MARKET GARDENERS LIST

Catalogue

S. D. WOODRUFF & SONS

1910

SEND YOUR ORDER TO NEAREST POINT
ORANGE, CONNECTICUT, AND
82 - 84 DEY ST., NEW YORK CITY

Large, or Charleston Wakefield.

Charleston Wakefield Cabbage. Our strain of this popular sort is as near to perfection as it is possible to produce. Even under only fairly good conditions about 98% will produce good solid heads. Pkt., 5c; oz., 25c; $\frac{1}{4}$ lb., \$1.00; lb., \$3.50.

NEW DAVIS PERFECT CUCUMBER.

The sum and substance of the claims made for the New Davis Perfect Cucumber are that by using this variety gardeners can produce out of doors cucumbers that will sell in the market for hot-house forcing varieties. Pkt., 10c; oz., 15c; $\frac{1}{4}$ lb., 45c; lb., \$1.50.

Crosby's Egyptian Beet. Select Strain or Early Wonder. One of the finest stocks obtainable. Pkt., 5c; oz., 10c; $\frac{1}{4}$ lb., 30c; lb., 90c; 5 lbs. @ 80c.

Do not neglect to include in your order, even if only a small quantity, the following, our stocks of which are exceptionally fine.

Burpee's Improved Bush Lima
Fordhook Bush Lima
Early Dawn Sweet Corn
Long Island Beauty

Select Big Boston Lettuce
Yellow Globe Danvers Onion
Emerald Gem Musk Melon
Halbert Honey Watermelon

1910 SEED CATALOGUE 1910

S. D. Woodruff & Sons

ORANGE, CONN.

82 and 84 Dey Street, New York City.

Please order from nearest point either New York or Orange.

TO OUR CUSTOMERS

In handing you this, our nineteenth annual seed catalogue, we shall adhere to our custom of issuing it in a modest form. Our lifelong experience in the business has fitted us, as we believe, somewhat to supply the needs of critical seed planters; and as we glance over our files of customers' names, we feel that the size of the list is more than we really could hope for, and we wish to thank you, each and all, for the hearty co-operation that you have extended to us; and to thank the large number, especially, who, during the past year, have sent us unsolicited testimonials as to the quality of the goods supplied.

Our facilities enable us to make prompt shipments either from Orange, Conn., or New York City. Our seed potatoes all grown in the cold North of Maine are unusually fine and moderate in price. Our seeds of all kinds are grown in whatever part of the world is best adapted to the highest development, and a very large part under our own personal supervision.

We are lifelong seed growers. Our seed farms at Orange, Ct., where the members of our firm live are open to the inspection of our customers and friends. You are always welcome to visit us either at our New York Store, 82 and 84 Dey Street, N. Y., or at our farms at Orange, New Haven County, Conn.

HOW TO SEND MONEY.

We will receive postage stamps, if received in good condition, same as cash. Remit by P. O. or Express Money Order or Registered Letter.

POSTAGE.

Seeds will be mailed postpaid in quantities of 1-4 lb. and less. Quantities of 1-2 lb. and over will require postage at the rate of 8 cents per lb. in addition to catalogue prices. Peas and beans require 15 cents per quart, and corn 10 cents per quart in addition to catalogue prices.

WE PAY THE FREIGHT.

On orders to the amount of \$7.00 or over, at catalogue prices, where cash accompanies orders, we will deliver goods to your nearest station, charges prepaid. Excepting we cannot pay freight on potatoes, onion sets, grass seeds or field corns.

DISCOUNTS.

Market gardeners who purchase ten, twenty or more dollars' worth of seeds naturally expect a lower price than those who purchase but a small amount, and we will make the following discounts from catalogue prices, where cash accompanies order; on seeds in packets and by the ounce, we will mail, postpaid, for one dollar, seeds to the amount of one dollar and twenty-five cents. On orders amounting to ten dollars and upwards, deduct 5 per cent., where cash is sent with order, except on potatoes, onion sets and grass seeds.

S. D. WOODRUFF & SONS,

Orange, Connecticut. 82 & 84 Dey St. New York.

SEEDS

FROM GROWER TO PLANTER.

SPECIAL MARKET GARDENERS' LIST.

N. B.—Our New York City Store is open all year round.

(Special prices on large lots.)

BEANS. Dwarf Bush or Snap.

WAX POD OR YELLOW POD VARIETIES.
(Add 15 cents per quart if sent by mail.)

Currie's Rust Proof Wax Bean.

low prices on beans, samples extra fine this year.

Currie's Rust Proof Wax. The best flat wax pod sort. Early, prolific, strictly rust proof. The Bean you want if your market calls for flat pod. Pkt., 10c.; qt., 30c.; peck, \$1.75; bu., \$6.00.

Round Pod Kidney Wax or Brittle Wax. The best round podded variety. Sure to yield an early and profitable crop. The strain of seed we offer is pure, not mixed with Green Beans. Pkt., 10c.; qt., 30c.; pk., \$1.75; bu., \$6.00. All beans we offer are of the finest hand-picked stock. None are better and few are equal in purity. Note our discounts on page 1, in comparing prices.

NEW BEAN.

Hodson Wax. Hodson Wax, the largest flat podded and surest rust proof wax bean. Pods straight, averaging 7 inches long, a very late but very vigorous vine, and the greatest yielder we have ever seen. Pkt., 10c.; qt., 30c.; pk., \$1.75; bu., \$6.00. Note our very

Norfolk, Va., Nov. 12, 1909.

GENTLEMEN: You will please book me for 12 bushels HODSON WAX BEANS. They are the greatest rust resister that I have ever planted, besides being very prolific. All of your seeds were quite satisfactory. Yours truly, M. B. H.

DWARF OR BUSH.**Green Podded Varieties!**

French Horticultural. A new shell bean with a longer pod than Dwarf Horticultural; very highly colored pod and tremendous cropper. Our seed stock of this bean came from a leading market gardener near Boston. Stock very limited. Pkt., 15c.; qt., 40c.; peck, \$2.50; bu., \$9.00.

Black Valentine. A new bean, very early, round pod, light green color. May be sowed quite early as the seed stands cold weather well. Pkt., 10c.; qt., 50c.; pk., \$2.25; bu., \$8.00.

Canastota, N. Y. Oct, 11th, 1909.

Dear Sirs:—Enclosed find payment for Onion Seed and please book my order for 15lbs. Yellow Globe Danvers next year. Will hope it will prove as satisfactory as the seed I had this year. I got 955 bushels off from less than an acre, of first class onions, and no scullions, all good and saleable onions. I sold for 42c for large and 35c for small right through.

Yours respectfully, WILLARD P. JONES.

SUGGESTIONS ABOUT BEANS.

Bountiful is earlier and better in every way than six weeks.

Our *Dwarf Horticultural* is the finest bright colored pod, pure and nearly stringless.

Golden Eye Wax and *Hodson Wax* in our trials are absolutely rustless.

Our strains of *Wardwell's* and *Davis' Kidney Wax* are the finest obtainable.

In comparing prices note that we deliver seeds to your station without extra charge, provided your order amounts to \$7.00 or over, where cash accompanies order. Also on \$10 order we allow 5 per cent cash discount.

TWO WONDERFUL NEW BUSH LIMA BEANS.

The "Burpee-Improved" Bush is a distinct "*New Creation*" and not merely an improved selection made by man. It shows a most remarkable advance and its discovery is of incalculable value to American Horticulture.

It differs from the best strains of *Burpee's Bush Lima* in having uniformly much larger pods, producing more beans, while both pods and beans are not only larger in size but also considerably earlier.

The "Burpee-Improved" produces magnificent crops of pods which measure from five to six inches long by one and one-quarter inches wide. Large pkt., 15c; qt., 50c; peck, \$2.75; bu., \$9.00.

Fordhook Bush Lima is altogether unique, and has created the greatest "sensation" of any vegetable ever presented. Until its introduction two years ago, nothing like it had ever been seen before! It was created by Nature as a single sport in a field of the Challenger Pole Lima in 1903. Nearly double the size of Potato Bush or Dreer's Bush Lima. Large pkt., 15c; qt., 50c; peck, \$2.75; bu., \$9.00.

