To My Floral Friends.

MY DEAR FRIENDS.—Time rolls on, and again the season of seed-selection and sowing is at hand. It is a season of toil and anxiety on my part, but still I love it, for it annually brings me into closer touch with you, my flower-loving people, whose love and friendship I claim, and in whose service I find my greatest pleasure. Every year I am brought under obligation to you for your esteemed orders and subscriptions, and for an introduction into new homes. I especially appreciate the deep interest you have all taken in my Magazine, which I founded more than forty years ago (1871), and which I have issued monthly ever since. I wish to thank you here for your letters and contributions, and for the many subscription clubs with which you have kindly favored me.

THE GOOD HUSBAND.

THE BAD HUSBAND.

My Friends, the seeds I offer this season are, as usual, the best to be obtained, and my prices are as low as in past years. I shall do all in my power to serve you faithfully and satisfactorily, and I hope to have a call and enjoy a greeting from everyone of you before the season is over. I extend to you my welcoming hand, and shall be glad also to welcome any friends who you may bring with you. And may abundant success and pleasure attend you in all of your floral work throughout the glad New Year.

ABOUT MY SEEDS—Some of my seeds are grown in my own gardens; many are grown on contract; and many more are secured from growers and specialists in France, Germany, England, Italy, Japan and Mexico. All are of the best quality, and can be depended upon for the most satisfactory results. All are of prime vitality, being of the new crop and tested to a high percent, those that do not bear the test are discarded. All are guaranteed to be as represented, and what is more they are sold at prices that come within the reach of all who have a garden. The low prices, kindly bear in mind, do not indicate that the seeds are inferior. There is nothing cheap about my seeds but the price, and I challenge a comparison with seeds from any other source, regardless of price. A trial will convince you of their high quality and sparkling vitality. If other's seeds have failed you, try PARK'S. They never disappoint when properly treated, and the cultural directions I send with every package tell you just how to properly treat them. My special mixtures are prepared in my own establishment under my personal supervision. I do not buy the foreign mixtures, which are often the odds and ends of a wholesale seed house, but get the varieties separately, and mix them in careful proportion. You thus get the best seeds, and best mixtures. You will find them as represented.

ABOUT MY BUSINESS METHODS—My seeds are not only low in price and of the highest quality and vitality, but they are brought right to your door without further expense. All orders are given prompt and careful attention, the seeds being carefully packed, mailed or expressed free of cost, and guaranteed to reach you in due time and in good condition. If errors occur I will cheerfully correct them. If anything is damaged or lost in transit I will gladly replace it. I aim to bring my establishment right to your door, and deal with you as satisfactorily as though you were at hand in person. I am never satisfied, my friends, until you are, for my success depends upon yours. I am even willing to do more than justice and fair dealing warrant, in order to please my patrons.

REMITTING—Please make out your list of seeds, bulbs, etc., with prices in detail, adding up the column of figures, and remit the full amount. Do not order more than your money pays for. Remit by Money Order, Express Order, Draft, or Registered Letter. Sums under \$1.00 remit in postage stamps. I cheerfully bear the risk when remittances are made as directed. If your seeds do not duly come, let me know, and I will fill your order, whether the money is received or not, I bear the risk both ways.

ABOUT MY MAGAZINE—I began my seed business in 1869, and in 1871, two years later, my *Floral Magazine* was established, since which time it has been regularly published. At first it had a circulation of 200 copies monthly, but from year to year the subscription list has been augmented, until *Park's Floral Magazine* now visits the homes of more than half a million people, and is a household word, bringing cheer and happiness throughout the land. It is devoted entirely to flowers, is finely illustrated, and gives just the information the amateur florist needs to succeed in his gardening efforts. Price only 10 cents a year, or five years for 50 cents. If you love and cultivate flowers do not fail to subscribe for *Park's Floral Magazine*. It is now the only journal of its class published in America, and the oldest in the world. It is always teeming with practical information and notes of interest on flowers and their culture in both window and garden.

SPECIAL FOR 25c / **PARK'S FLORAL MAGAZINE ONE YEAR** 10c / **SEEDS, YOUR SELECTION FROM GUIDE, VALUE 25 Cts, TRIAL PRICE** 15c / **TOTAL** 25c

This offer is to encourage new subscriptions. Full subscription price (10 cts) must be sent to get the seeds (25 cts worth at trial price, 15 cts). In other words, 25 cts, either in stamps or coin must accompany order. Tell your friends. **FOR A CLUB OF FOUR**—Get me a club of four subscriptions (\$1.00), on the above offer, each subscriber to get you as agent, I will mail the Magazine a year and trial seeds amounting to 25 cts. I am anxious to have a club of at least five names at every post office, and if you send in such a club and add 5 cts for postage, I will send you in addition a present of 10 choice summer-flowering bulbs, various kinds. May I not get a club from you? Address

GEO. W. PARK, La Park, Lancaster County, Penn'a.

I will send the following splendid Double Geraniums, fine plants, ABSOLUTELY FREE as per terms noted below. Please read!

The Choicest Zonale Geraniums.

I OFFER TWO COLLECTIONS of the finest Zonale Geraniums in cultivation. All are double, and the list embraces the leading beautiful colors. These Geraniums are fine either in pots or bedded out, as they are always free-blooming either indoors or out, and will endure the hot sun, always opening their flowers, and retaining them for a long period. They are unsurpassed for bedding, and for this purpose I can supply plants of any variety by the hundred at \$4.00 per hundred, delivered at express office here, purchaser paying express charges. By mail the price is 10 cents each, or a collection of four for 25 cents.

Either Collection 25 Cts. Or, if both collections are ordered, an extra plant, my selection, will be added, making nine plants for 50 cents. **Substitutes.**—If you have any of the plants named below, select substitutes from Alphonse Ricard, orange-red; E. H. Trego, scarlet; Double Gen. Grant, orange-scarlet; John Doyle, rich scarlet; Mme. Charlotte, rosy Salmon.

COLLECTION I.

White, Mme. Bucher, extra large trusses; very handsome.....10
Pink, Jean Viaud, fine, large trusses; very beautiful.....10
Carmine, Duc de Montemort, splendid trusses; exquisite.....10
Crimson, S. A. Nutt, massive trusses; very rich and handsome.....10

COLLECTION II.

Salmon, Beaute Poitevine, very large trusses.....10
Cherry Red, Marquis de Castellaine, beautiful.....10
Pink, Francis Perkins, long-stemmed trusses.....10

These Geraniums Absolutely Free.

I will send either collection of Geraniums offered above on receipt of a Dollar Order for Seeds and Magazine (See Bargain Offer on title page), or both collections on receipt of Two Dollars for two dollars' worth of seeds and two subscriptions. Be sure to give the names and addresses of the subscribers. If you are already a subscriber do not fail to name the one to whom we shall credit the subscription. See your friends, and get up a big club.

Roses—I have a large assortment of Roses, fine plants of the best varieties. Price 10 cents each, or \$1.00 per dozen, mailed. The four finest ever-blooming Roses—Maman Cochet, White; Maman Cochet, Pink; Helen Gould, Red; and Etoile de Lyon, Yellow, mailed for 30 cents. Philadelphia Crimson Rambler, 10 cents, or three plants, 25 cents. Roses, fine sorts, my selection, 15 plants for \$1.00. Let me have your Rose order. I am sure the plants will please you.

Chrysanthemums—The best

Hardy Chrysanthemums are Prince of Wales, white; Bohemia, yellow; Salmon, rose pink; Julia LaGravere, crimson; and Mrs. Porter, bronze. There are no finer varieties for the garden than these, being very double, free-blooming, and rich and varied in colors. I will mail any variety at 10 cents each, or the lot, five plants, for only 30 cents. If you do not have these, be sure to include them in your order.

Choice Hybrid Gladiolus.

Twenty Fine Blooming-sized Bulbs, with PARK'S FLORAL MAGAZINE One Year for only 15 cents.

The fine Mixed Gladiolus I imported from Holland last season and offered with the Magazine, gave great satisfaction and I have just received direct from the same growers another large importation. These I offer, 20 blooming-sized bulbs with

Park's Floral Magazine

two years for only 25 cents, or two lots (40 bulbs) with two subscriptions 40 cents. These are seedling bulbs, and not bulbets. They are from a fine strain, and every bulb will produce an elegant spike of very rich-colored bloom this season. Order for yourself and a friend.

ANEMONE CORONARIA.

PARK'S FLORAL MAGAZINE

It has been continuously edited and published under the same management ever since, a period of 42 years. It visits and makes brighter and happier every month more than 600,000 homes. Does it visit your home? If not, why not? It is what the florist needs to keep him posted upon flowers and their culture, diseases of plants and remedies, plant pests and how to get rid of them. Every volume is indexed, and if bound at the close of the year becomes an encyclopedia of valuable information, available as a work of reference. Subscription price only 10 cts. a year; 3 years, 25 cts.; 6 years, 50 cts.; 12 years, \$1.00. For 25 cents I will mail the Magazine one year, and 25 cents' worth of seeds selected from this GUIDE. This offer is made to encourage a trial of my seeds, and induce you to become acquainted with my Magazine, to which I trust you will afterwards become a continuous subscriber. Send for blanks, samples, etc., and get up a club.

SEED AND BULB PREMIUMS.—For 25 cents I will mail Park's Floral Magazine for 3 years and 25 choice named Bulbs, or 20 mixed French Hybrid Gladiolus. Or, for 40 cents I will send the Magazine for 3 years and all these 45 bulbs. They are all fine blooming-sized bulbs.

For 25 Cents I will mail the Magazine one year, and 25 cents' worth of seeds selected from this GUIDE. This offer is made to encourage a trial of my seeds, and induce you to become acquainted with my Magazine, to which I trust you will afterwards become a continuous subscriber. Send for blanks, samples, etc., and get up a club.

FLORAL GOSSIP.

MY DEAR FLORAL FRIENDS.—The past season was dry and unfavorable for the growth of flowers, but withal many flattering reports of success have come to me, words of encouragement and satisfaction. The Petunia seems to have the most praise as an all-round flower—for wet or dry weather, free and continuous blooming, fragrance, and showiness either in beds or pots. On page 31 I have listed the best Petunias, and my seeds are very superior, whether of Giant, Double or Compact varieties. Rosy Morn is a splendid sort, and Enchantress has the most novel and beautiful markings for beds and pots. Among other flowers praised for ease of culture and hardiness are Marigolds (page 27), Zinnias (page 37), Cockscombs (page 18), Calendula (page 15), Annual Chrysanthemum (page 18), and Salpiglossis (page 33).

A lady in Kansas sent me a pressed flower for name, stating that the seeds came in a package of my Surprise Mixture, and that she had never seen a more beautiful plant or flower—that it was a mass of gold when in bloom. I found it to be *Arctotis breviscapa* (p. 9). I saw a bed of this flower in Europe, and was much pleased with it myself. ** Near the orange *Arctotis* was a bed of *Blumenbachia insignis*, with pretty foliage and curious, yellowish-red flowers an inch in diameter, a hardy annual trailer, and a member of the Loasa family. I can supply seeds at 5 cents per packet. ** Not far distant was another golden bed—*Calliopsis Drummondii*. The flowers were two inches across, golden, with a crimson zone at the base. This was wonderfully graceful and showy, appearing almost like a sheet of gold, and is often called "Golden Wave," (see p. 15). *Eschscholtzia mandarin* was not unlike this *Calliopsis* when seen at a distance (p. 22). ** And still another glorious golden bed was *Dimorphotheca aurantiaca* (p. 21), the new South African Daisy. This flower has been greatly praised by my friends in their recent letters to me. I believe it to be a first-class annual. ** While speaking of golden flowers, I will also mention *Chrysanthemum multicaule* (Price 5 cts. per packet), an annual eight inches high that made a glorious display of rich single bloom. It is rare and very attractive.

Among scarlet flowers for beds *Papaver Rhoeas coccineum aureum* (Price 5 cts. per pkt.) was a glowing mass. The flowers were single, but wonderfully showy and beautiful. Another Poppy that excited enthusiastic admiration was *Papaver Mursellii*, white tipped dark red (Price 5 cents). The flowers were double to the centre, and the bed was truly glorious. Perhaps the most attractive of the annual flowers I saw in Europe, however, was a big bed of *Linum grandiflorum rubrum*. The plants were ten inches high, and a magnificent, undulating sheet of charming red—the color of Crimson Rambler Rose, or even more attractive (see p. 25). ** Near this Flax bed were rows of *Lupinus nanus*, the plants a foot high, bearing elegant spikes of rose or violet or scarlet flowers tipped with white. *Lupinus hybridus roseus* (pkt. 5 cts.), with spikes of rose-colored flowers, and *Lupinus Hartwegii*, with blue and white flowers, were also in full bloom. I cannot tell you how beautiful were all of these masses of Lupin. The long rows of exquisite and showy color were enchanting, and I was loth to turn away from the scene. It often comes to my mind's eye since, and in memory I enjoy again and again their beauty (see p. 25).

At the big Flower Show held in Horticultural Hall, Philadelphia, the past autumn, was a vase containing spikes of the new Giant Fragrant Antirrhinum or Snapdragon, red or carmine with white throat. The huge spikes were loosely and gracefully arranged, so as to show the individual beauty of the flowers, and excited general admiration. The display was a revelation to many visitors as to the beauty in size, form and color of the newer varieties of Snapdragon (see p. 8). Last year a novelty in Snapdragons was listed by foreign seedsmen, a variety with curious duplex or double flowers. I offer seeds of this new sort direct from the introducer, and it is said that 60 per cent of the plants will be true (see p. 8).

In one of the Chicago Parks the past summer I saw a circular bed set with plants of the dwarf Crimson Cockscomb (*Celosia cristata* Glasgow Prize, p. 18). The combs were well developed by autumn, each set in a rosette of bronzy leaves, making the bed appear as a rich, bronzy green ground with huge ruby settings. Surrounded by *Salleroi* Geraniums or the common hardy variegated *Podograria*, this was truly a striking ornament upon the lawn, and a bed anyone could have with little trouble or expense. ** And while speaking of this handsome bed of *Celosia cristata*, I am reminded of a bed I afterwards saw in a Park in New York. It was of the new *Celosia plumosa magnifica*. The plants were two feet tall, and a glorious mass of huge, waving gold and scarlet plumes. There was nothing more showy than that bed in all the Park, and it had many rivals. This is another splendid, easily-grown flower for beds that is but little known. Even one packet of seeds, costing 5 cts, would make a grand display. Start them in boxes and set ten inches apart in the bed (see p. 18).

For a showy bed or border of flowers in a rather dry, sunny place please let me recommend *Lavatera trimestris* in its various colors (see p. 25). It starts readily, grows two feet high, and bears continuously an abundance of pink, Hollyhock-like flowers. It ought to be better known. Its near relative, *Callirhoe involucrata*, with elegant cup-like carmine flowers, is also beautiful, trailing and blooming all the season. And I want to tell you that *Callirhoe pedata*, of upright growth, made a fine show in my garden after most of the flowers were withered and brown from the icy fingers of Jack Frost, (see p. 15). ** A row of Four-O'clocks (p. 28) planted by the path from my home to my office was a source of much pleasure the past summer to my sister and myself as we passed every morning and evening. After frost I had the big tuberous roots lifted and stored in the cellar to be ready for replanting in the spring.

I wish, dear friends, that I could talk to you more about the beautiful things of the garden, but I trust you will all meet with success this year, and by the coming autumn will be able to tell me much about the choice flowers you have grown and the pleasure they afforded. I am sure, then, that you will find me a better listener than a talker.

