MICHELL'S

1912

Mid-Summer

CATALOG

U.S. DEPARTMENT OF AGRICULTURE
 Washington, D.C.
 (July and August)

THE IDEAL STRAWBERRY "SENATOR DUNLAP" (Perfect)

THERE won't be a doubt left in the mind of any Strawberry Grower that this is the best Strawberry after he has tried it. It ripens early and continues in bearing a long while. In favorable growing weather it retains its size up to the end of the season. The color is beautiful, the berry large and solid and its cropping qualities are unsurpassed. The shape is nearly always uniform. You will be safe in counting on this variety as a producer of the best strawberry crop you ever harvested.

Price, Pot Grown Plants, \$1.00 per doz.; per 100, \$6.00; \$50.00 per 1000.

HENRY F. MICHELL CO.

Henry F. Michell Company endeavor to send out only the very best quality of Seeds, Bulbs and Plants, but cannot guarantee results or crops. If customers do not accept these goods on the above conditions, they can be returned to us within ten days.

MICHELL'S POT GROWN STRAWBERRY PLANTS

LATE SEASON VARIETIES

Brandywine (Perfect). The finest of all late fruiting sorts; it has not a single defect. Plants of extra strong constitution and growth, doing well everywhere. Fruit extra large, heart-shaped; color bright, rich red.

Chesapeake (Perfect). A very prolific bearer, yielding well on extremely light soil; of large size; very firm and sweet.

Commonwealth (Perfect). A new variety with great merit. The originator says it is the largest of the large berries; very productive, fine flavored and a beautiful dark color. It is quite late, lasting well into July. A strong, robust grower.

Gandy

Gandy (Perfect). This variety is known to most every berry grower as one of the best late sorts. It is very solid and large, of a beautiful crimson color; especially good for family garden planting.

Glen Mary (Pistillate). One of the best of the older varieties as it still keeps its place among the prominent strawberries. The fruit is very large but rather irregular, somewhat like Sharpless. It is a great drought resister, ripening a full crop of luscious berries in the driest weather.

Norwood (Perfect). A very fine variety for either home or market use, it is firm, large and a great producer. 80c. per doz.; per 100, \$5.00; \$40.00 per 1000.

New Home (Perfect). See illustration at top of page. As late and large as Gandy. Fruit a bright-red color that does not lose its lustre. It does not turn dark for a long time after being picked; uniform large size and the best shipping and keeping berry grown; vigorous grower. It will produce a large crop on either high or low land; the fruit is so firm, and keeping quality so excellent, it does not need to be picked oftener than three times a week, when it will usually make 1000 quarts or more per acre at each picking during the height of the season. It has been claimed one could pick forty quarts or more per hour, and one man declared that he picked twenty quarts in twenty minutes. 80c. per doz.; per 100, \$5.00; \$40.00 per 1000.

MICHELL'S PURE BONE MEAL

An excellent fertilizer to use when planting strawberries, about a teaspoonful to a plant. 25 lbs., 75c.; \$1.25 per 50 lbs.; 100 lbs., \$2.00; \$3.50 per 200 lbs.

"New Home"

Illustration about two-thirds actual size. See price at bottom of opposite column.

Superior. Originated in Delaware. This variety is quite popular in some sections. The plants are strong, healthy growers, with dark, glossy, green foliage, which succeed on almost any soil and is immensely productive of small to medium berries, which are firm and good keepers. Ripen about a week after Excelsior and continue to bear until late in the season.

Sample

Illustration about two-thirds actual size.

Sample (Pistillate). One of the most popular varieties ever introduced. It is one of the very best pistillate kinds in cultivation. The plant is large and healthy, and makes plenty of runners. It is a great bearer of large, roundish berries, dark red to the centre, moderately firm, and of good quality. The fruit is large to the close of the season.

Saunders (Perfect). This is a good, reliable, standard sort, and has always been quite a favorite. It has a strong, perfect blossom, and is one of the best to plant with pistillate varieties, as it blooms for a longer season than most kinds. The fruit is large. It is a deep red and remarkably glossy.

Prices of any of the *Pot-Grown Strawberries* offered on this page (except where noted): 70c. per doz.; per 100, \$4.00; \$32.50 per 1000.

Layer Plants of Strawberries ready after October 1st. Prices: 25c. per doz.; per 100, \$1.00; \$6.00 per 1000. Orders can be booked now.

MICHELL'S POT GROWN STRAWBERRY PLANTS

LATE SEASON VARIETIES

Sharpless (Perfect). One of the old timers, but with so much merit it is impossible to discard it. It is a mid-season variety and, while irregular in shape, is very large and a tremendous cropper. A good sort for the family garden.

Stevens' Late Champion

Stevens' Late Champion (Perfect). This variety received untinted praise at the last yearly meeting of the New Jersey Horticultural Society. In that section it is rapidly forging its way to the front, superseding the old and popular Gandy. The originator describes it as follows: "Very large, fine flavored, bright color, good shipper, heavy yielder, good fruit stem." This berry averaged 7,556 quarts per acre in 1902, netting \$600.00 per acre. It sold as high as 22 cents per quart last season. It has been tested on all kinds of soils and will grow successfully where any strawberry will grow. It will stand a drought better than any other berry ever grown in this section. It has never shown any sign of rust. The cap, which is double, has always kept green until the last of the season. 80c. per doz.; per 100, \$5.00; \$40.00 per 1000.

Prices of any of the *Pot-Grown Strawberries* offered on this page (except where noted): 70c. per doz.; per 100, \$4.00; \$32.50 per 1000.

Layer Plants of Strawberries ready after October 1st. Prices: 25c. per doz.; per 100, \$1.00; \$6.00 per 1000. Orders can be booked now.

Haverland

Haverland (Perfect). One of the most popular varieties which was introduced in a modest way some thirty years ago. It bears a big crop of berries that are above medium in size, quality and appearance. Any one who is in doubt as to what to plant would make no mistake in planting this. It seems to do well in nearly every part of the country.

SPECIAL ATTENTION

The price of Pot-grown Strawberries, considering the returns, is not high. We grow these plants at our "Evergreen" Seed Gardens, Torresdale, Pa., and they will in every case be found to be worth all we ask for them. When planting, don't fail to put a teaspoonful of **Michell's Pure Bone Meal** with every plant and water them well, to promote quick growth.

TRANSPLANTED CELERY PLANTS

(READY ABOUT JULY 10)

These plants are grown from our own seed at our "Evergreen" Seed Gardens. We have immense quantities and can fill orders for any number.

A WORD ON CELERY CULTURE.—Celery delights in a good, rich, moist soil. Locations where the soil may become dry should be avoided. Nothing is more beneficial or so little work as the watering of celery during periods of drought. After it has been transplanted and made some growth, the plants should be set in permanent rows 6 to 8 inches apart in the row. Many private gardeners prefer to use the two-row system of trenches; it will be found very advantageous to work. If the idea of the market gardener is carried out, the celery is planted in single rows about 2 feet apart, 6 or 8 inches apart in the row. By the former method the celery is usually banked up to blanch until almost entirely covered with soil; the top is then covered with leaves or other litter as winter approaches. In the single-row system the celery is banked up gradually to blanch, and after this process is over, at the approach of winter it is dug up and laid in shallow trenches after being cleaned. Storing for winter is done by covering it with waterproof celery paper and topping off with soil or leaves. The celery may thus be gotten out for market during the severest weather. Good cultivation is highly necessary during the growing period.

Boston Market. An elegant dwarf sort, a good winter keeper, fine taste, crisp and nutty.

Dwarf Golden Heart. The best of the half-dwarf varieties; stalks large and full; the heart is golden yellow, turning to a light color when blanched.

Far Superior. Our own introduction. Offered by us exclusively in plants. This is the finest winter celery in existence. Rich flavor, very nutty.

French Golden Self-Blanching. An early sort. The heart is a rich golden-yellow, with light yellowish-green outer leaves.

Giant Pascal. The best for late winter and early spring use; remaining in condition for use the longest of any.

Perfection Heartwell. This is one of the best late varieties in cultivation.

Pink Plume. The red sorts surpass the white in flavor, and possess in their coloring a feature which renders them valuable as a table ornament. (Supplied on order only.)

White Plume. The White Plume is unsurpassed for fall and early winter use, requiring very little earthing to blanch it.

Winter Queen. This variety grows a very thick, solid and heavy stalk, and has a large heart. It is a close, compact grower, and when blanched is a creamy-white color.

PRICES: 40c. per 100; 500 for \$1.90; \$3.75 per 1000.

