Fall Catalog of

BULBS

1909

Large Field of Tulips Growing for Us in Holland

C. C. MORSE & CO'S

CATALOGUE OF

BULBS

and Seeds for Fall Planting

To Our Friends and Customers:

In this, our third Fall Catalogue of Bulbs, we offer a finer and better selection of Dutch and Japanese Bulbs than has ever before been offered on the Pacific Coast. Our prices we have altered so that, taking the heavy express charges into account, we believe them to be equal, if not lower, than all others.

Our stock is from the very best growers and is imported by us direct from Holland and Japan, and is much superior in flowering qualities to any that is locally grown.

Two years ago we presented for the first time on the Coast Susiana Mourning Iris, and last year the Philippine Lily, both of which have become great favorites. This year we have as novelties a new fine Strawberry (see p. 16), a new yellow and white Daffodil, Victoria; several new Lilies; a Scarlet Freesia; and the **finest collection of selected Late Tulips** to be had in the country. These latter are listed on the inside of the back cover, and we direct your attention to them.

Thanking you for past favors, and soliciting your orders again this season, we remain,

Respectfully yours,

C. C. MORSE & CO.

OUR GENERAL CATALOGUE with complete list of Seeds and Plants will be mailed free to those whose names are on our list, in December and January. Our catalogue is unusually handsome this year and contains much valuable information about planting in California, as well as listing, seed of all sorts, plants and fruit trees. We shall be glad to send this catalogue to all intending purchasers.

EVERY GARDEN NEEDS SOME BULBS; they come into bloom in spring before other flowers, and have a most delightful fragrance and the brightest colors, and are easy to grow. Plant a special bed of bulbs; that is the best way to grow them. There need be no failures if our culture directions are followed.

THE FINEST OUTDOOR DISPLAYS of the early spring months are from bulbs planted in the fall. We would particularly impress on the amateur that the fall, and not the spring, is the proper time to plant all kinds of flowering bulbs. The larger part of the bulbs offered in this catalogue reach us from Europe and elsewhere in September, and the sooner they are planted after that the greater will be the measure of success.

MORSE'S BULBS ARE SELECTED AND SUPERIOR; they are from the finest growers in Holland, Japan, France and other countries, and are much superior to all home grown bulbs. Morse's bulbs are sound and of first size, and we would warn intending purchasers against buying cheap, undersized stock: the difference in price is too little compared with the difference in results.

Order Early

ORDERS SHOULD BE SENT AS SOON AS POSSIBLE after receipt of this catalogue. Orders booked earliest are surest of being filled as ordered, because, if left too late, the supply of some of the varieties may be exhausted.

You are Invited to Visit Our Retail Store, 125-127 Market Street, San Francisco,

Depths at which bulbs should be planted.

and Inspect Our Bulbs and See the Many Colored Pictures of Them Which We Have to Show.

GENERAL CULTURE DIRECTIONS

DEPTHS AT WHICH BULBS SHOULD BE PLANTED

The accompanying diagram explains the proper depth to plant bulbs. Outdoor planting should be done early in the fall to secure healthy plants vigorous foliage and beautiful flowers.

CULTURE IN THE OPEN GROUND

The soil for most hardy bulbs should be sandy loam, and of a texture that will not retain stagnant water. Well rotted stable manure or bone meal should be thoroughly worked into the soil so that it will not come in direct contact with the bulbs. Most bulbs like rich food if properly applied, as the proper development, luxuriance and brilliancy depend largely upon the nutrition the roots are consuming. Liberal applications of manure water when the flowers are in bud produce magnificent results. The proper depth to plant is carefully indicated on diagram above and deserves careful study.

CULTURE IN POTS

The best potting soil for bulbs is composed of fibrous loam, leaf mold and river sand in equal proportions. The pots should be filled lightly and the bulb pressed into the soil so that its base is firmly fixed. As a general rule, the top of the bulb should just show above the surface soil when planted.

To encourage and promote root growth the pots should be buried out of doors to the depth of six inches and left there for five or six weeks. By that time the pots should be well filled with roots and may then be taken indoors. There the warmth will soon bring them into flower. Plenty of water should be applied and liquid manure is beneficial after the flower spikes appear.

CULTURE IN GLASSES

Although there are other bulbs used for this method of culture, large well-shaped single hyacinths are the best for this purpose. Place the bulb so that the base merely touches the water. Set the glasses in a cool, dark, airy place until the roots have reached the bottom of the glass, which should be in about six weeks' time. If then kept in a cool room, they will produce very fine spikes and remain in bloom a long time. As the water evaporates, fill up the glasses and change the water entirely when needed to keep it sweet and clear. A small piece of charcoal placed in the water will prevent it from getting foul.

Hyacinths

Hyacinths with ordinary care are sure to bloom, and their flowers have a heavy fragrance which is very pleasing. Hyacinths have a wide range of colors in blue, red, pink, yellowish tints, and white. They are needed in every garden.

For out-of-door growing, plant in November if possible, although firm bulbs will bloom well if set out much later. The proper depth to plant is shown on the opposite page; for bedding effects, set six inches apart. The soil should be made rich with a liberal mulching of manure, and sand should be added if the soil is heavy. After flowering, the bulbs should be dried and lifted in early summer, and very often they can be used again.

Add 12c per dozen for postage, if ordered by mail.

HYACINTHS IN COLORS

Except for specialists and fanciers, there is more demand for "assortments" of Hyacinths, grouped in colors, and to meet this demand we have secured a fine large stock of assorted colors as offered below. These come quite a little cheaper in price and can be afforded in larger quantities, and are therefore recommended for beds and borders. These bulbs are what the Dutch bulb growers call first size and are of the best quality.

SPECIAL

We will make up special assortments of named varieties, either our choice or yours, at the following rates: per dozen, \$1.50; per 100, \$10.00.

