PRICE LIST
OF
THE COLLEGEVILLE
GREENHOUSES

1907

HORACE RIMBY, Seedsman and Florist
COLLEGEVILLE, PA.

Greeting

It was **thirty years ago**, next September,
No doubt, some of **our old friends** well **remember**,
That we **made our first bow** in this business, then so small,
And ever ready to answer each and every call.
We well know what obstacles we overcame,
To make for the **Collegeville Greenhouses** a name,
That is **known** now **for** quite a **distance around**,
For Our Reputation is famous for plants that grow in the ground.
A few thousand plants and a small amount of seeds,
Readily supplied our trade of 1877 with their needs,
But **advancing our business** steadily, year after year,
Our Patrons and Friends having no fear,
For when they wanted **the best that was grown**,
They called on us, and soon it was their own.
We now grow upwards of a **million of plants**, every year,
And **to keep pace with** the many **orders from far and near**,
Will necessitate an increase, again, this year, of glass and land,
To supply the needs that our trade will demand.
We extend our thanks in advance **for favors**, small and large,
And **you can rely on us** to fill them at a reasonable charge.
Wishing prosperity and health to all of our **Patrons and Friends**,
And, if we make any mistakes, please pardon us, and we will make
amends.

DESCRIPTIVE LIST OF VEGETABLE SEEDS

CREAM OF ALL VARIETIES

Lest you forget, we wish to impress upon your mind that the following **condensed list of Vegetable Seeds** are all **standard varieties**, adapted to this section of the country. There are novelties galore, but very few of them have any standing after the first year's trial. We endeavor to **try** some of the **new kinds**, as sent out, and only **the best** are **retained** and recommended. Do not be confused by low prices, which means inferior seeds. It costs a trifle more to get **first class seeds**, but it **does not cost a penny more to grow a good vegetable**, than a poor one. **Our trade demands the very best kinds**, and they do not hesitate to pay the price, knowing very well that "**the best is the cheapest**," having been convinced long, long ago.
