ROSEDALE NURSERIES

S. G. HARRIS

Telephone 261 R
Office : 63 Hamilton Place

TARRYTOWN, N. Y.

IRISH ROSES

We take pleasure in offering a select list of Roses, heavy plants, which will easily pay for themselves in bloom the first year. **Why not have the best, since a good plant requires no more space or care than a poor one (except to pick the extra blooms)?** A Rose garden cannot be made of weeds. Of thousands of varieties, not more than one hundred are worth growing in any given locality, unless one has a very large Rose garden. Some varieties do well in one section, some in another.

LADY GAY, AN IMPROVED DOROTHY PERKINS

That we have succeeded in pleasing the public may be seen from the increased demand and the many letters of commendation from our customers.

Buyers Please Bear in Mind

These prices are not for home-grown or Holland stock. **Irish Roses** are as much superior to ordinary stock as superior soil and climate and 50 years' training in Rose-growing can produce. To produce such stock, strong one-year plants are set in spring and grown two years in the field; quite different from plants started in the greenhouse in winter, planted out in spring and sold the following spring for two-year-old plants. The fact that we send these **Irish Roses** to nearly all the large estates at **Lenox and Newport**, where the gardeners are known to be as well up in their profession as any in the country, is proof positive of the quality of our stock. One of many enthusiasts writes:

North American Loan and Trust Company, Huron, South Dakota, Feb. 22, 1906.

S. G. Harris, Esq. Tarrytown, N. Y.

The Roses had of you last spring were a fine lot. They were the most satisfactory I have ever received. And one of the best points is that I feel that I have my Roses true to name.

We cut Roses every day from June 20 until after the first frost in Nov.; from one plant of Killarney we cut 19 blooms. Far northerners, like myself, should not plant any but field-grown stock that is well matured and dormant when planted. I have had experience with other stocks, and have not a single Rose alive out of perhaps a hundred, and have always bought what they call their two- and three-year-old Roses.

I should be pleased to receive your General Catalogue. I have a small space in which to add to my 200 plants. Very truly, Jas. McD. Campbell.

There were reasons for their strong recommendation.

FIRST. The plants were grown by Rose-growers of over fifty years' experience, in the north of Ireland, where soil and climate conspire to produce plants of great vigor, strong roots and well-ripened wood.

SECOND. The plants were very low-budded, so that in planting the bud or graft is easily placed 2 or 3 inches below the surface of the ground (as it should be) without the necessity of too deep planting of the roots.

THIRD. The plants are kept perfectly dormant from the time they are dug until they reach our customers. On arrival, late in November, we place them in deep trenches and cover with earth until shipping time. By this method there is no drying out of the roots, as there is where stored in buildings.

FOURTH. Our method of packing insures arrival in perfect condition.

An Invitation. IRIS, ROSE and PEONY EXHIBIT. While visitors are always welcome to our Nurseries, yet a special invitation is extended to the public to visit us in June. If those interested will write us we shall be pleased to name the best dates as soon as the season shows itself to be normal or otherwise.

The Nursery is located on the State road, half way between **East View**, on the Putnam Branch, and **Hawthorne**, on the Harlem Branch of the N. Y. C. R. R., $1\frac{1}{4}$ miles from each station. Carriages meet all trains at Hawthorne, fare 25 cts.

A CARLOAD OF EVERGREENS

Mr. S. G. Harris, Tarrytown, N. Y.

I have delayed writing you until I could give you a full report as to the carload of trees. They arrived the day after being shipped and were all planted within 36 hours, * * * and I think we shall have great success with them. I am greatly pleased with the quality of the trees you sent and the careful way in which they were packed, and thank you for your attention to the matter, your visit up here and the sketch which you sent, and which I found very useful.

Edgewood, Millbrook, Dutchess Co., N. Y., June 8, 1907.

H. Harkness Flagler.

Prices of Roses, Spring of 1909

All Roses offered in our General Catalogue, including Climbers, Rugosas, Sweetbriars, Hybrid Perpetuals, Hybrid Teas, etc., not named on next page, will be furnished at 35 cts. each, \$3.50 per doz., \$25 per 100.