Note our very low prices; in comparing prices note discounts on page 1.

BUSH LIMAS.

All Bush Limas, 10c pkt.; 30c qt.; \$1.80 peck.

<i>Burpee's Bush Limas</i>	\$7.00
<i>Wonder " " "</i>	7.00

<i>Dreer's or Potato Bush Limas</i>	\$7.00	bu.
<i>Henderson's Bush Lima</i>	6.00	
<i>Wood's Prolific Bush Lima</i>	7.00	

VARIETIES OF POLE LIMA BEANS.

Packets of each, 10c; pint, 15c; quart, 25c; peck, \$1.50.

<i>Selbert's Early Lima</i>	\$5.50
<i>Large White Lima</i>	5.00
<i>Extra Large White Lima</i>	5.50
<i>King of the Garden.</i> Early and very pro- ductive.....	5.50
<i>Early Jersey.</i> True Stock.....	5.50
<i>Ford's Mammoth.</i> Immense pods.....	5.50

POLE OR RUNNING BEANS.

Packets of each, 10c; pint, 15c; quart, 30c.

<i>Dutch Case Knife.</i> Pods long, green and flat.....	\$1.40	pk.	\$5.00	bu.
<i>Old Homestead or Kentucky Wonder.</i> Pods long, green, round; excellent snap bean.....	1.40		5.00	
<i>White Creaseback.</i> Extra early, green pod.....	1.50		4.75	
<i>Horticultural Cranberry or Wren Egg.</i> Either a snap or shell bean.....	1.25		4.50	
<i>Mammoth Carmine Podded Pole.</i> Called Hampden or Worcester Pole.....	1.75		6.00	
<i>Lazy Wife's.</i> Long green pods, white beans.....	1.75		6.00	
<i>Dreer's Early Golden Cluster.</i> The best wax pole snap bean.....	1.75		6.00	

Red Bank, N. J., Oct. 12, 1909.

Dear Sirs:—Please secure me six bushels of same strain Dreer's or Potato Bush Limas supplied me last season. I sold at the rate of \$800.00 per acre from my crop, seed of which you supplied this year.—B. B. C.

BEETS.

Crimson Globe Beet.

One of the special crops on our Orange Seed Farms is Beet Seed. Every new sort introduced is there carefully tested and the list which follows contains the best of both the new and old standard sorts.

For Early Use,	For Summer.	For Fall Sowing
Crosby's Egyptian,	Detroit Dark Red,	Eclipse,
Dirigo,	Lentz,	Edmund's Blood
Crimson Globe,	Bastians,	Columbia.

(Add 8 cents per lb. if sent by mail.)

Large packets of each sort, 5c each; 10 pkts. of one or assorted varieties sent postpaid for 40c.

Ounce packets of each sort, 10c each; 10 oz. of one or assorted varieties sent postpaid for 70c.

Crosby's Egyptian Boston strain. A special selected small top, early forcing, supply limited	¼ lb.	1b.	5lb lots
Crosby's Egyptian. Standard early bunching	.30	\$ .90	
Dirigo. A foreign beet, but very desirable	.20	.65	.50
Crimson Globe. One of the finest early	.25	.65	.50
Detroit Dark Red Turnip. A main crop sort	.20	.60	.50
Extra Early Dark Red Egyptian. Flat and very early	.20	.50	.50
Eclipse. Nearly round, dark red	.20	.50	.50
Bastian's Early Blood Turnip. Sweet, light ringed	.15	.60	.50
Lentz Extra Early Turnip. Very sweet and early	.15	.60	.50
Early Blood Turnip. Standard popular sort	.15	.60	.50
Dewling's Improved. Excellent standard sort	.15	.60	.50
Arlington or Favorite. Popular in Boston market	.15	.60	.50
Edmund's Blood Turnip. Splendid winter beet	.15	.60	.50
Long Smooth Blood. Very dark late winter sort	.15	.60	.50
Bassano. Nearly white, very sweet	.15	.60	.50
Swiss Chard. Used for greens	.15	.60	.50

Fifty pound lots of one or assorted varieties at 5c per lb. less than above prices.

Your seeds have always been very good. Every seed seems to grow and produce good crops, particularly parsnip, onion, turnip and beet.

ECHO LAKE FARM, Interlaken, Mass.

Golden Tankard Mangel Wurzel.

SUGAR BEETS AND MANGEL WURZEL.

(Add 8 cents per lb. if sent by mail.)

We offer following standard sorts of Mangel Wurzel seeds, all pure and true to name, at a uniform price as follows: per oz., 5c; per lb., 35c; 5 lb. lots, 30c.

Mammoth Long Red,

Norbitan Giant,

Yellow Globe,

Golden Tankard,

Gate Post,

Giant Yellow Intermediate,

White French Sugar,

Lane's Imperial White Sugar.

The seeds that I have had from your firm have been perfectly satisfactory, true to name, and sure to grow.

H. A. FELTON, Orange, Mass.

CABBAGE.

All Head Early.
The standard early flat summer sort,

Rollin, Mich., Nov. 10.

Your Danish Ball Head cabbage seed was the best that I purchased this year. J. M. B.

Above testimonial meant something to that planter of cabbage seed.

Packets of each sort; 5c; 10 packets for 40c; postpaid:

	oz.	¼ lb.	1b.
<i>All Head Early</i>	\$.25	\$1.00	\$3.50
<i>Early Jersey Wakefield</i>	.25	.75	3.00
<i>Large or Charleston Wakefield</i>	.25	1.00	3.50
<i>Early Spring Cabbage</i>	.25	1.00	4.50
<i>Early Winningstadt</i>	.15	.50	1.75
<i>Henderson's Early Summer</i>	.25	.75	2.50
<i>Henderson's Succession</i>	.25	.75	2.50
<i>All Seasons</i>	.25	.75	2.50
<i>Fottler's Improved Brunswick</i>	.25	.75	2.50
<i>Burpee's Sure Head</i>	.25	.75	2.50

	Per oz.	Per ¼ lb.	Per lb.
<i>Stone Mason.</i> (Warren's).....	\$.25	\$.75	\$2.50
<i>Large American Drumhead</i>	.25	.60	2.00
<i>Premium Flat Dutch</i>	.20	.60	1.75
<i>Danish Ball Head</i>	.25	.75	2.50
<i>Mammoth Rock Red.</i> Largest red.....	.25	.90	3.00
<i>Perfection Drumhead Savoy.</i> Excellent strain.....	.25	.90	3.00
<i>Lupton.</i> Main crop sort.....	.25	.75	2.50
<i>Selected Red</i>	.50	1.50	4.50

We call special attention to the Selected Red Cabbage above offered. More or less trouble is always experienced by gardeners with all stocks of red cabbage not heading uniformly. This stock we offer is a carefully and newly bred type growing unusually large and hard heads and fully 90 per cent. of the plants make a good and saleable head.

Volga, fast gaining in favor, is a late main crop sure heading sort, very deep thick heads and remarkably sure header. Pkt., 10c; oz., 30c; ¼ lb., \$1.00; lb., \$3.00.

In regard to the seed purchased of you, I have no fault to find with the seed or business principles of your firm. F. H. BISHOP, Andover, Mass.

I will say here your seed have given entire satisfaction and I shall order more of you next spring. GEO. E. GEER, Jewett City, Conn.

The seeds I have purchased from you this season have given entire satisfaction. In fact are the best I ever bought, and I bought from the best firms for several years.

P. F. STILLINGS, London, Ky.

Ashley Falls, Mass., Aug. 30th, 1909.

DEAR SIR:—Last spring I bought a part of my seed from your house, and I wish to say in all sincerity that I am more than satisfied with the results, everything came up perfectly.

Your Cauliflower are all you claim for them and more. I am cutting some at this time that measure from 8 to 11 inches in diameter, and find no trouble in marketing them at \$3.00 per dozen, wholesale. In my best judgement 98% of them will develop perfect heads.

The Celery was also excellent, and in fact everything else bought of you.

Wishing you the full measure of success that your merit deserves, I am,

Very truly and sincerely yours, E. C. PERKINS,

BRUSSEL SPROUTS.

