, no matter at what price they can be procured. Such seeds are sure to be a disappointment to the one who uses them and an injury to the trade of the dealer who sells them. In no other line of goods is quality of so much importance as in Seeds, and in no other line does the purchase and sale have to be made so much on confidence as in this line. A farmer buys stock, or a piece of machinery, or almost anything else, and he has an opportunity to exercise his judgment, but when he buys seeds there is no such opportunity. He can test them for vitality, but it is impossible, without using the entire season from seed time to harvest, to test their purity and trueness to name.

MEL. L. WEBSTER CO.
SEEDSMEN. **Independence, Iowa**

This List is For Dealers Only.

THE prices quoted in this list are strictly Wholesale Prices, and are for dealers who buy to sell again. The line of goods we put up and the varieties of seed we quote are those which are the most staple with the store trade. As we do not do a retail business, the new and high-priced novelties we leave for those seed companies who make a specialty of the retail catalogue trade.

Terms.

All Garden Seeds for spring shipment, both bulk and packages, are sold on *June 1st* time, regardless of the time of shipment, and are due, net, without any discount at that date. All bills not paid by June 5th are subject to sight draft without notice. December shipments are due April 1st, net. We will not allow *Exchange or Express Charges* on remittance, and if *Personal Checks* are used, they must be drawn *With Exchange*. Onion Sets, Field Peas and Grass Seed are Net, 30-day goods.

Bags and Boxes.

No charge made for Display Cases for package seeds, Bags, Boxes, Barrels and Baskets used for packing loose bulk seed, onion sets and field seed will be charged at cost; but we will try to pack all goods so that this necessary package charge will be as little of a hardship on our customers as possible, and will allow credit on Muslin Bags, if returned in good shape, free of express or freight charges. The Two-Bushel Seamless Bags are a staple article, and can be disposed of at a profit over my price to you.

Orders by Mail.

I especially solicit any business you may have to place by mail. For most of the trade who will receive this list there will be no place from which supplies can be secured in less time than they can if ordered of us, and the matter of time is a very important thing during the seed-selling season.

Seed Prospects for 1905.

WE have been coming to you for the past four years or more with a tail of woe about crop failures and a lament about the impossibility of filling all orders in full. Short-filling of orders is a thing that cuts both ways. It hurts the customer and causes much disappointment and often dissatisfaction on his part, and it cuts very seriously into the profits of the dealer, not to be able to fill orders after the expense of selling them has been incurred. Filling an order ten per cent. short may not seem very much on that particular transaction, but when that percentage is taken off the dealer's gross business of the year it means a very serious reduction in the net profits. Last season we made up our mind to make our plans sufficiently large on the various items that had been short the few years past, so we would be able to take care of our trade, no matter if we were again unfortunate enough to have a crop failure. The past season, on the whole, has been a very exceptional one for crops, and with but one exception, that of *Beans*, the seed trade of the country is well supplied with stocks. They are not overstocks, however, and there is no reason why prices should be ruling so low, except foolish competition among the seedsmen.

Beans were again almost a failure, 20 to 50 per cent. being the amount of the crop. We got hold of the matter early and fixed ourselves, so that except on two or three items we will fill all orders complete.

We wish to say to our customers and others who receive this list that we are in position to meet any competition, and if the prices in our list should happen to be high, as compared with others, advise us, and we will try and get them in line.

Thanking all our patrons for past favors, we assure you your business is thoroughly appreciated, and we hope to have many chances to serve you during the present season. For any who are not customers we would say, give us a trial.

A NON-WARRANTY. We will exercise care to have all seed we sell true to name and of the **HIGHEST GRADE**, and, if possible, test all seed that they may be sure of germination before they are sent out, but as there are so many outside conditions that even the germination of seeds depend on, it is impossible to warrant them, and it is expressly understood and agreed that they are not warranted in any respect, and we will not be responsible for the crop. If the seed is not accepted on these terms, it must be returned at once.

Items Marked in Heavy Type are Most Desirable.

ASPARAGUS.

Conover's Colossal, *old standby*..... Per Lb. \$.25

Hamburg , <i>has a large, Carrot-like root</i>	.40

PEAS—Extra Early Variety.

Height. Per Bu.

✓ Alaska , <i>valuable first early; green seeded</i>	2 ft.	\$3.50
✓ Extra Early , <i>earliest; white seeded</i>	2 ft.	3.75
✓ Improved Extra Early , <i>selected stock</i>	2 ft.	4.00

It is customary with most seedsmen to list quite a number of extra early sorts, such as First and Best, Early Kent, Philadelphia Extra Early, Dan O'Rourke, and many others, with usually one of their **own brand**, all of which are usually taken from the same bin, and well they may be, for there is no difference in them. If your trade calls for any of these sorts I can mark them to suit you, but prefer not to deceive my trade by listing them separately.

PEAS—Early Dwarf.

Height. Per Bu.

✓ Bliss' American Wonder , <i>earliest wrinkled</i>	1 ft.	\$5.00
✓ McLean's Little Gem , <i>Premium Gem strain</i>	1½ ft.	4.25

BIRD SEED IN PACKAGES.

Webster's High Grade Bird Seed—This package contains one-half pound of mixed seeds of just the right varieties and proportions to constitute an appetizing and healthful bird food. This package is peculiar from the fact that it is the only "NICKEL" package of "HIGH GRADE" Bird Seed in the market, and it is the only package containing granulated shell, so prepared as to supply both grit and carbonate of lime, which are needed for the health of the bird.

72 one-half-pound packages, <i>per case</i> ..	\$2.00
Per Dozen	.35

WEBSTER'S HIGH GRADE CRUSHED SHELLS.

They are the best to be obtained.

