We take great pleasure in presenting our forty-ninth annual price list of Ornamental trees. Our stock is all perfectly hardy, for it must be in order to survive this cold climate. It is adapted to a wide range of climate and will thrive equally well in the South as in the North. Our trees are full of life and vigor and represent the best that the North can produce.

To large Planters: We grow a large assortment of Evergreen and Deciduous trees and in some of the standard varieties, are prepared to furnish small trees in very large quantities. We would be pleased to figure with parties who intend to plant in large quantities.

To the Retail Trade: Our assortment includes all the standard varieties of Evergreens and Ornamentals. We earnestly solicit correspondence from parties who desire to make small plantings of either Ornamental or Fruit trees.

To the Wholesale Trade: We especially solicit the wholesale trade. Our trade discount is liberal and we cater especially to nurserymen and dealers. Special prices will be made on car load lots.

Each fall we collect large quantities of Evergreen tree seeds from the native forests of the north and northwest, clean them up ourselves, and therefore can guarantee to those wanting fresh and pure tree seeds, the best to be had. Our list of tree seeds is usually issued late in the Fall of each year.

Millions of trees are now being planted every year for Forestry purposes, and the planters for such purposes usually buy in very large quantities. To these we will say that it will be a pleasure to us to quote them special prices on their requirements, provided their needs can be supplied from the varieties that we raise and offer for sale.

Terms and Conditions

TERMS.—*Cash before shipment*, unless special agreement has been made for other terms of payment or previous credit has been established with us. *No deviations from this rule.*

SHIPPING SEASON.—Generally begins April 1 and continues to June 15. Fall season from August 15th to Nov. 1st. All stock is dug fresh and packed in best quality live Spagnum moss. Some seasons we can commence digging as early as March 15th.

OUR RESPONSIBILITY for delivery ceases when delivery is made by us to transportation company. This guarantee, however, shall in no case make us liable for more than the original invoice value of the stock. Under no circumstances will goods be shipped subject to approval or rejection on arrival.

SHIPPING DIRECTIONS.—State distinctly whether you want the goods sent by *freight or express* and tell us what railroad to ship by if you have a preference.

BOXING free on all orders accompanied by remittance in full, *provided same does not amount to more than 10% of amount of order.* Otherwise, boxing at cost.

SPECIAL PRICES given on very large orders. 50 of any one variety and sizes sold at 100 rates, and 500 of any one variety and size, at 1,000 rates.

PLEASE DO NOT ORDER 12 in. trees at price of 8—12 in., nor 18 in. trees at the price of 12—18 in. Price of 12 in. trees will be midway between that of 8—12 in. and 12—18 in., and the same rule will apply in all cases where one exact size is ordered at variance with the sizes given in this list.

ALL goods travel at purchasers risk and expense.

PRICES in this catalog supersede all previous quotations and are subject to change without notice.

CLAIMS for deductions will receive consideration only when made within six days after receipt of goods.

CAUTION.—All quotations are made subject to stock being unsold when order is received and to injury to stock from causes over which we have no control.

INSPECTION.—Our nurseries are inspected annually by the state Entomologist, and we hold his certificate that our stock is free from injurious insects and contagious diseases.

CANCELLATION.—Orders are not subject to cancellation after being dug or packed.
