SEEDSMAN

342 WEST 14th ST., NEW YORK

BODDINGTON'S BULBS BLOOM

Important to our Customers. When we buy **HOLLAND BULBS**, we buy what is termed **FLORISTS' STOCK**, not **SEED-HOUSE STOCK**. There is a difference

OUR TERMS

Prices named herein are subject to the following discounts: Five per cent allowed, to be deducted when cash accompanies order. To customers of approved credit, accounts are payable sixty days from date of invoice, except where special prices and terms are arranged for. Grass, Grain, Clover Seed, Implements, Fertilizers and Insecticides are subject to no discount whatever, but are strictly net cash.

Change in Duty

The new tariff bill recently passed in Washington has cheapened the higher priced bulbs and increased the cost of the cheaper varieties, while some remain the same. In all cases we have given the purchaser the benefit.

ORDERS are filled promptly upon receipt, or a reason given with acknowledgment of same. Note below when the different kinds are ready.

PRICES. As it is impossible to predict the exact demand, our prices are made subject to change without notice, and goods being unsold when order reaches us. We, however, carry very large stocks, and, if orders reach us in good season, full satisfaction may always be expected.

C. O. D. orders can be sent only by express. Such orders must be accompanied by a remittance in part payment, to guarantee charges.

Months of the year at which the different bulbous stocks are ready for shipment and delivery.

LILIES

LILIUM HARRISII (True Bermuda Easter Lily)

Boddington's Quality Brand Pure Harrisii

We do not know of a firm that pays a higher price for select **Harrisii** bulbs than we do. Our grower is more careful in regard to **eliminating mixed hybrids and diseased bulbs**, and customers can rely upon our stock as being as free from "rogues" and diseases as any stock placed upon the market. **Do not be swayed by price when buying Lilies; it is poor economy.** Remember we can supply cheaper stock if desired, but it is entirely without our recommendation. **We do recommend, honestly, however, our "Quality" Harrisii, and all other goods enumerated in this catalogue.**

SELECT NAMED DUTCH HYACINTHS

Don't be misled by low offers and cheap prices if you are looking for results

We buy only the very best goods in the following. Intending purchasers can rely upon all bulbs being thoroughly ripened, fully up to specified size and "quality" and true to name. We offer four sizes—Top-root, First, Second and Named Bedding. These are Holland Standard sizes. We do not buy seconds and send out as first size, and named bedding and send out as second size, which device is usually practiced by firms who make ridiculously low prices. You can rely upon our goods.

Forcing Hardy Roses, Ramblers, Etc.

The right time to buy Roses is when they are fresh and well ripened. Roses potted up in the fall or late winter become better established and force better, and are far more satisfactory in every way, and you can retard or force at your leisure. We recommend the American-grown "Ramblers." Don't attempt to force imported Ramblers; the general experience is that they are failures.

Something New in Roses for Florists HALF STANDARD BABY RAMBLERS

These are Baby Ramblers, grown on stems or standards about one and a half feet high, and will be a novelty for your trade you cannot profitably overlook. Easily forced. They are offered in the following varieties:

BABY DOROTHY (Half standard). Deep pink. 40 cents each, \$4.00 per dozen, \$30.00 per 100.

BABY RAMBLER (Half standard). Crimson. 40 cents each, \$4.00 per dozen, \$30.00 per 100.
