WHOLESALE PRICE LIST.

Apple Seedlings

We have the following APPLE SEEDLINGS on hand at the present time—we won't have long. Get our prices and a sample of the goods and you'll know the reason why. It's getting late and we propose to close them out.

45,000 No. 1, 3-16 in. and all up, straights.

35,000 No. 1, 3-16 in. and all up, branched.

124,000 No. 2, 2-16 to 3-16, straights.

100,000 No. 3, for lining out to bud.

Apple Grafts

Apple trees are selling for 15 to 20 cents in car lots. Do you know anything better to plant than APPLE GRAFTS? No; it's not likely to be overdone with seedlings at a cent a piece.

Our grafts are made from a short heavy grade of seedling, nearly all are collar grafts. We have sold many orders since our last list was sent out. A sample does the work, let us mail you one, it costs you nothing.

REMEMBER we grow our own roots and cions, they go fresh from the ground to the grafter's table. We don't send you grafts worked on roots and cions frozen or dried in transit.

We can furnish grafts of varieties shown on Tree List on next page and also, Staymen Winsap, Stark, Smith Cider, Hubbard, Peerless, Alaska and a number of others.

	Per 1000

Whole root grafts, \$3.00 per 1,000 above these prices.

We have several hundred thousand grafts put up and ready for shipment and are prepared to fill orders on short notice.

Terms on Grafts

One fourth cash with order, balance when ready for shipment.

Notice

If you are in a hurry, send us a Night Letter Telegram (50 words for the price of a day message) and we will undertake to place the goods on cars next day. Stock will be well packed and go forward in refrigerator car. Entomologist's Certificate with each shipment.
