Terms and Conditions

The terms of payment must invariably be **cash or satisfactory security before shipping.**

When goods are ordered by express C. O. D., one-half of the amount in cash must accompany the order.

We pack in strong, light boxes, **for which we make a moderate charge.**

No charge is made for delivering goods at Freight or Express office.

After delivering our goods to forwarders our responsibility ceases.

When losses occur through detention or neglect **enroute**, claims should be made **at once**, on the forwarders.

Any mistake of ours will be promptly corrected if notified within **five days** of receipt of goods.

Purchasers will confer a favor by stating the manner in which they wish their goods sent, by freight or express. We can ship from Waukegan by the American Express; Chicago & Northwestern Railway; Elgin, Joliet & Eastern Railway; United States Express; and Chicago, Milwaukee & St. Paul Railway; by boat to Chicago. Also give us the route from Chicago if practicable. Write postoffice address plainly.

The articles on the following list will be furnished at annexed prices only when the quantity specified is taken as follows; 50 at 100 rates; 500 at 1,000 rates, etc. Rates by the 100 or 1,000, etc., will not apply when two or more articles or classes offered separately are included to make up the right number.

We have by far the largest stock of Evergreens ever offered in the United States, all grown from seeds on our own grounds.

Evergreen Tree Seedlings

The following are very fine stock, well rooted and far superior to Imported Trees of same age, as they make a fine growth the first season after transplanting.

With our experience of over fifty years in growing Evergreens from seeds, packing and shipping millions annually, we are glad to be able to say that we ship to arrive as safely, and transplant as successfully, as deciduous trees.

We make a specialty of growing Evergreen Trees from seeds in very large quantities and Forest Trees for planters.

Forest Tree and Ornamental Seedlings

(Special quotations on lots of 5,000 and over.)

All of these seedlings are nursery grown and are much better rooted, straighter and stockier than those collected in the forest or river bottoms. All of our seedlings are dug with a spade or tree digger, while the forest-grown ones are usually pulled up by hand, greatly injuring the root by so doing.

Forest Trees by Mail

**We Offer the Following Packages by Mail, Postpaid,
for \$1.00 per Package**

Our mail packages are made up of the number set opposite each kind, and we never divide the packages, nor put more than one kind in each \$1.00 package.

Our experience of sending dollar packages of the best Forest and Ornamental Tree Seedlings, postpaid, met with such success and so many encomiums from every part of the country, that we shall in future devote special attention to this business. The postage on each package and the labor of packing them costs nearly 50 cents, so the direct profits of this business are very small; but then, when a man once begins planting trees, he is sure to keep on doing so, and we hope by placing good trees in small quantities, and at cheap rates, within the reach of all, to build up among the farmers in every part of the country the habit of planting every year a hundred or more trees, and of considering the planting a part of their regular farm work.

These trees reach their destination in any part of this country in as good condition as when leaving the nursery. We now send small packages of evergreens by mail to Europe in perfect order, and have sent deciduous trees to the East Indies, 400 miles inland to Calcutta, that all lived and were in leaf ten days from planting.