They are made from fresh, live shells.

They are not baked, but dried by a hot air process.

They are screened into the proper size, and the dust and dirt sifted out.

They act as a grit, prevent diseases and keep poultry in healthy condition.

They supply carbonate of lime in almost a pure form and greatly aid in egg production.

They furnish the material for good, strong shells that will stand shipping.

They are necessary to get the best results from poultry raising, and a dish of Crushed Shells should be in every poultry yard so the fowls can have free access to them at all times.

OYSTER SHELLS.

Per Cwt.

100-pound lots	\$.55
500-pound lots	.50
Oyster Shells in 5-lb. packages, <i>handsome display package</i> , doz.	.80

PAPER BAGS.

2-ounce Bags, per 1,000	\$1.80
2-ounce Bags, per 500	1.00
1-ounce Bags, per 1,000	1.60
1-ounce Bags, per 500	.90

In lots of 500 or more we will print your ad on the gummed bags without additional charge. If ordered in less quantity we will have to send them plain, unless 25 cents extra accompanies the order to cover the cost of printing.

POTATOES.

Per Bu.

Early Ohio, Red River stock	\$.75
Extra Early Everett	.65

We do not make a specialty of seed potatoes. We grew these on our farm last year and would be glad to fill orders at these low prices while our stock lasts. The Extra Early Everetts are the best potatoes we have ever had experience with. They are almost as early as any; yield double what the Ohio will; are a fine table potato; excellent keeper. Color, white; shape, oblong and smooth.

Webster's Mammoth Packet Seeds

REDUCED IN PRICE.

A FEW YEARS AGO we reduced the price of our Mammoth Double Quantity Packets to *\$1.50 Per Hundred* in lots of 400 packets or more, or a less quantity for *\$1.75 per hundred*. This was a big cut from the former price, *\$2.00*, and we made it only in expectation of larger orders, and our expectations were fully realized. From our old friends and customers we have had a larger share of their seed business, and to new trade the new price has been an inducement for their business that they could not resist. The High Grade of our seeds has been maintained, and we continue to put forth every effort possible to improve the quality of our stock, so that our patrons can depend on getting in Webster's Mammoth Packets not only a *Double Quantity of Seed*, but seeds that are of *The Highest Grade*.

THE ORIGINAL AND ONLY MAMMOTH PACKET.

The great success attained by our Mammoth Packet has proven too great a temptation for some of our esteemed competitors, who never had an original idea, and as was to have been expected, we have imitators. "Be Not Deceived," but buy only the *Original Mammoth Packet*, which is the best selling line of Packet Seeds on earth. Every packet contains *Double the Amount* of seed packed in the standard-sized package. As compared with the old commission plan, they pay the dealer *100 per cent. greater profit*, and at the same time enables him to give his customers double quantity of seed for the money.

ONE PRICE ONLY.

Our territory is so extended and the competition we meet so varied, the size of orders differing so much, that "One Price Only" is very hard to maintain, but we propose to live up to it and *will not accept any business at a less price than above quoted*. Small sorting up orders received during seed-selling season will be filled at price of original order.

WE have been to great expense procuring new designs of flowers and vegetables for our Packets and Labels, and can safely claim there is not another line of seeds on the market that is equal to ours in beauty and style of lithographing. Our cases, which we supply free with all orders, are finished in two coats of shellac, nicely labeled and very attractive.

LARGE PACKAGES.

To meet the demand for a ten-cent package, we pack Peas, Beans and Corn in a *One-third Quart* pasteboard cartoon. This, while not double the size of the ten-cent packages put up by other seedsmen, is the largest ten-cent package put up by anyone. The best that has been done heretofore has been a one-half pint to retail for that money. We have increased the quantity of seed to packet fifty per cent. and have not increased the price. We also pack Turnip and Rutabaga in four ounce packages, which retail at 15 cents, or at same price bulk seed should be sold. Our package labels are of a new design, beautifully lithographed in colors, and make our large packages the most attractive and showy of anything in their line. These we put in three regular assortments as follows: Assortment A, 102 packages, cost \$5.50; Asst. B, 76 packages, cost \$4.25; and Asst. C, 60 packages, cost \$3.25, all packed in display cases without extra charge for case; also by the dozen, as follows:

Peas and Beans, <i>one-third quart cartoons, per dozen</i>	\$.70
Pole Beans, <i>per dozen</i>	.80
Corn, <i>one-third quart cartoons, per dozen</i>	.40
Turnip and Rutabaga, <i>one-fourth pound cartoons, per dozen</i>	.80

FLOWER SEEDS.

Our Flower Seed Packets are *Double Quantity*, and there is nothing we sell where we give greater value for the money. We pack them in 50 and 100 boxes, and sell them at \$2.00 per 100 packets, no charge for box. Our flower seed box is neat and attractive, and when empty will make a valuable box for many purposes. It is worth one-fourth the amount we charge for the seeds.

Lawn Grass in Packages.

Our one-pound package of High Grade Mixed Lawn Grass is a work of art; the quality of the grass seed is unsurpassed; being the right varieties and mixture to produce the most perfect lawn. The price, \$2.00 per dozen, equal to less than 17 cents per pound, is only about what a good Lawn Grass will cost in bulk. The package is marked to sell at 30 cents.

For convenience in ordering you will find below a list of different combinations of our Packet Seed. If any of these suit your wants you can order by number, if not, we can furnish you anything from one dozen packets to a complete line.

COMBINATION No. 1 CONTAINS.

1 Case 400 Mam.Flat Vegetable Packets at \$1.50 per 100,	\$ 6.00
{ 90 $\frac{1}{2}$ -Qt Pkgs Peas, Beans and Corn,	} Per Case, 5.50