Florally Yours, GEO. W. PARK, Season of 1912.

THE WOMAN WHOSE SEEDS DO NOT COME UP UNTIL SCRATCHED UP.

PARK QUALITY--ALWAYS FIRST QUALITY.

I WISH every patron to know that, although my prices are low, the quality of all my seeds is first class. I do not deal in cheap seeds. My seeds will always compare with those sold by any other seedsmen, regardless of price. I get thousands of testimonials attesting this fact every year. Following are some of the letters:

Abutilon.—Mr. Park: From a mixed packet of your new Hybrid Abutilon I raised six fine plants, one with red flowers, one white, two pink, and two yellow. The plants began to bloom when quite small, and were showy and beautiful.—Mrs. Jos. Files, Ludlow, Vt., Oct. 30, 1911. [See p. 51.]

Aster.—Mr. Park: My favorite flower is the Aster, and your new Hohenzollern is just grand. I buy separate packets of each color. Last year I had the superb variety showing red and white in the same flower. One plant produced 14 large flowers—as large over as a tea cup. As cut flowers they will last two weeks, while they last over a month on the plant, the colored keeping better than the white.—Mrs. Susan Johnson, Cumberland Co., Me., Nov. 15, 1911. [See page 10.]

Antirrhinum.—Mr. Park: Your Antirrhinum majus are perfectly grand. Such an endless variety of color I never before saw in Snapdragons. They were greatly admired by all who saw them.—Della Miller, Wood Co., W. Va., Oct. 28, 1911. [P. 8.]

Balsams.—Mr. Park: I grew some Balsams this year from a packet of seeds obtained of you that were a surprise. I didn't know it was possible for them to be so beautiful, as I had always considered them common. These were so double they were almost like small Roses. There were white ones and two shades of red, one solid pink, and others pink and white blotched. I think every one would do well to include your Double Balsams in their collection of flowers.—Beulah Stanley, Hardeman Co., Tenn., Nov. 3, 1911. [See page 14.]

Calendulas.—Mr. Park: During the past summer I grew Calendulas, and although the season was extremely hot and dry, these flowers were truly magnificent. They were in all the shades of yellow, from light sulphur to deep orange, and bloomed freely long after frosts. I shall certainly plant Calendulas again.—Ella F. Flanders, Chautauqua Co., N. Y., Oct. 14, 1911. [See page 15.]

Canna.—Mr. Park: Last March I planted a packet of your Canna seeds, and nearly every one came up. How they did grow! They formed a magnificent display, and I think your seeds are just fine.—Mrs. Gertrude Mitchell, Holmes Co., O., Nov. 6, 1911. [Page 16.]

Carnation.—Mr. Park: I got a package of your Vanguard Carnation seeds last spring, from which I raised about thirty strong plants, and this fall, I have a nice big bed of Carnations of many different shades, costing me only a few cents. Had I bought the plants here, they would have cost me at least a dollar. 5¢ cents a dozen being the price here.—Mrs. E. J. Benbow, Snohomish Co., Wash., Oct. 27, 1911. [See page 17.]

Celosia.—Mr. Park: My plants of Celosia Plumosa Magnifica attracted much notice from the lovely color of the bloom, which in some lights looked like a flame; again it was a soft crimson. The plant as a whole, as well as each individual bloom, was of a fine pyramidal shape.—Mrs. Jas. H. Geer, Jackson Co., Ia., Nov. 18, 1911. [P. 18.]

Centaurea.—Mr. Park: Please let me recommend to the Park family Centaurea Imperialis. It is easy to grow, lasts a long time, and as a cut flower is unsurpassed. Start a few plants in the window or hot bed, and plant again in the open. Try it and you will thank me for calling your attention to it.—J. H. Vandervort, Los Angeles Co., Calif., Oct. 30, 1911. [P. 18.]

Chrysanthemum.—Mr. Park: My Annual Chrysanthemums are in full bloom now out-doors in the middle of October. There are no two alike. The seeds came up nice. This is one of my "must-haves," as are nearly all of the seeds that come from Park's house.—Mrs. M. M. Livingston, Santa Clara Co., Cal., Oct. 20, 1911. [P. 18.]

Cinerarias.—Mr. Park: I have had very good success raising your Cinerarias from seeds. I sowed the seeds in May, and the plants bloom in late winter. The flowers are very pretty, and the plants make a grand display in the window.—Mrs. Edith L. Earley, Butler Co., O., Oct. 31, 1911. [P. 53.]

Coleus.—Mr. Park: I wish you could see my Coleus from your seeds. Coleus seeds are very fine, but I sowed them in sifted soil, and they came up well. Some of them are the prettiest plants I ever saw, leaves nearly a foot in length, and such lovely colors. Some have the appearance of velvet, rich-red with green border; some spotted, and some with crinkled leaves. They are truly grand.—Mrs. O. Nichols, Hanover Co., Va., Oct. 25, 1911. [See page 52.]

Cosmos.—I know every one who has a few feet of ground would want to plant Cosmos if they could see my beautiful Giant Cosmos, obtained from Park's seeds. I sowed one-half of a packet, and gave plants to many friends and neighbors, besides keeping enough for a large bed along my garden fence. They are certainly beauties—white, rose, pink and dark red, intermingled with their beautiful finely cut, light green foliage.—Mrs. H. V. Heinrich, Wyandot Co., O., Oct. 20, 1911. [See page 19.]

Dahlia.—Mr. Park: From a 6-ct packet of your Double Dahlias this summer I raised eleven plants, and had as many colors. They were all very double, and beautiful.—Martha King, Braxton Co., W. Va., Nov. 3, 1911. [See page 20.]

Dianthus.—Mr. Park: Last spring I bought a package of mixed Dianthus Pink seeds of you, and the flowers were simply grand. One dark red, and another pure white, were as pretty as Carnations, and much less trouble to grow.—Mrs. E. A. Borden, Wayne Co., N. Y., Oct. 21, 1911. [P. 21.]

Dimorphotheca.—Mr. Park: Last spring I planted one package of your new African Daisy, Dimorphotheca Aurantiaca. The flowers are mixed and up to date. When cut and mixed with Ferns, they make a pleasing display. They are still blooming.—Mrs. Lillie Greenwald, DeKalb Co., O., Oct. 23, 1911. [See page 21.]

Gaillardia Grandiflora.—Mr. Park: If our floral friends could see my bed of Gaillardias, I know more of them would grow them. I bought seeds of Mr. Park two years or more ago. They began blooming when tiny plants, have proved quite hardy, and bloom from early spring until late fall. Colors mostly yellow, red and brown.—Mrs. O. Nichols, Hanover Co., Va., Oct. 25, 1911. [See page 23.]

Eschscholtzia.—Mr. Park: Last spring I got a packet of mixed Eschscholtzia seeds from you, and what a cheerful sight that flower bed has been all summer. Just like a big sheet of gold, or a big patch of sunshine, to cheer us every time we look in that direction. I voluntarily recommend Mr. Park's flower seeds and bulbs for this locality, for I have had most splendid results from all I have gotten from him.—Mrs. E. J. Benbow, Snohomish Co., Wash., Oct. 27, 1911. [See p. 22.]

Godetia.—Mr. Park: I planted a mixed packet of your Godetia this spring, and we were surprised at their beauty. We had all shades of pink, also white and carmine. We planted them in a sunny bed of common soil, and watered when very dry. We shall have more of them next season.—Mrs. F. S. Northey, Merimac Co., N. H., Oct. 19, 1911. [See page 23.]

Impatiens Sultana.—Mr. Park: Your Impatiens Sultana is very easily grown. Give it a good garden soil, plenty of water, and a sunny window, and it will grow rapidly and bloom continuously. It will not stand cold, however, and is very tender. I would not be without it in winter, and it does extra well bedded out in summer.—Mrs. Sarah Yarnes, Chenango Co., N. Y., Nov. 20, 1911. [See page 24.]

Mimulus.—Mr. Park: The Mimulus seeds I received from you I planted in a shady, moist situation, and was rewarded with all the plants I could use; and when the blooms appeared they were certainly a source of great pleasure. Such a variety of colors and markings—no two blooms just alike! I think them fine. Everyone who sees them just exclaims over them.—Mrs. C. E. Glynn, Conejos Co., Colo., Nov. 1, 1911. [See page 28.]

Pansies.—Mr. Park: Two years ago I obtained 10 packets of Roemer's Giant Prize Pansies from you, and I cannot describe the many beautiful Pansies we obtained. They were simply the finest we ever raised, and we have tried seeds from a great many different seedsmen. I think we never spent 25 cents from which we obtained more enjoyment than we did from those Pansies, as we are all lovers of Pansies, and they certainly were fine.—Mrs. H. V. Heinrich, Wyandot Co., Ohio, Oct. 20, 1911. [See page 30.]

Petunias.—Mr. Park: From a package of your Ruffled Giant Petunias I raised some of the largest, most beautiful Petunias we ever saw. I tied the plants to the garden fence as they grew. They, as well as the blossoms, were gigantic. The plants reached three feet in height, and the great velvety crimson and scarlet, and white and pink blossoms were grand. Some were fringed, some ruffled, and some pink with white throats. No one who saw them recognized in them the Petunias as we had all seen them.—Mrs. Lillie Adkinson, Cloud Co., Kans., Oct. 27, 1911. [See page 31.]

Portulaca.—Mr. Park: If one wishes a plant that revels in dry, sandy soil and full exposure to the sun, let him try Park's Portulaca, double and single. The plants grow amazingly, and it would be useless to try to enumerate the various shades and colors. There are so many. The double-flowered varieties are perhaps the handsomest, but both together form a pleasing contrast. For pots, or used as edgings or carpets for beds, I know of nothing finer.—W. Thompson, Baltimore, Md., Oct. 9, 1911. [See p. 32.]

Ten Weeks Stock.—Mr. Park: I got seeds of Ten Weeks Stock of you this year which I started early in the house. They began blooming in July, lovely double white, pink, purple and lavender, and are still in bloom at this writing. I don't know of anything more showy and fragrant.—Mrs. J. M. Sill, King Co., Wash., Oct. 20, 1911. [P. 35.]

Verbena.—Mr. Park: I must write and tell you that the Verbena seeds you sent me made the finest bed of flowers in our neighborhood. Will have some next year.—August O. Shultz, Cook Co., Ill., Oct. 20, 1911. [See page 36.]

Ageratum, Improved Large-flowered.

Special Mixture, all varieties, 4 packets 10 cents, 1 packet 3 cents.

The New Large-flowered varieties of Ageratum are superb plants for beds or borders. They are easily grown from seeds, begin to bloom early, bloom in wonderful profusion throughout the season, and the flowers are in big clusters, and of fine blue, white, pink, yellow and variegated colors. They endure the hottest sun. The tall sorts are fine for beds, and the dwarf kinds are unsurpassed for edgings or baskets. They are much used in Europe for bedding designs.

Complete Special Mixture, All Varieties and Colors, Tall and Dwarf, 4 packets 10 cents, 1 packet 3 cents.

Mr. Park:—Nothing in our garden can be compared with your Ageratum. Started early in the spring the plants continue blooming the entire season, the blossoms fleshy and fragrant. The plants may be lifted for indoors, and will bloom profusely all winter. I have found nothing equal to it for the window. It is superb, and for either garden or house, has no rival. The seeds grow very easily, and there are several shades. I believe if I were to have only one kind of flowers, it would be Ageratum. It is a fine edging and everywhere gives perfect satisfaction. —Lena C. Ahlers, Henderson Co., Ill., Oct. 8 1911.

Mr. Park:—The dainty little Ageratum is a great favorite of mine, for I find it to be the most generous with its blossoms of any annual I know. Then in September I find the branches have rooted in the beds, so I cut them off and have an ever-blooming pot of blue all winter. In the bed I give a sunny, rich place, and they bloom all summer. The prettiest in "next year's garden" will be either scarlet Salvia or Geraniums for the center, white Feverfew for the next row, and an edge of dwarf blue Ageratum. —Mrs. John White, Windham Co., Vt., Oct. 27, 1911.

Antirrhinum, New Giant Fragrant.

(Snapdragon.) Special Mixture, 4 packets 15 cents, 1 packet 5 cents.

Those who know only the Snapdragon of our Grandmother's garden, will be delightfully surprised at the great beauty of the new, improved race here offered. The plants are of vigorous growth, producing long, thickly set spikes of very large flowers in a wonderful variety of colors and variegations. Some are striped and spotted, and as delicate in texture as a Calceolaria. They are gorgeous in a bed, and when cut for room decoration they are surpassingly beautiful, and perfume the air with their delightful odor. The seeds start readily, and the plants begin to bloom in summer, and bloom freely until frost. If cut back they will prove hardy, and bloom freely the second season. I offer a superb collection of the choicest varieties, and my Special Mixture contains them all. By all means include a packet or more in your seed order.

Tom Thumb Snapdragons, very dwarf. Orange, white, crimson, striped, each 5 cts. Mixed, 4 pkts 10 cents, 1 pkt 3 cents.

New Double White, an entirely new sort belonging to the Giant class. Out of the mouth-like aperture emerge abnormal fantastic petals, giving a double and beard-like aspect to the very large blooms. 60 per cent. come true, the others are perfect flowers of extra size. Packet of 30 seeds, 5 cents.

My seeds of this great novelty are direct from the introducer

Mr. Park:—From a small package of seeds of your Giant Snapdragons, I raised about fifty plants, part of which I gave away. I started them early in a hot bed, and they have been a mass of color all summer. The spikes are nearly as large as *Gladiolus*, and the plants live through the winter with a little covering, and blossom before any of the tender annuals are even budded.—Mrs. H. J. New, Delaware Co., Iowa, Oct. 23, 1911.

Mr. Park:—From a 5c packet of your Antirrhinums I had over 100 plants. They were grand. Annie J. Riken, Essex Co., Mass., Oct. 14, 1911.

Acacia Lophantha.

4 packets 10 cts., 1 packet 3 cts.

An elegant decorative plant either for pots in the window, or a sheltered nook in the yard or garden. The foliage is as delicate and handsome as a Fern. The plants are easily cared for, grow rapidly, and are always greatly admired. When we regard its beauty and easy culture it seems very strange that the plant is so rare.

Mr. Park:—I would like to tell you what grand success I had this summer with your Acacia seeds. I planted them in May in a box outside, and raised fourteen plants. Some did not come up for two months, but they grow fast and are like dear little Ferns.—Mrs. Ed. Oliver, St. Croix Co., Wis., Oct. 19, 11

Abronia umbellata, Sand Verbena; flowers in clusters, rosy, Verbena-like; plant succulent, and thrives in sandy soil and a dry sunny bed; found native in sandy plains; remove the husk before sowing. Per pkt 5 cents, 4 pkts 15 cts.

Adonis vernalis and **Autumnalis**, fine-cut foliage, crimson, cupped flowers. Mixed, 5 cents a pkt.

Ethionema Ruxbaumii, a pretty annual 6 inches high, erect, branching; flowers in fine clusters, pale red. 5 cents per pkt, 4 pkts 15 cents.

Agrostemma celi-rosa, pretty annual; 10 inches high; flowers white, pink, lilac, purple, plain and fringed; fine in masses. Mixture, 4 pkts 10 cts, 1 pkt 3 cts.

Alyssum, Sweet.

Special Mixture, 4 pkts 10 cts., 1 pkt 3 cts.

