A Little Talk To You

WHETHER you have a tiny yard and half a dozen hens or a large farm and several thousand chickens, you want to make as much as possible out of your plant. The truck should be productive and the hens should lay. Part of that work is up to you; but a very large part is also up to us, and it is not only our business but our aim, to help you make more money out of your farm, garden, truck patch or poultry.

This is our Forty-eighth Year; a steady upward growth from a very small beginning in 1865 to our present large stores, warehouses and grain elevators. Read our Facilities on page 64. All these facilities are at your service.

Our Garden and Truck Seeds are all grown by Specialists and you cannot buy better seeds.

We make, what the most experienced poultrymen say, the best Poultry Foods and Remedies. Our Poultry Supplies, including Incubators and Brooders, are of the highest grade.

The Farm Implement Department is complete.

We extend, to all, a hearty invitation to visit our salesroom.

Our mail order department will serve you faithfully.

Kindly send cash with order, or references.

We have an excellent telephone system and your phone orders will be promptly obeyed. Bell 54 and 55, also 441, Private Branch Exchange, and Keystone or Eastern 54.

Goods are delivered on board cars, Camden, N. J., without extra charge. Naturally, prices are subject to change without notice. Prices for Parcel Post are for First Zone only.

With best wishes and hoping to receive your valued orders, we remain,

Very truly yours,

TAYLOR BROTHERS

KEYSTONE FOODS

KEYSTONE BABY CHICK FOOD

BABY chicks should be fed ingredients that are suitable for their young and delicate constitutions. Keystone Baby Chick Food is scientifically prepared and is without doubt the best food that can be given. This food hastens the growth but prevents dreaded diarrhoea and other intestinal troubles. It should be fed for at least two weeks, when the Regular Keystone Chick Food can be given. We want you to test Keystone Baby Chick Food. Try it on the next flock of chicks and watch results. Forty-seven years of knowledge back of it.

ANALYSIS:

Protein...13 per cent. | Fat...4 per cent. | Fiber...3 per cent.

PRICES: { 50 lbs.\$1.25 100 lb. lots.....\$2.30
500 lb. lots..... 2.25 cwt. 1,000 lb. lots..... 2.20 cwt.
2,000 lb. lots.....\$2.15 cwt.

Also in special 6½ lb. paper bags.....\$0.18

KEYSTONE CHICK FOOD

SOME of the most successful poultrymen always feed Keystone Chick Food. It is the proper food for chicks from two weeks old until weaning time. The choicest seeds and grains are scientifically selected and mixed in exactly the right proportions to make growth, strength and vigor. It forms flesh and feathers and it does not contain excessive fiber which causes indigestion and diarrhoea. It is easily digested and quickly assimilated. Chicks fed Keystone Chick Food are healthy chicks. Try it and be convinced.

ANALYSIS:

Protein..11 per cent. | Fat..3 per cent. | Fiber..3 per cent.

PRICES: { 50 lbs.\$1.20 100 lb. lots.....\$2.20
500 lb. lots..... 2.15 cwt. 1,000 lb. lots.... 2.10 cwt.

Also in special 6½ lb. paper bags.....\$0.18

MR. TRUMAN HICKMAN, of Green Creek, N. J., says: "Have used Keystone Chick Food for my chicks, and feel confident it did even more than was claimed. It kept them healthy, made them grow and develop far faster than those it was not fed to."

KEYSTONE DEVELOPING FOOD

CHICKS must grow and grow rapidly from the weaning age—from six to eight weeks old—until the pullets and cockerels are ready to be given Keystone Scratching, Forcing or Laying Foods.

KEYSTONE DEVELOPING FOOD is a dry grain, balanced ration, especially prepared for this critical period. It makes chicks grow, gives them vigor, helps the feathering and produces good blood, bone and muscle. Try it.

MRS. D. NEUSCHAFER, of Mantua, N. J., says: "I have used Keystone Developing Food for three years; the results have been all one could ask for."

ANALYSIS:

Protein...9½ per cent. | Fat...2½ per cent. | Fiber...3 per cent.

PRICES: { 50 lbs.\$1.15 100 lb. lots.....\$2.10
500 lb. lots..... 2.05 cwt. 1,000 lb. lots..... 2.00 cwt.
2,000 lb. lots.....\$1.95 cwt.

KEYSTONE SCRATCHING FOOD

USE KEYSTONE SCRATCHING FOOD and keep your stock in health. Good health means vigor, growth and eggs. KEYSTONE SCRATCHING FOOD is composed of a combination of selected grains and seeds. There is such a variety of grains and of such different sizes that the fowls scratch and scratch for them. This exercise promotes digestion, gives health and insures a large yield of fertile eggs. It is unequaled.

ANALYSIS:

Protein, 11 per cent. | Fat, 3 per cent. | Fiber, 3 per cent.