White Plume Celery

MISCELLANEOUS VEGETABLE PLANTS

(Ready from July 1st to August 15th)

ARTICHOKES

Green Globe or French. Very easily cultivated. Our plants were started very early and are in excellent shape to stay outdoors the coming winter (with protection). \$1.50 per doz. plants; per 100, \$10.00. (Artichokes cannot be mailed.)

BRUSSELS SPROUTS

Matchless Improved. The plants should be cultivated and kept free from insects. Pull off the leaf stems as the sprouts begin to appear so they may develop perfectly. 50c. per 100 (by mail, 65c.); 500 for \$2.00; \$3.50 per 1000.

CABBAGE

Late Flat Dutch. A short stemmed, large, flat-head variety; very solid; keeps the entire winter when buried in cellars or pits. 40c. per 100 (by mail, 55c.); 500 for \$1.50; \$2.50 per 1000.

Perfection Drumhead Savoy. A very curly, dark-green sort; well flavored. 40c. per 100 (by mail, 55c.); 500 for \$1.50; \$2.50 per 1000.

Red Dutch Drumhead. This cabbage is very sweet and should be used more largely. It is an excellent winter keeper. 40c. per 100 (by mail, 55c.); 500 for \$1.50; \$2.50 per 1000.

Brussels Sprouts

Green Globe Artichoke

Artichokes are a delightful vegetable; when planted once and given protection in a hotbed, then covered with manure or other litter in winter, they last several years. They should be planted more extensively.

Strong Plants, \$1.50 per doz.; per 100, \$10.00.

CELERY CULTURE FOR PROFIT. A Complete Booklet. Postpaid, 20c.

Hybrid Tea Rose Killarney

Scarlet Glow

CHOICE ROSES FOR GREENHOUSE FORCING

STRONG PLANTS FROM 3-INCH POTS

These plants are carefully grown and gradually hardened, free from disease, and will give fine results this winter.

NOTE.—We can supply strong stock of grafted roses in all the leading varieties. Please write us your wants and we will furnish them promptly.

CARNATION PLANTS

For winter blooming in conservatory and greenhouse. Our carnation plants are all field grown clumps from our own nurseries, which will give immediate results indoors. Plants are not available, being field-grown. Ready about September 1st.

WHITE

Alma Ward (New). Very fine form.
 White Enchantress. Of purest white, very popular.
 White Perfection. The largest white carnation.
 White Wonder (New). Beautiful large flower.

PINK

Dorothy Gordon. A shade deeper than Enchantress.
 Gloriosa (New). Light pink, exquisite shade.
 Mrs. C. W. Ward. Deep pink but lighter than Lawson.
 Washington. Rich brilliant pink.
 Pink Delight. Deeper and brighter than Enchantress.
 Rose Pink Enchantress.
 May Day. Light pink.
 Winsor. Clear rose pink.
 Princess Charming. Bright pink.
 Enchantress. Light soft pink.

RED

Scarlet Glow. Bright clear scarlet.
 Beacon. Bright red.
 Christmas Cheer. Rich, crimson scarlet. 35c. each, doz. 2.50, 25.00 per 100.

CRIMSON

Ruby. Deep crimson, gigantic flower.

YELLOW

J. Whitcomb Riley. Light primrose yellow.
 Canarie Bird. Canary yellow.

Prices of any of the above (except where noted), 25c. each, doz. \$2.50, \$15.00 per 100.

VIOLET PLANTS

Field-grown clumps ready about September 15th.

Lady Hume Campbell. Double blue.
 Swanley White. Double.
 Luxonne and Princess of Wales. Single blue.

Price, 15c. each (by mail 25c.), \$1.50 doz., \$10.00 per 100.

SEASONABLE VEGETABLE SEEDS

PETER ZINGER

SEASONABLE FARM SEEDS

Prices subject to Market Changes

Cutting Alfalfa on the farm of R. Mason Lisle, Paoli, Pa.
Seed furnished by us.

CLOVERS

Alsike or Swedish Clover. The hardiest clover in cultivation. Particularly valuable when sown for mingling with other hay crops. One sowing lasts many years. Sow 10 lbs. per acre alone or 6 lbs. where sown with other crops. Sow from April to June and in the late summer and autumn. Height, 1 to 3 feet, according to climate and soil. Price, 25c. lb. Write for price on larger quantity.

Bokhara Clover. A tall, quick growing variety, principally used for providing food for bees. Sow early in April; 15 lbs. per acre. Height, 3 to 5 feet. Price, 30c. per lb., per 10 lbs. \$2.50.

Crimson Clover (Delaware grown). Far superior to imported. The latter is not well able to withstand our winters. Used principally for soiling or green manuring, is also relished by cattle when they become accustomed to it. Sow 20 lbs. per acre, any time from May until middle of October. Height about 18 inches. 15c. lb. Write for price on larger quantity.

Red Clover (Medium). Principally sown for hay purposes on timothy fields early in the spring and fall. Sow 20 lbs. per acre if alone or 15 lbs. where other grass or hay crops are standing, from March 15th to May 1st and in the late summer and autumn. Height, about 18 in. to 2 feet. Price, 25c. lb. Write for price on larger quantity.

Mammoth Red Clover (Poa Vine Clover). Also called English Cow Grass. This sort is very similar to the above, excepting that it grows somewhat larger and remains established longer. Sow from March 15th to May 1st and in the late summer and autumn; 15 lbs. per acre if sown alone or 10 lbs. if sown with another hay or grass crop. Price, 25c. lb. Write for price on larger quantity.

White Dutch or Lawn Clover (Fancy Recleaned). For use on pasture lands it is extremely valuable. Sow 10 to 12 lbs. per acre on land seeded with grass or other grain from April 1st to September 1st. Price, 50c. (by mail, 58c.) per lb. Write for price on larger quantity.

WINTER RYE

Penna. Large White. Sow 1 to 1½ bushels per acre during September, October or early November. It makes an excellent early green food in spring and may be used for turning under or harvesting. 10c. qt., peck 40c., \$1.35 per bu.

RECLEANED TIMOTHY

Our stock of this is unusually large and of very good quality; for sowing among wheat as a second year hay crop or for sowing alone for a first year hay crop this is extensively used. Sow ½ bu. per acre alone or 6 to 8 qts. with wheat. 20c. lb. Write for price on larger quantity.

We make a specialty of the very best obtainable in this line; cheap farm seeds are expensive at any price, besides a poor crop they mean an inferior quality. Samples are mailed, without any charge, on application.

RECLEANED ALFALFA

Now is the time to sow

Sow ½ bushel per acre in May or during August and early September, or most any season when weather conditions are favorable, top dress it with manure every fall, and it will rarely winter kill. It can be cut usually three times in one season. The great secret in getting a successful stand of Alfalfa lies in the preparation of the ground; it will pay everyone who wants to grow this valuable farm crop to give the ground preparation most intelligent thought. It must be borne in mind that an Alfalfa field properly started will yield successfully a score of years. 25c. per lb. Write for price on larger quantity. Ask for Pamphlet on Alfalfa, mailed free.

PURITY NOTE.—We have on file a U. S. Government report showing the Alfalfa seed sold by us to be over 99½ per cent. pure, germination test over 94 per cent. in five days.

TESTIMONIAL ON MICHELL'S ALFALFA.

The Alfalfa I bought of you was sown on Sept. 4th. By September 9th it was showing above the ground and to-day, the 24th, I have a stand three inches high. I am simply amazed at the good quality of the seed.

ELK RIDGE, MD.

DR. W. R. EARECKSON.

WINTER VETCH (Vicia Villosa)

True Sand or Hairy Vetch

Extensively used as a soil renovator or for dry or green feed in the early spring. It may be sown alone or with Winter Rye or Oats; is perfectly hardy, thriving in every climate, under most adverse conditions. Is very nutritious and live stock relish it. When sown with rye, etc., it will attain a height of 4 to 5 feet; it requires ½ bushel to sow an acre broadcast alone or with other crops. Sow as early as possible in the fall or summer and get a good growth before cold weather sets in. 60 lbs. per bushel, 15c. per lb., 10 lbs. \$1.35, \$7.00 per bushel, 100 lbs. \$12.00.

Add 22c. for each two bushel seamless bag required on farm seed orders. This price is refunded on return of seamless bags, charges paid and in good order.

GRASSES IN SEPARATE VARIETIES

PRICES SUBJECT TO MARKET CHANGES

Awnless Brome (*Bromus Inermis*). Sow 40 lbs. per acre. (Bu. 14 lbs.) Price, 16c. per lb., \$13.50 per 100 lbs., per bu. \$2.00.

