ANDORRA NURSERIES

Chestnut Hill, Philadelphia, Pa.

To Secure and Maintain Beautiful Lawns
and Productive Pastures, use

ANDORRA BRAND Canada Unleached Hard-wood Ashes

They are nature's complete fertilizer
They make new soil out of worn-out lands
They keep borers away from trees
They do not make the lawn unsightly
They produce no unhealthy or offensive odors
They are easier to handle than other fertilizers

APPLY AT THE RATE OF 1,000 TO 1,500 POUNDS PER ACRE

Realizing the importance of a clean, complete manure that can be applied to the lawn and garden, and having all the advantages without the offensiveness and inconvenience attending the application of stable manure, we have made arrangements with responsible dealers in Canada for a limited supply of their **best grades of screened, Unleached Hard-wood Ashes**, and are now in a position to supply them to our customers either in small quantities or by the car-load of 15 to 20 tons.

For convenience in handling and to prevent waste, we have arranged to have all our Ashes put up in compact packages.

PRICE:

Delivered by wagon, per barrel of 200 lbs., \$2.50; per ton, \$20.
F. O. B. cars Chestnut Hill, per 200 lbs., \$2.00; per ton, \$18.
Special rates for large quantities and car-load lots.

Andorra Nurseries

CHESTNUT HILL, PHILADELPHIA, PA.

OUR NURSERIES are extensive, covering six hundred acres, of which over three hundred are planted with trees and shrubs. They are easy of access, as Chestnut Hill is the terminus of branches of the Pennsylvania and the Philadelphia and Reading railroads, and the Chestnut Hill (City Line) trolley runs from the stations to within three minutes' walk of the Nurseries.

QUALITY.—The trees and shrubs offered are grown in open, unsheltered ground, in a very exposed situation, which insures their hardiness, and on soil admirably adapted for forming robust plants having an abundance of roots. Special attention is called to the fact that our stock is grown a good distance apart in the rows, insuring heavier trees and shrubs than are generally offered.

QUANTITY.—Lots of 5 and 25 will be furnished at the 10 and 100 rates respectively.

STOCK SELECTED by customers at the Nurseries will be charged for at advanced rates, according to the value of the trees chosen.

SHIPPING SEASON opens about March 1 in the spring and August 15 in the fall.

INSECT AND FUNGUS PESTS.—A certificate of inspection will be sent with each shipment. Stock will be **fumigated** when requested, unless your state law requires it, in which case all stock will be treated before shipment.

PACKING.—The utmost care will be used and charges made at actual cost.

ORDERS.—Write plainly and give explicit directions as to address and mode of shipment; otherwise we will forward according to our best judgment. Orders will be filled for any amount. Small orders receive careful attention.

RISK.—All goods are at purchaser's risk after they are delivered to the forwarding companies and we receive their receipt for the shipment in good condition.

GUARANTEE.—All stock is guaranteed true to name and in good condition when shipped. Any plant proving untrue to name will be replaced. **We give no guarantee of the life of stock.**

CLAIMS, to receive consideration, must be made within five days after receipt of goods. Claims for damage in transit must be made to the company delivering the goods, and should be presented promptly.

TERMS, CASH WITH ORDER, except to such persons as satisfy us as to their responsibility.

OUR CATALOGS

THE ANDORRA HANDBOOK. Planters who desire a complete descriptive list will be supplied with our Handbook of Trees and Plants for 50 cents, which will be credited upon their first purchase amounting to \$5.00.

ANDORRA'S HANDBOOK will serve as a standard guide, being up-to-date in nomenclature, and containing conservative descriptions of a vast list of trees and plants, with hints on planting, pruning and caring for them. It is illustrated and fully indexed.

PRICE-LISTS are issued semi-annually. Owing to our large output, and the changes in sizes of stock by reason of each season's growth, frequent revisions of the **PRICE-LIST** are necessary, to keep customers thoroughly posted on the stock we offer. You are always sure your order will be filled if you find the items in the current season's **PRICE-LIST**.

MORE SPECIALTIES, a booklet of 32 pages, describing and illustrating a large number of very choice things for the country home. That it has already run through three editions shows its popularity.

BOOKLET No. 26, PEONIES, IRIS, PHLOX, CHRYSANTHEMUMS, a 16-page list giving varieties and full descriptions as to color and habit, as well as planting notes.

BOOKLET No. 27, BEAUTIFUL LAWNS. This little pamphlet treats of Lawn Fertilizing, and its eight pages should be carefully read by all interested in having a good lawn.

BOOKLET No. 28, BOX WOOD. For formal gardens and in connection with architectural effects, **BOX WOOD** is now absolutely necessary. This booklet shows the different forms we offer.

BOOKLET No. 30, HINTS FOR SUCCESSFUL PLANTING. Does not aim to cover every point that may arise, but it gives the principles in such a way that anyone, by following its directions, can secure the best results.

BOOKLET No. 33, A CALENDAR OF HARDY PERENNIALS. This little booklet gives a complete list of Perennials, and shows in tabulated form their height, color, and months of bloom; invaluable to those planning herbaceous gardens.
