SEEDS

1912

THOS. GRISWOLD & Co.
SOUTH WETHERSFIELD, CONN.

A Few Reasons why We Can Furnish High Grade Seeds at Low Prices.

1. We are seed growers of long experience. Business established in 1845.
2. We live in a very fertile seed growing section and generally get good crops.
3. We do business in our own buildings on our seed farms.
4. Our business is in the country and we have no heavy city expenses to pay.
5. We deal direct with the planter, saving him extra expense and dealer's profits.
6. We do very little expensive advertising.
7. We do not spend large sums for fancy catalogues, but try to make our catalogue plain and right to the point.
8. Our business is the growing and handling of seeds, and we personally oversee the business.
9. Varieties that do not mature well in this section we have grown elsewhere, placing contracts with experienced growers that make specialties of growing varieties wanted, and our long experience has taught us where to place these contracts to get best results.
10. We do a cash business principally, thus saving many losses.

Send in your order and we will endeavor to furnish seeds that will please you.

We will gladly mail catalogues to your friends if you will send us their address.

THOMAS GRISWOLD & CO.

Our office and warehouse is about six miles south of Hartford, near Station 23, *Hartford and Middletown* trolley.

We are glad to have parties call that find it convenient to do so.

A REQUEST

WE appreciate the fact that many do not know just what they want in the Seed Line until about planting time, consequently many orders are delayed until late, and then come in a rush, fairly covering us up and it is almost impossible to keep up with the orders; so if our patrons that can, will kindly send in their orders as early as convenient we will greatly appreciate it.

Thos. Griswold & Co.

TERMS

In order to sell at these prices it is necessary to make our terms cash with order except in special cases. Where parties are reliable and well known to us, we can allow very limited credit, with interest added at six per cent.

Outstanding bills are due June 1st.

How to send money.—Remit by Post Office or Express Money Order, Registered Mail or Bank Draft. Postage Stamps may be sent for small amounts. Personal Checks accepted from parties having established credit.

Post Office Money Orders should be made payable at South Wethersfield.

When Seeds are Wanted by Mail, postage must be added at the rate of 8 cents per pound for Seeds (except flower seeds), 10 cents per quart for Corn and Onion Sets, and 15 cents per quart for Beans and Peas.

Bags, barrels, etc., free of charge. No charge for cartage.

Purchasers pay express and freight charges unless otherwise agreed.

Shipping Instructions should accompany each order. If no such instructions are received we will ship by the best and cheapest route known to us.

After shipping in good order our responsibility ceases. Claims for damages or miscarriage must be laid on the carriers.

As so much depends upon the condition of the weather, soil, etc. when seeds are planted and the care taken in planting them, we sell our goods, in common with other reliable seed houses, subject to the following disclaimer adopted by the American Seed Trade Association:

Disclaimer.—Thomas Griswold & Co. give no warranty, express or implied, as to description, quality, productiveness or any other matter of any seeds, bulbs or plants they send out, and will not be in any way responsible for the crop. If the purchaser does not accept the goods on these terms, they are at once to be returned.

Field and Ensilage Corn

A great deal of interest in Field and Ensilage Corn is being manifested nowadays by farmers, especially in sections where dairying is carried on extensively, and it is no wonder that this is so, for the prices of corn and other grains have advanced so in the past few years that farmers in the East see that they must grow more grain and fodder and not be so dependent on the West for their supplies. Consequently they are looking for the best varieties to meet their requirements, and as one of the best Ensilage Corns we would recommend

THOROUGHbred LEAMING

which is much superior to the old style of Leaming Corn. Kernels and Ears more uniform, better filled out and of much purer type. Stalks are large with abundance of leaves and heavy yielder of large, handsome ears.

Price: \$0.30 per 4 quarts; \$0.50 per peck; \$1.60 per bushel; \$1.50 per bushel for 2 bushels or more.
