THOMPSON BROS.

1906 || **SEEDSMEN** || 1906

MUSCATINE, IOWA
U.S. Department of Agriculture
Washington, D.C.

ALL EASTERN STOCKS.—Wherever possible we offer seed selected from Eastern stocks. While we exercise the greatest care in getting all seeds pure and reliable, we sell no seeds with warranty, expressed or implied in any respect, and are not in any way responsible for the crop. Prices quoted here are for seeds over our counter excepting in ounce quantities, and PACKETS, which we deliver by mail. All Packets, 5 cents. When other quantities are desired by mail, postage must be added at the rate of 8 cents per pound, and on Peas, Beans and Corn, 10 cents per quart.

MISCELLANEOUS

Buckwheat—Japanese.

Spring Rye.

Barley.

Ground Flax Seed.

Flax Seed.

Spring Wheat.

Sunflower.

☞ We are in the market to buy Clover, Timothy, Millet, Hungarian, Buckwheat, &c.

POULTRY SUPPLIES.

Feed your hens something that will make them lay all winter.

It pays to raise chickens, if you feed them right. They should have during the cold months the same food, or near as possible, as they can pick up in the summer when at large.

The following foods really cover the entire ground and supply everything that is needed. They cost but a trifle as compared to the extra eggs you gather:

PURE CRUSHED OYSTER SHELLS.

A salt water shell which produces the egg shell.

BLOOD MEAL.

OUR GUARANTEE with every sack is, that not one pound of adulteration is put in the Blood Meal. Analyzes **87%** protein; therefore, one pound of Blood Meal has eight times the strength of a pound of corn and five times the strength of a pound of wheat bran.

WHAT BLOOD MEAL WILL DO.

It will make hens lay during winter months; in fact, will keep them busy all the year round. Makes the plumage bright and glossy, and is particularly beneficial during moulting season.

MEAT MEAL.

Meal Meal is a combination of meat trimmings—lungs, tendons, livers, etc.—cooked for five hours in large steel tanks under twenty-five pounds pressure.

WHAT MEAT MEAL WILL DO.

It will produce the same results as Blood Meal when fed to poultry—only it does not contain as much protein as the Blood Meal, and has to be fed in larger quantities. One advantage with Meat Meal in feeding is, that it can be put in a receptacle where the poultry can reach it at all times, and does not have to be mixed with other foods.

COARSE AND FINE BONE.

Consists of Ground Beef Bone, thoroughly dried and free from grease. It is more economical and better in every way than raw beef bone. Rich in Bone Phosphate of Lime, which is so necessary for

making good egg shells and for building up the frame of the chicken. Should be placed in liberal quantities in a clean, dry place, easily accessible to the chickens at all times.

BIRD SEED.

Rape, Hemp and Canary.

5,000 PACKETS

CHOICE FLOWER SEEDS.

4, 5 and 10 cts. per packet.

Spring Bulbs always in stock.

"A Good Garden Feeds Bugs"

SLUG SHOT Kills Bugs,
Either Dusted or Sprayed.

SLUG SHOT Kills Cabbage Worms.

A "bug" is a small atom, and needs but a little of the right stuff to destroy it. The right stuff is **Slug Shot**. A heavy dose is like sending an elephant to kill a house fly.

SLUG SHOT Kills the Potato Bugs.

It is a cheap powder, destructive to insects that prey upon vegetation. It destroys vermin, and leaves the plant unharmed.

SLUG SHOT.

Kills Black Fleas on Turnips and Radishes.

Kills Canker Worms, Cut Worms around Cucumbers, Melons and Beans.

Kills Green Flies on Roses and other Flowers; Slugs on Quinces and Pears.

THOMPSON BROS.
