Spring 1912

Wholesale Price List and Surplus List

J. C. Hale Nursery Co.

Winchester, Tennessee

To The Trade

We present herewith our annual trade list, and we are better prepared than before to handle your business. We have a branch nursery at Chattanooga, Tenn., which affords us the best shipping facilities in the South, being a central railroad point. For this reason we expect to make Chattanooga this season our main shipping point.

GUARANTEE—We use the greatest care possible to have our stock true to name in all instances, and should any prove not true, we stand ready to replace it free of charge or to refund the purchase price, but do not hold ourselves liable to other damages than are herein named, and all our sales are made with this understanding.

Tennessee State Board of Entomology

KNOXVILLE, TENN.

Certificate of Nursery Inspection, Number 34.

Season 1911-12

THIS IS TO CERTIFY, That in accordance with an Act of the Legislature, approved April 17, 1905, the nursery grounds of J. C. HALE NURSERY CO. at Winchester, County of Franklin, State of Tennessee, were inspected by Chas. Pennington, on July 14, 1911. The growing nursery stock was apparently free from San Jose Scale and other dangerously injurious insect pests and plant diseases.

Said nursery is equipped for fumigating all nursery stock. This certificate has reference to insects and diseases, and is not otherwise to be considered as an endorsement of the parties to whom issued; it does not apply to stock not grown in the aforesaid nurseries unless such stock is covered by proper certificate in favor of the nursery where grown. It is not transferable and may be revoked for cause.

Said certificate becomes invalid after August 1st, 1912, and cannot be legally used after that date.

G. M. BENTLEY,

State Entomologist and Plant Pathologist

TERMS, RATES AND SHIPPING INSTRUCTIONS

SHIPPING.—Please give shipping directions, whether by freight or express; also route. When no route is designated, we exercise our best judgment without assuming any responsibility, after goods are packed, except for our own mistakes.

TERMS.—Cash or satisfactory reference before shipment. To responsible, prompt-paying parties, we extend the usual time.

PACKING.—We have had years of experience in packing and pride ourselves in that particular, having shipped peach trees to far-away Italy, and they arrived at their destination in fine condition. We use tight, paper-lined boxes, and packed with moss and shingle-toe. Usual charges for boxing and packing.

CLAIMS.—All claims for errors, shortage in count, or bad condition of stock on arrival must be made within ten days after receipt of goods, which will be promptly corrected if our fault; but old, stale claims coming in after the above date will not be considered by us.

CAUTION.—All orders are accepted on condition that they shall be void should any injury befall the stock from frost, hail, fire or other causes beyond our control.

APPLES—ONE-YEAR GRAFTS
