**1909 CONTRACT PRICE LIST OF VINE
SEEDS AND SEED CORN**

ANNOUNCEMENT

We will not name contract prices on as full a line of Vine seed this season as usual, owing to anticipated difficulty in securing acreage. We price only what we feel sure of being able to handle, and will only accept orders on unpriced kinds when we have the acreage in sight.

We wish to especially urge our customers to place their orders early. Business promises to be heavy and we must commence contracting early with the farmers to cover our wants.

An acreage will be planted of each variety to produce, under ordinary conditions, the various amounts required to fill all contract orders and in no instance will any carry-over stock be used to apply on contract orders, unless it may be mutually agreeable to our customers and ourselves. In case of shortages a sufficient reservation will be made for planting stock; all orders will then be filled by an equal pro rata division of the entire remaining crop, delivered to us by our various growers, all orders being treated alike.

Orders will be accepted for the growing of special stocks or new varieties at reasonable prices if planting stocks are furnished.

The telegraph code used is the same as adopted by the American Seed Trade Association.

Orders for 25 pounds of a single variety of vine seeds will be filled at regular quotations; for orders of less than 25 pounds of a single kind, add two cents per pound.

TERMS:—Field corn, cash on receipt and examination: Sweet corn and vine seed, sixty days acceptance, or if discounted, 1 per cent in thirty days from date of shipment. All prices are based on delivery f. o. b., Waterloo, Neb.

Handpicking Sweet corn on the ear in cold corn cribs and barns is a thing of the past: the picking all being done now in regular picking rooms. Some of our customers want deliveries of their corn earlier than the whole crop can be handpicked, and where such customers have picking facilities of their own we can arrange for earlier shipment by offering in unpicked condition for either a part or the whole order. The contract difference in price on Sweet corns will be 20c per measured bushel, and on the Adams corns 15c per 56 pounds.