DUTCH ROMAN HYACINTHS

Known also as Miniature Hyacinths

These Hyacinths bear fewer bells than the others. The spikes are graceful and the flowers fragrant; they may be forced easily or grown out of doors.

	Per doz.	Per 100
White.	\$.40	\$3.00
Creamy White.	.40	3.00
Dark Red.	.40	3.00
Rosy Red.	.40	3.00
Dark Blue.	.40	3.00
Light Blue.	.40	3.00
All above colors mixed.	.40	3.00

French Roman Hyacinths

The flowers of this type, while smaller than the Dutch Hyacinth, are borne in much greater abundance, each bulb bearing several graceful flower spikes. They are especially fragrant and extremely early, also easily grown. If potted in August they can be brought into bloom in November and December, and a succession of flowers can be had throughout the season. For cutting purposes the French Roman Hyacinth is the finest bulb grown.

Pure white, large bulbs, 12 to 14 centimeters, each, 6c; per doz., 50c; per 100, \$3.75; extra select bulbs, 13 to 15 centimeters, each, 7c; per doz., 65c; per 100, \$5.00.

Grape and Feathered Hyacinths

Grape. These are dainty little flower spikes bearing curious ball-shaped bells in white and blue. They are of the easiest culture and thrive either in sunny or partially shaded locations in the garden and can remain undisturbed for many years, multiplying their own roots as they grow older. Prices include postage.

Blue: 15c per doz.; \$1.00 per 100.

White (Pearls of Spain): 20c per doz.; \$1.25 per 100.

Feathered (Muscari Plumosus), bears plume-like graceful spikes, 9 to 12 inches high, purple in color. 20c per doz.; \$1.25 per 100. Postage, 5c per dozen additional.

Tulips

Bybloemen Tulips
Striped and Feathered

Everyone who has planted our late flowering Tulips has had fine success with them. This is an unusual record for California and shows that the May flowering varieties are well adapted for out-of-door planting here. You need have no failure if you plant these sorts we recommend, but will be rewarded by the finest flowers in bright colors, clear yellow, dazzling red and shading from these to the dull reds which pre-dominate the Darwin class of Tulips.

Tulips can be shown to advantage only in a bed. Don't plant only a dozen; plant a bed of fifty or more—they are worth it. Be sure to include some Gesneriana (page 3 of cover), the handsomest Scarlet Tulip.

“MORSE’S SPECIAL TULIPS FOR CALIFORNIA” are listed on the inside of the back cover. These and the Darwin and late Tulips on Page 4 are the long stemmed sorts we recommend. The back cover illustration is of Darwin Tulips. Please see what we say about them (inside page of back cover):

Enrich the soil liberally with manure, or dig a little bone meal under each bulb which is set on sand just above.

(If tulips are wanted by mail add 5c per dozen; 25c per 100 for postage).

Polyanthus Narcissus

(If wanted by mail add 12c per dozen for postage, and for Chinese lilies 3c each)

A very fragrant, sweet-scented type, of the easiest culture. Can be grown outdoors, in pots or in a dish of water with coarse gravel. The stems each bear from 10 to 20 blossoms at the top.

Polyanthus Type of Narcissus

Paper White Grandiflora: blossom pure white.

Grand Soleil D'Or: blossom deep yellow.

Chinese Sacred Lily: blossom yellow and white

Paper White Grandiflora: beautiful Doz. 100 1000

snowy white blossoms with large petals deliciously fragrant, the earliest to bloom. Will blossom out of doors by

Christmas if planted in October..... \$.30 \$1.75 \$15.00

Grand Soleil D'Or: a rich, clear yellow with orange cup. Very fragrant and Each Doz. 100

handsome..... \$.06 \$.45 \$3.00

Chinese Sacred Lily (single): perianth white, cup yellow, very free flowering and fragrant. Can be had in flower in

dishes with water and coarse gravel from December to March. We handle the finest selected bulbs imported from

China. 10c each; \$1.00 per doz.; \$2.25 per basket of 30 bulbs.

Extra size, 15c each; \$1.50 per doz.

Poeticus Narcissus

(The Poet's Narcissus)

(If wanted by mail add 5c per doz.; 25c per 100 for postage.)

Poeticus (Pheasant's Eye): flowers large, snow white and the cup is margined with orange-red; blooms in May. Very

fragrant. 2c each; 20c per doz.; \$1.00 per 100.

Ornatus: an early flowering type and the best for forcing indoors. Fine large, symmetrical, snowy white flowers, with saffron cup, margined with scarlet. 3c each; 25c per

doz.; \$1.50 per 100.

Jonquils

These are much prized for their delicious fragrance, their graceful stems and blossoms, their rich golden hue and their fine hardy character. Half a dozen bulbs may be grown in a five-inch pot and forced, while they are easily grown also out of doors.

Postage 5c per dozen.

Per doz. Per 100

Single: very fragrant, rich golden yellow, cluster of small flowers..... \$.15 \$1.00

COLLECTIONS—Various Narcissus. A splendid mixture of the best Single Trumpet Daffodils.

40c per doz.; \$2.75 per 100; \$25.00 per 1000.

A splendid mixture of the best Double Daffodils.

25c per doz.; \$1.75 per 100; \$15.00 per 1000.

A splendid mixture of all Daffodils and Narcissus.

25c per doz.; \$1.50 per 100; \$12.00 per 1000.

Daffodils

Emperor

The best Single Trumpet Daffodil

Madame De Graaf: a grand, new, clear white variety. The trumpet is slightly tinted cream, is also large and very delicate and graceful. **45c each; \$4.50 per doz.**

There is no flower in the early spring that to our mind brings such refreshing inspiration as the **Daffodil**. They are such dainty, bright, clean flowers, and their fragrance so delightful that nothing else compares with them when they first come in their springtime glory.

They are the first to come after the dreariness of winter. None of the Narcissus type is more delightful than the Daffodil (both single and double) and we have secured a splendid collection of them as offered below.

