MARK W. JOHNSON SEED CO.

35 South Pryor Street

ATLANTA, GEORGIA

OLDEST SEED HOUSE SOUTH

Corn is King! The great improvement in Corn (*Indian Maize*) and the advance in price, seem to crown it the King of American Field Crops. The following are very fine and reliable types of Georgia grown, heavy yielding varieties for main field crops. These varieties when planted in March, April and May are matured for harvest in September, October and November.

CHESHIRE'S LARGE WHITE MAMMOTH

Originated by Mr. N. H. Cheshire, one of our best and oldest farmers. Has very large, heavy ears, average $1\frac{1}{4}$ lb. to ear, mostly 18 rows, medium large white deep dented grains, on medium size cob, 10 to $10\frac{1}{2}$ in. long; stalks profusely loaded with fodder, grow 15 to 18 ft. high, lifting the ear 8 to 10 feet above the ground; makes excellent meal and grist. 50 ears shelled a bushel, a firm gourd seed grain. Will yield a greater tonnage of silage per acre than any other corn we have ever seen. Supply limited. Price \$1.00 per peck. \$4.00 per bushel.

BROGDEN LARGE WHITE

Firm deep red grain long heavy ears, $10\frac{1}{2}$ to $11\frac{1}{2}$ inches long, weighing $1\frac{1}{4}$ pounds, 18 rows, grows usual height. Price, ears 25 cts. by mail, \$1.00 dozen by express. Peck \$1.00. Bushel \$4.00.

Hembree White Field.

This is the ideal family corn, the prettiest and most symmetrical ears we have ever seen averaging 9 in. long. 18 to 22 rows, over 1,000 grains to the ear, narrow deep solid grains, with no black heart, one of the best keepers and weevil resistant, grows usual height, unsurpassed for meal and grist. Price ears or shelled \$1.00 pk, \$3.00 bu. Ear by mail 25c.

CATALOGUE OF GARDEN, FIELD AND FLOWER SEEDS

Also Fruit Trees, Tree Seeds, Fertilizers, Roots, Plants, New Fruits, Etc.

Reliable Standard Seeds which will pay you to plant. We also offer a large and varied assortment of Grass Seed, Clover Seed, Cotton Seed, Seed Wheat, Oats, Barley, Rye, Field Corn, Field Peas, Sweet Potatoes, Onion Sets and Tobacco Seed in their season.

Our New Early Sweet Potato.

The Myers Early

THIS is one of the earliest Sweet Potatoes grown, and one of the best in quality. Is ready to gather in 90 days from planting slips. Can be planted as late as August, and will mature before frost in Georgia or any Southern State.

Vines deep green, very large and heavy. Potatoes large, skin golden yellow, flesh reddish yellow, of fine flavor and sweet; good keeper and very productive, Supply limited. Price per pound by mail, 25 cents, 4 pound package 75 cents. By express or freight, buyer to pay charges, 1 pk. 60c. half bushel \$1.00, 1 to 10 bushels \$1.50 per bushel, 10 bushels and over to one address \$1.25 per bushel. We advise shipments by express, as freight is slow and uncertain. Can only ship after frosts are over.

FARM BOOKS

Will teach you in a pointed and direct manner how to plant everything in the garden or on the farm. We furnish every book the farmer or gardener may need, concerning the farm, orchard, vineyard, flower garden, vegetable garden, live stock, poultry, bees, or on buildings at publishers' prices.

FORTY YEARS IN BUSINESS.

Terms Strictly Cash

PRICES:

Our Prices are placed as low as the Best Quality
of Seeds can be Sold. ∴ ∴ ∴ ∴

Prices Subject to Change Without Notice.

Remit by P. O. Money Order or Express Money Order, Registered Letter, Express or Bank Check on New York. All sums under 50 cents may be sent in one and two cent postage stamps. Give your Postoffice, State, County and Railroad, plainly written; also Express Office.

DON'T remit with Local Bank Checks unless cost of Exchange is added.

SEEDS BY MAIL

When ordering seeds sent by mail, add 8 cents per pound or 16 cents per quart to these prices. All Garden Seeds, unless otherwise priced, except Peas, Beans and Corn, are also put in flat papers at 5c., 6 for 25c., dozen 45c.

No Half Ounces Sold in Bulk except Cauliflower.

NOTE:

While we believe our seed to be true to name and of the best quality, yet of course we cannot warrant them, nor be responsible for any loss or damage arising from failure thereof, as we cannot control seasons, soil or work. If purchaser does not accept them on these terms they must be returned at once, and we will return money. The fact that we have customers trading with us who have been doing so for over 20 years, shows that we send out the Best of Seeds and only the Cream of Seeds.

CABBAGE PLANTS.

Important to Growers of Early Cabbage.

**A Crop of Cabbage Produced Ten Days to Two Weeks Earlier
than you are now producing yours would make you
Double the Profit.**

By using our **HARDY FROST-PROOF CABBAGE PLANTS** you can mature a crop of cabbage ten days or two weeks earlier than they can be grown from plants raised in hot-beds and cold frames, for the reason that our **HARDY FROST-PROOF CABBAGE PLANTS** can be set in the field before danger of frost and freezes is past. [This cannot be done with cold frame plants.] They become rooted and established while the land is still cold, and as soon as spring weather opens up the established root growth assimilates the fertilizer, the plants grow off rapidly and mature a head cabbage from ten days to two weeks earlier than your earliest cold frame plants.

We can fill orders any time from Dec. 1st to April. 15th.

VARIETIES:---Early Jersey Wakefield, Charleston Large Type Wakefield, Succession and Shart-stemmed Late Flat Dutch.

PRICE:—F. O. B. Express Office, Young's Island, S. C.—Lots of 1,000 to 5,000, \$1.50 per m; 5,000 to 9,000, \$1.25 per m; 10,000 and over, \$1.00 per m. Plants are packed in cases holding either 5,000, 1,000 or 2,000 plants to case. Order in these quantities. Five hundred plants are sold at 1,000, rate. Ready from December to April.
