NURSERIES:

North Yakima and Mabton, Washington

Our Superintendent belongs to a family of Nurserymen
who have grown reliable dependable Fruit
Trees for more than sixty years

Northwest Nursery Company

3 South Second St.

NORTH YAKIMA, WASH.

To Our Customers

It is our ambition and purpose to maintain a reputation for growing and marketing the highest class of nursery stock that experience and conscientious care can produce. It is our constant aim to keep our field work, our packing and our shipping so well organized that mistakes may be reduced to the minimum.

We use No. 1 Seedlings in our grafting. We employ experienced help—costs more but it is the cheapest.

Our buds and scions are carefully selected and cut from bearing trees of tested quality.

We do not crowd the plants in the rows, with the result that they have ample room for root development and a stocky tree.

GUARANTEE:—We do not intend that a single tree sold and delivered from this nursery shall prove untrue to name, but we know, only too well, the possibility of errors. Supplementing the horticultural laws of this state and our bond as nurserymen, we always stand ready and willing to refund the price paid for any trees that may prove untrue, or we will replace such trees free of charge, or we will top work any such trees.

We will not substitute without telling you. If we send you a tree similar to the one ordered but known by another name, we will tell you so.

We know the value of confidence in business. We know that we cannot hold your confidence unless we “make good.” As a matter of self-protection and self-preservation we are going to merit your confidence. Aside from and above all mercenary motives, we want your confidence because of the personal satisfaction it will give us.

We propose to maintain a high standard of business ethics at all times and under all conditions.

Terms of payment. We are doing business upon a strictly cash basis. The only deviation from this rule will be settlement by approved note at time of delivery. We want to hold your good will and respect. We believe this policy will do it.

NORTHWEST NURSERY COMPANY.