Sow the same as cabbage through May and transplant in July. *Improved Dwarf.* Price per packet, 5c; oz., 25c; $\frac{1}{4}$ lb., 75c; lb., \$2.50.

Chantenay, one of the best for bunching.

CARROTS.

Newport, R. I.

Oct. 27.

Gentlemen: Please book me for 20 pounds of your Danver's Improved Carrot Seed. I find that your carrot not only make the biggest yield but is the best keeper for storing until late in the spring, as we do in Rhode Island.

Please be careful to have this of the same high quality as seed sent us last season, and oblige,

Respectfully,

N. H. W.

Improved Long Orange.

VARIETIES OF CARROTS.

Each per packet, 5c; ounce, 10c; quarter pound, 20c.

Rubicon Half Long Carrot. This is becoming a popular half long sort. It is very fixed in shape and a great cropper, excellent also for bunching. Per lb., 80c.

Early Short Horn or Scarlet Horn	Per lb. \$ .80
Chantenay Half Long Scarlet	.70
Saint Vallery or Intermediate Red. Popular trucker's sort.....	.70
Half Long Scarlet Nantes. Stump rooted.....	.70
Oxheart or Guerande. Great yielder, short and thick.....	.75
Danver's Improved	.70
Improved Long Orange	.70

CAULIFLOWER.

Our Cauliflower is all grown in Denmark and is *proven seed*, that is one year old, and that has been tested and has produced a good crop.

Our stock of Early Snowball Cauliflower is one of the finest ever put out, equal in every way to the originator's stock.

Henderson's Early Snowball. Very largely grown for an early crop. It is dwarf and a sure header; heads are large, white and solid. Pure stock. Pkt., 15c; oz., \$2 50; lb., \$28.00.

Extra Early Dwarf Erfurt. One of the earliest varieties. Pkt., 15c; oz., \$2 50; lb., \$20.00.

LeNormand's Short Stem Mammoth. A large stumped variety, and a standard for general cultivation. Pkt., 10c; oz., 60c; lb., \$7.00.

Veitch's Autumn Giant. Standard sure heading sort. Price per pkt., 10c; oz., 60c; lb., \$7.00.

John L. Moore, Lowell, Mass., writes under the date of November 15th. I recommend your Snowball Cauliflower above any I have ever used, and I have tried seed from all the best seed men.

This means something as Mr. Moore is a very careful and experienced grower whose market that of Boston is most critical.

CELERY.

Woodruff's Beauty.

No items in the entire list of seeds are more critical to the average planter than Paris Golden and Woodruff's Beauty Celery and Snowball Cauliflower. Our stocks of all three are simply perfect—no pithy celery and no disappointments in our stocks of these.

Paris Golden Self-Blanching.

PARIS GOLDEN OR GOLDEN SELF-BLANCHING CELERY.

Most important and largely used is this sort on account of its fine quality, golden yellow foliage and readiness in bleaching. No one item except Cauliflower and Cabbage depends so vitally on the seed. Our seed of this sort is French grown only. Seed grown elsewhere can be purchased at less than one-third the price. Insist on the French grown article of this variety wherever you purchase. Vitality of our seed is good this year, and we hope we have ample supply for our largely growing trade. Pkt., 10c; oz., 65c; $\frac{1}{4}$ lb., \$2.00; lb., \$8.00.

Woodruff's Beauty. For the first time since we introduced this variety three years ago we have enough seed to now offer Woodruff's Beauty to the general trade. We again most emphatically repeat what we have previously said of this celery. It is the best of all the green celerys for many reasons: grows medium in size, blight proof, excellent keeper and the finest flavor of all, sure to become more generally used than all other green sorts when generally known. We can strongly advise our customers to stake their main crop of green celery on this sort. Pkt., 10c; oz., 60c; $\frac{1}{4}$ lb., \$1.75; lb., \$5.00.

Our stocks of the following standard sorts of celery are strictly pure and true to name.

Liberal pkts. of each, 5c; 10 pkts. for 40c., postpaid.

	Per oz.	Per $\frac{1}{4}$ lb.	Per lb.
Dwarf Golden Heart	\$.25	\$.50	\$1.65

SWEET CORN.

We are pleased to report a splendid crop of Seed Corn crop 1909, to offer our customers for Spring 1910. The summer of 1909 was a corn year and we have the finest seed of both field and sweet corns that we have had for many years.

<i>Golden Bantam</i>	1.50	3.00	5.00				

For planting for ensilage or fodder the Hickox, Stowell's Evergreen and Mammoth are the sorts most desirable. We would advise our friends to buy those of first quality. Write for prices on large lots.

NOTICE.—In buying your Sweet Corn seed of us you get the pick out of dozens of crops of each sort. We grow it in very large quantities and the seed is unusually fine this year. Many of our crops will test as high as 95% vitality this year.

Golden Bantam. A very hardy extra early sort, very sweet. Per doz. ears, 35c; qt., 30c.; pk., \$1.50; bu., \$5.00.

Blackstone, Mass., Feb. 20.

I bought of you last year my seed Corn for planting, and from one acre of land planted with your Cory sold \$179 44. Can any one go ahead of that for a dry season.

JOHN G. COLCUTT.

Long Island Beauty.

The sweetest large eared, most salable main crop sort.

WOODRUFF'S FIELD AND ENSILAGE CORNS.*Prices on Field Corns are not subject to discount, neither can we pay freight.*

The quality of our field corns is extra nice this season. We are prepared to supply 50 to 100 bu. of a variety at closest possible prices.

Early Eight-Rowed Yellow Canada. (Very early yellow flint.) Per 100 selected ears, \$1.25; qt., 10c; pk., 50c; bu., \$1.60.

Longfellow. Standard large yielding yellow flint. Per 100 selected ears, \$1.60; qt., 10c; pk., 50c; bu., \$1.60.

Sanford. Standard large yielding white flint. Per 100 selected ears, \$1.50; qt., 10c; pk., 40c; bu., \$1.55.

Pride of the North. (Early, small cob, yellow dent). Per 100 selected ears, \$1.50; qt., 10c; pk., 50c; bu., \$1.40.

Early Mastodon. Standard ensilage and main crop, yellow dent. Per 100 selected ears, \$1.50; qt., 10c; pk., 50c; bu., \$1.60.

Improved Leaming. Deep kernel, great yielder, yellow dent. Per 100 selected ears, \$1.50; qt., 10c; pk., 50c; bu., \$1.50.

We can supply all other standard sorts field corn at 50c per Pk.; \$1.50 per bu.; or 5 bu. or over at \$1.35 per bu.

We will sell 5 bushel lots or over of the above varieties, either one or assorted, at \$1.35 per bushel, F. O. B. here; 2 bushel bags, 20c each extra.

Reid's Yellow Dent. One of the deepest grained heaviest yielding sorts. Qt., 10c; peck, 50c; bu., \$1.60.

Red Cob Ensilage. The standard Silo Corn. Pk., 35c. bu., \$1.25; 5 bu. lots at \$1.20; net cash, F. O. B. here; bags 20c each.

Eureka Ensilage Corn. A very large growing leafy stalk sort and one of the best silo corns. Pk., 60c; bu., \$2.00.

Improved Leaming.

Longfellow
(Yellow Flint)

SWEET FODDER CORN.

We can offer a choice lot of Sweet Corn, all large growing varieties, and those who buy a quantity for ensilage generally prefer the Sweet Corn to a field variety. Price per bu., \$1.40; 5 bu. or more at \$1.35 per bu. You will find this a nice sample and the price is very low.

WHITE RICE POP CORN.

The best sort for popping. Pt., 10c; qt., 15c; pk., 70c; per lb. on ear, 5c.

CUCUMBERS.**THE NEW DAVIS PERFECT CUCUMBER.**

The sum and substance of the claims made for the New Davis Perfect Cucumber are that by using this variety gardeners can produce out of doors, cucumbers that will sell in the market for hot-house forcing varieties. As is well known these always bring fancy prices.

Our supply of this seed is very limited. We have seen them personally and see no reason why this sort will not be a most profitable one as it is early as White Spine, very dark green, great yielder and beautiful size and shape. Pkt., 10c; oz., 15c; $\frac{1}{4}$ lb., 45c; lb., \$1.50.

Danbury, Ct.