Plant Daffodils in October and November out in the open ground in good soil and let them remain from year to year. The bulbous roots will multiply and send up fine long flower stems every spring. Be sure to keep the ground moist during growing season if season is dry.

They can also be grown easily in pots, putting 4 or 5 bulbs into a 5-inch pot and keep well watered.

LARGE TRUMPET DAFFODILS

If wanted by mail add **12c** per dozen for postage.

Bi-color Grandee: flowers very large with broad pure white petals which overlap each other. The trumpet is bright yellow. Rather dwarf and late flowering. **4c each; 35c per doz.; \$2.50 per 100**

Emperor: one of the grandest daffodils in cultivation; late. The perianth is broad and overlapping and the trumpet is very large and finely formed. Both perianth and trumpet a bright yellow. The stems are long and it is fine for cutting. **7c each; 60c per doz.; \$4.00 per 100**

Empress (White Wings): the perianth is pure white and the trumpet bright yellow. **7c each; 60c per doz.; \$4.00 per 100**

Golden Spur: a fine fragrant variety with long stems, excellent for cutting. The perianth is yellow and the trumpet is bright golden yellow; early. **7c each; 60c per doz.; \$4.00 per 100**

Henry Irving: one of the older varieties. The perianth has narrow petals of a deep yellow color, the trumpet is of a deep golden yellow and very large. **6c each; 50c per doz.; \$3.50 per 100**

Obvallaris (Tenby Daffodil): a fine hardy flower, the perianth white, trumpet yellow. **5c each; 50c per doz.; \$4.00 per 100**

Princeps Maximus: very early and popular, perianth sulphur yellow, trumpet rich yellow. **4c each; 30c per doz.; \$2.25 per 100**

Single Von Slon: a beautiful golden yellow throughout (both perianth and trumpet), large and fine for cutting. **6c each; 50c per doz.; \$3.50 per 100**

Trumpet Major: one of the most popular, large, clear yellow varieties (both perianth and trumpet same color). Valuable for bedding or cutting or for forcing. The most easily grown and the hardiest. **4c each; 35c per doz.; \$2.50 per 100**

Victoria: a new daffodil with broad white perianth and large yellow trumpet. The flower has great substance and keeping qualities. We recommend it as the best yellow and white and are glad to introduce it to this Coast. **7c each; 60c per doz.; \$4.50 per 100**

DOUBLE DAFFODILS

These are all easily grown and are very pretty. (If wanted by mail add **10c** per doz. for postage).

Alba Plena Odorata (the double White Poet's Narcissus or Gardenia Daffodil): sweet scented, very double and late. For outdoor culture only, does not force well. **3c each; 25c per doz.; \$1.50 per 100.**

Incomparable (Butter and Eggs): rich yellow and orange, fine for either forcing or outdoors. **3c each; 30c per doz.; \$1.75 per 100.**

Orange Phoenix (Eggs and Bacon): very large, double, white, and orange, very beautiful, fine for pot culture. **5c each; 35c per doz.; \$2.00 per 100.**

Sulphur or Silver Phoenix: creamy white with sulphur center, very double and beautiful. **6c each; 50c per doz.; \$3.50 per 100.**

Von Slon: the largest and finest double yellow trumpet variety. This is the old favorite variety so highly prized in old fashioned gardens. Excellent for either forcing or cut flowers. If planted out of doors it can remain where planted for a number of years, blossoming freely every year. It is as popular now as ever and every one who loves daffodils should plant it. **5c each; 35c per doz.; \$2.50 per 100.**

CROWN DAFFODILS (Chalice Cup or Star)

Barrii Conspicuus: broad, yellow perianth with a short, broad crown edged with orange-scarlet. **3c each; 25c per doz.; \$1.75 per 100.**

Cynosure: sulphur yellow perianth; yellow cup, stained with orange, scarlet; very showy, fine for cutting. **3c each; 25c per doz.; \$1.25 per 100.**

Sir Watkin: a giant flowering variety, the blossoms sometimes measuring $5\frac{1}{2}$ inches in diameter. The perianth is sulphur

yellow; the cup deep golden yellow. An old variety, still very popular. **5c each; 40c per doz.; \$2.75 per 100.**

Stella: star-shaped, one of the first to bloom; flowers white with yellow cup; large and very free blooming. **3c each; 25c per doz.; \$1.25 per 100.**

Mrs. Langtry: pure white perianth, broad and overlapping; cup white edged, bright canary yellow, a fine art flower and very prolific. On account of its low price is largely used for naturalizing. **3c each; 30c per doz.; \$1.75 per 100.**

Spanish Iris

Japanese Iris

(*Iris Kaempferi*)

By universal consent, this species of Iris is given first place. It is one of the finest flowers we have, coming in various tints of blue, lavender, crimson, rose and lilac, as well as the dark blues and violets. The bulbs are perfectly hardy and the plants are very easily grown in any garden where there is good soil and plenty of water. The blossoms vary from 8 to 10 inches in diameter and are borne on long, graceful stems, blooming profusely in June and July. Bulbs are ready for delivery some time in December. We have some beautifully colored pictures of these to show at our store.

In separate sorts—lavender, blue, white, claret, purple, etc. 25c each; \$2.50 per doz.

In mixed colors, 20c each; \$2.00 per doz.

(Bulbs too heavy to mail, postage 12c each.)

English Iris

These bloom several weeks after the Spanish Iris. The flowers are larger and are very handsome, blue and purple shades predominating. Do not neglect watering these bulbs in the spring as they come to flower; you will be well repaid by the fine blooms.

Mixture, all varieties..... 25c per doz.; \$1.75 per 100
Postage 5c per dozen.

Iris (Fleur-de-Lis)

Iris, with its sturdy stems and orchid-like blossoms, comes in several different and very distinct types, each beautiful in itself. They come in a very wide range of tints and colors and are among the most delightful of all bulbous plants.