PRICES: { 50 lbs. \$1.15 100 lb. lots... \$2.10

A. A. REYNOLDS, of Wenonah, N. J., says: "I have used Keystone Scratching Food for several years and can testify to its superior quality of grains and the excellent results obtained from its use."

KEYSTONE LAYING FOOD

YOU want your hens to lay regularly, and if they are any good at all this food will make them do it.

We have improved this formula until it is practically perfect, and when KEYSTONE LAYING FOOD is continuously fed it produces remarkable results.

It is a scientific combination of grains, seeds, meats and green stuffs that are not only nutritious, but also stimulating to the laying organs.

Try a sample order and note the result.

ANALYSIS:

Protein, 18½ per cent. | Fat, 4 per cent. | Fiber, 9 per cent.

PRICES: { 50 lbs. \$1.15 100 lb. lots... \$2.10
 500 lb. lots... 2.05 cwt. 1,000 lb. lots... 2.00 cwt.
 2,000 lb. lots... \$1.95 cwt.

Mr. J. W. BLAKEMORE, of Barnestow, N. J., says: "Keystone Laying Food made our hens lay when the farmers in this vicinity were getting no eggs."

KEYSTONE FORCING FOOD

YOU want your dressed or live poultry to bring the highest market prices. They must be in a "finished" or "marketable" condition, having large quantities of good flesh.

KEYSTONE FORCING FOOD was made to put your fowls in that condition. It is a mash food, highly nutritious, easily digested, composed of grains, meats and meals of known flesh-forming and fat-making qualities. It quickly makes well-rounded, fat and attractive broilers and roosters. Try it and watch results.

ANALYSIS:

Protein..13 per cent. | Fat..4 per cent. | Fiber..3 per cent.

PRICES: { 50 lbs. \$1.05 100 lb. lots... \$1.85
 500 lb. lots... 1.80 cwt. 1,000 lb. lots... 1.75 cwt.
 2,000 lb. lots... 1.70 cwt. Special price in large quantities.

Mr. F. B. DAVIS, of Jamesburg, N. J., says: "Keystone Forcing Food meets every requirement."

KEYSTONE MASH FOOD

A MASH food is given daily on many of the largest poultry plants, and no better one can be given than the Keystone. This food is composed of different ingredients so blended that it makes a perfectly balanced ration. Buying different ingredients and mixing them properly is a big undertaking. We have done this for you, and it is sold at a price which makes it profitable to feed.

ANALYSIS:

Protein...13 per cent. | Fat...3 per cent. | Fiber...10 per cent.

PRICES: { 50 lbs.\$1.10 100 lb. lots....\$2.00
500 lb. lots....1.95 cwt. 1,000 lb. lots....1.90 cwt.
2,000 lb. lots.....\$1.85 cwt.

KEYSTONE PULLET FOOD

A DRY feed specially mixed to meet the requirements of pullets. It hastens their growth, helps feathering and develops the egg producing organs. On poultry plants where this is regularly given the pullets lay at a very early age. Try it on that flock of pullets and see how quickly they respond. We guarantee success.

ANALYSIS:

Protein...12 per cent. | Fat...3 per cent. | Fiber...10 per cent.

PRICES: { 50 lbs.\$1.30 100 lb lots....\$2.40
500 lb. lots....2.35 cwt. 1,000 lb. lots....2.30 cwt.
2,000 lb. lots.....\$2.25 cwt.

MR. A. M. KENDALL, of Millville, N. J., says: "I was more than pleased with Keystone Pullet Food. I have the grandest lot of pullets that I ever raised. I fed it in deep litter, and the way they worked for it was a sight. I am sorry that I did not get it earlier in the season."

KEYSTONE DUCK FOOD

Ducks are big eaters, and they should be fed a ration that not only satisfies their appetite, but keeps them in good condition.

The KEYSTONE DUCK FOOD is a mash feed that completely answers, in the food line, every requirement of ducks. It is not an experiment, but a proven feed, and once tried will prove its worth. Let us supply you at once.

ANALYSIS:

Protein...16 per cent. | Fat....6½ per cent. | Fiber...4 per cent.

PRICES: { 50 lbs.\$1.20 100 lb. lots....\$2.15
500 lb. lots....2.10 cwt. 1,000 lb. lots....2.05 cwt.

KEYSTONE PHEASANT FOOD

A special mixture of re-cleaned seeds and meat mixed in proper proportions to make strong, healthy birds.

ANALYSIS

Protein...12 per cent. | Fat...3 per cent. | Fiber...3 per cent.

PRICES: { 50 lbs.\$1.40 100 lb. lots....\$2.60
500 lb. lots....2.55 cwt. 1,000 lb. lots....2.50 cwt.
2,000 lb. lots.....\$2.45 cwt.

