FOR SAN FRANCISCO AND VICINITY

To my Customers and Friends—

In presenting my price list for 1910, I take advantage of the opportunity to thank my customers for past favors and hope for a continuance of same.

In comparing my prices with Eastern prices you will find mine in some instances a shade higher, but they are well worth the difference as you will perceive after the first order. My plants can also in most cases be safely sent by freight, which enables me to leave most of the earth-balls on them there being consequently no check in the growing after they are potted up.

Having again enlarged my establishment I am better able to fill all orders with which you may favor me.

TERMS OF BUSINESS: Orders from unknown correspondents must be accompanied by CASH, or satisfactory reference must be given. If plants are to be sent C. O. D., a partial remittance must be forwarded with order to guarantee acceptance. Remittances may be made by registered letter, P. O. Order, Express Money Order, or Check payable on any San Francisco Bank.

Packing and Cases are furnished free of charge and goods are delivered free on board of cars or boats in San Francisco.

All plants are sent without pots unless otherwise ordered, when charges will be made for cases and packing at cost price.

When ordering, please state whether goods are to be sent by Mail, Express or Freight.

I warrant all plants sold by me to be true to name, and in healthy growing condition at time of shipment, but am not responsible for any damage or loss that may occur while in transit, nor do I assume any responsibility in regard to purchaser's success in cultivation of plants.

If any errors should occur please notify me at once, and I will make such correction as shall prove satisfactory.

I cordially invite you to visit my Greenhouses to inspect the stock. To reach Nursery, take electric car for Ocean View, or Southern Pacific trains for Ocean View.

F E R N S

Adiantum Cuneatum Roenbeckii

A great improvement on the old Cuneatum, growing erect with very long fronds. Fine for cutting. I can recommend it specially as a winter grower.
