Mail Order Price List for Spring, 1910, of

Stark Bro's Nurseries & Orchards Company

CAPITAL STOCK, \$1,000,000.00—PAID UP

General Offices: Louisiana, Missouri, U. S. A.

BRANCH NURSERIES: Portland, N. Y., Dansville, N. Y., Starkdale, Mo., Fayetteville, Ark., Perry, Ohio, Rockport, Ill., Marionville, Mo., Huntsville, Ala., Rolla, Mo., Twin Falls, Idaho (Snake River Valley Nursery), Hamilton, Mont. (Bitter Root Valley Nursery), Wenatchee, Washington (Columbia River Valley Nursery).

Main Packing Houses and Shipping Stations at Louisiana, Missouri, on Chicago & Alton and Chicago, Burlington & Quincy R'y's.

STARK TWELVE CHALLENGE POINTS

We pay freight on everything as priced herein, to any R. R. Station in United States and to the U. S. line on shipments to foreign countries on orders of \$10.00 or over—all cash before shipment.

We also pay freight on orders amounting to \$10.00 or more where one-fourth or more cash is remitted with order, balance to be paid on arrival.

We Box and Pack Free—bear cost of boxes, bales, moss, fibre, etc. Expensive, but good packing pays—pays customer, pays us.

Paper line all boxes at all seasons—another costly item, but it is safe-guard against both drying out and freezing.

Guarantee Safe Arrival—orders lost or spoiled in transit we refill free.

Replace any trees which may fail to live at one-half the current "Each" price, provided trees have been properly planted and cared for.

Give buyer his choice of sorts. If requested, we make selections, using our best mind and experience in his interest.

Give wholesale prices, and ship direct. Ours are the lowest priced Nurseries on Earth for Sterling Quality

trees of best varieties. Sent world wide during more than 84 years.

Give 30 trees of one variety at the 100 rate; 300 of a kind (as 300 Apple or 300 Plum, etc., not less than 10 of a variety) at the 1000 rate; over 10 and less than 30 at 10 rate. Less than 10 always at each rate. Please note where no 1000 rate is quoted that 100 rate governs.

Guarantee trees true to name, and use utmost care to avoid mistakes, but should any prove untrue to label we will, upon proper proof, replace the trees free; but are liable no further. Our just and liberal dealing during 85 years is our chief guaranty to customers.

We attach Entomologist's certificates to all shipments. Our Nurseries have been annually inspected and found free from San Jose scale and other injurious insects and diseases.

Guarantee trees of highest quality—you can't get better anywhere at any price. Stark Trees are grown to last and bear the best fruits known. Young, healthy, thrifty 1 or 2-yr. stock, even if a small size, is very different from small, old, rough, stunted trees culled from 4 and 5-year blocks. Remember these guarantees are worth something—backed by a record of 84 successful years in business.

We uniformly tie trees in bundles of 10; Grape Vines and Small Fruits in bundles of 25; and as unbroken bundles are handled at less expense we can thereby offer these unusual concessions.

Three sizes of 2-yr. fruit trees are made in our packing cellars; XXX is the size sure to please. XX size exceeds "1st-class" of some nurseries. Each size is first-class of that size; no second class, defective or cull trees go in any size; but to the brush pile.

EXAMPLE: In an order for 320 Apples—100 Black Ben XX, 2-yr., 80 Delicious 3 to 5 ft., 1-yr., 120 Jonathan XX, 2-yr., and 20 assorted (1, 2, 4, 7, etc., of a sort), latter 20 will go at Each rate, the 300 at 1000 rate.

Different kinds, as 150 Apple and 150 Plum, cannot be taken together to make up 300 so as to obtain 1000 rate.

Our 1-yr. trees are graded into two sizes—3 to 5 ft. and 2 to 3 ft. Each size full and strong; our 2 to 3 ft. size equals the largest 1-yr. of many nurseries.

25% Discount to Mail Order Buyers

Will be allowed from the prices quoted in this list, for prompt and direct orders—all cash before shipment.

This price list together with the discount is our only salesman in your territory, but it opens the way for every tree planter to secure Stark Sterling Quality trees at the lowest possible price.

Bear in mind that in addition to this 25% discount we box free and prepay freight. Also keep before you the fact that we guarantee safe arrival, and give liberal premiums.

Mr. T. H. Todd, Treas. of the Mo. State Board of Horticulture, read a paper at the annual meeting of the Board at Columbia, Missouri, January 5th to 8th, 1909. Mr. Todd visited the great fruit regions of the west—Washington, Oregon, Colorado, etc., in the interest of the fruit growers of his state. This trip is a part of the program of the Mo. State Board of Horticulture to get the fruit growers of Missouri on a better paying footing, by taking advantage of experience of the most successful fruit growers in the world. There are great things ahead for the fruit growers throughout the country if they will grow popular varieties and will give their orchards intelligent care. We give here a few extracts from his paper; and remember apples are much higher this year. Delicious sold in Chicago at \$10 per box.

"The writer visited the western orchard districts this past season. While there, Ben Davis, Mo. Pippin and varieties of that grade were selling at 50 cents to 60 cents per box on the track; Winesap, Winter Pearmain, Chicago, Gano, Rome Beauty and Sncator were bringing from 75 cents to \$1.30 per box; Jonathan, Stayman Winesap, Ark. Black and other varieties of this class were sold at \$1.40 to \$1.60 per box; McIntosh Red, King David and Spitzenburg \$1.50 to \$2.00 per box; Delicious was bringing most any price they would name and a carload of this variety sold at \$5.00 per box. On the Chicago and eastern markets this season Delicious were selling at 25 cents apiece.

"In my possession are letters from New York, Pittsburg, Philadelphia and Dallas, Texas, stating that small packages of apples are being used, as small as one dozen in a box, and selling at the price of \$1.00, \$1.25 to \$1.50 per package. These apples were packed in different states and were fancy varieties, such as Jonathan, Winter Banana and Delicious.

"I found Stayman Winesap the largest deep red apples I have ever seen growing. The trees are very fine, able to hold up the heavy load of apples they bear. King David is a very fine tree; they should be called King for their appearance.

"In Mr. Vanderbilt's orchard in the Hood River Valley, I noticed Delicious trees loaded with fruit. As much can be said for the tree as can be said for the apple.

"While there will always be a place for varieties of the Ben Davis family, in my judgment we have enough planted and it has been suggested that we begin to reform in our choice of sorts by selecting only such varieties as are suitable for fruit stand and table use. We must do this to supply the demand of the trade. People are begging for good eating apples; they do not inquire about the price as they do about quality. When people of this class purchase fruit and are pleased with its eating qualities, they feel that their money has been well spent and they will buy more."

Opinion of a Master Printer.—Admiring good work from any source as I do, and having been deeply interested in color printing for half a generation, I cannot but be enchanted with the two apples shown in the insert which the December Fruit-Grower carries. I am wishful to have a set of flat proofs of all this series of color plates, some of which I saw going through the Beck Engraving Company's works some weeks ago. If I might have such a set I will frame them and put them up in the corridor of the Mount Pleasant Press, with credit to you and the engraver and the printer, for we do very much like to have good work from any source for our people and our visitors to see.—J. Horace McFarland.