MRS. H. HOLLAND, 250 S. Church Street, Moorestown, N. J., says: "Keystone Alfalfa is the best I ever used. It is cut in short lengths, having no rough stems, such as I find in other brands. My chicks eat it up clean, there is no waste. I find that all Keystone Brands are cleaner than any of the other foods I have used."

KEYSTONE PIGEON FOODS, "A" and "B"

ARE you making money from your pigeons? If not, something is wrong. And if your breed is good, it must be the feed. Improper food is the cause of over half the failures. KEYSTONE PIGEON FOODS are prepared especially to make pigeon raising profitable. They are a balanced ration consisting of seeds and grains which the birds require for their proper health, growth and vigor.

KEYSTONE PIGEON FOODS keep the birds in health, makes them prolific and the squabs will weigh above the average.

KEYSTONE PIGEON FOOD "A" is similar to the "B" except it contains English Flint Corn. This is a small grain corn of excellent quality.

KEYSTONE PIGEON FOOD "A"

ANALYSIS:

Protein...13 per cent. | Fat...3 per cent. | Fiber...4 per cent.

PRICES: { 50 lbs.\$1.45 100 lb. lots.\$2.65

500 lb. lots.2.30 cwt. 1,000 lb. lots.2.25 cwt.
2,000 lb. lots.\$2.20 cwt.

MR. W. S. MILLIN, of Waterford, N. J., says: "I have been using your Keystone Pigeon Food for two years. I think it has no equal for keeping birds in the pink of condition and producing good, fat, marketable squabs."

KEYSTONE DRY MASH

COMBINATION of grains and meat. Meal finely ground, making a complete and desirable mixture for feeding either as a wet or dry mash.

ANALYSIS:

Protein..15 per cent. | Fat..4 per cent. | Fiber..5 per cent.

PRICES: { 50 lbs.\$1.10 100 lb. lots...\$1.95
500 lb. lots....1.90 cwt. 1,000 lb. lots...1.85 cwt.
2,000 lb. lots.....\$1.80 cwt.

KEYSTONE SALT CAT

KEYSTONE SALT CAT contains those aromatic and tonic properties required by fancy and homing pigeons, pheasants, game fowls, etc. It is compounded from a reliable recipe, and is unequalled for keeping pigeons in vigorous health, increasing egg production and endurance, and aiding digestion.

KEYSTONE SALT CAT is put up in 1 pound bricks, and is packed safe for shipment in strong pasteboard boxes.

We want all those who have used our KEYSTONE PIGEON FOODS so successfully to try this excellent article.

PRICES: Per brick.....\$0.10 One dozen.....\$1.00

MR. A. J. D. GEARHART, of Danville, Pa., says: "Keystone Salt Cat is a fine thing to have in the pigeon loft. It keeps my birds in good health."

KEYSTONE SPECIAL PREPARATIONS

KEYSTONE SPECIAL PREPARED POULTRY MEAT

FOWLS to-day cannot find enough bugs and grasshoppers to satisfy their longings for animal food, and KEYSTONE SPECIAL PREPARED POULTRY MEAT supplies what is needed to make up for this deficiency and give the fowls quick growth, vigor and health. It should be kept in hoppers before them all the time.

KEYSTONE SPECIAL PREPARED POULTRY MEAT is the best meat on the market, and where it is given more eggs are assured. We sell carloads of it yearly, simply because it is first class in every particular, and where it is once used no other meat can take its place.

Send in a trial order to-day. Sample cheerfully sent.

ANALYSIS:

Protein...50 to 55 per cent. | Fat...10 to 12 per cent. | Fiber...1 to 2 per cent.

PRICES: { 100 lb. lots.....\$2.80 500 lb. lots.....\$2.75 cwt.
1,000 lb. lots.....2.70 cwt. 2,000 lb. lots.....2.65 cwt.
50 lb. bags, \$1.50. Larger lots at special prices.

MR. T. EATON, of Berlin, N. J., says: "I have used Keystone Special Prepared Poultry Meat for 18 months and have found it to be a fine egg producing food. Our hens laid when others not fed on your food did not produce an egg. I have recommended it to many, and they all said it gave good results."

MR. J. AL. McANNEY, of Atlantic City, N. J., says: "I have used several tons of your Keystone Prepared Poultry Meat, and find it to be as good, if not better, than any poultry meat I have ever used."

DIAMOND BRAND POULTRY MEAT

ANALYSIS:

Protein...40 to 45 per cent. | Fat...10 to 12 per cent. | Fiber...1 to 2 per cent.

PRICES: { 100 lb. lots.....\$2.65 500 lb. lots.....\$2.60 cwt.

50 lb. bags, \$1.45. Larger lots at special prices.