Sweet Alyssum is a favorite little annual, bearing continuously clusters of lovely white, very fragrant bloom in great abundance. Fine for garden edgings, also for pots and baskets. It blooms especially well in the late autumn, and is a flower loved by everyone.

Little Gem, dwarf, erect, handsome,	3
White Carpet, fine, trailing,	3
Common Sweet, 25 cents at ounce,	3
Special Mixture, all sorts, 4 pkts 10 cts,	3

Mr. Park:—As an edging plant Little Gem Sweet Alyssum is a great improvement on the old-fashioned straggling sort. It only grows three or four inches high, and forms symmetrical plants which are covered with bloom from early summer until frost.—Miss Tillie Mentzer, Kinzers, Pa., Oct. 16, 1911.

Mr. Park: My Sweet Alyssum is now (Oct. 20th) a level mass of sweet white bloom all along the border. I think it an ideal border plant. It will surely endure almost anything, having withstood the drought of 1911.—Mrs. M. Richards, Vernon County, Mo., Oct. 20, 1911.

Anthemis Kelwayi Pumila.

Golden Yellow, Free-blooming. 4 packets 15 cents, 1 packet 5 cents.

This is a splendid perennial blooming the first season. The plants have handsome radical foliage, as shown in the engraving, and the branching stems shoot up to the height of a foot or more, bearing glowing masses or bloom that last for several weeks. I saw a large bed of this showy flower in full bloom in Germany, and was greatly pleased with it. The plants are easily grown from seeds, and should stand a foot or more apart in the bed. It is a new flower that deserves to be better known. 4 pkts 15c. 1 pkt 5c.

Amaranthus, handsome foliage and flowering plants of easy culture, always much brighter in sunshine poor soil and a dry season. Fine for pots and beds.

Amabilis tricolor, rose, yellow and fiery red, very fine. 5
Bicolor ruber, carmine scarlet. 5
Caudatus, Love-lies-bleeding, red. 5
Crenatus, Princess Feather, red. 5
Hybridus Brilliant, red, variegated leaves. 5
Melancholicus ruber, red leaves. 5
Salicifolius, dark Willow-leaved. 5

Superbus, foliage Coleus-like, very fine. 5
Speciosus, red pendant racemes. 5
Tricolor splendens, Joseph's Coat, fine foliage. 5
 Special Mixture all kinds, 4 pkts 10 cts, 1 pkt 3 cts.

Mr. Park:—I sowed three packets of your Amaranthus seeds, and was much pleased with the result. I had a large variety of robust, showy plants, and they were greatly admired by all who saw them. They like a sunny situation, and are brighter in rather poor soil.

—Daisy N. Boosinger, Johnson Co., Mo., Nov. 15, 1911.

Anchusa Capensis, a dwarf, free-blooming plant, very easily raised and bears very pretty azure blue flowers in abundance. A half-hardy perennial, but blooms the first season; a handsome little flower that should be given a trial by all flower-lovers. Price, per packet, 5 cents.

Anemone, St. Brigid, a large, Poppy-like flower, in red, white and blue colors. They need a sandy, well-drained soil, and make a beautiful bed. They bloom late in the fall and also early in the spring. Special mixture of all colors, per pkt. 5 cents.

Alonson, a free-blooming plant, easily grown from seeds; fine for either pots or beds; 1 foot high, branching, showy and beautiful.

Albiflora, white flowers, fine. 5
Grandiflora, scarlet, very fine. 5
Linifolia, pyramidal habit, scarlet. 5
Miniata compacta, lovely scarlet flowers; dense, bushy. 5
Mutis, chamois, pretty. 5
Myrtifolia, a large, showy species; scarlet, very abundant. 5
Warscewiczii, brilliant scarlet, very pretty. 5
Warscewiczii Compacta, excellent for pots. 5
Special Mixture of all sorts, 4 packets, 10 cents; 1 packet, 3 cents.

Started in autumn and grown in pots, Alonsona Miniata Compacta and A. Warscewiczii Compacta are superb winter and early spring-blooming plants.

Ambrosia Mexicana, an annual with pretty, deliciously scented foliage; valuable for bedding, and useful for bouquets. A great favorite with some on account of its pretty foliage and pleasing fragrance. Pkt 5c.

Arctotis, beautiful, large, bright flowers borne on plants a foot high; they delight in a dry, sunny bed, very easily grown from seeds. Breviscapa, orange, 5 cts; Grandis, lavender, 5 cts; Mixed, 4 pkts 10c, 1 pkt 3c.

Arnebia cornuta, a very pretty annual, 1 foot high; flowers gold, spotted brown; very attractive. 4 packets 10 cents, 1 packet 3 cents.

ANTHEMIS KELWAYI PUMILA.

Anagallis, known as Pimpernelle. Flowers

showy distinct and very pretty. Suitable for garden or house culture; growing on foot high.

Sanguinea 5
Grandiflora coerules, blue 5
Grandiflora lilacina, lilac 5
Linifolia, flax-leaved 5
Friticosa, perennial, scarlet 5
Special Mixture, 4 pkts 19 cents, 1 pkt 3

Argemone, hardy Mexican annuals; 2 feet; prickly foliage, large, showy flowers; likes dry, sandy soil. White, 5; Yellow, 5; Mixed, 4 packets 10 cts, 1 packet 3 cts.

Artemisia Annua, a tall, very showy foliage annual, the feathery sprays deliciously scented. Once introduced the plants are reproduced every year from self-sown seeds. Often called Sweet Fern, on account of its pretty, scented foliage. Desirable for its fern-like beauty and delicious fragrance in bouquet-making. 4 pkts 10 cts, 1 pkt 3 cts.

Asperula azurea setosa, a charming hardy annual; 1 foot; globular; small, fragrant, blue flowers, in many clusters; blooms freely for several months. 4 packets 10 cents, 1 packet 3 cents.

Aster, Park's Fine Bedding.

Complete Special Mixture, 4 packets 10 cents, 1 packet 3 cents.

Few Flowers make a more attractive bed than Park's Bedding Aster. The plants grow a foot high, branch freely, and set six inches apart the bed becomes a gorgeous mass of large, perfectly double, richly colored bloom. A sunny exposure, deep, rich soil, and good cultivation until the buds appear will give good results. If the black Aster beetle comes sprinkle with water to which has been added fresh hellebore, an ounce to three gallons of water. Colors, red, white and blue, with an edging of Sweet Alyssum, four packets, proportioned as to quantity, only 20 cents. Special mixture, four packets 15 cents, one packet 3 cents.

Mr. Park.—I have splendid luck with your Bedding Asters. They are my stand-bys, as they never fail me, and then they are at their best when most other flowers have faded. The young plants are as easily transplanted as Cabbage. I grow Asters in the bed for two years, then prepare a new bed, making it very rich with fertilizer from the cow yard. The next year I sow some commercial fertilizer among the plants, and I always have a beautiful

bed.—Mrs. O. O. Rawsam, Lewis Co., N. Y., Oct. 18, 1911.

Mr. Park:—The Bedding Asters raised from seeds purchased from you were the admiration of the neighborhood. I think that every seed grew, and the flowers were very double and in a great variety of colors.—Mrs. C. A. Smith, Arapahoe Co., Colo., Oct. 14, 1911.

This Aster Bed.—I will supply seeds for this fine Aster bed to color—red, white and blue, with Alyssum edging, four packets, proportioned, for only 20 cents. Start the seeds in the seed bed in the spring, and when the plants are large enough transplant them six inches apart.

Aster, New Hohenzollern

Mixture, 4 pkts 15 cts, 1 pkt 5 cts.

Standing at the head of the Aster list is the new Hohenzollern, an Aster of the feather type, the plants growing two feet high and producing enormous flowers, five to seven inches across, with curled petals, double to the center, and of the richest and loveliest shades of color. For groups or beds this Aster is not surpassed, and for cutting it is the most admirable. Even for pots many people prefer it. I heartily recommend it. My seeds are imported direct from the German originator of this fine Aster, and cannot be excelled. The mixture I offer is specially prepared, and contains all the colors in good proportion.

Special Mixture, all sorts, 4 pkts 15 cts, 1 pkt 5 cts.

Aster, Early Hohenzollern, like the above, but the flowers opening two weeks earlier—rose, white, white changing to rose, each 5 cts. Special mixture, 4 packets 15 cts, 1 packet 5 cts.

Mr. Park.—I sowed the seeds of your Hohenzollern Aster in a box, and set the plants out when large enough. I watered the plants during dry weather, and I want to tell you I never saw anything to beat my Aster bed. The neighbor women simply raved over the gorgeous display. I have raised several kinds, and have all the fine colors. I never have any trouble with Asters.—C. E. Smith, Miami Co., Ohio, Oct. 30, 1911.

Mr. Park:—Your Hohenzollern Asters are beautiful. I plant a packet of them every year, as they are

so easy to raise, and require so little work. When in bloom they are just lovely. I get many colors from one packet of seeds. —Miss Annie Heath, Ashland, Va., Nov. 15, 1911.

Mr. Park:—My White Ostrich Feather Asters from your seeds, were splendid fluffy beauties, as pretty as Chrysanthemums, larger than average ones, and much earlier.—Mrs. B. H. Brintnall, Elroy, Wis., Oct. 29, 1911.

Mr. Park:—Last year I got my seeds from you, and had the most beautiful Asters I ever saw. I had several kinds, and many colors of each. I sowed the seeds in boxes in a south window, and transplanted in May to a rather moist place. In September there were hundreds of double flowers from all the different kinds.—Mrs. Luella Engles, Lewis Co., Wash., Oct. 20, 1911.

Mr. Park:—Every flower lover should try a few packets of your Aster seeds. I am sure they will not prove disappointing. I think your Hohenzollern, Giant Perfection, and Dwarf Chrysanthemum Asters can't be beat. The Hohenzollern look almost like Chrysanthemums.—Delle Miller, Wood Co., W. Va., Oct. 28, 1911.

Special Notice.—I would ask the special attention of my friends to the fine quality of my Aster seeds. They were all grown by German specialists, and tested for vitality, and will be sure to grow and produce the finest flowers. I offer them with entire confidence. They will delight all who sow them.

Aster, Giant Victoria.

Special Mixture, 4 pkts 15 cts, 1 pkt 5 cts.

Victoria

Aster, long considered one of the finest of Double Asters, has been greatly improved, and I now offer the giant varieties in all the fine colors. The plants grow two feet tall, branch freely, and bear flowers of the largest size, often five or six inches across. When in bloom, in September, they are the most showy of garden flowers, and always call forth enthusiastic expressions of admiration. The colors are very rich, and break into innumerable lovely shades, while some varieties exhibit the most exquisite and striking variegations. The seeds I offer are of the best strain, carefully saved by German specialists; and my special mixture is very carefully prepared from all the varieties. I feel assured they will delight all who sow them.

New Single Aster, Elegance or Marguerite Asters are very graceful and free-blooming, and greatly prized by many lovers of Asters. The flowers are very handsome on the plant, and very desirable for cutting. Don't fail to try them. I supply White, Lavender and Dark Blue, each 5 cents. Finest special mixture of all colors, 4 pkts 15 cts, 1 pkt 5 cts.

Aster, Ostrich Feather.

Special Mixture, 4 pkts 15 cts, 1 pkt 5 cts.

One of our most prized Asters. The

plants grow 18 inches high, and are very bushy, free-blooming and very showy. The flowers are of large size, double to the centre, show a wonderful range of colors, and the petals are twisted and feathery. Lovely for either garden or house. My seeds of this fine Aster are of the finest quality, and I offer these splendid colors:

Pure White 5	Light Yellow 5	White changing to Rose 5

Special Mixture, 4 pkts 15 cts, 1 pkt 5 cts.

Fine for beds, also for pots. My seeds are the finest to be obtained, and will be found far superior to those mostly offered. My mixture contains all the finest colors well proportioned.

Mr. Park:—Your Giant Perfection Asters are certainly fine, the prettiest I have ever seen, and they show such a great variety of colors.—F. F. Gray, Windham Co., Vt., Aug. 9, 1909.

Mr. Park:—My Asters from your seeds have certainly been lovely. Some of the flowers were as large as Chrysanthemums.—L. E. Marsh, Chesterfield Co., Vt., Sept. 8, 1908.

Aster, New Pompon Crown.

Special Mixture, 4 pkts 10 cts, 1 pkt 3 cts.

A very beautiful race of Asters. The flowers are globular, finely imbricated, and show a distinct white centre. The plants grow a foot high, and should stand eight inches apart.

Yellow Quilled, the best yellow Aster; the plants grow two feet high, and are covered with large, very handsome double flowers, which last a long time. Very pretty. 4 packets 10 cents, 1 packet 3 cents.

Park's Fine Double Balsams.

Complete Special Mixture, 4 pkts 10 cts, 1 pkt 3 cts.

Few Garden Annuals equal the Double Balsam in beauty of foliage and flowers, and few are of easier cultivation. The seeds quickly germinate, and the plants begin to bloom when quite small. The flowers are very double, waxy in texture, and of many shades and variations. The seeds I offer are of the finest quality, and will give unbounded satisfaction.

Park's Camellia-flowered.

This class is the most desirable of the many Balsams offered, and cannot be surpassed. The flowers are very large, double and as beautiful as a Rose, while they are of fine texture and surpass in color and variation. Plants grow two feet high, and if pruned when small they will develop as the one represented in the little engraving.

Mr. Park:—I have lovely plants of Browallia Speciosa raised from your seeds. They were covered with beautiful bloom.—Mrs. L. Whittaker, Greene Co., N. Y., Aug. 17, 1909.

Calendula Grandiflora.

Special mixture, 4 pkts 10 cts, 1 pkt 3 cts.

The New, Large-flowered varieties of Calendula or Pot Marigold should have a place in every garden. The plants bloom freely and continuously, and in autumn, after most of the annuals have succumbed to Jack Frost, a row of these Marigolds in their gorgeous yellow hues is very attractive, rivaling the Annual Chrysanthemums. Grown in pots they are fine for blooming in a cool window during the early part of winter.

Large-flowered White Striped... 5
Large-flowered Orange Striped... 5
Special mixture of all colors, 4 pkts 10 cts, 1 pkt 3 cts.

Mr. Park:—Every seed of your *Calendula* germinates, and the plants soon develop into lovely green bushes, literally loaded with golden bloom of many shades. They stand drought and chilly nights, and outlast even the Chrysanthemum in autumn. Once tried they will always be among the "must haves." Potted and placed in a cool, sunny window, they make a fine display during the winter.—Mrs. O. A. Bodd, Prescott, Arizona, Aug. 23, 1903.

Mr. Park:—From one packet of your mixed *Calendula* seeds I had plants producing many shades of bloom, from pale yellow to deep orange, some striped, others edged white.—Mrs. O. F. Bailey, Wash.

Cacalia sonchiflora, a hardy annual

known as *Flora's Paint Brush*. The plants throw up long stems, 15 inches high, bearing clusters of brush-like flowers at the summit, useful and beautiful for bouquets. Easily grown from seeds. When once introduced the plants will reproduce from self-sown seeds. It is a native of India.

Scarlet... 5 | Yellow... 5
Mixed, 4 pkts 10 cts, 1 pkt 3

Sow seeds, where the plants are to bloom, or sow in the seed bed and transplant. The foliage is mostly in a handsome

rosette at the ground. This plant should be more popular.

Calliopsis, very showy garden flowers that

do well treated as annuals. The plants grow a foot or more high, bearing their showy, bright flowers in a waving mass. Very showy in beds, and grand for cutting. Sow in the fall or early spring.