Blue Grass, Fancy Kentucky (*Poa Pratensis*). Our stock of this is extra fine, thoroughly re-cleaned; sow 3 to 5 bu. per acre on lawns, 2½ to 3 bu. on pasture fields. (Bu. 14 lbs.) Price, per lb., 20c., \$15.00 per 100 lbs., 60c. per peck, per bu. \$2.25.

Blue Grass, Canadian (*Poa Compressa*). Makes an ideal pasture highly relished by cattle; excellent also for sowing on embankments; sow in same proportions as Kentucky Blue Grass Seed. (Bu., 14 lbs.) 28c. per lb., \$23.00 per 100 lbs., bu. \$3.50.

Bermuda Grass (*Cynodon Dactylon*). Hardy only in the South, used for pasture and lawn. \$1.00 per lb.

Creeping Bent (*Agrostis Stolonifera*). Adapted admirably for lawns also putting greens, tennis courts, etc.; sow 4 bu. per acre (20 lbs. per bu.). 40c. per lb., 100 lbs. \$32.50, bu. \$6.75.

Crested Dogtail (*Cynosurus Cristatus*). Excellent as a pasture and lawn grass. Sow 3½ to 4 bu. per acre (21 lbs. per bu.). Price, 40c. per lb., \$21.50 per 100 lbs., per bu. \$6.25.

English, or Perennial Rye Grass (*Lolium Perenne*). (*Pacey's Fancy Short Seeded*.) This makes the quickest returns in growth of any grass; is deep rooted and is readily established. Sow 3 bu. per acre (24 lbs. per bu.). Price, 12c. per lb., \$10.00 per 100 lbs., per bu. \$2.60.

French Rye Grass, also called Tall Meadow Oats. (*Avena Elatior*.) This is extensively used and highly recommended for the Southern States. (Bu., 10 lbs.) 30c. lb., \$20.00 per 100 lbs., bu. \$2.25.

Fine Leaved Sheep's Fescue (*Festuca Tenmifolia*). This grass is especially valuable for dry soils; sow 30 lbs. to the acre. (Bu., 14 lbs.) 45c. per lb., \$37.50 per 100 lbs., bu. \$6.00.

Herd or Red Top Fancy Re-cleaned. This is one of the best grasses for sowing for immediate effect. Our stock is free from chaff and is absolutely pure. Sow 25 lbs. per acre (32 lbs. per bu.). Price, 30c. per lb., \$25.00 per 100 lbs., per bu. \$8.50.

Herd or Red Top Unhulled (*Agrostis Vulgaris*). Sow 4 to 5 bu. per acre on lawns or 3 bu. on pasture lands (10 lbs. per bu.). Price, 18c. per lb., \$13.50 per 100 lbs., per bu. \$1.50.

Hard Fescue (*Festuca Duriuscula*). A splendid grass for golf links, tennis courts, etc., will resist droughts. Sow 3 bu. per acre (12 lbs. per bu.). 30c. per lb., \$21.00 per 100 lbs., bu. \$3.00.

Italian Rye (*Lolium Italicum*). Very desirable for pasture; being an annual, it comes to maturity the first season. Sow 50 lbs. per acre (18 lbs. per bu.). Price, 15c. per lb., \$10.00 per 100 lbs., per bu. \$2.00.

Meadow Fescue (*Festuca Pratensis*). Sow 40 to 50 lbs. per acre (22 lbs. per bu.). Price, 40c. per lb., \$32.50 per 100 lbs., per bu. \$7.75.

Orchard Grass (*Dactylis Glomerata*). For early pasturing this is very desirable; also fine for sowing in shaded places. Sow 40 lbs. per acre (12 lbs. per bu.). Price, 30c. per lb., \$22.00 per 100 lbs., per bu. \$3.00.

Red or Creeping Fescue (*Festuca Rubra*). Very valuable for sowing on sandy soil and in shaded places. (14 lbs. per bu.) Price, 35c. per lb., \$27.50 per 100 lbs., per bu. \$4.00.

Rhode Island Bent (*Agrostis Canina*). For sowing at seashore resorts, on putting greens, tennis courts, etc., 40 lbs. per acre (14 lbs. per bu.). 40c. per lb., \$35.00 per 100 lbs., per bu. \$5.25.

Sheep's Fescue (*Festuca Ozina*). This makes an excellent grass for sowing on lawns, fields or pleasure grounds. Sow 40 lbs. per acre (12 lbs. per bu.). Price, 25c. per lb., \$20.00 per 100 lbs., per bu. \$2.75.

Sweet Vernal Annual; (*Anthoxanthum Odoratum Puellii*). Sow 3 lbs. per acre with other grasses. Price, 25c. per lb., 5 lbs. \$1.00.

Sweet Vernal Perennial; (*Anthoxanthum Odoratum Real*). Price, 60c. per lb., 5 lbs. \$2.75.

Tall Meadow Oat (see French Rye Grass).

Various Leaved Fescue (*Festuca Heterophylla*). For hayfield and low, moist soils. (15 lbs. per bu.) 35c. per lb., \$30.00 per 100 lbs., bu. \$4.75.

Timothy (*Phleum Pratense*). Sow ½ bu. per acre alone. (45 lbs. per bu.). 20c. per lb. Price varies constantly, ask for quotations.

Wood Meadow (*Poa Nemoralis*). The best grass for sowing under trees where a lawn is desired. Sow 30 lbs. per acre (14 lbs. per bu.). Price, 60c. per lb., \$55.00 per 100 lbs., per bu. \$8.00.

MICHELL'S DISTINCTIVE FLOWER SEEDS

FOR SUMMER AND EARLY FALL SOWING

For Complete List of Flower Seeds see our General Catalogue for 1912

For the convenience of our customers, and to facilitate the filling of orders, we have affixed numbers to all varieties of Flower Seeds, and in ordering it is only necessary to give the quantity wanted and the number; but care should be taken to give the correct number, as a mistake in this would result in getting the wrong variety.

ACHILLEA (Milfoil or Yarrow)

	Large Pkt.	Pkt.
20 Ptarmica, Fl. Pl., "The Pearl." Tall erect plant bearing pure white double flowers in great profusion all summer; perennial; 2 feet	\$0.30	\$0.10

ACONITUM (Monk's Hood or Helmet Flower)

Perennial, thriving best in semi-shady situations; flowers in clusters of both blue and white; height, 4 feet; Aug.-Sept.

	Large Pkt.	Pkt.
25 Napellus, Blue	\$0.25	\$0.05
27 " White	.40	.05

ADONIS

42 Vernalis (Ox Eye). One of the choicest spring flowering plants, finely cut, ornamental foliage, yellow flowers; perennial; 1 foot	.15	.05

AGROSTEMMA

66 Coronaria (Mullein Pink). Stout erect growing perennial with silvery foliage and crimson flowers; 2½ to 3 feet; July and August	.15	.05

ALYSSUM

One of the most popular garden flowers; for beds, edgings or rock-work or vases; also useful for winter flowering.

	Large Pkt.	Pkt.
71 Little Gem. Dwarf compact plants, densely covered with large pure white flowers; height, 4 inches; oz. 50c.	\$0.15	\$0.05
74 Little Dorritt. Extremely dwarf and compact, forming perfect little bushes with miniature white flowers; ideal for narrow edges; oz. 75c.	.20	.05
73 Sweet. The popular old-fashioned sort, the best for broad edges and vases. Pure white; height, 6 inches; oz. 25c.	.15	.05
72 Saxatile Compactum (Basket of Gold). Showy golden yellow flowers; hardy perennial; 1 foot; oz. 50c.	.15	.05

ANTIRRHINUM (Snapdragon)

A splendid plant for beds or borders and one of our choicest cut flowers; extensively forced under glass during the winter. If plants are properly protected during the winter they will revive and throw up gigantic spikes of flowers during the summer.

MICHELL'S GIANT ANTIRRHINUMS

This strain produces stout heavy spikes, 2 to 3 feet in length with giant flowers. Used extensively for forcing.

	Large Pkt.	Pkt.
113 Giant Pink	\$0.25	\$0.10
114 " Scarlet	.25	.10
121 " Striped	.25	.10
115 " White	.25	.10
116 " Yellow	.25	.10
117 " Mixed. All colors	.20	.10
125 " Double White	.25	
126 " Venus (New). Shell pink on white ground	.25	
122 Tall Mixed. A fine selection; oz. 40c.	.15	.05
124 Imported Collection, 10 Tall Varieties.	.40	

SEMI-DWARF ANTIRRHINUMS

The plants grow but 18 inches high, but have extreme large flowers over most part of the stem; very showy.