The bulbs should be planted 2 or 3 inches deep and 6 inches apart, and for best effect should be in beds or groups of twenty-five to one hundred or more bulbs; the greater the number the finer the effect.

A mulching of coarse manure or straw will facilitate the production of fine long stems and large blossoms.

After flowering, the bulbs may either be lifted or allowed to remain for another season. The varieties contained in our collection are the finest and most distinct in cultivation.

Spanish Iris

These are the most free-flowering and the earliest of all Iris, and should be in every garden. They are the cheapest in price, and can easily be afforded in large quantities for borders or brilliant bedding effects.

Alex von Humboldt: clear blue.

Belle Chinoise: very fine yellow.

Blanche Superbe: large white flower with a suggestion of pale porcelain shading; one of the best and earliest.

British Queen: purest white.

Cajanus: pure yellow; large flower, very tall, fine for cutting.

Chrysolora: golden yellow, the best of its color in cultivation.

Darling: bright blue.

Gold Cup: darkest bronze, largest variety, very fine.

Formosa: the finest of dark blue.

Ida: deep yellow, large flower.

Louise: French gray and white, with golden blotch, very beautiful.

Philomena: fine large pale blue.

Snowball: pure white, shading to sapphire at base, with conspicuous golden blotch.

Splendens: deep blue.

Thunderbolt: dark bronze.

William I: fine yellow.

Postage 10c per 100.

..... 2 doz. for 25c; 100 for 75c; 500 for \$3.00

From a letter received this spring. We like to know when our customers are pleased:

"During last November, we purchased about sixty bulbs from you. Every one is growing and all have bloomed except the Narcissus which are just coming up. We are greatly pleased."

MRS. J. F. PARLIER, Parlier, Cal.

German Iris

Postage 10c per dozen.

This variety is commonly called "Flags," and is a beautiful flower, as handsome as an orchid, and, while the native blue and white are the most common, they can now be had in a great variety of colors and tints.

All the following varieties.

85c per doz.; \$6.00 per 100

Bulbs do not ripen until November.

Bouquet Royal: creamy white.

Canary Bird: standard yellow, falls bronze, striped white.

Empress Victoria: pale blue standards, falls purplish blue.

Gloire de Hillegom: beautiful porcelain blue.

Grachus: crimson reticulated white, very fine.

Innocenza: ivory white.

Kharpuz: purple, standards blue.

Madam Chereau: white, elegantly frilled azure blue at the edges.

Maori King: rich golden yellow standards, falls velvety crimson margined gold.

Mrs. Horace Darwin: white slightly veined violet base.

Spectabilis: deep velvety blue.

Mixtures of all the above varieties

and many others not listed separately, 80c per doz.; \$5.00 per 100

Mixture, mostly blue shades

.... 45c per doz.; \$3.00 per 100

SUSIANA

MOURNING IRIS

(Prices are post-paid.)

This is a peculiarly beautiful variety, and quite distinct from all other types, and must be seen to be appreciated. It is a combination of silvery gray and dark chocolate and black grows one foot high and blooms in May. The flowers are very large, being 6 inches across.

..... 20c each; \$2.00 per doz.

Susiana Mourning Iris

Lilies

Lilies are matchless amongst hardy plants for beauty of form and variety of color in the garden. They commence flowering in June, and with the various species, maintain a continuous and unbroken succession of bloom until autumn. Their stately habit, rich and varied colored flowers, often deliciously fragrant, and of easy culture, render them so distinct from all other hardy plants that no collection however select, should be without a few of the choicer sorts.

Candidum and Harrisii are ready for delivery in September, and the others in October and November.

If wanted by mail add 3c each, 25c per doz., for postage.

CANDIDUM (Annunciation Lily; Madonna Lily; St. Joseph's Lily): The flowers are pure snow-white and very fragrant, borne on long stems. It is a valuable variety for forcing; and is the best white lily to plant out of doors, never failing to bloom well. 15c each; \$1.50 per doz. (Postage 3c each; 25c per doz. additional).

Harrisii (The Bermuda Easter Lily): The flowers are trumpet-shaped, pure white, gracefully formed and delightfully fragrant. This lily is the easiest to force into bloom, free flowering. 15c each; \$1.50 per doz.

Must be planted early. Order in September

Humboldt Magnificum: a remarkably fine variety attaining the height of 5 feet and bearing profusely large flowers of golden yellow, spotted with purple. 50c each

Leopard Lily: the native Tiger Lily found growing in the mountains in all parts of California; height 3 to 4 feet. Flowers yellow orange with dark spots. 20c each; \$1.75 per doz.

Longiflorum Giganteum: a fine type of Japanese Easter lily, blooming about two weeks later than Multiflorum. 15c each; \$1.25 per doz. and 25c each; \$2.00 per doz.

Longiflorum Multiflorum: an early flowering type of the Japanese Easter lily. Pure white trumpet-shaped flowers.

Splendid for growing in pots and for outdoor planting. 15c each; \$1.25 per doz.; extra large bulbs. 25c each; \$2.00 per doz.

Philippine: A new, rare, hardy lily, grows two feet high and bears snow-white flowers with long trumpet; ten inches long. Blooms in August. Bulbs ready in January.

Post-paid 25c each; \$2.50 per doz.

Rubellum: of dwarf habit, bearing several beautiful rose-pink flowers. Come into flower early. It does best in sandy loam well drained. 20c each; \$2.00 per doz.

Speciosum Album: one of the most beautiful and easily grown lilies we have. The flowers are of immense size and pure white. Plants grow from 2 to 4 feet high. 20c each; \$2.00 per doz.

Speciosum Rubrum: a beautiful variety, pure white, shaded rose and spotted with red; 3 to 4 feet high; a fine large flower. 15c each; \$1.50 per doz.

