SURPLUS LIST No. 2

For Nurserymen and Dealers Only.

FEBRUARY 1st, 1913

To The Trade:—

In this issue we are showing a few items not listed before. We expect to commence packing for cold storage within the next two weeks, therefore we urge our customers to send in their orders at once, while the assortment is still good.

Following the practice adopted several years ago, we will this season continue to ship car load lots to Rochester, N. Y., Philadelphia, Pa. and St. Louis, Mo. during the months of February and March for immediate distribution, or to be held in storage for spring trade. Customers in the Northern and Eastern sections of the Country can avail themselves of the excellent facilities thus afforded.

Do not forget we can make prompt shipments, or hold in storage to suit the convenience of each purchaser.

Terms and Conditions—Same to apply as in our fall Trade List.

PEACH, in Dormant Bud.

The Dormant Budded Peach offered below are chance seedlings that came second year in a block of one year peach. The block is on leased land that we must clear and turn over to the owners before spring.

We have budded these seedlings to standard varieties of peach, which we will sell for lining out purposes at \$15.00 per 1000; 10,000 lots at \$12.50 per 1000, packing free. No rough or overgrown stocks will be put in; all will be clean, healthy, thrifty and free from diseases.

VARIETIES.