	Large Pkt.	Pkt.
111 Daphne. Carmine pink, white throat.	\$0.40	\$0.15
110 Firefly. Bright scarlet	.20	.10
119 Golden Queen. Golden yellow, giant flower.	.20	.10
120 Queen of the North. Of purest white.	.20	.10

DWARF ANTIRRHINUMS

Grow but 12 inches high and are most suitable for edges.

118 Golden Sun. Foliage yellow, flowers rosy white with crimson spots	.40	.15
112 Dwarf Mixed. All colors	.20	.05
123 Imported Collection, 10 Dwarf Varieties.	.40	

ANCHUSA (Sea Bugloss)

	Large Pkt.	Pkt.
102 Italica, "Dropmore Variety." A perennial plant, 4 feet high, with rough hairy foliage and long heads of bright blue flowers the whole season	\$0.40	\$0.15

ANEMONE (Wind Flower)

A dainty spring flower with bright cup-shaped blossoms; splendid for cutting; perennial.

	Large Pkt.	Pkt.
105 Coronaria Mixed. 2 feet; all colors	\$0.20	\$0.05
107 St. Brigid, or Poppy. Flowers of large size with distinct rainbow rings in centre	.40	.15

Long Spurred Aquilegias

AQUILEGIAS OR COLUMBINES

An elegant, graceful, beautiful spring flowering perennial, producing exquisitely spurred flowers on stems rising 2 feet above the fern-like foliage; splendid for cutting.

	Large Pkt.	Pkt.
139 Long Spurred Hybrids. A great assortment of all varieties possessing long spurs	\$0.40	\$0.10
129 Canadensis. Scarlet and yellow	.25	.05
130 Chrysantha. Bright golden yellow	.25	.10
131 " Alba. Purest white	.30	.10
128 Californica Hybrida. All colors, long spurs.	.25	.10
132 Coerulea (Rocky Mountain Columbine). Large flowers, violet blue and white	.40	.10
136 Glandulosa Vera. Lavender and white	.40	.15
133 Haylodgensis Delicatissima. Satiny rose	.50	.20
137 Nivea Grandiflora. Pure white	.15	.05
138 Rose Queen. Pink, white centre	.50	.20
134 Single Mixed	oz. 35c.	.15 .05
135 Double Mixed	oz. 35c.	.15 .05

ARABIS (Rock Cress)

144 Alpina. Early spring flowering perennial, especially adapted for edging and rockery; plants form a dense carpet completely covered with pure white blossoms; May; 6 inches	.20	.05

ASPARAGUS

100 Seeds Pkt.

- 160 **Plumosus Nanus.** An excellent plant for house or conservatory decoration or cutting on account of its graceful, finely cut foliage; will remain fresh a long time after being cut. \$1.00 \$0.25
- 162 **Sprengeri.** One of the best plants to grow in hanging baskets, for greenhouse or for outdoors in the summer50 .10

ASPERULA (Woodruff)

Large Pkt. Pkt.

- 165 **Odorata.** Dwarf spring flowers of purest white, thrives in shady situations; perennial; 1 foot; May20 .05

PERENNIAL ASTER (Michaelmas Daisy)

- 328 **Choice Mixed.** The showiest of our late flowering plants and very effective if planted in groups of colors. The bushy plants are surmounted with hundreds of star-like single aster-like flowers30 .10

AURICULA (Primula Auricula)

MICHELL'S SUPERB MIXTURE OF PERENNIAL FLOWERS

To create an old-fashioned wild garden or to naturalize along roads or woods we highly recommend this mixture, as it contains many hundred varieties of the choicest old-fashioned flowers. Pkt. 10c., 25c. 1/2 oz., 1 oz. 50c., \$1.50 per 1/4 lb.

FALL, WINTER AND SPRING FLOWERING BULBS

Easter in 1913 comes on March 23d.

ALLIUM Neapolitanum Ready in August

Used exclusively for indoor culture in pots and pans. It is especially adapted to forcing and makes an excellent cut flower; color pure white. Height, 12 inches. It is not hardy, so cannot be planted outdoors. Dozen and 100 lots mailed free. Each, 3c.; 20c. per doz.; per 100, \$1.00; \$7.00 per 1000.

White Calla Lily

CALLA LILY BULBS

Ready in August

Callas require good, rich soil and plenty of warmth and water to make them thrive. The White Calla may also be grown in water. The black variety does not require so much moisture. When through flowering the pots may be laid on their side to allow the tops of bulb to die off. The plant may thus be used another season.

GODFREY DWARF EVERBLOOMING CALLA (New)

This comparatively new calla has proven an excellent one, its character is exactly like the Aethiopica or regular variety, except it is of much dwarfer habit and freer bloomer; very desirable as a pot plant, and will, we believe, be very popular in a short while. Large blooming size bulbs, 25c. each, doz. \$2.00, \$15.00 per 100.

CALIFORNIA CALLAS

	Each	By Mail	Doz.	100
White, Monster Size	\$.40	\$0.45	\$4.00	\$30.00

" First Size	.10	.12	1.00	7.50

Other varieties of Callas ready in October.

Fischer's Purity Freesia

FREESIAS (Ready in July)

Fischer's Purity. This is the grandest freesia ever offered. The flowers are almost twice the size of the regular type; they also differ somewhat, being a pure glistening white; the stems are often 15 inches long and very wiry, rendering it a most valuable cut flower. Each bulb will produce 3 or 4 flower stems.

	Each	Doz.	100	1000
First Size Bulbs	\$.04	\$0.40	\$2.75	\$22.50

California. White, with yellow throat, First size bulbs, 2c. each; per doz., 15c.; 75c. per 100; per 1000, \$6.00.

California. Mammoth bulbs, 3c. each; per doz., 25c.; \$1.50 per 100; per 1000, \$10.00.

California. Monster bulbs, 5c. each; per doz., 35c.; \$2.00 per 100; per 1000, \$15.00.

Cow Manure (Shredded). One sack of this is equal to one cartload of fresh cow manure, is convenient to handle, making it possible for everyone to get this usually scarce article at all times. Excellent for mixing with soil when potting bulbs. In 100-lb. sacks only. \$2.00 per 100 lbs.; 500 lbs., \$9.00; \$16.00 per 1000 lbs.; ton, \$30.00.

Our General Bulb Catalog is ready in September and contains a complete list

*Michell's White Roman Hyacinths***FRENCH ROMAN HYACINTHS***Ready in August*

Roman Hyacinths afford a continuous supply of bloom from early winter until late in spring if forced successively. They are very fragrant. The blooms are suitable for most any kind of cut-flower work; they also look very attractive if planted in boxes or pots and used for window decoration. They are not hardy, consequently will not do for outdoor planting.

If Roman Hyacinths are wanted by mail, please add 10c. per dozen for postage.

Other Hyacinths are ready in September *Narcissus French Trumpet Major* *Polyanthus Narcissus—Monster Paper White Grandiflora***POLYANTHUS NARCISSUS***Ready in August*

This class of Narcissus is a most interesting one. They may be grown in water and pebbles like Chinese lilies, but they are equally suited for growing in soil. The flowers are produced in clusters, like the illustration, and they are delightfully fragrant. They are not as a general thing hardy, but can be planted outdoors, if afforded liberal protection during winter.

Paper White Grandiflora, First Size Bulbs. This is quite a specialty with us; of it alone we import almost one million bulbs. It is a pure white, flowering sort; used extensively for forcing as it can be brought into bloom in 8 weeks' time; the stems are very long and it is excellent for bunching. 4c. each; per doz., 30c.; \$1.75 per 100; per 1000, \$15.00.

Paper White Grandiflora, Monster Bulbs. These are a very choice selection of the above and, while the same in character, the flowers are larger and are borne in greater profusion. 6c. each; per doz., 50c.; \$2.25 per 100; per 1000, \$20.00.

Double Roman. White perianth, with an orange and yellow suffused cup; very free flowering and early. 4c. each; per doz., 30c.; \$1.50 per 100; per 1000, \$12.00.

Grand Soliel'd'Or. Rich yellow, with deep red cup. For cutting this is a fine variety, as it makes a grand show. 5c. each; per doz., 40c.; \$2.50 per 100; per 1000, \$20.00.

Single Narcissus**FRENCH TRUMPET MAJOR***Ready about August 15th*

A beautiful early flowering yellow variety. These are received by us about August 15th, fully a month earlier than the Dutch Narcissus. They force easily; can be had in flower without any trouble for Christmas. They are extremely desirable and should be planted extensively, as they are earlier than any other trumpet sort. See illustration opposite.