Speciosum Rubrum Magnificum: this variety is much more crimson in color than the ordinary Rubrum and is heavily spotted. 15c each; \$1.50 per doz.

Tigrinum (Tiger lily): fine showy blossoms, brilliant orange-red spotted with black; 3 to 5 feet high, and blooms in August. 15c each; \$1.25 per doz.

Tigrinum Flora Plena (Double Tiger Lily): Similar to Tigrinum, but bearing flowers that are double. 15c each; \$1.50 per doz.

Washington Lily: a grand variety from Oregon and Washington; flowers are large and fragrant; opens white and turns to purple and lilac. They bloom freely in the summer; 3 to 5 feet high. 50c each; \$5.00 per doz.

Lily Auratum Rubro Vittatum

These were raised out of doors and were 10 inches each across. All Auratum Lilies are of same size and habit but with different coloring in the center of the petals

Lilies—Continued

Auratum (Gold-banded Lily): one of the finest and most popular of the hardy garden lilies. The blossoms are composed of six large petals of delicate ivory white, studded with spots with a bright golden band running through the center of each petal. The flowers when fully expanded are nearly a foot in diameter, are very fragrant and bloom from June to October. 15c and 25c each, and \$1.50 and \$2.50 per dozen, according to size.

Auratum Pictum: similar in form to the Auratum, but tipped with crimson at the ends of the yellow rays, 35c each; \$3.50 per doz.

Auratum Platyphyllum: similar to Auratum, but larger and finer in all respects. Especially noted for its broad lustrous leaves which give double attraction. The petals are studded with crimson chocolate spots. 35c each; \$3.50 per doz.

Auratum Rubro Vittatum: one of the finest of all lilies. Its crimson band running through the middle of the petal is so broad that the petals appear to be crimson margined with white; very showy and handsome. 60c each

Belladonna Lily: see Amaryllis Belladonna

Elegans Atrosanguinea: a dark blood-red lily of handsome appearance. Elegans lilies are all borne erect on a stem about 2 1/2 feet tall. 20c each; \$2.00 per doz.

Elegans, Incomparable: the richest red known in lilies, a deep crimson slightly spotted with black. Flowers large and freely borne. 20c each; \$1.75 per doz.

Elegans, Orange: a very early flowering lily, doing well in any location, about 2 feet high, flowers are orange in color. 20c each; \$1.75 per doz.

Henryi (The Yellow Speciosum): a rare lily from China, hardy and free flowering. Flowers are a rich apricot yellow slightly spotted with brown. 75c each

Krameri: a beautiful large pink lily, distinct from all others. The flowers shade lighter and are very fragrant. 20c each; \$2.00 per doz.

White Calla Lily (Calla Ethiopica): the well known and popular white Calla. According to size. 75c and \$1.00 per doz.

Yellow Calla Lily (Calla Elliottiana): is the only true yellow-flowered calla in existence. The foliage is dark green with a number of translucent white spots, and the flowers a bright yellow. A very handsome sort. According to size, 25c to 35c each; \$2.50 to \$3.50 per doz.

Miscellaneous Bulbs and Flowering Roots

AGAPANTHUS, UMBELLATUS (The Blue African Lily) (Too heavy to mail)

The old favorite, flowers bright blue borne in clusters of 20 to 30. The flower stalks frequently attain a height of three feet, the flowers opening in succession for a long period during the summer and autumn. Ready for November delivery...

..... **25c each; \$2.50 per doz.**
Agapanthus Albus: a new white variety, very beautiful...
..... **35c each; \$3.50 per doz.**

ALLIUM, AUREUM

(Postage 5c per doz.)

Molly or Golden Allium: one of our most showy border plants; perfectly hardy, bearing large umbels of golden yellow flowers in June. A very old favorite, and fine for naturalizing in the garden where it forms large clumps. Height, one foot. **15c per doz.; \$1.00 per 100**

AMARYLLIS

(Postage 15c per bulb)

Ornamental plants with large, fragrant, beautifully colored flowers. Frequent disturbance of the roots should be avoided, as this will prevent free flowering. Sends up a flower stalk without leaves in August to a height of 2 1/2 feet, very fragrant. **Belladonna Major**, beautiful soft rose. **15c each; \$1.50 doz.**

Formosissima, charming dark crimson. **15c each; \$1.50 doz.**

ANEMONE (Poppy-flowered)

(Prices are postpaid)

Popular hardy perennials, 12 inches high, bearing in spring bright flowers of scarlet, white, rose, blue and lavender. Useful for beds and borders. The Japanese Anemone, or Wildflower, is a wholly different plant and is offered in our large spring catalogue.

Scarlet: rich, dazzling scarlet. **30c per doz; \$2.00 per 100**

Scarlet: fl. pl. double form of above. **40c per doz; \$3.00 per 100**

Double: all colors mixed. **30c per doz; \$2.00 per 100**

Single: all colors mixed. **25c per doz; \$1.50 per 100**

BEGONIA (Tuberous-Rooted)

(Prices include postage)

For **January** delivery. Splendid pot plants, and equally useful for bedding purposes; very free flowering, doing best with partial shade.

We offer Begonias in the following separate colors: dark rose, light pink, salmon, scarlet, white and yellow.

Double: all colors separate or mixed. **15c each; \$1.50 per doz.**

Single: all colors separate or mixed. **10c each; \$1.00 per doz.**

Begonia Crispa: a new sort with very large single flowers beautifully frilled on edge and crested. Try some of these new ones. **25c each; \$2.50 per doz.**

BRODIAEA

(Prices include postage)

Laxa (Ithuriel's Spear): bears a cluster of twenty or more of clear blue flowerets on a stem 1 to 2 feet high. One of the beautiful wildflowers of California in May and June. **20c per doz.; \$1.25 per 100**

CALOCHORTUS OR MARIPOSA TULIPS

(Also called Mariposa Lilies)

(Price includes postage)

These famous California wild flowers possess much delicacy and brilliancy of coloring. They somewhat resemble a tulip in shape, are of many colors, shades and markings. Planted in the open border, they flower in June and July. Mixed Calochortus. **30c per doz.; \$2.00 per 100**

CROCUS

(Postage 15c per hundred)

Should be planted liberally in lawns and grass plots, where they will flower very early in the spring, before mowing.