Burridge, Rose 5
Discolor, Carmine 5
Grandiflora, Rose 5
Speciosa, White 5
Speciosa, Purple 5
Special mixture of all sorts 4 pkts 10 cts, 1 pkt 3

The first three sorts above named have charming, large

showy flowers, and are very handsome annuals.

Callirhoe, beautiful, free-blooming, continuous-blooming

plants, belonging to the Mallow family. *C. Pedata* is of upright growth, but *C. Involucrata* trails, and is of surpassing value for a bed, blooming all the season, and lasting for years. Both deserve a place in every garden. Pedata, purple 5
Involucrata, red 5

Special mixture, 4 packets 10 cents, 1 packet 3 cents.

Campanula, Annual. These are charming

hardy annuals, blooming in a few weeks from spring-sown seeds. They are mostly trailing, bearing a profusion of lovely little blue and white bells, very pretty as edgings. *C. Speculum* is *Venus' Looking-glass*. *C. Macrostylis* has superb Violet flowers. *C. Procmubens* is fine for baskets. Separate varieties 7 cents per packet.

Special mixture, all varieties, 4 pkts 10 cents, 1 pkt 3 cents.

Candytuft, Annuals. These are well-known

very showy and beautiful hardy annuals. Sown early in spring and thinned till they are six inches apart they make a fine display. The white is especially fine if sown in autumn. All are showy and handsome.

Purple, Lilac, White, Sweet-scented, each 5 cents. Dwarf sorts 5 cents. Special mixture, all sorts, 4 pkts 10c, 1 pkt 3c.

Catchfly (*Silene Armeria*), a hardy annual

growing a foot high, surmounted by tufts of small, showy flowers. Once started, plants appear every season. It is sometimes erroneously called "Sweet William" on account of a resemblance to the true Sweet William.

White and Rose each 5 cts. Mixed, 4 pkts 10 cts, 1 pkt 3 cts.

Canna--New Gladiolus-Flowered.

Special Mixture of all colors, 4 pkts 15 cts, 1 pkt 5 cts.

The old Indian Shot, Canna Indica, was introduced from India in 1750, and during the present century dozens of species have come from South America and the West Indies. The best of these were used by a French florist in originating a new and improved class, the varieties of which are the most gorgeous and stately bedding plants in cultivation. The foliage is massive and tropical in growth, and the flowers of the most brilliant colors surmount it in great plume-like heads. I offer seeds in mixture of all the finest named varieties, yellow, scarlet and crimson, margined and spotted, and those who wish seeds of a superior quality will find these just what they want. They are all fresh and genuine, not adulterated with the older sorts, and will produce the finest large-flowered plants. No flower with which I am acquainted will give better satisfaction or greater pleasure than these Cannas, and I therefore urge their culture.

Plant of Crozy Canna.

Scarlet..... 5 | White 5 | Yellow 5
Crimson... 5 | Variegated... 5 | Foliage-striped 5
Special mixture of all colors, 4 pkts 15 cts, 1 pkt 5 cts.

The New Cannas.—There is no disputing the utility of these Cannas. They are undoubtedly splendid acquisitions, and rapidly superseding the tall kinds once grown largely in gardens. They are good conservatory plants, being quite at home when assorted with Palms and Ferns. The newer kinds are remarkably fine flowers, the segments broad and finely colored, the outcome of patient work on the part of M. Crozy,—English Garden.

Mr. Park:—Those who want something to bloom all summer and be of little trouble should raise your Cannas. They are very beautiful.—Mrs. C.A. Woods, Beaver, W. Va., Aug. 7, 1903.

Mr. Park:—From a packet of seven seeds of your Cannas, I obtained seven fine plants and gave away three. Their flowers are the handsomest I ever saw.—Mrs. J. A. Cox, Newark, Ohio, Sept. 15, 1903.

Mr. Park:—I got ten cents' worth of Canna seeds of you last spring. I filed the shells and soaked them over night in water, and had twenty-two nice plants. They are so easy to raise from seeds. I never think of saving the roots, as they are so hard to keep over winter.—E. H., Forest Co., Pa.

Capsicum--Ornamental Peppers.

Special Mixture, 4 packets 10 cents, 1 packet 3 cents.

MIXED PEPPERS

LARGE BELL.

The various forms and colors of Capsicum or Pepper are becoming popular as ornamental plants. The plants are so easily grown either in beds or pots, and the fruits are so varied, attractive and persistent that their culture affords a great deal of pleasure. In the garden they make a showy border or hedge or screen, and in pots they can be placed in the window, where they never fail to attract much admiration and praise. The large, sweet varieties are useful for stuffing with vegetables to use upon the table as a relish. The Cayenne sorts are desirable for flavoring and for birds, and the Cluster, Cherry, Tom Thumb, Prince of Wales, Kaleidoscope and Little Gem are especially valuable for pots for room decoration.

I offer the following splendid varieties:

Black Nubian	5	Cherry-fruited Yel.	5	Golden Dawn	5
Cardinal	5	Chili Red	5	Golden Queen	5
Cayenne Yellow	5	Columbus Red	5	Hungarian Royal	5
Long Narrow Red	5	Columbus Yellow	5	Japanese Cluster	5

Chameleon, dwarf	5	Elephant's Trunk	5	Large Bell	5
Cherry-fruited Red	5	Giant Scarlet	5	Little Gem	5
Monstrous Golden Yel.	5	Red Cluster	5	Square Red	5
Monstrous Red Giant	5	Red Squash	5	Square Sweet Chinese	5
Prince of Wales	5	Ruby King	5	Tomato-fruited Red	5
Procop's Giant	5	Spanish	5	Tomato-fruited Yellow	5

Complete Special Mixture of all the above varieties, 4 packets 10 cents, 1 packet 3 cents.
☐ I believe a packet of Mixed Seeds of this great variety of Peppers will afford as much satisfaction as anything that can be grown. Do not fail to order a packet in making out your seed order.

Calceolaria Scabiosifolia

a trailing plant with Scabious-like, hairy foliage, and rather large yellow flowers in terminal corymbs. Started in early spring the plants will begin to bloom in May, and

continue until October. Pkt 5 cts.

Callitroch Douglasii

a handsome composite growing a foot high, bearing numerous bright yellow flowers in autumn. It is a Californian annual, of very easy culture, and makes a showy

display massed in a bed. Pkt 5 cts.

Cannabis Sativus, Giant Hemp;

an annual growing from five to seven feet high, branching, and clothed with very pretty foliage. In autumn it is laden with seeds which are used for feeding canary

birds. Plants make a fine screen. Pkt 6c.

Carnations, Improved Early-flowering.

Special Mixture, 4 packets 10 cents, 1 packet 3 cents.

The Improved Early-flowering Carnations are easily grown from seeds, and if started in March or April the plants will begin to bloom on the approach of autumn, and bloom freely until after severe frosts. They will then endure the winter and bloom the following season. The plants are of vigorous growth and stool out as indicated in the engraving of a blooming plant, and the flowers are large, mostly double, of many colors, and deliciously clove-scented. Some are also striped and variegated in a striking manner.

Large-flowered Early Vanguard.—This race of Carnations is an improvement upon the Marguerite Carnation, the plants being as vigorous and free-blooming, and the very large, double flowers (see engraving) developing quite as early. I offer the following handsome colors.

White	Rose	5
White	Striped	5
Red	Yellow-ground	5
Yellow	Variegated	5

Guillaud Carnation., a very beautiful Carnation largely used for market purposes in France,..... 5

Comtesse de Paris, a splendid early-flowering sort with double yellow flowers, 5

Earliest French Giant.—This is a new race of dwarf early-flowering Carnations. The flowers are very large and double, of rich colors and variegations, exquisitely scented and exceedingly beautiful. The plants begin to bloom early, and if potted on the approach of winter, they will bloom in a sunny window throughout the winter months. Colors.

White	Scarlet	5
Yellow	Yellow-ground	5

Special Mixture, 4 pkts 15 cts, 1 pkt 5 cts.

Carnations like a rich, sunny bed, and rather tenacious soil. Do not let them suffer for want of water. To promote tufted plants, pinch the stems that first shoot up. This will cause them to stool out, and when they are allowed to bloom the flowers will appear in great abundance. Plants for the window should be given a sunny bed and regularly pinched until potted for the house in early autumn. Chopped tobacco stems upon the surface soil will prevent an attack of lice. Everyone who has a flower garden should have a big bed of Carnations. They are among the most satisfactory of all flowers.

FLOWER OF DOUBLE VANGUARD CARNATION.

Marguerite Carnation.—I can also supply the Marguerite Carnation, Improved, distinct white, red, rose, yellow and variegated at 5 cts per packet. The plants are dwarf and stocky, and very early and free-blooming. Special Mixture of all colors, 4 pkts 10 cts, 1 pkt 3 cts.

Mr. Park:—The Early-flowering Carnations I raised from a 3-cent packet of your seeds were glorious, no two alike, and I have never seen anything bloom so profusely. I shall always raise them. They are no trouble—just grow and bloom in spite of heat and drought.—Mrs. Alice E. Alford, Gibson Co., Tenn., Oct. 29, 1911.

Mr. Park:—I have a lovely pink Carnation blooming in my window raised from a three-cent packet of your Early-flowering Carnation seeds. I planted them in March in a pot and kept them in pots all summer, and they commenced to bloom in August and will bloom all winter.—Sade M. Jones, Mayten, Calif., Oct. 30, 1911.

Mr. Park:—I never had any success with Carnations, until I tried your seeds. Then I had lovely plants, and such pretty colors. I shall surely buy all my seeds from you.—Mrs. Clara Compo, Brownville, N. Y., Oct. 18, 1911.

Mr. Park:—I had 82 plants from three packets of your Vanguard Carnation. They are good bloomers, very fragrant, and I am well-pleased with them.—Annie J. Riken, Georgetown, Mass., Oct. 14, 1911.

Mr. Park:—It seemed as though every seed of the Marguerite Carnations came up. I had two round beds of them, and nearly every one bloomed the first season, producing double, fragrant flowers, in so many colors. They stood our changeable Kansas winter without protection, and the second season the plants spread out till the beds were a solid mass, with loads of bloom.—Mrs. J. F. Blunt, Richmond, Kans., Nov. 1, 1911.

Collinsia, very pretty hardy annuals; grow a foot or more high; flowers very bright and showy, and produced in great profusion. C. Verna, blue and white, sow in autumn; the others in the spring. White, Purple, each 6c; mixed, 4 pkts 10 cts, 1 pkt 3 cts.

Mr. Park—I have been buying seeds of you for more than twenty-five years, and in that time have found that Park's seeds are uniformly good and always as represented. I always recommend Park's seeds whenever I have the opportunity of doing so, and have succeeded in getting others to send, and thereby becoming life-long friends of Park and his seeds.—Mrs. M. M. McKean, San Diego, California.

Special Mixture, all sorts, 4 pkts 10 cts, 1 pkt 3 cts.

Very Beautiful Annuals, growing a foot high, and blooming freely during the summer. Sow early, either where the plants are to bloom, or sow in the nursery bed and transplant six inches apart.

Cosmos in Variety.

Elegant Summer and Autumn Flowers, graceful and showy in the garden, and very fine for cutting. The mammoth kinds will grow six or eight bloom, as transplanting retards transplanted. I offer only the

Cosmos Blooms.

Collomia, a beautiful annual allied to Gilia; the plants grow a foot high, bearing throughout summer Verbenalike clusters at tips of branches; Coccinea, scarlet, from Chili, and Grandiflora, reddish yellow from Cal. Each 5c, mixed, 4 pkts 10 cts, 1 pkt 3 cts.

Cosmidium Burridgeanum, a composite annual, with bright yellow flowers the size of a Calliopsis, on long stems; very pretty; easily grown from seeds, and very easily transplanted. Price, 4 packets 10 cents, 1 packet 3 cents.

Crepis, very showy and pretty annuals known as Hawkweed; the flowers are white, pink and golden yellow. The white and pink-flowered plants are a foot high; the yellow-flowered taller, flowers larger. Each 5 cts, mixed, 4 pkts 10 cts, 1 pkt 3 cts.

Cheiranthus Maritimus, the Virginia Stock; a pretty little annual for massing, also for pots. If started in summer it blooms well in winter. Crimson King, White, Carmine, yellow, each 5 cts, mixed, 4 pkts 10c, 1 pkt 3c. Ten Weeks' Stock, mxd 5c.

Cuphea Zinapanii is a fine annual with lovely Sweet Pea-like flowers, useful in the garden and for cutting. C. Strigulosa is also very fine. C. Platycentra is the Cigar Flower, useful for winter-blooming. Each 5 cts, mixed, 4 pkts 10 cts, 1 pkt 3c.

Cynoglossum, grows three feet high, branching, and bearing an abundance of very showy blue or white flowers; splendid for bees, and attractive for a group or screen. Each color 5 cents; mixture, 4 pkts 10 cents, 1 pkt 3 cents.

Dahlias---Single-Flowered and Double-Flowered.

Complete Special Mixture, 4 packets 15 cents, 1 packet 5 cents.

Liliput, extra fine double, mixture.....10 |
Complete Special Mixture, Single and Double, very fine quality, 4 packets 15 cents, 1 packet 5 cents.

Mr. Park:—From a packet of mixed Dahlia seeds, I have lovely single flowers. The petals are like dark maroon velvet, also yellow single ones like satin, and very double pink and red ones.—Mrs. E. C. Wilson, Canada, N. H., Sept., 8, 1909.

Mr. Park:—From your packet of Single Dahlias I raised sixteen fine plants, all of which are now in bloom. The flowers are all single and of several shades of red, white, pink and one white with purple blotches. They are all very beautiful.—Eugene Fierle, Sacramento, California, July 14, 1909.

Dahlias are as easily raised from seeds as Zinnia: and bloom almost as early. From a choice strain many plants will produce flowers of superior merit. Formerly the Double Dahlias were the only kinds grown, but the new Single-flowered varieties are now very popular, being graceful, free-blooming and showy. Seeds of Double Dahlias are sparingly produced, and consequently high in price. Roots of all may be preserved and used in the next season.

Mr. Park:—One of the beauty spots in our garden this summer was a clump of Blue Perennial Larkspur beside a bed of Lilium Candidum. The Larkspurs are easily grown from seeds, and begin to bloom first season.—Mrs. M. C. Ricketts, Lima, O., Aug. '09.

Datura.

A vigorous-growing plant bearing large, funnel-shaped flowers. The seeds germinate readily, and the plants begin to bloom in summer. If the roots are lifted and kept in a frost-proof place they will last for several years. At the South they are hardy. *D. humilis*, *D. fastuosa* and *D. Wrighti* have deliciously scented flowers.

Mr. Park:—The Japan Pinks I raised from your seeds are fine, so many colors and shades and both single and double. Some are the richest in color I have ever seen. They began blooming early in summer and have been in bloom ever since. I have had good success with all your seeds. I shall send to you for all my seeds and bulbs in the future.—Mrs. W. L. Miller, Ocon Rapids, Iowa, Aug. 4, 1909.

Mr. Park:—I have had such good success raising *Dianthus Chinensis* from your seeds. My bed is a mass of bloom, and such lovely colors. I would advise all flower lovers to try them. Mine are simply grand.—Mrs. John Beegly, Ashland, Ohio, Aug. 3, 1909.

DIANTHUS, NEW FRINGED.

