CRAIG SPECIALTIES

are known all over the country and are in greater demand each year. Having increased our glass area over 100,000 square feet, we are in a position to meet our fast increasing business.

We desire to inform our many customers that our stock for this Fall is superior to any we have ever offered, notwithstanding the high standard we have maintained for years.

We are the largest growers in this country of

**Cyclamen, Begonia Lorraine
Ficus Pandurata, Dracaenas
Nephrolepis Ferns in Variety
and Crotons**

and feel sure that our stock will please the most critical buyer. You are cordially invited to call and inspect our stock at Philadelphia and Norwood. If unable to call, you may send us your order, large or small, with every confidence that it will have our very best attention.

SHIPPING BY FREIGHT—It is safe in warm weather for short distances, but we do not assume any responsibility after delivery to the railroad station. In cold weather plants should always be sent by express.

5-inch pots, ready September 15th.....\$50 per 100
6-inch pots for specimen stock for Christmas.....\$9 per dozen

We also have a very large stock of Light Begonia Lorraine (Edwin Lonsdale) sport at the same prices. This variety we consider far superior to the original type, it making a finer shaped plant as well as holding the flowers much better, while the color is a little lighter than that of the original Lorraine.

The New Clear Scarlet Bedding Geranium

The Best Commercial Novelty for 1913

“HELEN MICHELL”

(Name registered with S. A. F. & O. II.)

Seedling Cross Jean Viaud & Alphonse Ricard

This sterling novelty will be introduced jointly by Henry F. Michell Co., Philadelphia, Pa., and ourselves and the plants will all be grown by us at our place at Norwood where we will be pleased to have you call.

You will find that this Geranium has all the good points claimed for it.

“Helen Michell” is semidouble, of the clearest possible shade of scarlet, is early in bloom and produces these continuously during the season. It grows compact medium dwarf, with lustrous green foliage and throws up gigantic flower heads continuously; we claim it to have the largest flower heads of any of the bedding Geraniums. The individual blooms measure 2½ inches across. It is a common occurrence that a single 4-inch pot plant shows 4 fully open gigantic flower heads, several half open, and more in bud.

We are booking orders that will be filled in rotation from January, 1913.

2¼-inch pots.....\$2.50 per dozen; \$15 per 100; \$125 per 1000