On all Roses prices are: 6 at dozen rates, 50 at 100 rates, provided not less than three of a kind are ordered. No charges for boxes or packing.

In addition to the Roses named below, we offer over one hundred and fifty choice varieties including Frau Karl Druschki, Mrs. Crawford, Ulrich Brunner, Ben Cant, Baron Rothschild, etc. Two-year selected plants, 35 cts. each, \$3.50 per doz., \$25 per 100. Write for General Catalogue.

New Roses, \$1.25 each

Mrs. David Jardine Harry Kirk The Lyon

New Roses, \$1 each

Lady Fairein Evangeline

New Roses, 75 cts. each

Countess of Gosford Peggy
Mrs. Peter Blair Wm. Shean

Roses at 50 cts. each, \$5 per doz.,

\$35 per 100

Blanc Double de Coubert	Gustave Nabonnand	Madame Cadeau Ramey	Souv. de Pierre Notting
Carmine Pillar	K. A. Victoria	Madame Ravary	White Maman Cochet

Twenty-four Choice Everblooming Roses—Hybrid Teas

We are pleased to offer the following thoroughly tested varieties of Roses, which bloom from June to November. Many of them are well-known favorites. The newer varieties have proved most satisfactory in many parts of the country during the past two or three years.

Alice Grahame	Caroline Testout	Gruss an Teplitz	La France	Madame Ravary
Antoine Rivoire	Franz Deegan	Helen Gould (Balduin)	Liberty	Mrs. Robert Garrett
Ard's Pillar	Frau Peter Lambert	Kaiserin Augusta Victoria	Mme. Abel Chatenay	Souv. du Pres. Carnot
Bessie Brown	Gladys Harkness	Killarney	Mildred Grant	Viscountess Folkestone
Captain Christy	Grace Darling	Lady Battersea	Malmaison (Bourbon)	

The Best Twelve Hardy Garden Roses

The following varieties, all things considered, are fully equal to any twelve of their class (H.P.). Some rosarians would doubtless prefer other varieties for some of them. We have placed the names of a few in parentheses, which may be substituted if the purchaser prefers. For description of these Roses and others, including Sweetbriars, Rugosas, Climbers, etc., see our General Catalogue.

Baroness Rothschild (Luizet)	Francois Michelin (Rodocanachi)	Marshall P. Wilder (Tom Wood)
Clio (Prince Camille de Rohan)	Frau Karl Druschki (St. Amande)	Mrs. R. G. S. Crawford (Paul Neyron)
Earl of Dufferin (Louis Van Houtte)	Helen Keller (Jacqueminot)	Mrs. John Laing (Queen of Queens)
Margaret Dickson (Magna Charta)	Fisher Holmes (Jean Liabaud)	Ulrich Brunner (Soleil d'Or)

STANDARD ROSES

We offer a grand collection of Rose Trees on both Rugosa and Canina stock in the best varieties of Hybrid Teas and Hybrid Perpetuals. XX size, 3 to 5 plants, \$1.25 each; 6 or more plants, \$1 each. X size, 3 to 5 plants, \$1 each; 6 or more, 75 cts. each.

Hybrid Teas

Antoine Rivoire \$1.50.
Etoile de France
Caroline Testout
Dean Hole. \$1.50.
Gruss an Teplitz
Kaiserin Augusta Victoria
Killarney. \$1.50.
La France
Grace Darling
Maman Cochet
Mme. Abel Chatenay

Hybrid Perpetuals

Baroness Rothschild
Ben Cant
Clio
Francois Michelin
Frau Karl Druschki
Marie Baumann
Mrs. Crawford
Mrs. John Laing
Paul Neyron
Malmaison
Zepherine Drouhin

We also have a splendid stock of Standard Crimson Rambler, Baby Rambler and Dorothy Perkins on Rugosa stock at the following prices, namely: Crimson Rambler, 2-yr., 75 cts.; 3-yr., \$2; 4-yr., \$3. Dorothy Perkins, 2-yr., \$1.50; 3-yr., \$2.50. Baby Rambler, 2-yr., \$1; 3-yr., \$1.50.