Dimorphotheca Aurantiaca, New African Daisy.

Last year I sent out many thousands of packets of the New African Daisy, and from what I can learn it gave great satisfaction, as the testimonials here published show. I found this novelty in Germany, where it made a glorious bed—a veritable sheet of gold, beautiful beyond description. Each plant becomes a branching clump, a foot high, and each branch is tipped with the bright golden daisies, which are produced freely and continuously all the season. I offer it again with confidence, and advise all of my patrons to add it to their order. See engraving.

Price, 4 packets 25 cents, 1 packet 8 cents

Mr. Park:—Last spring I planted one packet of your New African Daisy, *Dimorphotheca Aurantiaca*, and I believe every seed came up. I gave the plants no care, as the fifth baby came to stay with us, but they have grown and bloomed continually, in spite of neglect and heavy frosts, and have made a bright golden spot in the front lawn. They are still blooming, Oct. 10th. Nothing could be brighter than its orange, Daisy-like blossoms. A few African Daisies mixed with Curled Parsley leaves make a bright and pleasing table decoration.—Daisy Deen, Saint Joseph Co., Ind., Oct. 10, 1909.

PLANT OF DIMORPHOTHECA.

Mr. Park:—The New African Daisy, *Dimorphotheca Aurantiaca*, seeds of which you sent me has proved very satisfactory. The plants bloomed all summer and are still full of buds. It will be one of my must-haves.—Josie Files, Waterville, Me., Sept. 8, 1909.

Mr. Park:—I had three seeds of this new flower and such a lot of bloom! The flowers were large, from two to two and a half inches across. Everyone wanted to know their name.—Mrs. L. S. Brannum, Galena, Kans., Sept. 15, 1909.

I believe this New African Daisy to be the most beautiful and distinct novelty introduced for many years. It is a flower for the people, and will in time become as popular as a Marigold or Zinnia. No flower with which I am acquainted has such a rich golden color in masses. It cannot but attract attention and admiration wherever seen. My friends, you might as well get this new Daisy this season, as you will want it later if you do not get it now. It will certainly please you.

FLOWER OF DIMORPHOTHECA.

Erysimum, New Bedding.

ERYSIMUM.

This is the beautiful California Poppy, which covers the hills in sections of that state with a shining mass of golden color in early spring. The plants have lovely, fine-cut, silver green foliage, and large, showy flowers in great profusion. Sow where the plants are to bloom, and thin to six inches apart.

SINGLE ESCHSCHOLTZIA.

My Improved Double Eschscholtzias are far superior to the common seeds generally sold.

Mr. Park:—The Eschscholtzias were a great delight. Among them were some silvery white ones, such as I had never before seen.—Mrs. P., Essex Co., Mass.

The New Bedding Erysimum is a variety of *E. Arkansum*, and is a hardy annual, ten inches high, dense and bushy, each branch terminated by a cluster of rich golden, Wallflower-like blooms, dazzling the eye with its golden display, and filling the garden air with its delicious fragrance. Seeds may be sown in fall or early spring, in rows eight inches apart, and thinned to six inches apart in the rows. It is a near relative of the Wallflower, and the finest of Erysimums. 4 packets 10 cents, 1 packet 3 cents. I also supply *E. Perofskianum* and *E. Pulchellum* at the same price.

Echium plantagineum, doubtless the finest of Echiums, its showy, rich purplish violet flowers appearing in long, slender wreaths that rise erect from a tuft of broad leaves; a member of the Forget-me-not Order (*Borraginaceae*), elegant as a garden flower and useful for bee pasture. 4 pkts 10c, 1 pkt 3c.

Erodium, known as Stork's Bill; allied to *Geranium*, and bears showy flowers in clusters; *Gruinum* 5 cts, *Manescavil*, red, violet, fine, 5 cts, mixed 4 pkts 10 cts, 1 pkt 3 cts.

Elsholtzia cristata, a very sweet-scented little lilac-colored flower, good for bee pasture, 5 cts per packet.

Emmenanthe Penduliflora, a little annual with drooping golden-yellow flowers, 5 cents per packet.

Erythraea linarifolia, a very neat little plant of the Gentian family; likes moist soil, 5 cents per packet.

Euphorbia.

The species here offered are annuals that delight in a hot, dry, sunny situation. They grow two feet high and are very showy when in bloom in autumn. *E. Variegata* is known as Snow on the Mountain, the floral bracts being almost pure white; *E. heterophylla* is the Mexican Fire Plant, the floral leaves being rich scarlet. Separate, 5 cents; Special Mixture, 4 pkts 10 cents, 1 pkt 3 cents.

E. Variegata, represented in the little engraving makes a showy bed, and usually

reproduces from volunteer seeds. It is very beautiful in the South, where it appears freely by the roadside.

Eutoca Viscida.

This is a handsome little annual growing a foot high, and bearing beautiful blue, white and lilac flowers. It is very often classed as a *Phacelia*; it is found native on the Pacific Coast. It is a flower but very little known, but is deserving of greater popularity. Separate, 5 cents; special mixture, 4 pkts 10 cts, 1 pkt 3 cts.

Fenzlia Dianthiflora.

This is a very handsome little annual, the flowers, which are borne in great profusion, are lovely rose, white and pink. It is a very charming little plant for edgings or borders. This plant is often classed as a *Gilia*; a native of California, and of easy culture. A ny

Flavum tricolor, new, large orange flowers with black spots; very handsome, 5
Special mixture, all sorts, 4 pkts 10 cts, 1 pkt 3

I ask special attention to the new *Glaucium flavum tricolor*. It is showy in both foliage and flower, and the lovely colors are contrasted strikingly. A superb sort.

Grammanthes Gentianoides.

Belonging to the Stone Crops we have, from the Cape of Good Hope, this lovely little annual. It is very dwarf, but bears freely orange flowers three-fourths of an inch across, with a

V-shaped mark at the base of each petal. Sow early and transplant to a dry, sunny place. It is low, dense and very beautiful. 4 packets 15 cents, 1 packet 5 cents.

Gaura Lindheimeri, a perennial, growing three feet high, graceful, bearing freely showy white and rose flowers the first season. Flowers are of lovely texture, and always much admired. The plants can be set among low shrubbery and beds of low spring annuals when a variety of flowers is desired in the same bed. Four packets 15 cents, one packet 5 cents.

Gerardia hybrida, compact bushy perennials blooming the first season. Foliage finely cut and very beautiful; flowers large, Foxglove-like, and borne abundantly. A bed of these new hybrids makes a fine display in the garden, and will last for several years. As yet they are not well known, but give general satisfaction where grown. 4 pkts 15 cts, 1 pkt 5 cts.

Mr. Park:—Last spring I planted one 3-cent packet of your Primrose Hibiscus and raised four plants which grew from six to eight feet high, and were loaded with large, beautiful flowers.—Ellenora Hicks, Lilydale, Indiana.

Hunnemannia Fumariaefolia.

This is a beautiful Mexican perennial, the flowers orange, shaped like Eschscholtzia, and very freely produced. The plants grow two feet high, and like a sunny, warm bed. The plant belongs to the Poppy family, and the flowers remain a long time in bloom. The plants bloom the first season, and should be started early. They will last for several years if properly protected. 4 pkts 15 cts, 1 pkt 5 cts.

Habenstretia comosa, the African Mignonette; flowers white in spikes, pretty and fragrant. Reproduces from self-sown seeds. 4 pkts 15 cts, 1 pkt 5 cts.

Ice Plant, a species of Mesembrianthemum, succulent, and covered all over with ice-like protuberances; it is very handsome for pots or baskets, and likes the sun. Four packets 10 cents, one packet 3 cents.

Iberis, (Candytuft), very pretty little annuals, growing a foot high; the flowers are borne in clusters and are very showy. White, Lilac, Carmine, etc. Special Mixture of all varieties, Four packets 10 cents, 1 packet 3 cents.

Jonopsidium Acaule, Diamond.

Kenilworth Ivy, a handsome trailing perennial, blooming the first season; grows in dense shade, and is a lovely carpet for a bed, pot or a basket in a shady place. Mixed, 4 pkts 10 cts, 1 pkt 2 cts.

Lavatera Trimestris.

Complete Special Mixture, 4 pkts 15 cts, 1 pkt 5 cts.

These are beautiful Hollyhock-like annuals, growing two feet high, and covered with large, showy, delicate-textured flowers throughout the season. Give the plants a warm, sunny situation and moderately good soil, and you will be delighted with this superb annual. It is of very easy culture. White 5 cents; Rose 5 cents. Mixed, 5 cts.

Mr. Park:—In the spring I bought a packet of your Lavatera Trimestris seeds. The plants have been in bloom for some time and are very pretty, the flowers being large and of such lovely shades of color.—Katie Rader, Van Wert, O., Aug. 14, '09.

Layia Elegans.

This is a beautiful, free-blooming annual growing a foot high, and becoming a mass of elegant golden bloom edged with white. The flowers are Daisy-like, and last for a long time. I can also supply a variety with pure white flowers. Either sort, 5 cents per packet; Complete Special

Mixture of all varieties, 4 packets 15 cents, 1 packet 5 cents

Leptosiphon.

Handsome dwarf California annuals, forming tufts of foliage smothered with very attractive little flowers, and make an elegant bed, if sown early in spring and thinned to six inches apart. Avoid thick sowing to get good results.

Androsaceus, mixed	5
Densiflorus, mixed	5
Luteus, yellow	5
Roseus, lovely rose	5
Special Mixture of all sorts, 4 packets 10 cts, 1 packet 3 cts.	

Mr. Park:—I planted a mixed packet of your Leptosiphon seeds, and the plants have been in bloom for a long time. They are such dainty little blossoms of all colors, and the foliage is so delicate and pretty that the plants would be very handsome even without the flowers.—Katie Rader, Van Wert, Ohio, Aug. 14, 1909.

Lupinus.

Special mixture, 4 pkts 10 cts, 1 pkt 3 cts.

I was delighted with the showy character of the Annual Lupins as they grow in Europe. They were a revelation to me. I was especially pleased with the Dwarf Hybrids; the

beds of them were glorious. I know my patrons will be pleased with them if they meet even with partial success. They grow a foot high, and should be sown in rows and thinned to eight inches apart.

Nanus, dwarf blue	5	Hartwegii, showy kinds ...	5

Linum grandiflorum, the Scarlet Flax,

a very effective annual in beds. At the big German Seed Gardens I saw nothing to equal the odd and pleasing color of masses of this easily grown annual; a foot high. Roseum, 5 cts. Rubrum 5 cts. mixed, 4 pkts 10 cts, 1 pkt 3 cts.

Mr. Park:—Your Linum Grandiflorum grows over two feet high and blooms all summer. Flowers last well in winter.

—Mrs. H. G. Valentine, Reno, Nev., 1909.

Linaria in Variety.

Special Mixture, 4 pkts 15 cents, 1 pkt 5 cents.

These are annuals that should be better known. They are of the easiest culture, growing a foot high, and bearing spikes of charming, Snapdragon-like flowers. The new Maroccana hybrids, shown in the engraving are beautiful, and show flowers of various rich colors.

Aparinoides, very beautiful. 5 | **Alpina**... 5

Complete Special Mixture four packets 10 cents, one packet 3 cents.

Limnanthes Doug-

lassi, a very profuse-blooming, prostrate hardy annual; the plants grow six inches high, bearing in great abundance, very showy yellow and white blooms. It likes a moist, rich soil. 4 packets 15 cts, 1 packet 5 cents.

Lychnis.

Special Mixture, 4 pkts 15 cts, 1 pkt 5 cts.

Among the brightest and best of garden flowers, L. Chalcedonica, white and scarlet, is splendid, the scarlet dazzling the eye with L. Haageana has very large, rich-colored flowers of various colors. All are perennials, but in a bed they make a gorgeous display.

Chalcedonica, scarlet, white, each..... 5
Alpina, very dwarf and pretty..... 5
Fulgens, bright scarlet..... 5

Sieboldii, white, very fine..... 5
 Special Mixture, 4 pkts 15 cts, 1 pkt..... 5

Mr. Park:—Few persons know the value of the old-fashioned perennial, Lychnis Chalcedonica. Its color is as bright as the Scarlet Geranium, and it is perfectly hardy, a permanent feature of the garden. I have a number of clumps, raised from seeds. The seeds germinate readily, and the plants are very easy to care for. If the heads of bloom are picked when they fade, the plant continues to bloom from side shoots. I have kept it in bloom nearly three months by this means.—Amelia H. Botzford, Philadelphia, Pa., Aug. 13, 1909.

Mr. Park:—I am pleased with your Lychnis, and find it very desirable. The plants are of easy culture, growing almost anywhere, and are lovely. —Lena O. Ahlers, Stronghurst, Ill., Sept. 7, 1909.

Lobelia in Splendid Variety.

Complete Special Mixture, all varieties, 4 pkts 10 cts, 1 pkt 3 cts.

When Lobelias do well there is no flower used for bedding that is more lasting, beautiful or showy. They grow six inches high and are literally smothered with the great profusion of bloom. Charming also for pots and baskets. Started in summer they will bloom in a sunny window throughout the winter.

Mr. Park:—I have a border of Lobelias from your seeds that surpasses anything of the kind I ever saw. I heartily recommend your seeds to my friends.—Mrs. O. N. Baird, Lincoln Neb., Aug. 2, '09.

Mr. Park:—I want to tell you about my Lobelia from a packet of your special mixture. I raised many plants which bloomed throughout the entire drought, and became one handsome solid mass of blue and white. I most heartily recommend them.—Daisy Bruttentors, Kahoka, Mo., Sept. 11, 1909.

Mr. Park:—I have been buying my flower seeds from you for thirteen years, and they have never disappointed me. I have such good luck with Pansies, Salpiglossis, Carnations and all.—Mrs. Hamrick, Linden Heights, Ohio, Dec. 10, 1909.

Mr. Park:—I want all my old-fashioned sisters to try a hedge of Four O'Clocks. I have a hedge that is very much admired. The flowers are beautiful in early morn, and their fragrance is delicious.—M. L. Warren, Ken. Co., Mo., Sept. 17, '90

Myosotis---Forget-me-not.

Complete Special Mixture, 4 pkts 15 cents, 1 pkt 5 cts.

For many years the lovely flowers of the Forget-me-not have been very highly prized. The plants are dwarf in habit, very free blooming, and of easy culture. If the seeds are sown in early autumn the plants will bloom beautifully in the cool spring weather. They like moisture and a cool atmosphere. Started in the spring the plants bloom in autumn. The varieties of Victoria (see larger engraving) are all very beautiful, and fine for pot culture as well as the shady garden. I offer all of the finest varieties known, and my complete special mixture is unsurpassed.

Oxalis, low plants with clover-like foliage and clusters of very pretty flowers; fine for edgings, baskets and ground-work. Floribunda alba, F. rosea, Rosea alba, R. delicata, Tropaeoloides, Vaidilina mixed, Sensitiva Each 5 cents. O. Tropaeoloides has brown foliage—a fine low background for bedding designs. Special mixture, 4 pkts 15 cts, 1 pkt 5 cts.

Pansy, Roemer's Giant Prize.

Complete Special Mixture, 4 pkts. 15 cts, 1 pkt 5 cts.

