Stark Challenge Points

We pay freight on everything as priced herein to any R. R. Station in United States and to the United States line on shipments to foreign countries, on orders of \$10.00 net and over—cash before shipment.

We Box and Pack Free—bear cost of boxes, bales, moss, fiber, etc. This is expensive but good packing pays—pays customer, pays us.

Paper line all boxes at all seasons—another costly item, but it is a safeguard against both drying out and freezing.

Orders lost or spoiled in transit we refill free.

Give buyer his choice of sorts. If requested, we make selections, using our best judgment in his interest.

Give 300 trees of a kind (as 300 apple, 300 plum) not less than 10 of a variety, at the 1000 rate. Thirty trees of a kind (30 apple, 30 pear, etc.) not less than 10 of a variety, at the 100 rate. Ten or more of one variety at the 10 rate (if as many as 30 you are entitled to the 100 rate). Less than 10 of a variety at the Each rate—as 9 Stark Delicious, 3 Stark King David, 1 Grimes Golden.

EXAMPLE: In an order of 320 Apple—100 Black Ben XXX, 80 Delicious, 3 to 5 ft., 1-yr., 120 Delicious XXX, and 20 assorted (1, 2, 4, 7, etc., of a sort), latter 20 will go at Each rate, the 300 at 1000 rate.

Different kinds, as 150 Apple and 150 Plum, cannot be taken together to make up 300 so as to obtain 1000 rate.

1000 rate:—300 of a kind (as 300 apple, 300 pear) but not less than 10 of a variety.

100 rate:—30 trees of a kind (as 30 apple, 30 cherry) but not less than 10 of a variety.

10 rate:—10 or more of a variety, but if as many as 30 or more, customer is entitled to the 100 rate.

Each rate:—Less than 10 of a variety (as 9 Stark Delicious, 3 Stark King David, 1 Grimes Golden).

Guarantee trees true to label, and use utmost care to avoid mistakes, but should any prove untrue to label, we will, upon proper proof, replace the trees free; but are liable no further. Our just and liberal dealing since 1816 is our chief guaranty to customers.

We attach Entomologist's certificates to all shipments.

Stark trees are of highest quality—you can't buy better anywhere at any price. They are grown to last, and bear the best fruits known. Young, healthy, thrifty 1 or 2-yr. stock, even if a small size, is very different from small, old, rough, stunted trees culled from 4 and 5-yr. blocks.

SPECIAL—We give special prices for large quantity orders, buyer paying freight. Write for estimate.

We uniformly tie Trees in bundles of 10; Grapevines and Small Fruits in bundles of 25; and as unbroken bundles are handled at less expense we can thereby offer these unusual concessions.

Our 1-yr. trees are graded into two sizes—3 to 5 ft. and 2 to 3 ft. Each size full and strong; our 2 to 1/2 ft. size equals the largest 1-yr. size of many nurseries.

Three sizes of 2-yr. fruit trees are graded in our packing houses. XXX is the size sure to please. XX size excels "1st class" of some nurseries. Each size is first-class of that size; no second-class, defective or cull trees go into any size, but to the brush pile.

Special Service Department

For more complete or detailed information on subjects relating to fruit culture, selection of varieties for given localities, etc., and which naturally cannot be fully covered in a book even as extensive as the Year Book, we refer the reader to our Special Service Department, which is in charge of our trained and experienced men. The service of this department is open to every one, without charge of any character.

The Stark Orchard Book should be in the hands of every orchard man. It is a real help. In simple language, it deals with the planting and care of trees from the day they are received from the nursery. The subject matter is the boiled-down experience of practical fruit growers and scientific men from all parts of the country and is written so that the most inexperienced can understand it. There has been a long-felt want for such a book.

25% Discount to Mail Order Buyers

will be allowed from the prices quoted in this list, for prompt and direct orders—all cash before shipment.

This price list, together with the discount, is our personal mail order salesman in your territory, and it opens the way for every tree planter to secure Stark sterling quality trees at the lowest possible price.

Bear in mind that in addition to this 25% discount, we box free, and if order amounts to \$10 net or over, we also prepay freight. Keep before you the fact that we guarantee safe arrival and give liberal premiums.

Why We Use Trade-Marks

We have trade-marked Delicious and other valuable Stark Bro's sorts. We do this not only for our protection, but for yours as well. While these trade-marks do not cost you one cent at tree-buying time—they are a guaranty to you of genuineness. Look out for bogus trees of Delicious; some will doubtless be offered. Don't you make the mistake of buying something somebody tells you is the same thing. Come to headquarters—Louisiana, Mo.—for trees of the genuine Stark Delicious.