Your Davis Perfect Cucumbers were the envy of all gardeners who saw them. I had the best garden I ever had in my 30 years' experience, the result of your seeds. They were true to name and money makers for me.

C. H. BRUNDAGE.

NEW DAVIS
PERFECT CUCUMBER

CUCUMBERS—continued.

Tall Mixed. An ornamental climber. Price per pkt., 5c; oz., 10c; ¼ lb., 30c; lb., 80c.

OKRA OR GUMBO.

A vegetable in high esteem for soup or stews. Price per pkt., 5c; oz., 10c; ¼ lb., 15c; lb., 40c.

White Velvet. Pods round, smooth and free from seams. *Dwarf Green.* Very dwarf and prolific.

I will buy more from you this coming season. What seeds I had from you last year were good.

HERBERT E. SNELL, Rockland, Mass.

Rockville, Ct.

I cannot praise your seeds enough. The Davis Perfect Cucumbers were the nicest that ever came to Rockville market.

NATHAN LANG.

Above is samples of the many words of praise about Davis Perfect Cucumber.

Remember we pay freight on cash orders amounting to \$7.00 or over. Also note our discounts on page 1.

ONIONS.

Our greatest specialty is Onion Seed and we have one of the finest crops that we were ever able to offer. We feel that we have a justifiable right to most highly recommend our onion seed as far, yes, very, very far superior to much of the seed on the market.

Franklin Co., Mass., Dec. 4.

Our dealings with your firm have been very satisfactory. Consider your seeds are reliable as any in the market and shall continue to use them. W. L. HUBBARD.

Connecticut is the home of the famous Southport Globe Onions. Our strains of Southport, Red, White and Yellow Globe varieties are unsurpassed. Send to headquarters for pedigree stock.

Southport Red Globe.

Bradstreet, Mass., Dec., 1909.

We give you a few facts in regard to yields from Onion Sets and Onion Seed supplied us the past season. We harvested 8036 bushels Yellow Onions from 300 bushels Sets purchased from you, from 14 acres of ground. The total yield was reduced by the dry weather, which seriously affected the knolls and lighter land.

In regard to yields of Onions from your seed; would call your attention to the Woodruff seed used in 1908 giving an average yield of 925 bushels per acre. The crop this year on same land and same seed used was equally as good. We have used your seed and sets extensively for several years, and it has lead us each year in giving you an increased order.

We have had some experience in storing Onions from your seed and they proved to be good keepers.

For the benefit of any prospective customers, we would state that Messrs. Belden & Sons are one of the largest growers of Onions in the United States, and we would cheerfully refer any prospective customers to them, as to what they think of the quality of our goods and our business methods. There are probably less than one dozen single growers of Onions in the world who produce as many Onions annually as do the above named. We could furnish dozens of similar reports from smaller growers throughout the various onion producing sections in the United States.

PEDIGREE ONION SEED.

We feel justified in claiming for our seed all that can be said about any seed, viz, that it is as GOOD AS CAN POSSIBLY BE PRODUCED. Now the reasons for this claim are these: we grow our onion seed from selected bulbs on our own seed farms. We carefully harvest and cure the seed. We offer it to you direct. The price is as low as we can produce the very best seed. ONCE A TRIAL ORDER ALWAYS A CUSTOMER has always been our motto regarding onion seed.

Do not be tempted to buy onion seed of uncertain quality because it is a few cents less per lb. in price.

WE GROW ONION SEED BY THE TON

WE GROW ON OUR OWN SEED FARMS HERE AT ORANGE, CONN., thousands of pounds of onion seed annually. We do not claim to grow all of the onion seed we sell, for some varieties are grown in other sections of the world better adapted for their particular types, but growing as we do a very large part of our seed, we have a right to claim that it is superior to much of the "cheap" seed on the market.

ONION SEED FOR GROWING ONION SETS.

Extra Early Red Flat and Red Wethersfield at \$1.10.

Yellow Flat Danvers and Yellow Strasburg at 85c.

White Silverskin, White Portugal and White Queen at \$1.65. } Quantities of not less than 50 lbs. only sold at these prices.

No Bennington, Vt., Dec. 14,

Your Onion Seed produced a large crop of No. 1 Onions, 1515 bushels on 2 acres, most of which we sold at 80c. to \$1.00 per bushel, some onions 8 or 9 inches in diameter. G. M. FARNSWORTH.

The seed you sent last year were perfectly satisfactory. Your service is very pleasing to me.

BENJ. RIGHTER, Norwich, Ct.

Mass., Dec., 1909.

The onion sets I got from you last spring did so well that I am pleased to write you about the crop of onions I had from your sets. I raised 12 acres from sets but I only kept track of 4½ acres, one piece 3 acres, the other 1½ acres. These were chain measured.

From the 3 acre piece there were 1931 bu.

From the 1½ acre piece there were 1245 bu. or an average of 706 bu. to the acre. From one particular lot of 100 bu. yellow sets I had from you, I sold 2508 bu. of good onions, 52 lbs. per bu. I have raised onions from sets for 14 years, and this crop beats them all. Your onion seed did very well. It is a good globe shape and a good bright yellow, and produces good large onions. It held out its growth in the field and stood up well. No one will make a mistake to buy their onion seed and onion sets from you.

F. C. KIDDER.

The Early Cracker Onion.

One of the expert onion growers in the Southport, Conn., sections, wrote under date of Sept. 25, the following:

"The Southport White Globe Onion seed I purchased of you last spring proved satisfactory in every respect. The onions grown from it are as good shape as those grown from my own seed, and the vitality of your seed was much better than my own seed."

Our prices are low considering quality of our seed. Give us a trial; we can serve you whether you use 1 ounce or 500 pounds. We have many planters among our customers who purchase annually from 50 to 200 pounds each.

ONION SETS.

Choice Philadelphia Grown Sets.

We Are Headquarters for the East.

No crop the farmer puts in the ground is surer to return a profitable crop than a crop of onion sets. If you set good sound sets and give them good soil and good culture, a fairly good crop is assured.

Markets for past two or three years have been good, and in almost every case crop has been a moneymaker.

I have tried the seeds of almost all the prominent dealers and find that yours do well for me every time, and I recommend others to take yours.

H. F., Plymouth, Conn.

Your seeds gave satisfaction the past season.

J. L. BURKE, Syosset, L. I.

In comparing prices note that we deliver seeds to your station without extra charge, provided your order amounts to \$7.00 or over, where cash accompanies order. Also on \$10 order, we allow 5 per cent cash discount

ONIONS.—Continued.**YOU WILL FIND OUR ONION SETS OF
VERY CHOICE QUALITY.**

Prices are net and subject to advance, and in all probability will be much higher. Order early.

(Add 10 cents per quart if sent by mail.)

IMPORTANT—We Fill All Accepted Orders.

We can supply sets in any quantity from a pint to a carload of each variety, and have them now in storage both at Orange and New York.

Several of our customers reported yields of 500 to 650 bu. per acre from onion sets we supplied them in 1909.

We grew on our farms last season a crop of onions from onion sets that yielded 640 bu. per acre.

Egyptian Top or Perennial onion sets, for fall setting, ready in August and September. Per bu., 28 lbs., \$2.00; 25 bu. lots, \$1.80.

Onion Sets.

Important Notice! Change in Standard of Weight per Bushel of Onion Sets. We have been selling a measured bushel of onion sets heretofore, but owing to the fact that nearly all dealers have now adopted the 32 pound bushel we have adopted the same standard. We shall henceforth ship 32 pounds for a bushel at all times. You will be sure of getting full weight, but 32 pounds actually measures but a trifle over 3 pecks.

Two of the Tools Every Onion Grower Should Own

Universal Onion Drill.

that it is considered the very best drill in use. It sows with great accuracy two rows at a time, 12 or 14 inches apart. Net price, \$7.00.

Meeker Smoothing Harrow.

No one who raises one acre or more of onions can afford to be without this tool. It does away entirely with hand-raking the soil. Upon our own farms we would not be without one for three times its cost. Price \$21.00, or 5 per cent. discount for spot cash.

This is the drill used almost exclusively by onion growers in the Southport, Conn., section, and it is needless to say

PARSLEY.

