ANTON SCHULTHEIS
COLLEGE POINT, NEW YORK
BOROUGH OF QUEENS

P. O. BOX 78.

TELEPHONE, 273R1

INTRODUCTION

I take great pleasure in handing you my Yearly Wholesale Price-list for the season 1905-1906, trusting you will find at least part of its contents of interest to you.

LOW EXPRESS RATES ON PLANTS. I am shipping by express lines to all parts of the country, goods packed in closed boxes, at a reduction of 20 per cent from regular rates of merchandise. I always ship this way, unless otherwise instructed, especially in cold weather. It is also very safe to ship by fast freight if not too cold. When practicable, and if not otherwise instructed, I always ship plants out of pots to reduce express charges.

TERMS OF BUSINESS. Cash with order, please. Excepting parties with whom I have done business on credit before and transactions have been satisfactory, my terms are 30 days. Unknown correspondents wishing to open an account will please furnish reference to parties in the trade with whom they have had credit relations.

REMITTANCES should be made by Post Office Money Orders, Drafts on New York banks or Bank of Long Island (College Point Branch), or Queens County Bank Corn Exchange or Express Money Orders. Where it is not possible to obtain these, the letter should be registered.

Goods desired C. O. D. must be accompanied by a partial remittance to guarantee acceptance. All goods are offered subject to being unsold on receipt of order, and I reserve the right to advance price without notice.

No charge is made for boxes or packing, nor for delivery to the depot or express at College Point.

NON WARRANTY. Although I continue to take all possible pains to supply only the best, I cannot give a warranty as to the productiveness or crop of the plants sent. Every order received for articles named in this Catalogue will be executed on these conditions only.

AN INVITATION. I cordially invite you to visit my greenhouses and nurseries at College Point. My place lies across from L. I. R. R. depot, North Shore Division, L. I. It can be reached from 34th Street Ferry, New York side, in 30 minutes. My reputation in plant growing is made, and for reference see any of the leading store-keepers in New York City. I count among my customers the most important store-keepers in all large cities. My plants are naturally grown and not forced, and of a fine dark foliage.

Hoping to receive part of your esteemed orders, and assuring you of the best of service, I remain, respectfully,

ANTON SCHULTHEIS.

The Buyers Opinion.

DECORATIVE AND FOLIAGE PLANTS

An addition of two new iron houses has been deemed necessary for the proper management of this department and same were erected last summer. My importations of palms, etc., are from the most prominent European growers and the care and treatment the plants receive here guarantees them to reach the customer in the best possible condition, free from disease or insects.

PART IV.

ORCHID DEPARTMENT

Beginning this season my **Orchid Department** will receive my special attention and I made extensive arrangements to carry out this my plan. Thus my **special collector**, an Orchid expert of life-long experience, will be in South America the coming winter and spring collecting exclusively for me and orders received now will be given the very best of attention. Shipments direct from the virgin forests

will arrive in May and June and upon their arrival will be shipped at once to parties ordering on receipt of this catalogue. It is of importance that our collector knows what kind to collect when he goes over in November. After that letters take two months to reach him. Orders should be given at once. *Cattleya-Triana* being the best and most desirable for average purposes will receive my principal attention.

I am booking orders now.. Prices are F. O. B. College Point. Time of delivery May-June, 1906.