Mixed blue and purple. **10c per doz.; 60c per 100**

Mixed whites. **10c per doz.; 60c per 100**

Mixed striped varieties. **10c per doz.; 60c per 100**

Yellow, large size. **15c per doz.; \$1.00 per 100**

King of the Blues: extra large flower. **15c per doz.; \$1.00 per 100**

Queen of the Whites: extra large flowers. **15c per doz.; \$1.00 per 100**

Splendid mixed, a finely proportioned mixture of all the best varieties. **10c per doz.; 50c per 100**

CROWN IMPERIALS (Fritillaria Imperialis)

(Postage 3c each)

Well known spring blooming, stately, hardy border plants with clusters of immense pendant, bell-shaped flowers, surmounted with a tuft of green leaves. They are very effective, and if left undisturbed for years they form gigantic and picturesque groups, bearing gorgeously colored flowers. Mixed. **15c each; \$1.50 per doz.**

CYCLAMEN, GIANT FLOWERED

(For December Delivery)

(Prices are postpaid)

A beautiful winter greenhouse or pot plant, with beautiful deep green leaves, and long graceful stems bearing curiously winged blossoms in white and crimson shades. While these may be grown from seed, the best flowers are produced from bulbs.

	Each	Per doz.
Persicum Giganteum, giant flowered Rose.	\$.20	\$2.00
Persicum Giganteum, giant flowered White.	.20	2.00
Persicum Giganteum, giant flowered Crimson ..	.20	2.00
Persicum Giganteum, giant flowered, mixed colors.	.20	1.75

DIELYTRA OR "BLEEDING HEART"

(Postage 5c each)

One of the most ornamental of spring-flowering plants, with long, drooping racemes of heart-shaped flowers. If potted in December, left outside till it has formed new roots and then brought in to a gentle heat, it may be had in flower in the greenhouse in February and March.

Spectabilis: magnificent racemes of pink and white flowers. **25c each; \$2.50 per doz.**

GLADIOLUS

(For September and November delivery. Prices are postpaid)

Early Flowering Sorts: these are more slender and somewhat smaller sorts. They bloom early and are largely used for cut flowers, especially on Decoration Day. (for other varieties of Gladiolus see our annual catalogue issued in December.)

Colvilli, "The Bride:" ready in September. Pure white, very handsome and good to force. **25c per doz.; \$1.50 per 100**

Colvilli "Rosea:" like the above, colored pink. **25c per doz.; \$1.75 per 100**

Cardinals, Mixed: this has many pink and red shades with a blotch at the base of each petal. **25c per doz.; \$1.50 per 100**

FREESIAS

(For September and October delivery. Prices are postpaid.)

Greatly prized for the delightful fragrance of the delicately colored flowers, which, when cut, remain in good condition for a long time in water. Flowers are borne on stems from 9 inches to 2 feet high in early winter if planted in September. The larger bulbs bear more flowers.

	Per doz.	Per 100
Refracta Alba: pure white, delightfully fragrant. \$	.15	\$1.25
Extra large bulbs.	.25	1.75
Leichtlinii: large fragrant, pure yellow.	.30	2.00
Purity: an improved type with pure white flowers of immense size.	.50	3.00
Scarlet: a dazzling rosy carmine color, with a dark crimson spot on three lower petals.	.25	1.75

GLOXINIAS

(For December delivery. Prices are postpaid)

Most charming greenhouse plants, of dwarf habit. Their flowers, often 3 to 4 inches across, are produced in greatest profusion, and are of the most exquisite and gorgeous colors, many of which are magnificently spotted, mottled, and blended. They bloom continuously for months, and by starting at intervals, a succession of their splendid flowers may be had nearly the whole year round. **15c each; \$1.50 per doz.**

HYACINTHUS CANDICANS

(Postage 3c per bulb)

Free growing, summer-flowering plants with flower stems 2 to 4 feet high, each bearing from 20 to 30 large white bell-shaped flowers; splendid for groups. **7c each; 75c per doz.**

Miscellaneous Bulbs and Flowering Roots—Continued

The flowers grow on stems 18 inches high, each stem bearing a dozen or more flowers. They are pure white, waxlike, double and very fragrant.

Double Dwarf Pearl..... 40c per doz.; \$3.00 per 100

Montbretia—Scarlet and Yellow

In glorious bloom in August

Morse's Prize Strain Pansies

About $\frac{2}{3}$ natural size

Morse's Superb Pansies

All our Pansy seed is obtained from the most noted European specialists. Pansies thrive best in a moist, shady location and in rich, loamy soil. Seed should be sown in the autumn for early spring blossoms, or can be sown early in the year for good flowers later in the spring. The blossoms are usually larger in the spring and again in the fall, and while they bloom freely all summer, the blossoms are small during the hot months. While the plants carry over well with a little covering during the winter, it is best to plant new seed each year.

We offer the following extra selected strains of superior large flowers especially for pansy fanciers, all at 25c per pkt. Special offer, 5 pkts. \$1.00:

Dr. Faust, jet black; **Five Spotted on white ground**; **Striped Mixed**; **Azure Blue**, white edge; **Giant Fancy**, light blue; **Goldelse**, clear yellow; **Cardinal**, blood red; **Emperor William**, purple, violet shaded; **Snow White**.