One of the finest plants for garnishing; used for flavoring soups, stews and salads. Sow as early as possible in Spring in shallow drills fifteen inches apart, raking the soil fine and level on top. Cover the seed one-third of an inch. The plants appear in from two to six weeks. Succeed in common garden soil.

Champion Moss Curled. The standard market sort. Our stock of this is extra double curled and one of the finest stocks to be had. Used very extensively on Long Island. Price per pkt., 5c; oz., 10c; $\frac{1}{4}$ lb., 25c; lb., 65c; 5 lbs. at 60c per lb.

Fern Leaf. Very fine crimped leaves. Price per pkt., 5c; oz., 10c; $\frac{1}{4}$ lb. 25c; lb., 75c.

Plain Leaf. A very hardy variety. Price per pkt., 5c; oz., 10c; $\frac{1}{4}$ lb., 25c; lb., 75c.

Hamburg or Turnip Rooted. As the name implies, the root is the edible portion used for soups. Pkt., 5c; oz., 10c; $\frac{1}{4}$ lb., 20c; lb., 65c.

PEAS.

(Add 15 cents per qt. if sent by mail, for all varieties of Peas.)

VELOCITY PEA.

We head the list of peas this season with this new Extra Early, which we secured during the past summer in England. It is fully one week earlier than Alaska and we advise our friends who wish the earliest pea that was ever grown to secure this variety. Pods about the size of Extra Early, will stand very early planting and is a very prolific cropper. Price pkt., 10c; quart, 40c; peck, \$2.75; bushel, \$10.00.

Peas—Gradus or Prosperity.

NEW PEA, AMEER.

A new pea from England, described by the introducers as follows: "A large podded extra early sort, resembling Alaska. In general appearance the peas and pod, however, are nearly twice as large as Alaska, matures three days later than Alaska."

We have received numerous words of praise for Ameer and strongly recommend it. A very hardy sort; will stand planting much earlier than most other sorts. Per pkt., 10c; qt., 40c; peck, \$2.00; bu., \$7.00; no discount.

I want to tell you those Prince Edward Peas were the best of anything I ever saw; mammoth pods and from 9 to 12 peas in a pod.

J. F. BARNARD.

A WORD ABOUT PEAS.

Unlike onion seed, crop of which was abundant last season seed peas are in very short supply. We have not enough of many varieties to begin to supply our usual demand. Samples, however, on the whole, were never better.

PRINCE EDWARD PEAS.

A brand new large wrinkled sort that we believe will produce the largest best filled pods of any pea in existence. Growth of vine, about 3 to 4 feet; foliage, light green, similar to Telephone; but pods absolutely pure and uniformly of immense size and very dark green. So much trouble has occurred and so many truckers have been disappointed with impure and small podded stocks of Telephone, that we feel in recommending this new sort, we shall make many new friends.

Where a strictly pure large podded heavy yielding sort of splendid quality is wanted, this will be sure to prove most profitable. Pkt., 10c; qt., 40c; peck, \$2.00; bu., \$8.00.

ALDERMAN PEA.

A main crop large podded sort, getting quite popular in some sections. Pkt., 10c; qt., 40c; peck, \$2.00; bu., \$7.00.

Never before have we been able to offer so fine and thoroughbred a stock of Seed Peas as at present. We have exerted every effort in the careful "rogueing" in the field especially of the large podded sorts so that our stocks are purer than ever.

We call particular attention to Sutton's Excelsior Ameer, Gradus, Alderman, Telephone, Long Island Mammoth and Prince Edward.

LAXTONIAN PEA.

A new dwarf extra early that we believe to be the greatest novelty since Gradus was introduced. Very dwarf vine 1 to 1½ feet, pod as large as Telephone. Pkt., 20c; qt., 60c; ½ peck, \$2.00.

Gradus. One of the greatest vegetable novelties introduced during recent years.

Our stock of Gradus Peas is the finest both in sample and purity of stock of any strain we have ever seen. Price pkt., 10c; qt., 40c; pk., \$2.25; bu., \$8.00, cash, no discount.

Thos. Laxton Pea. The growth of this sort is similar to Gradus; pods a trifle darker green, square at the end. Matures two or three days later than Gradus. Price per pkt., 10c; qt., 40c; pk., \$2.00; bu., \$6.50.

PEAS—continued.

Large packets, 10c; 25c per quart for all sorts in following list.

PEPPERS.

Packets of each variety, 5c; 10 packets for 40c, postpaid.

New Neapolitan. The earliest by 10 days of the large peppers, very mild flavor and immensely productive. Peppers grow upright on the plant. Per oz., 30c; $\frac{1}{4}$ lb., \$1.00; lb., \$3.00.

Chinese Giant. A pepper of immense size but greatly overrated in most catalogues. Our trials have shown it a very shy yielder, and we cannot recommend it as having particular points of merit. Oz., 30c; $\frac{1}{4}$ lb., \$1.15; lb., \$3.50.

Bull Nose. A standard heavy yielding, hot flavored sort. Oz., 25c; $\frac{1}{4}$ lb., 75c; lb., \$2.50.

Sweet Mountain. Grows to large size; shaped somewhat like the Bell, but much larger; much used for pickling. The standard market variety. Per oz., 25c; $\frac{1}{4}$ lb., 75c; lb., \$2.50.

Ruby King. Standard market variety, very large fruit and enormous yielder. Oz., 25c; $\frac{1}{4}$ lb., 75c; lb., \$2.50.

Large Squash. Per oz., 25c; $\frac{1}{4}$ lb., 75c; lb., \$2.50.

Cherry Red. A small round variety. Per oz., 25c.

Small Chili. Best variety for pepper sauce. Per oz., 25c.

Long Red Cayenne. Fruit bright coral red. Per oz., 25c.

N. B.—Growers of peppers will do well to try our strain of Sweet Mountain.

Sweet Mountain.

PARSNIPS.

The Parsnip is one of our specialties. We raise annually a great many hundred pounds and our strain is the smoothest and finest in existence.

Long Smooth or Hollow Crowned.

Price per pkt., 5c; oz., 10c; $\frac{1}{4}$ lb., 15c; lb., 50c; 5 lb. lots at 40c per lb.

I was well pleased with all the seeds you sent me last season; the Admiral Dewey Pea cannot be beat; the Long Island Beauty Corn came up and grew fine; the Onion Seeds all came up, I think every seed. All the other seeds you sent me did the same.

W. H. NOTT,

Bristol, Conn., Dec. 14.

All of my seeds gave good results; the parsnip seed was very fine; corn very good.

J. R. C., Wallingford, Conn.

Improved Hollow Crowned.

PUMPKINS.

(Add 8 cents per lb. if sent by mail.)

Large Cheese. Sweet and well flavored. Pkt., 5c; oz., 10c; $\frac{1}{4}$ lb., 15c; lb., 40c.

Winter Crookneck. Old standard sort, good keeper. Pkt., 5c; oz., 10c; $\frac{1}{4}$ lb., 15c; lb., 40c.

Connecticut Field. The common large yellow pumpkin, excellent for stock; very heavy cropper. Price per oz., 5c; $\frac{1}{4}$ lb., 10c; lb., 30c; qt., 20c; bu., \$3 00.

Tennessee Sweet Potato. Medium size, pear shaped. Pkt., 5c; oz., 10c; $\frac{1}{4}$ lb., 20c; lb., 60c.

King of the Mammoth or Genuine Mammoth. This is the largest of all pumpkins, growing to an immense size, three feet or more in diameter, and weighing from 100 to 200 or more pounds. Pkts., 5c; oz., 10c; $\frac{1}{4}$ lb., 25c; lb., 75c.

Small Sugar. A very prolific golden colored sort, averaging about 10 inches in diameter. Pkt., 5c; oz., 10c; $\frac{1}{4}$ lb., 15c; lb., 50c.

Last Spring I bought of you one packet Mammoth Pumpkin seed and it was very late when I planted them. From ONE VINE I got five pumpkins that weighed as follows: 37, 53, 55, 61, 84, total weight from the one vine of 290 lbs. No special care or fertilizer. Three of the largest are now in my cellar.

F. H. KING, Barkhemsted, Ct., Nov. 21.

CAUTION.

