Shipping

Please give definite shipping directions, also whether you desire shipment to be made by freight or Express. Also route if possible. If no directions are given we will forward to the best of our judgment without assuming responsibility as all goods travel at purchasers' risk and expense. Our close proximity to Chicago, the great railway center, affords direct connection with all the leading lines in the country, and assures our customers quick service and low Chicago rates.

Prices

The prices quoted are net, boxing extra, and are as reasonable as is consistent with first quality stock carefully graded and properly handled, that it may reach destination in the best possible condition. Prices are limited to the wholesale trade and are only for the Spring of 1913.

Rates

Stock furnished in quantity as follows:

5 of the same variety and size at the 10 rate.

50 of the same variety and size at the 100 rate.

500 of the same variety and size at the 1,000 rate.

We grade carefully, quality being our watchword.

Terms

Usual terms to those of established credit or whose responsibility is known to us. Cash, security or satisfactory reference required of unknown parties.

Boxing and Bales

Boxing and bales will be charged for at actual cost of material used. We make no charge for packing or delivery to the railway station.

Guarantee

We exercise the utmost care and diligence to have our varieties true to name and on proper proof will replace all trees that may prove otherwise, or refund the amount paid. It is mutually agreed and understood between the purchaser and ourselves, that we shall in no case be liable for any sum greater than the original purchase price. All agreements and contracts are made subject to the loss of crop by drought or other **unavoidable** causes.

Special Notice

Correspondents are requested to use their printed business letter heads. This list is for the trade only and injustice to our customers, the Nurserymen, Florists and large dealers who do their own packing, we use every possible effort to limit the distribution of trade prices to those we know to be entitled to receive them. **Use printed stationery.**

Location

We are situated in Northern Illinois, on well drained, rich, fertile soil. Located 35 miles west of Chicago on the Galena Division of the C. & N. W. Ry. as well as the A. E. & C. Interurban electric system.

Visitors

Visitors are always welcome and when coming by the way of Chicago, are directed to the C. & N. W. Depot on Madison Street, from where it is an interesting ride through the famous Fox River Valley dairy district, of one hour and thirty minutes, direct to the nursery. For an hourly service from Chicago's shopping district, take the A. E. & C. electric line at Fifth Avenue and Jackson Boulevard direct to Elgin, transferring to the Carpentersville car, getting off at stop No. 4, Dundee, from where it is but a two-minute walk direct to the nursery.

HILL'S HARDY EVERGREEN SEEDLINGS

The growing of Hardy Evergreen Seedlings has been a specialty with us for over half a century. That we have been successful and that our stock gives entire satisfaction is attested by our rapidly growing list of customers, whom we supply year after year. Many of our best customers are those who have tried out the "cheaper stock" and have become convinced by actual experience that "it pays to get your Evergreens from Hill." "Quality" and "Service" are our watch words. Try us this year. Our seedlings are always freshly and carefully dug, properly graded to sizes, plainly labeled, and tied up in bunches of 50 and 100.

In purchasing seedlings for lining out remember that our stock is American grown, therefore FULLY ACCLIMATED, ABSOLUTELY HARDY, FREE FROM DISEASE. Being centrally located we can ship to either seaboard in a few days' time. No ex-orbitant transportation charges, and the stock invariably reaches you in perfect condition, and is on hand just when you want it. We guarantee safe arrival at destination.

The above points constitute the difference between 100% stands and 50% stands.

Try Hill's trees this year—AND SEE THE DIFFERENCE.

THE BLUE SPRUCE

We are headquarters for this splendid variety, having specialized in them for years, and notwithstanding the unusual demand, have succeeded in building up a magnificent stock (without doubt the largest in the world). We offer three types of this wonderful variety—THE GRAFTED BLUE SPRUCE, THE COLORADO BLUE SPRUCE (Selects) and THE COLORADO BLUE SPRUCE, nursery run, (blue and green form). When you order our Grafted Spruce or the Colorado Blue Spruce selects you may rely upon receiving both in color and form “specimens” in every sense of the word. The “nursery run” sizes include both the blue and green type, and are fine for lining out. As a general thing our nursery run trees go 40 per cent blue. For prices on seedlings, see page 3.

This is one of our leading specialties. Our soil and climate apparently is ideal for their propagation. This class of stock receives the same painstaking attention and careful handling that is given our Evergreens. All stock is carefully dug, properly graded to size and tied twice in bunches of 50 and 100.
