Sarah Hill—An excellent new white of ideal habit of growth and grand constitution. Flower fine clear white of good substance and each held up by strong long stems. We still need a good white something that can be depended upon, and this seems to have all of the characteristics of a "stayer." \$12.00 per 100.

Winona—A clear shade of pink; something we need badly in Carnations. There is no doubt but that this is worthy a place in every Carnation list, as everyone who has seen it declares it is simply superb in style and coloring. \$12.00 per 100.

THE BEST OF RECENT OFFERINGS

Beacon—Easily the most talked-of red. Very productive; grand constitution, and a free continuous bloomer. A brilliant scarlet, at its best in dark weather, and the very shade we want in reds. In stem, size of bloom, habit of growth and freedom of bloom we find it without a peer. \$6.00 per 100; \$50.00 per 1000.

White Perfection—Has given general satisfaction for two seasons; a good sized white, very free, strong and continuous bloomer. Will be grown extensively again. Has the good old fashioned clove fragrance. \$4.00 per 100; \$30.00 per 1000.

Victory—A splendid scarlet that will produce a large percent of number one grade blooms. Has had a very satisfactory year and will be planted largely again. Very free, continuous bloomer, with good stem and gives an unusual amount of fine cuttings. \$4.00 per 100; \$30.00 per 1000.

White Enchantress—While this sport has appeared in a great many different localities, we are convinced that our supply will afford satisfaction, as it is one of the purest white flowers, and has every other good characteristic of Enchantress. \$6.00 per 100.

Rose Pink Enchantress—Is filling the want of a rose-pink shade and proving one of the best money makers. Good producer and as easily handled as Enchantress. \$4.00 per 100; \$30.00 per 1000.

GENERAL COLLECTION

Boston Market—Pure white, large flowered; very popular. \$2.50 per 100; \$20.00 per 1000.

Harlowarden—An unusually free bloomer and especially strong grower, stems long and stiff enough to hold up the flowers with ease. Flowers are also very large; in fact, the largest of their color—bright crimson. Most satisfactory habit. \$3.00 per 100.

Mrs. Lawson—A graceful, charming pink whose popularity never wanes. Every grower must have it. \$2.50 per 100; \$20.00 per 1000.

White Lawson—An ideal white, a sport from the well known "Lawson"; equally as good in every respect. Every grower succeeding with the pink form will be sure to grow this in quantity, as the white color will be even more profitable for most florists. \$3.00 per 100; \$25.00 per 1000.

CANNAS

Prices quoted are for dormant roots with two or more eyes. Pot plants will be furnished in season at \$2.00 additional per 100. All started plants are from 3 and 4-inch pots and well established.

A FEW ESPECIALLY GOOD ONES

King Humbert—Nothing to equal it for "blazy" effects in bedding. Easily ahead of all bronze-leaved Cannas, both in foliage and flower. Color, fine orange-scarlet, flaked carmine. The demand for this Canna has gone far ahead of that for any other Canna introduced in late years, and it will be planted in large blocks the coming season. Grows 4 to 4½ feet high, and makes fine large clumps. \$10.00 per 100.

Louisiana—A bright crimson scarlet of the Orchid-flowered type; grows 5 to 6 feet high with immense spikes of bloom. Individual flower 5 inches across with correspondingly broad petals. Very showy in beds or as a center for more dwarf varieties. \$7.00 per 100.

Buttercup—One of the very few satisfactory yellows; bright and clean at all times. Grows 3

to 3½ feet, with good sized flowers. One row of this planted outside of some of the dark red flowering sorts makes a striking combination. \$6.00 per 100.

Rubin—Both in foliage and flower this Canna is hard to beat; the flower is bright ruby red, while the foliage is of a beautiful bronze nearly the color of Black Beauty. As attractive as any Canna of the dwarf class. Grows about 3 feet. \$8.00 per 100.

The Express—Flower truss as large as any Canna while the plant itself rarely exceeds 2 or 2½ feet high. Always a mass of bright vermilion bloom. Useful for massing by itself or bordering beds of taller growing varieties. \$5.00 per 100.