THE PANSY is the most popular of garden flowers, and justly deserves its popularity. No flower blooms earlier, or more freely and continuously, and none is more delicate in texture, rich and varied in color, or more pleasing and attractive. A bed of well-grown plants in bloom is gorgeous, and always enthusiastically admired. It rivals the Tulip bed in the spring, and blooms freely till July, then continuously, though less freely till winter. The strain I offer is unsurpassed, the plants being robust, the flowers of enormous size, and the colors of wonderful variety and beauty. I offer mixtures carefully prepared as described below. *The 10 packets (one packet of each mixture), including also Park's Floral Magazine for three years, for only 25 cents.*

White, embracing pure white with eye, white slightly shaded and tinted, white with spots, etc., 4 pkts 15 cts, 1 pkt. 5

Mr. Park:—My Pansy bed this year was lovely. Some flowers were quite large, and there was a great variety of colors. The seeds were sown in May, and by July some were in bloom. —Mrs. C. Faes, Madison Co., Neb., Oct. 20, 1911.
 Mr. Park:—From a 5-cent package of your Giant Pansy seeds I had a lovely bed of flowers. All colors and such large flowers. —Mrs. Clara Compo, Jefferson Co., N. Y., Oct. 18, 1911.
 Mr. Park:—I sent to you and got a 25-cent collection of Roemer's Giant Pansies, and planted them in early fall. On Thanksgiving Day I had plants large enough to set in the open ground, and on the first of February they were in bloom, and bloomed until the last of August. They were much admired by all who saw them. —Miss Annie Heath, Hanover Co., Va.
 Mr. Park:—I wish you could see my Pansies. They were perfectly grand, and so many different colors all from a 5-cent package of seeds. I bought of you. —Jonnie Ruscher, Oswego Co., N. Y., Oct. 24, 1911.
 Mr. Park:—From one package of Roemer's Pansy seeds I have grown quite a number of plants, which have had very pretty flowers. My Pansy bed, from your seeds, is the most attractive part of my garden, and is always admired. —H. Luhn, San Francisco Co., Calif., Oct. 29, 1911.
 Mr. Park:—My Roemer's Giant Prize Pansies are certainly the prize—large, beautiful and constantly in bloom since early in May. —Mrs. O. E. Ludden, Pierce Co., Wash., Oct. 30, 1911.

PLEASE NOTE.—All of my Choice Pansies are included in my ten special mixtures, ten packets, offered above for 25 cents. The collection pleases everybody who gets it. And what is more, with this collection a three-years' subscription to Park's Floral Magazine is included. Why not add it to your seed order?

Park's Mammoth Petunias.

Single and Double, Plain and Fringed, Special Mixture, 4 pkts 15 cts, 1 pkt 5 cts.

I offer the Finest Strain of Mammoth-flowered Petunias in Cultivation, the seeds saved only from selected pot plants and carefully hybridized. All the exquisite shades and colors, and the flowers both plain and fringed. Plants strong and very free-blooming. Following are my superb mixtures:

- Gloriosa**, very rich velvety red, some with white spots, some with white throats, many beautifully fringed; very fine..... 5
- Tigred**, Margined and Veined, fine display of markings, many ruffled, and all odd and exceedingly handsome, per packet..... 5
- Purity**, enormous pure white flowers, some elegantly fringed and ruffled; per packet..... 5
- Oculata**, varieties with white, yellow and spotted throats, often finely ruffled, large and effective; per packet..... 5
- Emperor**, velvety red, rose and carmine; rich and effective, the flowers of many superbly banded and fringed; per packet..... 5
- Double Giant**, finest, saved from the best hybridized flowers; finest quality, per packet..... 5
- Special Mixture of all these Mammoth sorts, 4 pkts 15 cts, 1 pkt... 5

were fine. I had bought a plant of double Petunia that spring but it never bloomed, but such plants as I had from seeds—some were so large I gave them away as I could not keep them through the winter. This spring I bought large-flowered single seeds, and I now have some of the largest flowers I ever saw, some almost white with a satiny shiny finish, some dark and velvety, some pale pink, some blotched and striped. I admired them very much and think anyone can raise them.—Mrs L. H. Godfrey, Kansas City, Kans., Aug. 4, 1909.

Mr. Park:—I got a five-cent packet of your Double Petunia seeds and raised several plants. The flowers were certainly beautiful. They were as double as a Rose. One was pink, one white the balance variegated.—Clara Humrick, Frank Co. O.

Petunia Superbissima, and Fimbriata, flowers of enormous size, ruffled edges; White, Blood-red, Yellow-throated, Dark Crimson, Rose, Veined, Margined, White and Lilac, Crimson, Deep Carmine, Purple, Purple with White Throat, Rose and White, Purple margined White, Yellow Throated, each 5 cents: mixed, 4 pkts 15 cents, 1 pkt 5 cents. I can supply these colors in plain edged mammoth sorts, at same price.

Petunias for Beds and Pots.

The Petunia, in its many varieties, is the best all-round flower known for general cultivation. It is free-blooming, rich in color, fragrant and showy, making a gorgeous display throughout the whole season, until after severe frosts. It is very easily started from seeds, blooms early, has no enemies, and rejoices in sunshine. It is almost perfect, and can be used for pots in the winter as well as for beds in the summer. I offer fresh seeds of the finest quality, and my mixtures are unsurpassed. For beds or pots I most freely recommend the following:

SPREADING VARIETIES.

- Adonis**, carmine, white throat..... 5
- Abia**, white, often with dark throat..... 5
- Belle Etoile**, starred and bandsomely striped..... 5
- Carmen Sylva**, violet, white throat..... 5
- Gen. Dodd**, rich dark purple, fine..... 5
- Howard's Star**, distinct white star..... 5
- Intus Aurea**, with yellow throat..... 5
- Marginata**, margined with green..... 5
- Carminea** intus alba, carn. white throat 5
- Countess Ellesmere**, rose, white throat 5
- Inimitable**, blotched and striped, fine. 5
- Kermesina**, rich crimson, very fine..... 5
- Reticulata**, distinctly veined, beautiful. 5

Spreading varieties in superb special mixture, 4 pkts 10 cents, 1 pkt 3 cents.

COMPACT VARIETIES.

- Multiflora**, striped, starred and blotched..... 5
- Snowball**, pure white, very fine..... 5
- Rosea**, rose, **Venosa**, veined, **Stellaria**, starred, each 5
- Rosy Morn**, rose with white centre, splendid..... 5
- Baby Blue**, beautiful purplish blue..... 5
- Rose-striped**, splendid striped variety..... 5
- Enchantress**, new strain in many varieties..... 5
- Compact varieties, special mixture, 4 pkts 10 cts, 1 pkt... 3

Mr. Park:—I live in western Texas where it is so dry that yard flowers will not grow, and there is too much alkali in the soil for house flowers, so I tried Petunias, and they are grand. I got a three-cent pkt from you in the spring, and now I have lots of pretty Petunias in the house, the wonder of all my neighbors.—Mrs. J. L. Hockins, Young Co., Tex., Aug. 11, 1909.

Palafoxia Hookeriana, a composite annual, two feet high, of very dense, bushy habit, bearing in great abundance handsome rosy pink flowers. 4 packets 15 cts, 1 packet 5 cts.

Pentstemon Gentianoides,—elegant perennials, blooming the first season; flowers Gloxinia-like, scarlet, violet, light colored, all hybrids of best large-flowered strain: mixture, 4 pkts 10c, 1 pkt 3c.

Phacelia, splendid hardy annuals with showy blue and white flowers; bloom all summer. Congesta, Grandiflora, Parryi, Tanacetiflora, each 5 cents. Special mixture, 4 pkts 10 cents, 1 pkt 3 cents.

Perilla nankinensis,—plants with showy dark brown foliage, many plants showing finely crimped and lacinated leaves. Makes a very handsome foliage effect. Mixture, 4 pkts 10c, 1 pkt 3c.

Physalis, Ground Cherry. Free-growing plants with showy capsules, and edible "cherries" inside. Franchetti, Alkekengi, both red, and handsome, 5c. Edulis, golden, for preserves, 5 cts. All mixed 5 cts.

Phlox Drummondii, Large-Flowered, Improved.

Complete Special Mixture, 4 pkts 15 cts, 1 pkt 5 cts.

The Improved races of Phlox Drummondii are hardly surpassed by any other annual. The plants start quickly from seeds, are compact in growth, begin to bloom when small, and continue blooming till after frost. The flowers are graceful in form, bright and varied in color, and produced in large clusters. Set eight inches apart in a bed, the plants make a blaze of rich color throughout the summer. The dwarf, compact varieties are excellent for pots. The Grandiflora and Hortensiaeflora Phloxes are especially valuable for beds. Pinch off the first shoots that appear, and the plants will become compact and bushy, like the one shown in the engraving. My seeds of these flowers are first-class, and my special mixtures are carefully prepared.

Mr. Park:—I planted a row of Phlox Drummondii ten feet long and found I had all I could manage. I had but one packet of your seeds, but could have made the bed four feet square and had a much nicer display. They would not have been any prettier, however, for they were so large and of every color.—Mrs. Emma Isaac, Saline Co., Kan., Oct. 10, 1903.

Mr. Park:—I find your Phlox Drummondii easily raised and very free-blooming. The plants will bloom continuously if not allowed to seed. The flowers are sweet-scented, very showy and of so many bright colors, and double and single.—Ruth A. Johnson, Glasgow, Kansas, Sept. 13, 1903.

Poppy, Annual.

The Annual Poppies are exceedingly showy and beautiful flowers, and all easily grown. Sow in early autumn or early spring, and thin the plants to eight inches apart. I offer choice seeds of the finest varieties.

Salvias in Splendid Variety.

Complete Special Mixture of all sorts, 4 pkts 15 cts, 1 pkt 5 cts.

Mr. Park:—Your *Salvia pendula* is the finest I have ever seen. This is identical with "Drooping Spikes" that other seedsmen have been selling at very high, fancy prices. I procured Drooping Spikes, Clara Bedman, St. Louis, Burning Bush, and Bonfire, and grew them side by side, together with your *Pendula*, costing only 5 cents, and they are all identical, being an improved *Salvia splendens*. Our *Salvia pendula*, bought of you, attracted great attention last summer. We planted our Cannas, half a dozen varieties, in the centre of a large circular bed. We surrounded them with a row of *Salvia pendula*, and just outside of the *Salvia* we had a row of scarlet flowering dwarf *Nasturtiums*. I bought of you, and that large bed looked like a house burning down, minus the smoke. A city man who saw it, said he had seen nothing more strikingly beautiful in the great parks.—Dr. A. O. Williams, Hugo, Illinois.

Salpiglossis, New Emperor.

Special Mixture, all colors, 4 pkts 15c, 1 pkt 5c

The New Emperor race of *Salpiglossis* is a great improvement on the old-fashioned kind, the plants being strong and stiff, and the flowers of great size, appearing in all the rich shades and colors, mostly beautifully penciled. The plants grow two to three feet high, branch freely, and bear their showy flowers continuously and liberally throughout the season. I offer a superior strain of seeds, and my mixture is specially prepared from all the finest varieties.

Brilliant crimson..... 5	Rich yellow..... 5	Brown with gold..... 5
Purplish violet..... 5	Chamois..... 5	Azure with gold..... 5
Light blue..... 5	Bright rose..... 5	Dark scarlet..... 5
Special Mixture, all sorts, 4 pkts 15 cts, 1 pkt..... 5		

Mr. Park:—Your *Salpiglossis* were grand, and pleased me greatly. I shall always recommend them to my flower-loving friends.—Miss Inez Speer, Wash. Co., Pa., Dec. 10, 1909.

Scabiosa in Variety.

Special Mixture, 4 pkts 15 cts, 1 pkt 5 cts.

The Improved Double-flowered *Scabiosa atropurpurea* or Mourning Bride, is a splendid hardy annual, the flowers being of great size, very double, and embracing a wide range of colors from white through shades of red to black, as well as shades of blue or rich purple. The plants grow two feet high, bearing their lovely globular flowers on long, swaying stems. They bloom throughout the summer, and are truly beautiful. Seeds may be sown early in autumn or early in spring. Sown in early autumn the plants winter safely, and come into bloom early the next season. I offer the following superb varieties:

pure white..... 5	Rose, fine..... 5	Flesh color..... 5
Cherry Red..... 5	Lilac, pretty..... 5	King of Black..... 5
Flery scarlet..... 5	Purple..... 5	Cherry and White..... 5

Double Dwarf, fine for pots in winter. Brown, blood-red, crimson, rosy lilac, white, purple, snowball, each 5c.

Senecio Elegans, Double-Flowered Dwarf.

Special Mixture, all sorts, 4 pkts 15 cts, 1 pkt 5 cts.

Plant of Senecio Elegans

Pompon. Copper..... 5 | Purple..... 5 | Cream white..... 5 | Rose..... 5 | Red..... 5 | Bronze yellow..... 5

The new Double-flowered Dwarf varieties of Senecio Elegans are exceedingly showy and beautiful, and make a glorious bed. The plants grow eight inches high, branching, and becoming a mass of lovely rich-colored, very double flowers. Set six or eight inches apart in a bed they make a grand display. The seeds germinate readily, and the plants quickly come into bloom, and remain in bloom for many weeks. This is one of the rare annuals that should come into general cultivation. None are more easily grown, and none make a finer show in a bed. I heartily recommend it.

Saponaria calabrica, a trailing annual with a profusion of lovely white and rose flowers, a carpet of bloom. Sow early in fall or spring. Each 5c, mixd 5c
S. paniculata, tall, red, white, 5 cts.

Saxifraga cymbalaria, a very handsome, rather succulent little plant with light green foliage and exquisite golden bloom; useful for pots and dry edgings. It delights in a sunny situation; profuse bloomer. 4 pkts 15 cents, 1 pkt 5 cts.

Schizopetalon Walkeri, a Chilian half-hardy annual, grows a foot high; lovely, richly scented, and beautifully fringed white flowers. Sow where plants are to bloom..... 5

Schizanthus, Butterfly Flower.

The varieties of Schizanthus are useful alike for either pots in the house, or beds in the garden. The plants are easily started, begin to bloom early, produce their flowers in wonderful profusion, and are showy for a long time. Flowers are rich and graceful. The New Hybrids of Grandiflorus bear large and handsome flowers, and are as showy as those of S. Wisetonensis, a beautiful pot variety, while they are more easily grown.

Silene in Varieties.

Beautiful and showy plants, easily grown from seeds. The following are all hardy annuals, sown fall or spring, and bloom in great profusion. They make a fine bed or edging of rich-colored flowers.

Fortunei, large flowers, very finely fringed, shades of rose mixed..... 5
Maritima, lovely carpet of green, spangled with pink flowers..... 5

Ten Weeks' Stock in Splendid Variety.

Complete Special Mixture, 4 pkts 15 cts, 1 pkt 5 cts.

This Annual is almost perfect, being of easy culture, clothed with pretty foliage, and bearing long spikes of delicate, double flowers of handsome texture, having a delicious fragrance, and blooming throughout the season. There is hardly another garden flower with so many good qualities. The seeds I offer were saved from pot-grown plants, and can be depended upon for the finest flowers. Transplant the young plants carefully during moist, cloudy weather, giving rich soil and good after culture. Fine for either beds or pots.

NEW HOLLYHOCK-FLOWERED STOCK.

A new mammoth race, producing a single stem which attains the height of three feet, clothed with lovely green foliage for a foot or more at the base, the spikes being from 15 to 18 inches in length, and a perfect wreath of lovely big double fragrant flowers. This splendid Stock is the earliest to bloom, and keeps in bloom throughout the summer. A double row makes a grand show, and fills the air with rich perfume. I have never known seeds of this magnificent new sort to be sold for less than 15 cents per packet, but I offer the same at 4 packets for 15 cents, or 1 packet for 5 cents. Each packet contains about 50 seeds. Don't fail to get this splendid novelty in Stocks.