	Each	Doz.	100	1000
Large Bulbs	\$0.05	\$0.40	\$2.50	\$20.00
Mammoth Bulbs	.06	.50	3.00	25.00

Other varieties of Narcissus ready in September.

SEASONABLE INSECT DESTROYING PREPARATIONS

- Ant Exterminator.** For distributing on the greenhouse benches, on lawns and gardens. Per $\frac{1}{4}$ lb., 20c.; per $\frac{1}{2}$ lb., 40c.; 75c. per lb.
- Aphine.** For destroying aphids, green fly, thrip and red spider. 40c. per $\frac{1}{2}$ pt.; pt., 75c.; \$1.00 per qt.; per gal., \$2.50.
- Aphis Punk.** Used for fumigating, giving off dense fumes of nicotine. Excellent for aphids, thrip, white and green fly. Per pkg., 60c.; \$0.50 per 12 pkgs.
- Arsenate of Lead (Paste).** For spraying trees and shrubs against the attacks of leaf-biting insects of all kinds. Per lb., 25c.; 90c. per 5 lbs.; per 10 lbs., \$1.60; \$3.75 for 25 lbs.; \$6.00 per 50 lbs.; per 100 lbs., \$10.00.
- Bordeaux (Paste or Pulp).** One part dilutes to 50 parts of water. Per qt., 40c.; \$1.00 per gal.; 5 gals., \$4.50.
- Quick Bordeaux** (in dry form). 6-lb. sack makes 30 gals. liquid, price 60c.; 10-lb. sack makes 50 gals. liquid, price 90c.
- Bug Death.** Largely used instead of Paris Green. It is claimed to have the same effect. The manufacturers say that it acts as a fertilizer as well as an insecticide. Per lb., 15c.; 35c. per 3 lbs.; per 5 lbs., 50c.; per 12 $\frac{1}{2}$ lbs., \$1.00; \$7.50 per 100 lbs. (Special Shaker for Bug Death, 25c.)
- Cow Ease.** Excellent for keeping flies and gnats off domestic animals. Per qt., 35c.; \$1.00 per gal.; per 5 gals., \$4.00.
- Copper Solution.** Excellent for carnation rust and diseases of the grape, pear, apple, and other fruits. Qt., 60c.; \$1.75 per gallon.
- Dalmation or Persian Powder.** For ridding buildings of all kinds of various insect pests. 15c. per $\frac{1}{4}$ lb.; per lb., 45c.; \$2.00 per 5 lbs.
- Disparene (Bonker's).** A trade name for a brand of Arsenate of Lead, which it resembles in every way. Dilute 1 lb. to 25 gals. water. Price, 25c. per lb.; 5 lbs., 90c.; \$1.60 per 10 lbs.; 25 lbs., \$3.75; \$6.50 per 50 lbs.; \$10.75 per 100 lbs.
- Fir Tree Oil.** Used for destroying mealy bug, red spider, and mild forms of scale. Per $\frac{1}{2}$ pt., 50c.; 75c. per pint; per qt., \$1.50; \$2.75 per $\frac{1}{2}$ gal.; per gal., \$5.00.
- Fir Tree Oil Soap.** Dissolved according to directions in warm or hot water and used as a spray or wash. Per $\frac{1}{2}$ lb., 25c.; 75c. per 2-lb. can.
- Fungine.** Excellent for fungous diseases. Qt., 75c.; \$2.00 gal.
- Grape Dust.** For mildew, aphids, black fly, and other insects and fungous diseases. Per 5 lbs., 35c.; 60c. per 10 lbs.; per 25 lbs., \$1.50; \$5.00 per 100 lbs.
- Hellebore.** For destroying rose bugs, currant worms, and other soft-shelled insects. Per $\frac{1}{4}$ lb., 10c.; 15c. per $\frac{1}{2}$ lb.; per lb., 25c.; \$1.00 per 5 lbs.; per 10 lbs., \$1.85.
- Kerosene Emulsion.** Diluted in water this makes an excellent spray for all mild forms of scale, and soft lice of any kind. PASTE: Per lb., 20c.; per 5-lb. can, 75c.; per 25-lb. can, \$3.00. LIQUID: Per qt., 40c.; per gal., \$1.00.
- Kil-o-Scale.** Destroys and prevents the spread of scale insects of all kinds. Per pt., 30c.; 50c. per qt.; per $\frac{1}{2}$ gal., 75c.; per gal., \$1.25; \$5.00 per 5 gals.; 25 gals., \$21.25; 50 gals., \$42.50.
- Kil-Worm.** Excellent for using on lawns and other places infested by worms. Do not use Kil-Worm directly on other growing plants, in any way, as it is very strong. Per qt., 65c.; \$1.25 per $\frac{1}{2}$ gal.; per gal., \$2.00; \$2.00 per 5 gals.
- Lemon Oil.** The best and cheapest insecticide in the market; used by nearly all the leading growers. Effectually destroys mealy bug, scale, thrip and red spider. Per $\frac{1}{2}$ pt., 25c.; 40c. per pt.; qt., 75c.; \$1.25 per $\frac{1}{2}$ gal.; gal., \$2.00; \$2.00 per 5-gal. kegs, 10-gal. kegs, \$17.50.
- Lime Sulphur.** For destroying San Jose Scale. This is a concentrated form which is diluted 1 gal. to 12 or 15 gals. water, either hot or cold. 1 gal. can, 75c.; \$2.25 per 5 gal. can; 10 gal. can, \$3.75; \$6.50 per 30 gal. keg; 50 gal. bbl., \$10.50.
- London Purple.** This largely displaces Paris Green, being not quite so strong. Per lb., 25c.; \$1.10 per 5 lbs.
- Nicoticide.** Used as a spray or as a vapor. Very effective in destroying thrip, aphids, white fly, and red spider, etc. Per $\frac{1}{4}$ pt., 70c.; per $\frac{1}{2}$ pt., \$1.25; per pt., \$2.50; per qt., \$4.50; \$8.25 per $\frac{1}{2}$ gal.; 1 gal., \$15.00. (Lamps for Nicoticide, 50c.)
- Nico-Fume (Liquid).** Used much the same way as Nicoticide. Per $\frac{1}{4}$ pt., 50c.; per pt., \$1.50; per $\frac{1}{2}$ gal., \$5.50; per gal., \$10.50.
- Nico-Fume.** This is a paper treated with nicotine, giving off dense fumes of strong nicotine when ignited. 24 sheets, 75c.; per 124 sheets, \$3.50; per 288 sheets, \$6.50.
- Nikoteen.** Makes a most satisfactory spray as well as vapor, excellent for Pea lice in the garden. \$1.50 pt.; 10 pts., \$14.00.
- Paris Green.** The chief merit of this article is the destruction of the potato bug. 10c. per $\frac{1}{4}$ lb.; per $\frac{1}{2}$ lb., 15c.; 30c. per lb.; \$1.25 per 5 lbs.; per 14 lbs., \$3.00.
- Pyrox (Bonker's).** A Bordeaux and Arsenate of Lead combined. 25c. per lb.; 5 lbs., \$1.00; \$1.75 per 10 lbs.; 25 lbs., \$4.00; \$13.50 per 100 lbs.; 200 lbs., \$26.50; \$62.50 per 500 lbs.
- Readeana Rose Bug Exterminator.** A poisonous preparation which dilutes in water. Used for destroying green fly, mealy bug, blight, mildew, etc. Small pkgs., 50c.; \$1.00 per large pkg.
- Scalecide (Soluble Crude Oil).** Used for the destruction of the San Jose Scale. Dilute at the rate of one gallon Scalecide to 20 gallons water. 45c. per qt.; per gal., \$1.00; \$3.25 per 5 gals.; 10 gals., \$6.00; \$16.00 per 30-gal. bbl.; per 30 gal. jacketed tin, \$15.00; \$25.00 per 50-gal. bbl.
- Scale Destroyer (Target Brand).** This is a preparation similar to Scalecide, but is not a crude petroleum. Per qt., 35c.; 65c. per $\frac{1}{2}$ gal.; per gal., \$1.00; \$3.75 per 5 gals.; 25 gals., \$12.50; per 50 gals., \$23.00.
- Shoo Fly.** For keeping flies off cattle and horses. Per qt., 35c.; \$1.00 per gal.
- Slug Shot.** The standard remedy for currant worms and rose slugs. 15c. per canister; per 5 lbs., 30c.; 60c. per 10 lbs.; 25 lbs., \$1.50; \$2.50 per 50 lbs.; 100 lbs., \$5.00. Full bbl. lots (about 250 lbs.), 4 $\frac{1}{2}$ c. per lb., f. o. b. Factory; 4 $\frac{3}{4}$ c. per lb., f. o. b. Phila.
- Sulphate of Copper.** For destroying fungous diseases of all kinds, also used in making Bordeaux mixture. Per lb., 15c.; \$1.25 per 10 lbs.; 25 lbs., \$2.75; \$10.50 per 100 lbs.
- Sulphur.** Used principally in greenhouses for checking mildew. Per lb., 7c.; 30c. per 5 lbs.; 25 lbs., \$1.25; \$4.00 per 100 lbs.
- Sulphur Candles.** For fumigating in sick-rooms, also in conservatories and greenhouses. Large, 20c. each; per doz., \$2.00; small, 10c. each; per doz., \$1.00.
- Sulpho Tobacco Soap.** For destroying scale on palms and other plants. Soluble in warm water. 3 ozs., 10c.; 20c. per 8 ozs.
- Sulfocide.** For fungous diseases; a good substitute for Bordeaux Mixture. 50c. pt.; qt., 75c.; \$2.00 gal.
- Thymo Cresol (Sheep Dip).** This preparation is used for disinfecting, etc., it is also an excellent cold water sheep dip. Per 4-oz. bottle, 25c.; 40c. per 8-oz. bottle; per qt., 70c.; \$1.10 per $\frac{1}{2}$ gal.; per gal., \$2.00.
- Tobacco Dust.** Excellent for dusting on Lettuce and other plants to destroy soft, creeping insects. Per lb., 10c.; 25c. per 5 lbs.; per 10 lbs., 45c.; \$1.00 per 25 lbs.; 100 lbs., \$3.50.
- Tobacco Dust (Stothoff's).** For either fumigating or dusting. State which kind is wanted when ordering. 5 lbs., 35c.; 60c. per 10 lbs.; 25 lbs., \$1.35; \$2.25 per 50 lbs.; 100 lbs., \$4.00.
- Tobacco Soap (Pimmers).** This is excellent for washing off palms and plants such as Oleanders, Camellias, etc. Per $\frac{1}{2}$ lb., 20c.; 40c. per lb.
- Tobacco Stems (Fresh).** Used principally for fumigating and under benches in greenhouses. Per lb., 5c.; 20c. per 5 lbs.; per bu., 50c.; \$1.00 per bbl. bag; large bale, \$2.00.
- To-bak-ine Fumigating Paper.** Very much like Aphis Punk. Per package, of 24 sheets, 75c.; \$0.50 per box of 288 sheets.
- To-bak-ine Fumigating Liquid.** Similar to Nicoticide. $\frac{1}{4}$ pt., 60c.; \$1.10 per $\frac{1}{2}$ pt.; per pt., \$2.00; \$7.75 per $\frac{1}{2}$ gal.; per gal., \$15.00.
- Tree Tanglefoot.** A paste preparation for painting around the trunks of trees, and crawling pests cannot get over it. Per lb., 30c.; 3-lb. cans, 85c.; 10-lb. cans, \$2.65; \$4.80 per 20 lbs.
- Vaporite.** Vaporite kills all underground insects such as Wireworms, etc. 1 lb., 15c.; 60c. per 5 lbs.; 10 lbs., 90c.; \$2.00 for 25 lbs.; 50 lbs., \$3.75; \$6.50 per 100 lbs.
- Whale or Fish Oil Soap.** For mild forms of Scale, and is an excellent summer spray. Per $\frac{1}{4}$ lb., 10c.; 20c. per lb.; per 5 lbs., 60c.; \$1.10 per 10 lbs.; per 25 lbs., \$2.00; \$6.50 per 100 lbs.
- Wilson's Plant Oil.** This is a soluble oil preparation, excellent for plant lice of all kinds. Pt., 40c.; 75c. per qt.; gal., \$2.00.
- Worm Eradicator.** This has been found to effectually destroy worms; may be used with perfect safety; results are sure. Bottle, 50c. and \$1.25 per gal.; 2 gals., \$7.60; \$16.85 per 5 gals.