During the past two seasons, the price of seed potatoes has advanced materially after Dec. 1st. when this catalogue goes to press. Everything seems to indicate that during the present season the advance will be more marked from this date until spring than ever before. The demand for seed potatoes was never so great, and the supply in Maine, the chief growing section, is unusually small. We cannot guarantee the prices here published for the season and we urge all of our friends to place their orders for seed potatoes with us early and we will protect prices in our catalogue as long as it is possible. We have taken unusual steps to supply our customers with first-class goods this season and we can assure you that your orders will be carefully attended to.

POTATOES.

Each year we try to impress upon our customers the importance of obtaining pure Seed Potatoes, and each year we spend time and money without stint to improve our stocks of Seed Potatoes. We feel doubly paid for our time and money thus spent the past season, because never before have we received so many letters of praise for our seed supplied last Spring, nor have we ever before at this date had so many future orders booked as at present.

HOW WE HANDLE OUR SEED POTATOES.

First. We use great care in selecting our seed stock.

Second. We place this seed in the hands of careful experienced growers who grow the entire product for us in Aroostook County, Maine, the home of the seed potato.

Third. We personally inspect the growing crops in the field and dig out any impure or off-type specimens which may have appeared.

Fourth. We receive the seed potatoes from the growers and store them in bins especially constructed to carry them through the winter without danger of frost or heating.

Fifth. We ship them in heater cars from the cold north to our warehouses at New York and Orange, or if your order amounts to a carload, we will ship direct to you and make you a special price besides for so large an order.

Remember we can supply any quantity Seed Potatoes wanted. It is not at all uncommon for us to deliver 4 to 6 carloads per day from our various distributing points during the busy spring season

This year more than ever we anticipate an unusually heavy demand for the "best seed potatoes that grow." We had tried to plan to meet the largely increasing demand by erecting two new large storehouses at our growing points in Maine, which together with our newly purchased large warehouse at Queens, Long Island, and our ample facilities both at New York City and Orange will enable us to care for all wants in the best possible manner.

VARIETIES OF SEED POTATOES.

Ensign Bagley. We head the list with this most popular sort. Introduced by us in 1899, this potato is now more sought after than any other early sort wherever it has been tried. So great has been the demand for this sort that we last year planted one hundred acres, and the entire product of this crop will be sold by us to market gardeners for seed in this country, in Canada and in England, during the coming planting season. Prices, lb., 15c; pk., 50c; bu., \$1.60; barrel sack, 165 lbs., \$3.75.

Many dealers for the past few years have sold substitutes for this potato as true Ensign Bagley. Buy your seed direct from the originator and insure pure seed.

IRISH COBBLER POTATO.

The wonderful popularity of this potato is due to its white color, round shape, immense productiveness, superior quality. Can anything more be added to make a perfect potato.

Take warning. Place your order for Irish Cobblers before it is too late to secure the pure stock. Price, pk., 50c; bu., \$1.50; bbl. sack, 165 lbs., \$3.50.

IMPORTANT.

We are glad to quote special prices on large lots of seed potatoes. Frequently we are able to make a close price on a carload of potatoes to go to one section. Shall be glad to have our customers write us for prices.

Highwood, Ct., Oct. 25.

From my crop of 2 acres Irish Cobbler Potatoes grown from seed purchased from you I harvested and sold at \$1.00 per bushel, 448 bushels marketable potatoes during the week of July 15th.

D. ZEOLI.

(Pretty good for hard times.)

Photograph of our Aroostook County Maine potato fields, showing sprayer in operation. All our seed potatoes are sprayed to prevent disease, and from the time the seed is planted until delivered to our customers, no expense is spared to give you sound pure seed.

S. D. Woodruff & Sons,

82 Dey Street, New York.

England, Nov. 1.

Gentlemen:—Notwithstanding the unusual interest taken in varieties of seed potatoes throughout Great Britain during the past two or three years, and the extreme prices paid for new varieties, we have to say that the Ensign Bagley we have received from you for past two years has taken a deserving place at the top as one of the heavy yielding pure white sorts of splendid quality, the quality being a particular point in this country. C.

Following general list of pure Maine seed potatoes we offer F. O. B. at nearest point, viz., New York City, Queens, Long Island, Orange, Conn., or at growing point Aroostook County, Maine. All Canadian shipments are shipped from growing point Maine.

SPINACH.

We are headquarters on Spinach Seed, and supply annually the most critical customers. Buying as we do in such large quantities we are enabled to sell at corresponding low figures

We offer the following standard varieties, all of very best stocks, at the following uniform prices: Per oz., 5c; $\frac{1}{4}$ lb., 10c; lb., 30c; 10 lb. lots at 20c; 50 lb. lots and over at 14c lb.

(Add 8 cents per lb. if sent by mail.)

All following best imported stock.

Round Thick Leaf. One of the very best for early Spring and Fall sowing.

Norfolk Savoy-Leaved. (Bloomsdale). Curled and wrinkled like the savoy cabbage. (Imported seed.)

Giant or Monstrous Viroflay. Leaves very large.

Long Standing. Does not run to seed as quickly as some of the other varieties.

Long Seasons. A new decidedly meritorious sort for summer use.

New Victoria. A new, very long standing sort.

New Zealand For summer use. Oz., 10c; $\frac{1}{4}$ lb., 25c; lb., 60c.

American Grown Bloomsdale Savoy. To supply the demand for new crop spinach seed for sowing same year seed is grown, we have this variety grown in America as well as abroad. We offer the new crop seed ready for shipment Aug. 15 to 20th, lb., 25c; 10 lbs. at 20c; 100 lbs. at 18c.

Norfolk Savoy Leaved.

SALSIFY OR OYSTER PLANT.

Sandwich Island Mammoth Salsify.

Mammoth Sandwich Island. This variety originated in the Sandwich Islands; of enormous size, more than double the size of the ordinary kind. Roots grow long, large, smooth and white, and of exceedingly tender quality. Price per pkt., 5c; oz., 15c; $\frac{1}{4}$ lb., 30c; lb., \$1.00.

SQUASH.

Pkts., each sort, 5c. Ounces, each sort, 10c.

Summer Crookneck. Standard summer sort, $\frac{1}{4}$ lb., 20c; lb., 60c.

Giant Summer Crookneck. Larger than above; $\frac{1}{4}$ lb., 20c; lb., 60c.

White Bush Scallop. White and flat, with scalloped edges; $\frac{1}{4}$ lb., 20c; lb., 60c.

Mammoth White Bush Scallop. Large fruited, 10 to 14 inches in diameter; $\frac{1}{4}$ lb., 25c; lb., 70c; 5 lbs. or more at 60c lb.

Boston Marrow. Bright orange color, standard sort. Per $\frac{1}{4}$ lb., 20c; lb., 50c.

Hubbard. Hard, dark green, excellent quality. Per $\frac{1}{4}$ lb., 20c; lb., 60c.

Warted Hubbard. Long keeper. Per $\frac{1}{4}$ lb., 20c; lb., 60c.

Golden Hubbard. Orange yellow, fine keeper. Per $\frac{1}{4}$ lb., 20c; lb., 65c.

SUNFLOWER.

Yankee ingenuity has led some to use the tall sunflower stalks for bean poles. Excellent also for parrot food.

Mammoth Russian or Large Grey Seeded. Price per pkt., 5c; qt., 15c; pk., 60c; bu., \$2.00.

H. Clay Smith, 32 Ashley Ave., Chicopee, Mass., writes: "Your seed thus far has proved fine in fertility, never having seed come up so good."

SWEET, POT AND MEDICINAL HERBS.

Every garden should have its complement of Sweet Herbs. We can all appreciate their utility, both for summer flavoring, and their opportune use medicinally. Their culture is so easy that none ought to be without them. Sow the seed in pan or seed bed in early spring, transplant as soon as weather will permit. Cut them when not quite in

full bloom and hang in shady places to dry. Pack away in box entirely excluded from the air.

TOMATO.

Another most important item with us is the Tomato and on account of the superiority of our strains our trade has grown rapidly, which is evidence of the splendid results attained by our trade.