Victoria Bouquet, each plant becomes a bouquet of rich bloom: mixed, 4 pkts 15 cts, 1 pkt..... 5

Complete Special Mixture of all colors, 4 packets 15 cents, 1 packet 5 cts.

Mr. Park:—Last spring I bought a five-cent packet of your mixed Ten Weeks' Stock and have a fine lot of nice plants. The flowers are mostly double and of all colors, some white, pink and purple shades. They are very fragrant and easily grown from seeds. I have as satisfactory a bed of them as could be had from a more expensive packet. A double crimson one is almost exactly like a Crimson Rambler Rose in color and blossom and is more easily grown, besides being very fragrant.—E. L. Smith, North Fitcher, N. Y., Aug. 1, 1909

Mr. Park:—I wish the flower lovers could see my Ten Weeks' Stock grown from your seeds. I planted each seed in an egg shell and transplanted when the weather was warm. I have one with six spikes of bloom. All are greatly admired.—Mrs. Levina Whittaker, Green Co., New York, August 17, 1909.

Trachelium, handsome plants of the Bellflower family; plants grow two feet high; leaves deeply cut; flowers small, blue or white, in great abundance. Either color 5 cents; mixed 4 pkts 15 cents, 1 pkt 5 cents.

Trachymene, see Didiscus, page 20.
Trifolium suaveolens, the sweet-scented Italian Clover, a favorite annual. ½ foot high, with purplish, very fragrant flowers pkt 5 cents.

Tropaeolum, Tom Thumb.

For beds pots or window boxes, few annuals are so useful as the Dwarf or Tom Thumb Tropaeolums. The flowers are large and bright, and borne in great abundance the entire season. For beds the four finest are Yellow, Crimson, Scarlet and Aurora. Beds I saw of these at the seed gardens of Europe were beautiful. I offer them in bulk at 10 cts per ounce, or \$1.25 per pound.

Yellow, Crimson, Scarlet, Aurora, White, Spotted, Rose, Coruleum, Beauty, Lady Bird, King of Tom Thumbs, Yellow-foliage, Golden King, Empress of India, Scheuerianum, each 5 cents; mixed 4 pkts 15 cts, 1 pkt 5 cts.

Mr. Park:—I am successful with your Tom Thumb Tropaeolum, and find great pleasure in them, and have taken several prizes at County Fairs.—J. N. Williams, Broome Co., N. Y.

Tropaeolum, Lilliput.

Special Mixture, 4 pkts 15 cts, 1 pkt 5 cts.

A race of miniature Tropaeolums, beautiful in pots and for out-door edgings. I can supply the following elegant colors:

Dark Purple.....	5
Snow Queen.....	5
Scarlet.....	5
Spotted.....	5
Sulphur with brown spots.....	5
Othello, all black.....	5
Brick Red.....	5
Crimson.....	5

Mr. Park:—I have a bed of Tropaeolums every year, but have never had anything to compare with what I raised from your seeds this season. There were so many lovely shades, and every day I had all the blossoms I could gather. They were the most beautiful Tropaeolums I ever raised.—Mrs. H. Jenne, Sullivan Co., N. H.

Verbena, Large-Flowered Hybrids.

Complete Special Mixture, 4 pkts 15 cts, 1 pkt 5 cts.

Verbenas are well-known favorites. They are easily grown from seeds, the flowers appearing in elegant clusters, of many rich colors, and continuously produced from June till after frost. They are superb bedding plants, not only showy and beautiful, but emitting a fragrance that is truly delicious. The hybrid varieties I offer are very superior, and will yield the best results.

Mr. Park:—My large-flowered Verbenas are admired by all who see them. If I could only raise one flower, it would be the Verbena. They are so beautiful and so easily raised.—Mrs John Beeghly, Ashland, Ohio, Aug. 3, 1909.

Mr. Park:—My Verbenas from your seeds have been a mass of bloom all summer, and showed a wonderful variety of colors.—L. E. Marsh, Chester, Vt., September 8, 1909.

Virginia Stock.

A very profuse-blooming annual, a foot high, becoming a mass of bloom in autumn. Handsome also in pots. The colors are white, rose, crimson and yellow. The same in special mixture, 4 packets 15 cts, 1 packet 5 cts. If they are started in early autumn the plants will bloom well in a cool window in the winter.

Fairy Queen, Carmine, and Crimson King, crimson, are very rich-flowered sorts, especially useful either for garden beds or window pots, 5 cts each.

Viola, Tufted Pansy.

The Tufted Pansies are beautiful, Pansy-like flowers which succeed well wherever a Pansy can be grown. The seedlings start in from ten to fifteen days, begin to bloom in a few weeks, and if cut freely will bloom all the snows of winter appear. The colors are varied, and a mixed bed is very attractive. They are deliciously fragrant.

Complete Special Mixture, 4 pkts 15c, 1 pkt 5 cts.

remains in bloom for six weeks.—Mrs. F. G. Stevens, St. Johnsbury, Vt. Sept. 9, 1909.

The Double Zinnias are among the most beautiful and easily-grown of annuals, while they begin blooming early and keep in full bloom throughout the season. The newer varieties far surpass the older ones in richness of color and elegance of form. My seeds were carefully saved from perfectly double flowers, and are of surpassing excellence.

Bedding Zinnias.—These are of dwarf, compact growth and bloom very freely; full double. They make a very attractive bed or border. White, Sulphur, Golden, Salmon, Scarlet, Crimson, Purple, Violet, Striped, each 5 cts per pkt. Special Mixture, 4 pkts 15 cts, 1 pkt 5 cts.

Mammoth Zinnias.—These grow three feet high, and bear enormous full double flowers. Pure white, Striped, Sulphur, each 5 cts. Special Mixture 4 pkts 15c, 1 pkt 5 cts.

Fringed Zinnias.—Very double flowers handsomely fringed. Rare and beautiful. White, Flesh, Carmine, Rose, each 5 cts. Special Mixture, 4 pkts 10 cts, 1 pkt 5 cts.

Lilliput.—Small-flowered, full double flowers, odd and attractive. Fine for beds as well as for cutting. White, Golden, Orange, Scarlet, Crimson, Lilac and Fiery red, each 5 cts. Special Mixture, 4 pkts 15 cts, 1 pkt 5 cts.

Pygmy.—Small double flowers on dwarf plants, Scarlet, White, Crimson, each 5 cts. Mxd 4 pkts 15 cts, 1 pkt 5 cts.

Tom Thumb or Miniature.—Similar to the preceding, double and very dwarf, pkt 5 cts.

Iris.—New Sulphur, Striped, Spotted, pkt 5 cts.

Complete Special Mixture, 4 pkts 15 cts, 1 pkt 5 cts.

Mr. Park:—Those who wish a continuous display of rich bloom in summer should plant your double Zinnias. They are the most satisfactory of all annuals, that I have. They show such a diversity of color and shades, and each flower

Superb Ornamental Grasses.

These Grasses are beautiful, either for garden decoration, for using for bouquets, or for drying for winter decoration. Some persons dye the dried bunches, and thus make them more attractive. Besides the following I can supply many others, as *Eragrostis elegans*, *Erianthus Ravennae*, *Gymnothrix graminifolia*, *Glycerium argenteum*, *Pennisetum longistylum*, *P. Roepellanum*, *Sorghum nigrum*, *Zizania aquatica*, *Zea quadriflor*, etc., each 5 cts. Special Mixture, large packets, all sorts 3 pkts 25 cts, 1 pkt 10 cts.

Agrostis nebulosa, an airy, elegant annual grass, the delicate panicles appearing like a cloud or nebula. Sow early in spring. This fairy-like grass is fine for bouquets, green or dry pkt 5 cts.

Agrostis pulchella, a more dwarf and rigid sort from Russia; splendid for bouquets, also fine for drying. This grass is handsome for winter decoration. Very pretty for a garden bed, pkt 5 cts.

Avena Sterilis, Animated Oat, a very hardy annual from Barbary; handsome drooping panicles of large spikelets; very ornamental, fine for drying, pkt 5 cts.

Brachypodium platystachyum, a beautiful ornamental grass: clusters of compressed panicles; very fine for drying; fine for bouquets either green or dry, pkt 5 cts.

Briza maxima, a beautiful, hardy annual grass, with nodding panicles; it is the large Quaking Grass, very graceful, and elegant for bouquets, pkt 5 cts.

Briza minima, an exceedingly pretty little Quaking Grass; panicles with hair-like branches; one of the finest; splendid for bouquets, and very ornamental. pkt 5 cts.

Briza geniculata, another lovely Quaking Grass, very handsome for bouquets, either green or dried; hardy annual, growing a foot high; sow in rows 8 inches apart in a sunny bed early in spring. 5 cts.

Briza, mixed. The Briza species of grasses are so popular that I have put up a special mixture, including all the kinds offered; they are all very beautiful and elegant for summer or winter bouquets. 5 cts.

Brizopyrum, scitulum, a very pretty decorative grass, the flat panicles appearing in clusters; excellent for drying, as well as for summer bouquets; a rare but handsome grass. 5 cts.

Bromus brizaeformis, a superb biennial grass, 2 feet high, with drooping panicles; sow in July in rows, thin if necessary; plants stool out and endure the winter. 5 cts.

Chloropsis Blanchardiana, a graceful and beautiful grass with plume-like panicles, fine for drying; easily grown, desirable for bouquets either green or dry. 5 cts.

Hordeum jubatum, a fine grass, the heads with long hoary awns; make a fine appearance in bouquets; when blooming it is very showy in a garden bed, 5 cts.

Job's Tears, *Coix Lachryma*; it is prized for its handsome gray bead-like seeds; fine for children's heads; worn about the neck for croup and sore throat; 50 seeds 8 cts. 1 oz. 25 cts, pkt 5 cts.

Lagurus ovatus, Hare's Tail Grass, very pretty grass, the heads silvery, soft and woolly; one of the finest; useful in garden beds, and make up well in bouquets either green or dry; fine for drying, 5 cts.

Melica ciliata, a handsome grass for bouquets, green or dry; of easy culture; very desirable in garden beds, the bloom appearing in long, dense heads, 5 cts.

Panicum altissimum, large, showy perennial, useful for lawn groups; also *P. Virgatum*, *P. plicatum* variegatum, elegant; and *P. sulcatum*, all perennial, each 5 cts.

Stipa pennata, feather grass, lovely perennial with feather-like plumes; once worn as feathers for personal adornment; a very fine perennial grass, hardy, 5 cts.

Tricholena rosea, a showy tall grass with handsome rosy panicles; splendid for decorative purposes; deserves to be better known; the panicles are excellent for bouquets. 5 cts.

Choice Everlasting Flowers.

Special Mixture, all sorts, large packets, 10 cts, 3 packets 25 cts.

The so-called Everlasting Flowers have firm, straw-like petals that retain their form and color when dried. Most of them should be cut when the buds are just opening, and hung up in bunches in the shade to dry. Some persons dye them to brighten their effect. They make up well with dried grasses (see preceding page) and are fine for mantel and table decoration in winter. All are easily grown from seeds.

Acerolinium, graceful and very pretty half-hardy annuals, growing a foot high, the nodding flowers an inch across, double, and very showy in groups, as well as fine for drying. Cut while in the bud. Double Rose, Double White, each 5 cts; mixture, 4 pkts 15 cts, 1 pkt 5 cts.

Ammobium alatum, new, large-flowered, grows two feet high; the plants are robust, branching, and covered with handsome double flowers; the plants are very easily grown from seeds; one of the best either in the garden or for drying for winter bouquets; cut while they are in bud. 4 packets 15 cents, 1 packet 5 cents.

Gomphrena globosa, known as Globe Amaranth, and German Clover. A beautiful annual, grows a foot high, covered with very large, showy heads of attractive colors during the season. A fine bedding plant, and splendid for drying. Cut when fully developed. The dwarf sorts are showy for beds and edgings.

Flower-Loving Homes

are visited and made brighter and happier every month by **Park's Floral Magazine**, the oldest and most popular journal of its class in the world. It is entirely floral, freely illustrated, original and practical; keeps you posted upon the merits of flowers and successful methods of culture, tells you how to get rid of plant diseases and insects, and gives special information on garden and window culture. It is the flower-lover's own journal, answering floral queries, and helping to overcome all floral difficulties. Are you a subscriber? If not, why not? Only 10 cents a year. Or, order 25 cents worth of seeds from this Floral Guide, sending 25 cents, and the Magazine will be included with the seeds. Club of five subscribers, with seeds amounting to \$1.25, only \$1.00. See your neighbors and friends and get up a club. Address

GEO. W. PARK, B. Sc., Editor and Publisher.
La Park, Lancaster County, Penn'a.

Mr. Park,—I have been a subscriber to your Magazine most of the time since the first publication, and have a good many back numbers. I never wanted one destroyed. I passed them along to others, if I didn't keep them, I look for it with pleasure each month. It is the best publication of the kind that I have ever found. One can get more real knowledge of flowers from it than from any other source I know of.—Mrs. F. B. Colton, Hartford Co., Conn. June 14, '09.

Choice Ornamental Climbers.

Special Mixture of all varieties, 3 packets 25 cents, 1 packet 10 cents.

These are very useful for covering trellises and summer houses, for screening walls or porches, or hiding old fences or buildings. They quickly transform an unsightly object into a thing of beauty. Nothing makes a place more pleasing or home-like than the tasteful use of vines. Those I offer start readily from seeds, grow rapidly, and are beautiful and attractive. I heartily recommend them to my flower-loving friends.

Cardiospermum Hirsutum.

Cardiospermum.

Special Mixture, 4 pkts 15c, 1 pkt 5c.

Known as Balloon Vine, because of its balloon-like seed-vessels. It is a very graceful, easily-grown vine, reaching the height of eight or ten feet. Its chief beauty is in its charming foliage and curious fruit. Easily grown from seeds.

Halicacabum, common Balloon Vine 5
Hirsutum, a handsome, rare sort 5
Mixed, 4 pkts 15 cts, 1 pkt 5

Bryonopsis laciniata. A lovely annual vine, the foliage handsomely cut and very pretty; in autumn it is thickly set with small ball-like variegated fruits in clusters. This is one of the most satisfactory of ornamental vines. It belongs to the Gourd family; is handsome and graceful in foliage. Grows 15 feet high, makes a lovely screen. 4 pkts 15c, 1 pkt 5c.

Cajophora lateritia. often catalogued as Loasa lateritia. Flowers are large, orange-red, borne upon twin stems, and freely produced in autumn. Treat as a half-hardy annual. Furnish brush or wire support, as the vines branch and make a dense growth. A good hedge-vine which says "hands off" by its stinging hairs. 1 pkt 5 cts.

Coboea Scandens.

4 pkts 15 cts, 1 pkt 5 cts.

One of the most rapid and beautiful of climbers. It has graceful, bronze-green foliage, and bears throughout the season an abundance of large, drooping, bell-shaped flowers, greenish white and rich reddish purple. In the South the vine is hardy, and will bloom for several years, when once established. The vines grow thirty feet high, and bloom continuously till frost.