FERTILIZERS MOSTLY IN DEMAND NOW

Our List embraces the very best and most modern kinds. We are headquarters in Philadelphia and can quote special prices on car-load quantities.

Blood (Dried). Apply 300 lbs. per acre. For indoor culture of flowering plants, like roses, carnations, etc., its chief element being nitrogen. 5 lbs., 30c.; 50c. per 10 lbs.; 25 lbs., \$1.10; \$2.00 per 50 lbs.; 100 lbs., \$3.75; \$6.75 per 200 lbs.

Blood Flour. Apply 200 lbs. per acre. Much like dried blood except that it is finer and acts almost instantly. 5 lbs., 50c.; 85c. per 10 lbs.; 25 lbs., \$1.75; \$3.25 per 50 lbs.; 100 lbs., \$6.00; \$11.50 per 200 lbs.

Bone Meal (Michell's Strictly Pure). Apply 600 to 800 lbs. per acre. Made from raw bone, without any addition of materials. Extensively used for lawns and greenhouse. 3 lbs. 15c.; 25c. for 5 lbs.; 10 lbs., 40c.; 75c. per 25 lbs.; 50 lbs., \$1.25; \$2.00 per 100 lbs.; 200 lbs., \$3.50; \$32.00 per ton.

Bone Flour. Apply 600 lbs. per acre. Can be used for indoor or outdoor purposes. 5 lbs., 30c.; 45c. per 10 lbs.; 25 lbs., \$1.00; \$1.50 per 50 lbs.; 100 lbs., \$2.50; \$4.50 per 200 lbs.; ton, \$40.00.

Bone (Coarse Ground). Apply 600 to 800 pounds per acre. Prepared from raw bones, exactly like bone meal. 5 lbs., 25c.; 40c. per 10 lbs.; 25 lbs., 85c.; \$1.50 per 50 lbs.; 100 lbs., \$2.50; \$4.00 per 200 lbs.; per ton, \$35.00.

Clay's Fertilizer. An English chemical fertilizer, for forcing greenhouse plants and vegetables. It can be used in either dry or liquid form. 15c. per lb.; 5 lbs., 60c.; \$1.10 per 10 lbs.; 28 lbs., \$2.00; \$3.50 per 56 lbs.; 112 lbs., \$6.50.

Cow or Cattle Manure (Shredded). One sack of this is equal to one cart-load of cow manure, is convenient to handle, making it possible for everyone to get this usually scarce article at all times. In 100-lb. sacks only. \$2.00 per 100 lbs.; 500 lbs., \$9.00; \$16.00 per 1000 lbs.; ton, \$30.00.

PRICES SUBJECT TO MARKET CHANGES

Land Plaster. Apply about 1000 to 1500 lbs. per acre. For a top dressing on sour and wornout soils, also for mixing with Paris Green. 5 lbs., 15c.; 30c. per 25 lbs.; 50 lbs., 50c.; 85c. per 100 lbs.; 200 lbs., \$1.50; \$10.00 per ton.

Lawn Dressing (Michell's Odorless). Apply 500 to 600 lbs. per acre. A quick stimulant for lawns and grass lands. 5 lbs., 30c.; 50c. per 10 lbs.; 25 lbs., \$1.00; \$1.75 per 50 lbs.; 100 lbs., \$3.00; \$5.00 per 200 lbs.; 1000 lbs., \$21.00; \$40.00 per ton.

Nitrate of Soda. Apply 100 to 150 lbs. per acre, mixing with land plaster or other fertilizers to render application more easy. Use only after plants are above ground. If used in liquid form dilute 2 ozs. to 1 gal. of water and do not apply oftener than twice a week. 8c. lb.; 5 lbs., 25c.; 50c. per 10 lbs.; 25 lbs., \$1.10; \$2.00 per 50 lbs.; 100 lbs., \$3.50; \$6.50 per 200 lbs.; 1/2-ton, \$30.00; \$58.00 per ton.

Poudrette (Native Guano). Apply 1000 lbs. per acre. For garden and lawns it is a good quick acting fertilizer. 5 lbs., 20c.; 35c. per 10 lbs.; 25 lbs., 60c.; \$1.00 per 50 lbs.; 100 lbs., \$1.50; \$2.50 per 200 lbs.; 600 lbs., \$6.00; \$8.00 per 1000 lbs.; per ton, \$15.00.