A. D. Van Antwerp, Syracuse, N. Y., writes Sept. 30: "Your Earlibell Tomatoes are all harvested and a fine crop of them. I have just picked the last bushel of ripe ones and if the season lasts I will have another crop as they are full of green ones now."

June Pink. A new extra early pink colored sort, introduced by a Philadelphia house last season and said to have gained a great reputation for extra earliness, yield and smooth, handsome fruits. Pkt., 10c; oz., 50c; $\frac{1}{4}$ lb., \$1.25; lb. \$4.00.

Earlibell Tomato when known will surpass in popularity and demand the Earliana. It is an extra early sort the fruits of which are larger and smoother than Earliana and a marked advantage over that popular sort that it will continue bearing much longer. Pkt., 10c; oz., 50c; $\frac{1}{4}$ lb., \$1.50; lb., \$5.50.

Montowese, Ct., Aug. 2nd.

I have been picking Earlibell tomatoes since July 15th and getting \$1.75 and \$2.00 per half bushel basket; they beat Earliana or any other early sort I have tried.

MIKE PACELLI.

PICKLING VARIETIES OF TOMATOES.

Yellow Plum, Red Plum, Yellow Cherry, Red Cherry, Yellow Pear, Red Pear. Price of each per packet, 5c; ounce, 30c.

S. D. WOODRUFF & SONS:

Dear Sirs:—The Woodruff's Beauty Celery Seed I purchased of you last season was the best stock of green celery I ever grew. I am planning to plant ten acres of this Woodruff's Beauty next season. There was no mixture at all in it and every stalk was hard and solid, and I marketed some of it as early as July 1.

Allendale, N. J., Dec. 1.

HENRY APPERT & SONS.

Dear Sirs: From $\frac{1}{2}$ lb. of New Stone Tomato purchased of you this season I made a profit of over \$500. Book me for 1 lb. for next season and give me the same strain of seed.

Queens Co., L. I., Dec. 1.

JOHN J. WAGNER, JR.

TURNIPS.

(Add 8 cents per lb. if sent by mail.)

The turnip is so commonly cultivated and so widely known that we will not describe in detail the several varieties. We produce nearly all our own turnip seed, and can vouch for its purity and trueness of stock.

All varieties 5c per oz.; 15c per $\frac{1}{4}$ lb.

WHITE FLESHED SORTS.

	lb.
<i>Breadstone or Budlong</i>	.50
<i>White French</i>	.45

(Five lbs. of one or assorted varieties at 5c per lb. less than above prices.)

Seymour, Ct., Nov. 25.

From 1 acre and 3 rods of ground sowed with your Long Island Ruta Baga turnip seed in drills, I harvested 1,200 bu. turnips. The only fertilizer I used was $\frac{1}{2}$ ton Woodruff's Home Mixture that cost me \$15.00. Not a forkful of stable manure. This is what I call a satisfactory crop. I sold all but 100 bu. of them at 50c per bu. Those I fed out as they were too large for market.

JAMES BRENNAN.

Don't Forget Woodruff { Orange, Ct. Seedman { New York.

Any letter addressed simply Woodruff—Seedman, Orange, Ct., or New York will be sure to reach us.

DON'T FORGET YOUR NAME AND POST OFFICE.

Many orders come each year with either name or Post Office omitted. This leaves us entirely helpless to ship goods until a second letter of "complaint" arrives.

GRASS SEEDS. SPECIAL ATTENTION.

In order that we may be absolutely certain that the Grass Seeds we send out this season are the very best obtainable we sell the important items of Timothy and Clover with a purity as determined by U. S. Government test. Our customers can be assured therefore that they are getting the highest grade and purest seeds it is possible to produce.

Choice Timothy, 99% pure, per lb., 10c; bu. of 45 lbs., \$3.00.

Prime Timothy, guaranteed 98% pure, price per lb., 8c; bu. of 45 lbs., \$2.75.

(You will note that both above grades are extra pure.)

Medium Red Clover. Choice, 99 $\frac{1}{2}$ % pure, per lb., 18c; per bu. of 60 lbs., \$10.00.

Mammoth Red Clover. Choice 99% pure, per lb., 20c; bu. of 60 lbs., \$10.50.

Alfalfa or Lucerne Clover. Price per lb., 20c; per bu. of 60 lbs., \$11.00.

BUCKWHEAT.

Japanese. Large grained, immense yielder. Per bu., \$1.60.

5 bu or over, \$1.50 per bu.

JAPANESE BARNYARD MILLET

(*Panicum Crus Galli*.)

This wonderful and valuable new forage plant was introduced in this country by Professor Brooks of the Massachusetts Agricultural Experiment Station. It has proven an enormous yielder in all sections of the United States where tried—hay and fodder of the most excellent quality growing on any soil, yielding 12 to 20 tons per acre, and growing 5 to 8 feet in height. Cattle and horses eat it greedily. Sow in May and June broadcast, 20 to 32 pounds per acre, or in drills, 20 lbs. per acre. Prices. lb., 15c; (by mail, postpaid, lb., 25c); 10 lbs., \$1.20; bu. of 32 lbs., \$1.80, by freight or express.

LAWN GRASS MIXTURE.

Our Lawn Mixture is composed of the finest recleaned grass seeds (not of the cheap light chaff, weighing but 15 lbs. per measured bushel as put up by most seedmen.) Our Lawn Grass Seed weighs about 20 lbs. per measured bushel.

THE QUANTITY REQUIRED.

The quantity required for making new lawns is 4 bushels per acre, or for renovating old lawns, 1 to 2 bushels. For a plot 15x20, or 300 square feet, 1 quart is required for new, or 1 pint for renovating old lawns.

Prices, 20c per qt.; \$1.20 per pk.; \$4.00 per bu. If by mail, add at the rate of 5c per quart for postage.

Grafting Wax. Price per $\frac{1}{4}$ lb., 10c; $\frac{1}{2}$ lb., 15c; lb., 25c.

BARLEY. BARLEY. BARLEY.

We are headquarters for Barley. For sowing for a forage crop is being used very extensively. The early frost does not kill it and it can be pastured clear into the winter. If cut in September it makes good hay. Price per bu., \$1.50; 5 bu. lots at \$1.45 per bu. White Canada Field Peas in 5 bu. lots at \$1.75 per bu.

Prices on all above Field Seeds, Millets, etc., are subject to market fluctuations, and net cash, no discounts.

Lincoln Oats.

FLOWER SEEDS.

SPECIAL COLLECTION OFFER.

For 25c we will mail to any address, postpaid, flower seeds to the amount of 40c. For 50c we will mail to any address flower seeds to the amount of 90c. For \$1.00 we will mail to any address flower seeds to the value of \$1.75. All of the above offers are net, not subject to any other discounts offered. A very slight money expenditure in flower seeds and a small patch of ground worked with perseverance will give to the agriculturist more satisfaction and delight to the square inch than any occupation of which we know.

Liberal packets of all flower seeds listed 5c where not otherwise priced.

Cherries. Black Tartarian, Black Ox Heart, Gov. Wood (red), Large Montmorency (red), Napoleon (red and white), Schmidt's (black), Spanish (yellow), Windsor (red). First-class trees, 5 to 7 feet, each 50c; doz., \$5.00.

Peaches. A few of the hardiest varieties, of good quality, most reliable for New England, ripening in order named. First-class trees, 4 to 6 feet.

Try our nursery stock. Nearly everything offered is home grown stock, fresh dug to order, and sure to live. Note our low prices.

SMALL FRUITS—continued.

Waddell (white), Triumph (yellow), Carman (white), Mt. Rose (white), Champion (white), Early Crawford (yellow), Reeves' Favorite (yellow), Elberta (yellow), Old Nixon (white), Late Crawford (yellow), Fox Seedling (white), Stump (white). All freestones. Each, 15c; doz., \$1.50; 100, \$8.00. First-class trees, 9-16, 4 to 6 feet.

Pears. Following list comprises the standard sorts to be depended upon in this climate. First-class trees, 5½ to 7 feet. Wilder, Clapp's Favorite, Bartlett, Sekel, Vermont Beauty, Sheldon, Buffam B. D'Anjou, Clairjeau, Kieffer, Lawrence; 40c each; doz., \$4.50.