Purple, large, handsome, nodding bells. See engraving 5
White, not pure, but a greenish color 5
Macrostemma, not so showy as C. Scandens 5

Mr. Park:—Last year I planted a packet of your Coboea Scandens and set out five plants. By July they had nearly covered the porch, when a hail and wind storm left them literally in rags. But by September they were a thick mass of foliage, and until frost came they were loaded with buds and blossoms. They grew fully seventy five feet during the season. For a rapid climber, dense foliage and beauty, they are the finest I have ever seen or grown. They were greatly admired by all who saw them.—Mrs. J. F. Berry, Knoxville, Tenn. Sept. 10, 1909.

Mr. Park:—My Coboea Scandens from your seeds were new in this place and greatly admired. Many wanted me to save seeds for them.—Mrs. H. Damon, Cath. Co., N. Y., Dec. 8, 1908.

Mr. Park:—Last spring with other seeds, I received a packet of Coboea Scandens seeds. One plant from the seeds was planted on the north side of the house, and it grew like "Jack's Bean Stalk". It climbed all about the porch, and above the door in the second story, and was covered with large bells, light and dark purple colored. If you want a rapid growing vine, try the Coboea.—Mrs. J. R. Etheridge, Iowa.

Calampella Scabra. splendid tuberous perennial; vines covered with lovely clusters of carmine and golden flowers, very showy and beautiful. Keep over like Dahlias, increase in size and beauty with age. Golden, Carm. 5c

Centrosema grandiflora. a beautiful southern vine, trailing or climbing; flowers pink, large, showy, pea-shaped, start seeds early; a very pretty leguminous vine which grows 3 feet high. 5 cts.

Clitoria ternatea. a charming vine from India; flowers of various shades, richly ornamented with a pure white ring. See engraving. Rich blue, white, lilac. Single and double. Separate or in special mixture. 5 cents per packet.

Cypress Vine. an Ipomoea vine of great beauty, grows ten feet high, with cut moss-like foliage, covered with star-like bloom throughout autumn. Sow in a warm, sheltered place when the apple is in bloom, or sow earlier in beds and transplant. An exceedingly handsome vine, valuable for a trellis or to ornament the pillars of the veranda. The foliage is a rich, dark green, very beautiful and attractive, always greatly admired.

Sweet Pea, Improved, Large-flowered.

Complete Mixture, per lb. 50 cts; one-fourth lb. 15 cts; one oz. 8 cts; one-half oz. 5 cts.

If you grow but a half-dozen annuals, one of them should be the Sweet Pea. The vines are of easy culture, and bloom freely and continuously, while the flowers are showy, of exquisite texture, rich in color, delicious in fragrance, and produced in fine clusters on long, stiff stems. For rows or hedges they are beautiful, and scent the entire garden; for bouquets or personal adornment they are unequalled. Sow early, in trenches running north and south, covering a half-inch deep, fill in with earth as the plants grow; as hot weather comes mulch with stable litter; cut freely to prevent seed formation, and to prolong blooming. My Mixtures are specially prepared of the finest new varieties, and cannot be surpassed.

Park's Sweet Pea Mixtures.

Mr. Park:—I wonder more people do not grow the Perennial Poppy. The plants are easily grown from seeds and make such a lovely show. They are really handsome.—Mrs. M. C. Ricketts, Lima, Ohio, August 21, 1903.

Poppy---Alpine.

Complete Mixture. 4 pkts 15 cts, 1 pkt 5 cts.

The lovely Alpine Poppies, P. Alpinum and P. Nudicaule, are not as well known as they deserve to be. P. Alpinum is a very dwarf biennial, but it shows lovely colors; is a fine, early-blooming bed and pot plant. P. Nudicaule will grow a foot tall, and its flowers are large and exceedingly handsome. They are rare and always admired, being both double and single in form.

Cineraria Grandiflora.

The large-flowered Cinerarias are beautiful flowering plants for the window, very bright, rich-colored, very free-blooming and lasting. Seeds start quickly, and spring seedlings bloom the following winter. Keep cool, partly shaded, and shift into larger pots as they grow. Keep cut tobacco-stems over the soil to prevent lice. I have the finest strain.

Summer-Blooming Bulbs.

The following choice bulbous and tuberous plants I supply at the prices quoted. Some are hardy, some half-hardy, and all very handsome. Always include a few of them in your order.

ACHIMENE

Agapanthus, the Blue African Lily, a fine pot or tub plant; almost hardy, and bearing beautiful white and blue flowers; 15 cents each, \$1.50 per dozen. Try them.

AGAPANTHUS

Amaryllis, Aigberrth strain, bearing immense flowers from white slightly tinged to beautiful deep crimson. Mixed, 50 cents each, \$5.00 per dozen. Separate shades 75 cents each. Johnsoni, the old kind, 25 cents each, \$2.50 per dozen. Rosea, small, very handsome pink, free-blooming, 5 cents each.

AMARYLLIS, AIGBERTH.

Anemone Japonica, Queen Charlotte, rose, semi-double, beautiful, 10 cents each, \$1.00 per dozen.

Anemone Japonica, Whirlwind, double, pure white, very handsome; 10 cents each, \$1.00 per dozen.

Anthericum Liliastrium Major, three feet high, bearing spikes of snow-white Lily-like flowers. It is known as St. Bruno's Lily; hardy. Each 15 cents, \$1.50 per dozen.

Antholyza, a lovely plant from South Africa, belonging to the Iris family; grows two feet high, bearing very bright flowers. Mixed 15 cts each, \$1.50 per dozen.

ANOMATHECA

Anomatheca cruenta, a bulbous plant from the Cape of Good Hope; scapes 8 inches high, bearing mostly five or six carmine-crimson flowers during autumn; sometimes called Scarlet Freesia. Lovely. 3 bulbs 10 cents.

Aplos tuberosa, a native vine bearing clusters of Pea-like flowers; likes a moist situation. 5 cts each, 50 cts per doz. Cornutum, blooms without soil or water, but is ill-smelling. Large tubers, 25 cts; smaller 15 cts.

Begonia, Giant Tuberous, Single, finest large-flowered Belgian strain. Red, Scarlet, Rose, Yellow, Salmon, Orange, White, large tubers, 6 cents each; the collection of seven colors, 35 cents. Smaller tubers, same colors, 5 cents each, or the lot 25 cents.

Begonia, Giant Tuberous, Double, splendid large flowers, finest strain. Red, Scarlet, Rose, Yellow, Salmon, Orange, White, each 10 cents, the collection of 7 colors, 60 cents. Smaller tubers, 7 cents each, the collection of same tubers, 35 cents.

Begonia, Fringed, New Strain of single Begonias, large flowers, handsomely fringed, Red, White, Rose, Yellow, Salmon, each 8 cents, or the lot, five tubers, 25 cents, not large, but healthy, blooming freely.

I offer only the fine, large-flowered strain, grown by Belgian Florists for me, and imported. They can be depended upon for the finest flowers. There are none better. Pot the tubers with the crown protruding. Use porous, fibrous soil, water moderately, keep in partial shade and shield from strong wind.

TUBEROUS BEGONIA, SINGLE.

Caladium, Fancy, finest varieties, named, 20 cts each, \$2.00 per dozen.

These are very handsome foliage plants. The tubers are small, but make beautiful plants. Water sparingly until growth begins, then freely; protect from wind and hot sun.

CALADIUM, FANCY.

Calla, Large-flowered, White, fine blooming-sized bulbs, sure to bloom under proper treatment, 15 cents each, \$1.50 per dozen.

Calla, Spotted-leaved, smaller flowers, sulphur white with purple throat; summer-blooming. 10 cents each, \$1.00 per dozen.

Canna, New Gladiolus-flowered, finest named sorts, Crimson, Scarlet, White, Yellow, Yellow and Red, Spotted, each 10 cents \$1.00 per dozen. 27 roots in five sorts, for a six-foot bed, with planting directions, only \$2.00. The tubers are dry, and should be ordered early, for starting. Cannas like a warm, sunny place, very rich soil, and an abundance of water.

Cypella Herberti, pretty, handsome little bulbous plants, growing a foot high, bearing yellow, shaded flowers. Lift and treat as Gladiolus at the North in winter. Each 5 cents.

Dicentra Spectabilis, Bleeding Heart, a lovely hardy plant; waxy, drooping, pink flowers in long racemes 15 cents each, \$1.50 per dozen.

Dicentra Eximia, hardy, everblooming, 15 cents each, \$1.50 per dozen.

Dahlia, Double, finest named double varieties. White, Scarlet, Rose, Crimson, Purple and Variegated, each 15 cts, \$1.50 per dozen.

Eucomis punctata, bears a long, fleshy upright spike of greenish, deliciously scented flowers. Treat as Gladiolus, bedding out in summer. 20 cents each, \$2.00 per dozen.

Funkia subcordata, the lovely white Day Lily; beautiful foliage, and clusters of big, fragrant, white flowers every day during summer. Each 15 cts, \$1.50 per dozen.

Funkia Undulata Variegata, a superb variegated edging plant for spring and early summer; foliage dense and richly variegated with white. The flowers are bell-shaped, drooping, on a tall scape; 15c each, \$1.50 doz.

Galtonia, (Hyacinthus) Candicans, the Giant Summer Hyacinth; scapes three feet high, with white, drooping bells at the summit. Each, large size 8 cts, 80 cts per dozen. Smaller, 5 cts each, 50 cts per dozen.

Gladiolus, Park's Special Mixture, very fine bulbs of all the leading colors well proportioned, unsurpassed, each 3 cts, 6 bulbs 15 cts, 12 bulbs 25 cts. Lemoine Gladiolus, finest mixture, same price. Second size, fine blooming-sized bulbs, choice mixture, 3 bulbs 10 cents, 100 bulbs, mailed, \$1.50.

Gladiolus, Groff's Hybrids, considered the finest strain of Gladiolus known. White, Yellow, Pink, Scarlet, Violet, Blue and Variegated, all in mixture, unexcelled, each 5 cts, 35 cts per doz. \$3.50 per hundred, mailed. Giant Childs! same price.

Gladiolus Collections, French Hybrids, choicest named sorts in all the choicest colors 10 bulbs 35 cents, 20 bulbs 65 cents.

GLADIOLUS.

Gladiolus, French Hybrids in mixture. A choice strain, imported, embracing all colors. 20 bulbs with Magazine a year for only 15 cents. This is a special offer. The bulbs are not large but of blooming size, and make a fine display the first season.

100 mixed flowering bulbs of this strain, mailed, only \$1. **Gladiolus Trimaculatus**, new, spotted, hardy, 10 cts. each, \$1 per dozen.

Gloxinia, Giant Belgian Hybrids, White, Scarlet, Blue, Spotted, Red. Red with white margin, and Blue with white margin, 10 cts. each, or the seven varieties, all fine bulbs, for 50 cents.

My Gloxinias are all of the finest Belgian strain, large-flowered and very rich colored. Pot them with the crown protruding, using rich, fibrous loam, well drained, and water not too freely. An eastern exposure and a place sheltered from the strong wind suits them. They are all of easy culture.

Hemerocallis, Day Lily.—Of these I supply H. flava, the Lemon Lily, fragrant, golden bloom, very handsome. H. Thunbergii, similar but taller and later. H. Fulva, the old garden Lily; all two feet high. H. Sieboldii, one foot high with orange flowers in clusters. H. Kwanso fl. pl., a very beautiful double sort. Any of these Day Lilies mailed for 10 cents, or \$1.00 per dozen. They make a fine border or clump, and are perfectly hardy.

Iris Germanica,

blue; Iris Florentina, white, blue and purple. Iris Acorus, yellow. Iris Kämpferi, white, blue, red, striped. Iris Madam Chereau, tall, striped. Iris Foetidissima Variegata. Iris Pumila, purple and yellow. Any variety 10 cents each, or \$1 per dozen. The Florentine Iris are among the most showy and beautiful of the lot, and I especially recommend them for the garden.

Lilium Auratum, the Gold-banded Japan Lily, large, fine bulbs, 20 cts. each, \$2.00 per dozen. This is one of the most satisfactory of Lillies.

Lilium Lancifolium, red, rose and white, all finely spotted, each 15 cents, \$1.50 per dozen. Hardy and beautiful, improving with age.

Lilium Takesima, a very beautiful, fragrant, pure white Lily; grows nearly two feet high, and is perfectly hardy. Price 15 cents each, \$1.50 dozen.

Lilium Tigrinum splendens, the improved Tiger Lily. Makes a grand clump of rich bloom. Each 10 cts. \$1 per dozen. Double-flowered Tiger Lily same price.

Lilium Umbellatum, early-flowering, in clusters, on a stem a foot high; showy and hardy. Each 10 cents, \$1.00 per dozen.

Lily of the Valley, fine German pips, sure to bloom. 5 pips 15 cents, 12 pips 35 cents. Finest Dutch pips same price.

CHINESE PAEONIES

Lily of the Valley, Fortin's New Giant, a superb garden variety bearing very large flowers in large racemes; very handsome. 5 pips 20 cents, 12 pips 40 cents.

Madeira Vine, a handsome porch vine; massive, clean, rather succulent foliage, and bearing very beautiful white, fragrant bloom in autumn. This beautiful vine will climb thirty feet high, and has no insect enemies. 5 cents each, 50 cents per doz.

Montbretia, Hybrids; splendid, large-flowered varieties in all the finest colors and variegations. 5 cents each, 50 cents per dozen.

Oxalis arborescens, very free blooming basket or pot plant; the flowers are in large clusters on long stems; pink, 5 cts. each, 50 cts. per doz. White same price.

Paeonies, Chinese, pink, red, white, and mixed. 15 cents each, \$1.50 per dozen.

Paeony Officialis, the old-fashioned red sort, also pink, same price.

Schizostylus, coccinea, Kaffir Lily, somewhat like a Gladiolus, hardy, grows two feet high, bearing bright crimson flowers late in autumn. 15 cts. each, \$1.50 per doz.

Tigridia (Ferraria) the Tigrid Shell Flower, grows one foot high, bearing large, handsome flowers throughout the season. White, Yellow and Red, each 5 cts., 50 cts. per dozen.

Tritoma, Flame Flower, big spikes of orange or scarlet bloom throughout autumn. T. Corallina is one foot high, and T. MacOwani, two feet high and very showy. 15 cents each, \$1.50 per dozen.

Tuberose, Excelsior Pearl, rather dwarf, with long spikes of lovely white, deliciously scented flowers. If the spikes are cut and placed in a colored liquid, as red ink, the flowers will turn to a fine shade of red. Large bulbs 4 cts. each, 35 cts. per doz.; smaller but blooming size, 3 cts. each, 25 cts. doz.

Tydaea, handsome Gesneraceous plants which may be had in bloom at any time of year. Of easy culture and should be more popular. 15 cts. each, doz. \$1.50.

Tricyrtis hirta, the Japanese Toad Flower; grows two feet high, bearing handsome, curious, spotted flowers during autumn; hardy at the North in a sheltered position. 10 cents each, \$1.00 per dozen.

Water Lily, a fine native water plant; the flowers are white with yellow center, very beautiful and fragrant. Large tubers, 20 cts. \$2.00 per dozen.

Vallota Purpurea, the Scarborough Lily; like an Amaryllis, the flowers bright crimson-scarlet, held upon a strong scape. 30 cents each, \$3.00 per dozen.

Watsonia, Bugle Lily, a beautiful bulbous plant of the Iris family, native of South Africa. 15c each, \$1.50 doz.

Zephyranthes, fine bulbs, sure to bloom; pink, half-hardy, white, hardy; 6 cents each, 50 cents per doz.

For other Bulbs, as Hyacinths, etc., see autumn offerings.