Sheep Manure (Wizard Brand). Apply 1000 lbs. per acre. For garden, lawn or greenhouse use nothing surpasses sheep manure, it is clean and easily handled. 2 lbs., 15c.; 25c. per 5 lbs.; 10 lbs., 40c.; 75c. per 25 lbs.; 50 lbs., \$1.25; \$2.00 per 100 lbs.; 500 lbs., \$9.00; \$16.00 per 1000 lbs.; per ton, \$30.00.

Thomson's Special Flower, Vegetable and Vine Manure. Extensively used to force flowers or vegetables. 15c. lb.; 5 lbs., 60c.; \$1.10 per 10 lbs.; 28 lbs., \$1.75; \$3.25 per 56 lbs.; 112 lbs., \$6.25.

Thomson's Special Chrysanthemum Manure. Very highly concentrated. Can be used in liquid and in dry form. Per 28-lb. sack, \$4.50; \$7.50 per 56-lb. sack.

SEASONABLE SUNDRIES FOR THE GARDENER

PEERLESS GLAZING POINTS

Made of zinc, can be used on right or left hand side of sash bar. 3 sizes.

No. 1 for single thick glass.

No. 2 for single thick glass.

No. 2 1/2 for double thick glass.

Price 60c. per 1000 (by mail, 76c.).

Pincers. For driving Peerless Points. 50c. per pair.

SIEBERT'S ZINC GLAZING POINT

5/8 and 7/8 inches long. 40c. per lb.; 10 lbs., \$3.75.

There are between 1000 and 1200 points in a lb. of the above.

LEMON OIL CO'S STANDARD SOLUBLE IN WATER INSECTICIDE

NO ODOR NO POISON

NO DISAGREEABLE ODOR—NO POISON.

Guaranteed by the Lemon Oil Co. under the Insecticide Act of 1910. Serial No. 321.

IF YOU WANT AN INSECTICIDE

That is Cheap in Price
Safe to Plants
Death to Pests
Harmless to User

Use our Standard Insecticide

It is recommended and in use by the leading Seedsmen and Florists to destroy Lice, Scale, Mealy Bug, Spider, Thrip, Black and Green Fly, Mites, Ants, Aphids, Rust, Caterpillar, Mildew, etc., on Palms, Rose Bushes, Rubber Plants, etc.

It leaves no disagreeable odor on blooms or foliage—advantages over the vile smelling soaps and powders.

It is more effective than other insecticides, and being poisonless, it is safe to both user and plants.

Lemon Oil Co.'s Standard Insecticide is a good and safe Flea Killer, Wash and Mange Remedy for Dogs and other animals. Contains no poison to injure the animal, and being liquid, gets through the hair to the hide destroying all vermin—advantages over powders.

It is extensively used in Poultry Houses to destroy Lice and other insects. Just the thing to kill Roaches, Ants, Bed Bugs, etc., in the homes.

DIRECTIONS FOR USE.

For Mealy Bug.— $\frac{1}{2}$ pint Standard Insecticide to 4 or 6 quarts of *luke-warm* water or 1 tablespoonful to 2 cups of *luke-warm* water. When dipping for this insect the plants should remain in the liquid from 10 to 15 seconds and be kept in continual motion. When syringing use the finest sprayer and apply the liquid with force.

For Brown and White Scale on Palms, Rubber Plants, etc.— $\frac{1}{2}$ pint Standard Insecticide to 4 quarts WARM water or 1 tablespoonful to 2 cups WARM water, applying with sprayer or sponge.

For Thrip, Red Spider, Caterpillar, Black and Green Fly.— $\frac{1}{2}$ pint Standard Insecticide to 2 or 3 gallons water, or 1 tablespoonful to 3 or 4 cups water. Either spray or dip.

For Mites.— $\frac{1}{2}$ pint Standard Insecticide to 4 or 6 quarts of water.

For Ants.— $\frac{1}{2}$ pint Standard Insecticide to 1 gallon water. Well water their nests and runs several times in the course of a few days.

For Fleas, Insects, Relieving Mange and Skin Diseases on Dogs and other Animals.—1 tablespoonful Standard Insecticide to 1 cup WARM water. Rub well into the hide, letting lather remain a few minutes.

For Insects in Poultry Houses.—1 part Standard Insecticide to 10 parts water.

For Insects that Infest Houses, Barns, etc.—1 part Standard Insecticide to 10 parts water.

Soft water should always be used for mixing, and warm water for Mealy Bug and Scale. If the liquid is left standing over night, it will form a scum, which should be carefully removed before it is again used. The Standard Insecticide improves with age if the can is kept firmly closed. To remove can cap grasp it with a damp cloth and twist it and can body in opposite directions.

Always apply Insecticide under leaves so as to come in contact with insects.

LEMON OIL COMPANY'S
STANDARD INSECTICIDE
IS NOT ONLY USED EXTENSIVELY
THROUGHOUT THE UNITED
STATES, BUT ALSO IN GERMANY
AND JAPAN.

UNSOLICITED TESTIMONIALS from a few of our Customers.

"We have used your insecticide in the city parks and squares for a number of years with excellent results."

A prominent chemist says the following:—

"In experimenting with various insecticides on young plants I have found Standard Insecticide especially valuable, as it effectually destroys insect life without harming the most tender plants."

"I have used the Standard Insecticide you shipped me to destroy Aphis and Scale, and have found it very satisfactory."

"You cannot recommend your Insecticide too strongly. It does all you claim for it."

"After using several unsuccessful preparations to exterminate bed bugs I tried Standard Insecticide and eradicated them with one application."

"Lemon Oil Co.'s Standard Insecticide is the best preparation I know for destroying fleas on dogs. The fact that it is odorless makes it particularly desirable."

IT MEETS
THE
REQUIREMENTS
OF THE
COMMERCIAL
GROWERS AND
SMALL
GARDENERS.

IT SUITS
THE
GREENHOUSE
DEMANDS
AND THE
SMALL
HOUSE
PLANTS.

IMPORTANT HINTS ON THE USE OF LEMON OIL CO.'S STANDARD INSECTICIDE

The cheapest and most effectual plan for destroying insects and cleansing the plants is by dipping when possible. A man will thoroughly cleanse as many plants in one hour this way as he could in several days by sponging. A number one pot with the drainage hole corked, will be found a capital dipping vessel for ordinary-sized plants. For larger plants a barrel with one-third sawed off, will answer the purpose. Climbers can be syringed or sprayed in any position, as the drip will not hurt the most delicate object.

**New Scarlet Geranium
“HELEN MICHELL”**

GROWN FROM A SINGLE PLANT TO BE COMPETED FOR AT THE
NATIONAL FLOWER SHOW, NEW YORK, APRIL 13, 1913

This new Geranium is introduced by us as THE BEST COMMERCIAL NOVELTY FOR 1913, and in order to popularize it the first year of its introduction, we are offering the above remarkable prize, hoping that every grower in the land will compete.

The competition is absolutely fair as no plants are disseminated until January, 1913, and no larger plants are then furnished than from 2¼-inch pots. Every one knows how to grow a Geranium, and it can be carried to the Show, avoiding express charges, delays and damages.

ORDERS ARE FILLED IN ROTATION AS BOOKED, SO ORDER NOW
TO GET THEM EARLY.

Michell's Seed House, Philadelphia, Pa.

THE BEST COMMERCIAL NOVELTY FOR 1913
The New Clear Scarlet Bedding Geranium
"HELEN MICHELL"

(Name registered with S. A. F. & O. H.)

(Cross-Seedling Jean Viaud X Alphonse Ricard)

Introduced by HENRY F. MICHELL CO.

Seed, Bulb and Plant-growers.

518 Market Street, Philadelphia.

OUR CLAIM

for this novelty is, that it surpasses all other Scarlet Geraniums.

- (1). In brilliancy of color.
- (2). In size of bloom.
- (3). In number of clusters to the individual plant.
- (4). In vigor and strength.
- (5). In earliness of bloom.
- (6). In constancy of bloom.
- (7). In propagating quality.
- (8). In a wonderful ability to retain its brilliancy of color in the hottest of weather.

We have observed this Geranium and present the above claims as based upon personal experience.

"HELEN MICHELL" IS SEMI-DOUBLE, OF THE CLEAREST POSSIBLE SHADE OF SCARLET, IS EARLY IN BLOOM, AND FLOWERS VERY FREELY DURING THE ENTIRE SEASON

It grows compact medium dwarf, with lustrous green foliage and throws up gigantic flower-heads very freely. We claim it to have the largest flower-heads of any of the Bedding Geraniums. The individual blooms measure 2½-inches across. It is a common occurrence that a single 4-inch pot plant shows four fully open gigantic flower-spikes, several half open and more in bud.

At the time of writing this circular (August) our trial bed of these is the most perfect sight one could wish for.