SPLENDID MIXTURES

MORSE'S PRIZE STRAIN. The Seed of Morse's Prize Strain Pansy is grown for us by a noted specialist in Germany, and is saved from exhibition flowers, including almost every shade of color, exquisitely spotted and blotched, veined, mottled and margined, and fancy varieties. This strain is so beautiful that no description or praise can do it justice, being unsurpassed for rich and varied colors and immense size.

Pkt. of 500 seeds, 50c.

Morse's Imperial German Strains Mixed: a superfine mixture of the choicest German varieties in all colors. Pkt., 25c.

Bugnot Mixed: a circular, ruffled, and five-petaled type, with soft, blended colors and tints, veined on the margins and with a dark blotch at the base of each petal. One of the finest varieties. Pkt., 25c.

Cassier's Giant, Mixed: a splendid mixture of various shades and markings. The blossoms are perfectly round and are blotched at the base of 3 to 5 of the petals. Pkt., 25c.

Giant Trimardeau, Mixed: the largest-flowering type of pansies, called the French strain. The top petals are larger than the three lower ones and are beautifully marked. Pkt., 15c; Oz., \$2.00.

Giant Odier or Prize Blotched, Mixed: a large flowered type, with round blossoms. The petals are all blotched at the base and distinctly margined on the edge. Pkt., 25c.

Giant Masterpiece: these new pansies have a most beautiful combination of rich velvety coloring and attractive wavy or ruffled petals. This wavy effect gives a graceful appearance rarely seen in pansies, and while they are really very large, they appear larger on this account. Pkt., 25c.

Senator Spencer: chocolate and white striped. Pkt. 25c			

Price per packet is 5c except where noted otherwise. All prices include postage

The months of NOVEMBER and DECEMBER ARE THE BEST TIME TO SOW SWEET PEA SEED. It is best to order your Sweet Pea Seed early and sow it when the first rains come. Then you get blossoms in May and June, when they are large and splendid. They do very well, however, sown any time during the winter or spring.

We have the following four **GRAND NEW SPENCER TYPES** ready for introduction this year:

Miriam Beaver: beautiful apricot pink.

W. T. Hutchins: buff and blush pink.

Senator Spencer: chocolate striped on white.

Prince of Wales Spencer: bright carmine rose.

Each will be offered at 25c per packet. The seed supply of these is very short.

Sweet Peas—Continued

Price per package is 5c except where noted otherwise. All prices include postage.

Lawn Grasses

All of our Lawn Grasses are from the very best re-cleaned seed. To make a good lawn the soil cannot be too well prepared. It does not need to be so very rich since a long growth of grass is not so necessary as a thick root growth. Most soil needs, however, some barnyard manure spaded into it, and a covering of half an inch of loam. After it has been well worked it should be watered and allowed to rest two or three weeks so that the weeds can start and be hoed. A second watering and hoeing two weeks later would be well if the time can be spared. The soil should be well rolled before planting the seed since the land needs to be firm and compact. Sow the seed with a sieve if possible, after which cover with a light sprinkling of sandy loam, also put on with a sieve. The seed may, however, be thrown on broadcast and raked in. A lawn may be sown in California any time in the year if there is plenty of water available.

What grass makes the best lawn? This question is often asked us and our experience has shown that for San Francisco and sandy soils Pacific Rye Grass is best for a straight lawn, and our Golden Gate Park Mixture for a mixed lawn. For all other soils Kentucky Blue Grass makes the best straight lawn, and Perennial Rye Grass (preferably the fine-leaved "Pacific Rye") next; while for a good durable summer and winter lawn Morse's California Lawn Mixture has no equal. For extra damp places Morse's Velvet Lawn Mixture is recommended. We also make up special mixtures for shady places which give satisfaction where ordinary grasses will not grow.

One pound of grass seed is required for 250 square feet of lawn. Use half that quantity for renovating old or worn out lawns and apply our **Special Lawn Fertilizer**, which will greatly invigorate the growth. 10 lbs., 65c; 25 lbs., \$1.25; 50 lbs., \$2.00.

Pacific Rye Grass: A new lawn grass never before used in California, and sold only by us. It is very vigorous, hardy and long-lived and does well in sandy soils. It is similar to Australian Rye Grass but is much finer leaved and much more long-lived. Per lb., 35c, post paid; by express or freight, per lb., 25c; 10 lbs., \$2.00; 100 lbs., \$17.50.

Our Golden Gate Park Lawn Mixture: We especially recommend this mixture for those requiring a quick-growing, thick, sturdy lawn which remains green all winter, as well as other seasons of the year; especially for sandy soils. This variety contains a small proportion of white clover, just enough to make it a thick mat. Per lb., 35c, post paid, or by express or freight, lb., 25c; 100 lbs., \$20.00.

Australian Rye Grass: A very vigorous, quick-growing lawn grass, but a little coarse. Very satisfactory for lawns in San Francisco. Per lb., 25c, post paid, or by express or freight, 1 lb., 15c; 10 lbs., \$1.50; 100 lbs., \$10.00.

Morse's California Lawn Mixture: A mixture of more than half a dozen good perennial lawn grasses, all of the heaviest re-cleaned seed. It gives the very best results in thick, deep green, sturdy lawns which are green both summer and winter. Makes a very satisfactory lawn. Per lb., 45c, post paid, or by express or freight, lb., 35c; 100 lbs., \$30.00.

Morse's Velvet Lawn Mixture: A combination of soft, deep green grasses, which form a thick mat especially in the summer. Is easy to cut and easy to grow in good, moist, rich soil, and is especially recommended for adobe soils. Price 45c per lb. post paid, or by express or freight per lb., 35c; 100 lbs., \$30.00.

White Clover: Of dwarf habit with creeping stems, rooting at the joints, on which account it makes an excellent turf that stands constant tramping. Planted for a lawn either alone or in mixture with grass seed. Price 40c per lb. post paid, or by express or freight, 30c per lb.; 100 lbs., \$25.00.

