BORDER AND BEDDING PLANTS.

In the winter and early spring we propagate large quantities of bedding and border plants which are sold usually in flats. We have on hand, however, at all times such as are perennial like Pansies, Lobelia, Daisies, Digitalis, Achryanthus, Cinerarias, Armeria, Geraniums, Violets, Wallflower, Shasta Daisy, Thyme, Alternanthera, Saxifrage, etc. etc. On this class of stock we will be pleased to quote special prices at any time. Annuals are only in stock during the early spring and a special list of them will be ready at that time.