Its propagating quality is the best ever. More cuttings can be made from this variety than any other in existence.

To compare it with some of the best known commercial scarlet varieties will simply state that it puts the present standard bearer, "Alphonse Ricard," entirely in the background and soon will supplant it altogether.

There are more Scarlet Geraniums grown than any other color, so be in line and grow the best, AND THE BEST TO-DAY AND FOR SOME-TIME TO COME, is

"HELEN MICHELL"

TO BE DISSEMINATED JANUARY-MARCH, 1913. ORDERS BOOKED NOW
AND FILLED IN ROTATION AS RECEIVED.

"Read what two of the greatest American Geranium growers have to say about
'Helen Michell,' on the following page."

Read what two of the greatest American Geranium growers have to say about "HELEN MICHELL"

Philadelphia, June 15, 1912.

Gentlemen:

Relative to the new Geranium, "Helen Michell," which was shown to us a few days ago, would say that we consider this variety a GREAT IMPROVEMENT over Alphonse Ricard. The flower is borne on a long, stiff stem, is MUCH LARGER than the Ricard variety, and the color is superb. It appeared to us to be a very VIGOROUS GROWER and UNUSUALLY FREE. We have known of this variety for the past two years and think it will be one of the grandest bedders in commerce.

Yours truly,

ROBERT CRAIG CO.

White Marsh, Md., June 10, 1912.

Gentlemen:

We take pleasure in assuring you that we were very favorably impressed with the new GERANIUM, "HELEN MICHELL." It certainly possesses merits of exceptional value to the grower, and we are confident it will immediately find its place among the leading class of Geraniums.

Respectfully yours,

R. VINCENT, JR., SONS

Michell's Seed House

PHILADELPHIA, PA.

KILL WEEDS IN LAWNS

ANY otherwise beautiful lawns are often disfigured by the tremendous growth of weeds in them, such as dandelion, plantain, etc. Ordinary weed killers cannot be applied, weeding by hand is out of the question. The three articles described below have been thoroughly tried and proven and we can recommend them highly. **Once Destroyed, Weeds are gone forever.** As a general rule you have little if any future difficulty with weeds where one of these preparations is applied.

CLIMAX LAWN SAND

A UNIQUE combination of carefully dried and finely ground chemicals, which if sprinkled over the grass destroys moss, chickweed, plantains, dandelions and all other weeds on lawns, tennis courts, golf greens, &c., at the same time promoting the growth of the finer grasses to such an extent that the spaces previously occupied by the disfiguring weeds are quickly covered by a perfect sward of fine close-growing grass, of good color.

The chemicals used in "Climax Lawn Sand" are of such a nature that they will readily destroy any plant to which they can adhere. Weeds as a rule have broad hairy leaves or grow in matings so that powder can easily remain on the plants for several hours, while the grasses are smooth and fine-bladed and do not accept the sand as adherence.

WHEN TO APPLY

Season: "Climax Land Sand" may be applied any time during the growing season of the year, namely from beginning of April to the end of October.

Conditions of the Lawn: The lawn must be absolutely dry; by that is meant that no water or dew must be visible on the grass.

Weather: Only apply in fine weather when the temperature is fairly high and when no rain appears likely for a day or two. **This is most important.**

HOW TO APPLY

For shallow rooted close-cropped weeds such as moss, chickweed or daisies, sprinkle "Climax Lawn Sand" all over each patch, so as to lightly cover them with slight dusting, distributing evenly about five ounces for every square yard. Gauge the quantity according to the number of weeds. Repeat the application if any escape the first dressing. For all flat-leaved, shallow rooting weeds such as plantains, thistles, etc., a larger quantity is required and we recommend that a small teaspoonful should be placed on the crown of each plant.

THE EFFECT

of an application is visible within a very few hours; the weeds blacken and die; the grass may become pale, but it quickly recovers its color, and a young growth of grass appears on the bare spots previously occupied by the weeds.

QUANTITY REQUIRED AS A DESTROYER

COPPERAS (Sulphate of Iron)

The low cost of this makes it very valuable for field as well as lawn use, it being one of the best articles for the destruction of Canada thistle and other difficult weeds. Especially valuable for eradicating dandelion, sorrel, etc. It dilutes 100 lbs. to 52 gallons of water, enough to treat an acre, and is applied with a sprayer. While it destroys weeds it also stimulates the growth of grass, etc. 25 lbs., 75c.; 50 lbs., \$1.25; 100 lbs., \$1.75; 200 lbs., \$2.50; 500 lbs., \$5.75; 1000 lbs., \$11.00.

AMMONIATED LAWN LIME DESTROYS WEEDS IN 48 HOURS

A chemical compound which when applied as a dressing kills all weeds in lawns, a single application is generally all that is needed. Select a bright sunny day, apply at the rate 1 lb. to 40 square feet (a space 10 x 4.) It fertilizes the grass, besides destroying the weeds. 2 lb. tin, 30c.; 60c. for 5 lbs.; 25 lbs., \$2.00; \$6.00 per 100 lbs.; 500 lbs., \$28.00; \$55.00 per 1000 lbs.; ton (2000 lbs.), \$108.00.

WIKHAM WEED ERADICATOR AND CLIMAX WEED KILLER

The Eradicator is a tubular staff 36 inches long, fitted with a self-acting valve, so arranged that when filled with the "Climax Weed Killer" by simply pressing the point into the plant, enough liquid is injected into the tissues to destroy it. It is made of brass, especially hardened and bronzed, fitted with a perfectly tight screw cap. When not in use the point is protected by a ferrule which can be taken off when desired. It is the simplest and most effective instrument ever made. You push the point of the Eradicator into the crown and root of the dandelion and the root is forever destroyed without the least injury to the surrounding grasses or plants. No bending, no scratching, no weight and no digging. A pastime for the young, and old as well.

Wikeham Weed Eradicator (complete), \$4.00.

Climax Weed Killer, Tin No. 1 (enough to make 25 gallons of liquid), \$1.50.

MICHELL'S TARGET BRAND WEED KILLER

THE DIFFERENT WAYS OF APPLYING IT. ADAPTED FOR USE IN LARGE OR SMALL AREAS

TARGET BRAND WEED KILLER

is an effective combination of high-grade chemicals which diluted in water at 1 to 50 destroys the roots as well as the tops of all weeds and vegetation to which it is applied.

One gallon diluted is sufficient to cover 100 to 150 square yards; and one or two applications are sufficient for an entire season. Does not injure marble, cement or road metal. The best time for applying is just after a rain.

PRICES OF "TARGET BRAND" WEED KILLER

Per quart	Makes 51 quarts .	\$0.45

A FEW TESTIMONIALS

LAKE VIEW CEMETERY

PENN YAN, N. Y.

Gentlemen:

Last May you sent us a shipment of Target Brand Weed Killer. We were very much pleased with the working of it. Will you please send us one 10 gallon can of the Target Brand Weed Killer and oblige

Yours respectfully,
H. W. PERKINS,
Chairman and Supt.

WASHINGTON UNIVERSITY

ST. LOUIS, MO.

Sirs:

I have used about 300 gallon of Target Brand Weed Killer and recommend it heartily. I used it on gravel walks, brick walks, tennis courts and cinder running tracks, and find it gives perfect results on all.

Yours truly,
CHARLES MURRAY,
Head Gardener.

BUFFALO BURIAL PARK ASSOCIATION

"ELM LAWN" LOCATION DELAWARE AVE.
BUFFALO'S BURIAL PARK BEYOND CITY LIMITS

BUFFALO, N. Y.

Gentlemen:

The last shipment of weed killer arrived safely and I have used it with great success. It is certainly the best thing to keep weeds and grass out of the driveways and walks that I have used.

We are
Yours very truly,
BUFFALO BURIAL PARK ASSN.
John G. Wallemiscerd, Secy.

LEXINGTON CEMETERY CO.

LEXINGTON, KY.

Gentlemen:

We have tried your weed killer, "Target Brand" and it is a great improvement over the old weed killer.

Respectfully,
JAMES NICOL, Supt.

FAIRMOUNT WEED KILLER

Dilutes 1 part to 50 parts of water. 1/2 gallon, 75c.; 1 gallon, \$1.25; 5 gallons, \$6.00; 10 gallons, \$11.00; 50-gallon barrel, \$45.00.

NOTICE—Fairmount and Target Brand Weed Killer *cannot* be used for destroying weeds among grass. For this purpose we recommend and supply

CLIMAX LAWN SAND, AMMONIATED LAND LIME and SULPHATE OF IRON. (See 3d inside cover page)