ROSA RUGOSA RUBRA

Having a fine stock of this most excellent Rose for shrub effect and for hedge, we offer plants at the following low rates, namely: 2-yr., 25 cts. each, \$2.50 per doz., \$15 per 100; 3-yr., 40 cts. each, \$4 per doz.

Probably the most popular Rose to-day, eight years after its introduction, is

FRAU KARL DRUSCHKI

For this reason we sold, last year, more of this Rose than any four of the best varieties. That every purchaser may have plenty of this variety, we have made the price that of the oldest and most common varieties:

35 cts. each, \$3.50 per doz., \$25 per 100

As may be seen from the cut in our General Catalogue, the petals are very thick and heavy. It has every desirable quality, great substance, immense in size, very vigorous in growth and masses of bloom.

CLIMBING ROSES

We would call special attention to our list of Climbing Roses which is not duplicated by any dealer in the country. Of many varieties of Climbing Roses, including Dorothy Perkins, Crimson Rambler, Setigera, Lady Gay and others, we have a fine stock of 3-yr. plants at 50 cts. each, \$5 per doz.

A garden planted last of May, 1908, in the Adirondacks by us, brought the following letter:
JOHNSTOWN, N. Y., July 15, 1908.

My Dear Mr. Harris.

Will you kindly tell me the name of the enclosed flowers. Mrs. Oliver is spending a few days with us and has gone crazy over our old-fashioned flower garden. Everything in it is doing fine and the roses are simply grand.

Sincerely yours, D. A. WELLS.

PRICES AND DISCOUNTS

The prices of trees and shrubs which follow include boxing and packing. The reason the price of the single plant seems higher in proportion is that the cost of packing a single plant is often as much as for several. On wholesale orders for 10 or more of a kind and size, therefore, we are prepared to make a liberal discount as follows: 10 to 50 plants of one kind and size 20 per cent, 50 to 250 plants of one kind and size 25 per cent, from the single rates where the price per 10 and per 100 is not given.

On orders for assorted lots of one to ten of each kind and size, we will give the following discounts from the rate of each, namely: Orders amounting to \$10 to \$20, 5 per cent discount; \$20 to \$50, 10 per cent; \$50 to \$100, 15 per cent; \$100 up, 20 per cent.

HARDY PERENNIALS

A Word About Prices. We offer hundreds of the best varieties of Hardy Perennials, including Asters, Chrysanthemums, Columbines, Ferns, Hollyhocks, Larkspurs, Lilies, etc., at 15 cts. each, \$1.50 per doz. Only the few varieties named below differing from this price.

We have greatly increased our facilities for supplying the old-fashioned flowers, including improved new hybrids and many varieties especially adapted to the Alpine and rock-garden.

Prices of all Hardy Perennials listed in our catalogue, not named on this page, will be furnished at 15 cts. each, \$1.50 per doz.

Six at dozen rates, fifty at hundred rates, provided not less than three of a kind are ordered. No charge for boxing and packing orders amounting to \$5 or more.

Hardy plants are a great specialty with us. Our list comprises hundreds of the best varieties. Our scheme for securing fine effects in color and continuity of bloom will delight you, as it has many

EVERGREEN TREES

All our Evergreen Trees have been transplanted several times, so that they have developed ample fibrous roots to transfer in safety from our grounds to yours. We take great care, also, to burlap the roots in a large ball of earth, except cheap and small sizes. Among many species we offer are some of the cheaper sorts for screens and hedges; also, choice specimens of the more rare and beautiful Colorado Blue Spruce, Oriental Spruce, Nordmann's Fir, White Pine, Mucho Pine, Swiss Stone Pine, Japanese Umbrella Pine, Arborvitæ, Hemlock, Retinosporas, Junipers, etc. We invite correspondence with those desiring to plant Evergreen Trees, and offer information as to proper time and method of handling the different species. Special estimates for large numbers. See General Catalogue.