BUILDING ON OUR NEW NURSERY AT HAYWARDS

The Morse Strawberry

A grand—a Superlative Strawberry.

Never Offered to the public before.

Mammoth in size.

Extremely Prolific as a bearer.

Inexpressibly Luscious in flavor.

Deep, Rich Crimson in color.

Bears Continuously for a long season.

The Best Variety ever introduced for the Home Garden.

THE **MORSE** STRAWBERRY is about as near the perfect strawberry as one can find and is the best novelty of its kind we have ever seen.

THE **MORSE** STRAWBERRY is a large, deep crimson, solid berry, deep crimson clear to the core, and of the best real strawberry flavor one can imagine.

THE **MORSE** STRAWBERRY begins to bear early and bears profusely and for a long period.

THE **MORSE** STRAWBERRY is usually so large that one naturally slices it into quarters when eating.

THE **MORSE** STRAWBERRY is never hollow and pithy, but always solid and meaty and juicy. The plants are ready, and autumn is the time to plant.

To any one with the land and some water, we recommend this **greatest of all strawberries**, and urge you to send to us for some plants at once.

Price: per dozen, \$1.00, postpaid; per 50, \$3.00, postpaid \$3.25; per 100, \$5.00, by express.

Nursery Department

In our 1910 catalogue will be found a full list of Nursery Stock grown by us. Our green-houses and salesyard are situated on Glen Avenue near the terminus of the Key Route, Piedmont Avenue, Oakland, and our nurseries at Livermore.

We have recently purchased a tract of land near Haywards, Alameda County, and erected buildings, lath sheds, etc. From this place in the future we will carry on our nursery business.

Those in need of nursery stock will do well to write us for our 1910 catalogue, as it is full of interest.

Memoranda of Issuing Postmaster:

NOTE—The Maximum amount for which a single Money Order may be issued is \$100. When a larger sum is to be sent additional Orders must be obtained. Any number of Orders may be drawn on any Money Order office; but, if Orders are drawn in excess of \$200 on any one day upon an office of the 4th class, notice of the fact by letter [or Form 6037] is to be promptly sent the Department by the issuing Postmaster so that provision may be made for payment.

Applications must be preserved at the office of issue for four years from date of issue.

[EDITION FEB., 1907.]

"Morse's Special Tulips" for California

After studying the special conditions on the Pacific Coast for several years, we have finally discovered the race of Tulips which thrives in our gardens here. These we have called "Morse's Special Tulips" and recommend them for all out-of-door planting. These Tulips have long stems, and bright colors (except the Darwin class which has dark, rich colorings). They flower in April. Enrich the soil for best results. Plant a bed of fifty or more; they are worth it. Our list of these Tulips is the largest that there is and our stock is the best. (Postage 5c per doz. additional).

Single

Per doz. Per 100

Gesneriana Major: the most brilliant and dazzling crimson with black center. Has fine large blossoms with long stems. Always does well when planted outside and is tremendously handsome. Morse's stock of this is superior.	.35	\$2.25
Beauty of America: cream changing to pink.	.40	2.75
Bridesmaid: cherry, pink, striped scarlet and violet.	.35	2.25
Bouton D'Or: pure golden yellow, globe-shaped flowers, very long stems.	.35	2.25
Caledonia: orange scarlet, greenish black center, fine bold flower.	.75	
Fulgens: brilliant crimson, creamy white center, reflex petals, long stems about 24 inches.	.45	3.00
Gesneriana Spathulata: or Crimson, see Gesneriana Major above.		

Per doz. Per 100

Gesneriana Aurantiaca: orange-red tulip of the fine Gesneriana form.	.40	\$3.00
Gesneriana Lutea: a beautiful golden yellow Gesneriana Tulip—large flowers with long stems.	.75	5.00
Gesneriana Rosea: rosy carmine with black center, long stems.	.40	2.50
Golden Crown: large golden yellow—splendid.	.30	2.00
Golden Eagle: bright golden yellow—handsome	.30	2.00
Isabella or Blushing Bride: creamy white and pink, changing darker rose center, marked peacock blue.	.40	2.75
La Merveille: a large tulip of a striking color, being salmon-rose overlaid with orange-red.	.40	3.00
La Reeve: large handsome flowers of a rosy-buff tone with yellow base. (Received an Award of Merit.)	.75	6.00
Macropsila: sweet scented, large crimson scarlet, black and yellow center.	.30	2.00

	Per doz.	Per 100
Maiden's Blush: pure white, margined rose.	.30	\$2.00
Marriage de ma Fille: double late flowering, white, feathered with crimson, very large flowers.	.60	4.00
McKinley: pure white flower.	.70	5.00
Mrs. Moon: an immense Tulip of a rich orange yellow.	1.60	12.50
Striped Beauty: rose color, flaked deep crimson and white.	.50	4.00
Royal White: beautiful globular shaped white flowers, cream-yellow center.	1.15	9.00
Viridiflora: the Green Tulip, edged yellow; 6c each.	.65	
Special Collection, 2 each of above sorts (40 bulbs).	\$1.50	

DARWIN TULIPS

This is the variety illustrated on the outside of the back cover. (See page 4.)

	Per doz.	Per 100
Named Varieties.	.90	\$6.50
Mixed Darwins.	.35	2.50

"Morse's Special Mixed"

Late Mixed Tulips, made up by ourselves from named varieties, embraces all classes late sorts: nothing so fine elsewhere; 35c per doz.; \$2.00 per 100.

Our General or Annual Catalogue for 1910

Will be ready to mail early in December. It will be handsome and comprehensive and gives full directions for planting. We list a very large assortment of all the best Garden Seed, Flower Seed, Clovers, Grasses, Horticultural Tools, Insecticides, etc.

If you have not ordered anything of us recently we are not likely to have your name on our mailing list and would suggest that you send us your name and address at once, and this handsome catalogue will gladly be sent to you free of cost.