European Plums. Lombard, Shropshire, Damson, Bradshaw, Reine Claude, German Prune. Standard trees, 5 to 7 feet; each, 40c; doz., \$4.50.

Japanese Plums. Abundance, Burbank, Chabot, Satsuma, Wixon, Red June; 5 to 7 feet trees; each, 40c; doz., \$4.50.

Grapes. We have selected six varieties to be depended on every season in our New England climate to furnish an abundance of fruit of desirable quality.

Brighton (red), Concord (black), Delaware (red), Green Mountain (white), Niagara (white), Worden (black). One vine of each of above six varieties. \$1.00; Green Mountain alone, 50c; other varieties, 15c. All sorts \$1.50 per doz., except Green Mountain, \$3.00.

Quinces. Orange and Champion. First-class trees of either variety, 40c each.

Apples. Ripening in order named:

SUMMER. Sweet Bough, Red Astrachan, Early Harvest, Golden Sweet.

AUTUMN. Gravenstein, Maiden's Blush, Fall Pippin, Wealthy.

WINTER. Bellflower, Rhode Island Greening, Talman's Sweet, Northern Spy, King, Hubbardston, Sutton Beauty, Baldwin, Roxbury Russet.

Trees are 5 to 7 feet and first-class. Price, 25c each; \$20.00 per 100.

PARIS GREEN.

Strictly pure, per lb., 35c. Write for prices in quantity.

Hot Bed Sash. Standard size 3x6 feet. Price \$2.50 each; in lots of ten or more at \$2.40 each; fully glazed. Hot-Bed Sash, unglazed and unpainted, \$1.15 each. In lots of ten or over, we will deliver, freight paid, to any R. R. station in Connecticut or Massachusetts.

PALMER'S FROST-FROOF HOT-BED MATS.

Made for winter covering of hot-beds, cold frames, plants and seeds of all kinds.

Indestructible, Cheap and Warm, Will not harbor mice or vermin. Easily handled. Dry out quickly after rain. Have now been in practical use for five years. Cost less than old-fashioned straw mats and entirely take their place.

MADE IN FOLLOWING GRADES:

No. 1—Burlap Cloth. Filled with combination wool and quilted; seams 3 inches apart and edges firmly bound. Size 40 x 76 inches, 85 cents each; 76 x 76 inches, \$1.20; 76 x 84 inches, \$1.35 each. Made any length, 76 inches wide, 20 cents per running foot.

No. 2—Duck Cloth outside, filled and quilted same as No. 1. Size 40 x 76 inches, \$1.25 each; 76 x 76 inches, \$1.50. Made any length, 76 inches wide, at 25 cents per running foot.

Palmer's Hot-Bed Mats

IMPORTANT.—If you are interested in fertilizer and have the cash to pay for it you should read every word on the last 2 pages. We are not looking for the trade of those who want credit on fertilizer. We could not offer the value we do if we were obliged (as nearly all fertilizer dealers are) to take losses in bad bills and then force those who do pay for it to pay profits sufficiently large to make good the losses.

Concord Grape
The Old Standby.

WHAT SOME FEW OF OUR CUSTOMERS SAY OF ENSIGN BAGLEY POTATOES

The Ensign Bagley Potatoes I bought of you last spring gave good satisfaction, all you claim for them and more, both in yield and quality; have always found your seeds reliable.

S. G. YOUNG, Voluntown, Conn.

I will say your Ensign Bagley potato was fine, the best I have ever had; and Admiral Foote are fine also.

W. M. EMERSON, Concord, N. H.

The Bagley potatoes have been fine. None are earlier around here.

A. H. JOURDAN, Grafton, Mass.

I am very well satisfied with your seeds. Shall buy more extensively another year. I think very high of your Bagley and Foote potatoes.

J. F. CROWELL.

ENSIGN BAGLEY POTATO.

We continue to give this most desirable and valuable potato a prominent place, notwithstanding we introduced it several years ago and it can no longer be classed as a novelty. We have made so many good friends, however, by the influence and merit of this potato that we are naturally still enthusiastic regarding it.

**We want 1,000 new Customers for Ensign Bagley
In 1910.**

Any novelty that has particular merit is profitable to both buyer and seller alike; for a customer that is specially pleased invariably proves an advertiser for any business.

Ensign Bagley is a second early main crop pure white oblong shaped sort of splendid quality and great yielder. What more favorable can be said of any potato. Lb., postpaid, 15c; peck, 50c; bu., \$1.60; bbl. sack, 165 lbs., \$3.75. If you order 1 peck or 25 barrels, you cannot make a mistake.

Note again the high valuation of Woodruff's Home Mixture.

*Station's report for 1909 had not been issued when this catalogue was printed.

WOODRUFF'S HOME MIXED FERTILIZERS.

WE have mixed our own fertilizer for use on our extensive seed farms for the past few years and cannot too strongly recommend this method of buying fertilizers. The successful results we have obtained from using Woodruff's Home Mixture on our own farms has induced us to offer these goods at a reasonable price to the dozens of our customers who quickly see the extra value offered. The fertilizer we offer is in every respect the same as we use on our own extensive seed farms, is made from strictly high-grade chemicals and mixed by ourselves. We buy these chemicals in 50 to 100 ton lots for spot cash, and by so doing we are enabled to sell a strictly high-grade fertilizer at a much lower price than the same quality can be purchased from manufacturers of ready mixed fertilizers.

We Call Special Attention to Any Report of Conn. Agricultural Experiment Station, For Past 5 Years.

On the opposite page we reproduce from Connecticut Agricultural Experiment Stations report results of the first and best 17 fertilizers which were analyzed. There are 76 other Nitrogenous Superphosphates listed in the report, a copy of which will be mailed to any one who drops a card to the Station at New Haven, Conn. The difference between cost and valuation grows greater on each below the list on opposite page until the last one Station number 19035 shows cost \$30.00 per ton, valuation \$13.44 or in other words the purchaser of this last pays 106 5-10 per cent. more than he gets value for. It is wasteful and absurd to pay such a price for such poor value.

We offer the following formula :

Ammonia,	4%	Spot cash price,	per 100 lbs. \$1.70
Available Phos. Acid,	8%	\$30.00 per ton,	per 500 lbs. 8.00
Potash,	8%	F. O. B., Orange, Ct.	

If you compare this formula at this price with any standard goods. you will be able to judge of the great saving in price by using our Home Mixture.

Danbury, Ct., Nov. 28.

I have used Mapes', Bradley's, Swift's, Bowker's and Stockbridge fertilizers, but, using them side by side, your brand gave me the best results.

I consider \$30.00 worth of your brand will go as far as \$40.00 will with any other make that I have used. I depend on commercial fertilizers to raise my crops and I raise acres of vegetables every year. After careful study I shall use 90 per cent. of your brand, but shall continue to make tests each year.

Wishing you success.

Truly yours,

C. H. BRUNDAGE.

We offer following high grade chemicals F. O. B. cars, Orange, Conn, to those who wish to mix their own fertilizer; we recommend, however, our customers to use our Home Mixture as our facilities for handling and mixing are such that we do it at a minimum cost.

Muriate of Potash in original sealed bags of 224 lbs. each @ \$2.30 per 100 lbs.

Nitrate of soda in original bags, about 225 lbs. each, @ \$2.75 per 100 lbs.

Animal Tankage, guaranteed 7½% Ammonia, @ \$1.80 per 100 pounds.

Acid Phosphate, guaranteed { 25% Bone Phosphate of Lime } @ 75c. per 100 lbs.
{ 14% Available Phosphoric Acid }

All the above prices are for cash with order or before shipment. These offerings will not appeal to the planter who expects 8 months or 1 year's time in which to pay for his fertilizer, but for the buyer who can pay cash we believe they will be attractive. We can almost always ship on the day order is received.

S. D. WOODRUFF & SONS

~ SEEDS ~ OF QUALITY

Woodruff's Beauty Celery.

The very best green celery in existence either for private house use or for market gardeners for many reasons, grows medium size, blight proof, splendid keeper, and finest flavored of all. We have this year, we hope, enough of the seed to supply the demand. Pkt., 10c; oz., 60c; $\frac{1}{4}$ lb. \$1.75; lb, \$5.00.
