ORDER SHEET

-SEASON OF 1909

SWEET, FLINT AND FIELD CORN AND VINE SEEDS

Jan. 28, 1909. ★ AUG 2 1923 ★

San Diego, Calif.

U. S. Department of Agriculture.

Gentlemen:--

We are pleased to call your special attention to the following list representing the different varieties of Sweet and Field Seed Corn and Vine Seeds for which we will be pleased to book your order for the coming season under the usual contract condition viz:—subject to crop and pro rata delivery in event of short or unmerchantable seed crops.

We give our personal care and attention to the detail work of our Seed Growing in all its branches and claim with confidence that our stocks cannot be excelled in purity, quality, or any other respect by any stock obtainable from any other source.

WESTERN SEED & IRRIGATION CO.

Per WILLIAM EMERSON, Manager.

BAGS—Extra at Fremont market values.

DELIVERY—F. O. B. Fremont, Nebraska.

EXTRA SELECTED—FIELD CORN—RESCREENED

“COMMERCIAL GRADE”

For Ensilage, Green or Dry Fodder purposes and for Farmers' Trade who do not want to pay for the best grade of Seed Corn, we offer our “Commercial Grade” thoroughly Rescreened, removing the small “Tip” and large “Butt” grains in so far as possible, making the kernels nearly the same size so as to obtain, when planted with a corn planter, a crop of uniformly even stand—also subjected to Heavy Exhaust Suction Air Blast, removing light weight kernels, apparently sound and good, but deficient in energy and vitality. This grade is of the highest quality obtainable by the latest improved machinery, without hand picking, and is guaranteed to test not less than 85% strong germinating vitality.

EXTRA SELECTED HAND PICKED

For Farmers who make a specialty of growing Field Corn and who may desire to change, add to, or renew their planting seed stock, we recommend our “Extra Selected Hand Picked” quality, selected from crib prior to being shelled—thoroughly Rescreened, “Tipped” and “Butted” and thoroughly hand picked, for doing which we make an extra charge simply to cover cost. Also guaranteed to test not less than 85% strong germinating vitality.

It is mutually understood that we, The Western Seed & Irrigation Company, are to undertake to contract sufficient acreage to ordinarily produce the quantities ordered herewith, and in the event of short or unmerchantable seed crops, the merchantable seed product received from said acreage shall be applied on an equal pro rata basis in filling contract orders, after reserving sufficient stock seed for ourselves. In which event said pro rata deliveries shall be considered satisfactory, and release us from further obligations.

These stocks are offered under the non-warranty clause adopted by the American Seed Trade Association, viz:—"While we exercise the greatest care to have all seed pure and reliable, we do not give any warranty, express or implied, and will not be in any way responsible for the crops produced from same. If the purchaser does not accept the seed on these conditions, they must be returned at once."