KEYSTONE SILVER GRIT

See Page 13

We are proud of this grit. It is so bright, sharp and hard that it makes an ideal grit for chicks, chickens and pigeons. Poultry keeping cannot be made profitable unless the chickens are supplied with good grit. Coarse, medium and fine. We ask you to give this grit a trial.

PRICES: { 50 lbs.....\$0.39 100 lbs.....\$0.65
Per ton.....\$10.75

KEYSTONE CRUSHED OYSTER SHELLS

KEEP KEYSTONE CRUSHED OYSTER SHELLS in hoppers before your fowls. Nothing seems to quite take the place of these shells to the ordinary fowls, and their taste should be consulted.

Our shells are dried by a patent hot air process and not by direct fire, which burns out most of the desirable qualities. These shells are ground to a size sanctioned by an expert poultryman, and are entirely free from dirt, dust and waste. Send for a trial order now.

	50 lbs.	100 lbs.	500 lbs.	1,000 lbs.
PRICES: { Coarse	\$0.37	\$0.62	\$0.59 cwt.	\$0.58 cwt.
{ Medium	.38	.62	.61 cwt.	.60 cwt.
{ Fine	.38	.62	.61 cwt.	.60 cwt.

Write for quotations in ton lots and upwards.

MR. N. T. ATKINSON, of Columbus, N. J., says: "Keystone Crushed Oyster Shells are excellent. The fowls devour them greedily and the results are most satisfying. Since feeding them I have had no soft shell eggs. The capons have also fattened easily and kept in splendid health."

KEYSTONE POULTRY CHARCOAL

GOOD digestion in fowls means good health. KEYSTONE CHARCOAL is prepared especially for poultry, is free from dust and dirt, positively aids digestion and acts as a corrective to many of the ills to which fowls are heir.

It costs little, but does much. Better have a box on hand. It comes in four grades; state grade wanted.

X (Fine Powdered)—For Mash Food and Ducks.

XX (Fine Granulated)—For Brooder Chicks and Dry Chick Food Mixtures.

XXX (Medium Granulated)—For Half-grown Fowls, Pigeons, etc.

XXXX (Coarse Granulated)—For Full-grown Fowls, Geese, Turkeys, etc.

PRICES: { 2 lb. cartons	\$0.10	10 lbs.	\$0.30
{ 50 lbs.	.90	100 lbs.	1.60

DIAMOND POULTRY CHARCOAL

PRICES: 50 lbs.	\$0.85	100 lbs.	\$1.50
10 lbs.	.25

General Offices, Second Floor, Front and Market Streets

KEYSTONE EGG MAKER

READ this carefully; it may bring more dollars to your pocket. You know it's the extra eggs that count; almost any hen can lay seventy-five eggs a year, but it takes breed and *extra* food to make a hen lay two hundred eggs a year.

We want our customers to have the two hundred egg kind, and our KEYSTONE EGG MAKER will do it if the fowls are any good at all. Where Keystone Poultry Foods are used and our KEYSTONE EGG MAKER is given, success is assured.

KEYSTONE EGG MAKER is a concentrated preparation, containing nothing but tried and proven ingredients that stimulate and develop the egg producing organs.

It causes a natural development, building up the system in a healthy, normal way, and will make a flock vigorous and full of stamina. KEYSTONE EGG MAKER not only produces more eggs, but conditions the birds, fitting them for the showroom.

During the *Moulting* season it should be given regularly. It prevents loss of strength, hastens the growth of the new feathers and keeps them in laying condition. KEYSTONE EGG MAKER is put up in 42 ounce cartons, which contain 150 feeds for 10 hens. Try it.

Price: \$0.25 per package (Parcel Post, 14c. extra). 25 Pound Buckets, \$2.00.

MR. BENJ. LAWTON, District Manager of Standard Oil Company, of Camden, N. J., says: "The Keystone Egg Maker is a wonder. My hens all lay steady while using it. When I am out of the Keystone Egg Maker for a few days the decrease in egg production is surprising. If you want plenty of eggs the entire season, especially when eggs are scarce and high in price, use Keystone Egg Maker and Keystone Special Prepared Poultry Meat."

KEYSTONE SHORT CUT ALFALFA

AMONG green foods, alfalfa stands at the top. Our short cut alfalfa is the result of the first process of milling. All the stalks, leaves and blossoms are reduced to edible lengths, and are retained in the first product. All long stems, weeds, etc., are entirely eliminated, which is possible only by our special methods. When used with the mash, short cut alfalfa is mixed dry with the other foods, and scalded or boiled with them, as the poultryman desires. When fed in connection with dry grains, it should be scalded in a trough or other vessel and left for the fowls to eat at will.

PRICES:	50 lb. bag.....	\$0.95	100 lb. bag.....	\$1.70
	500 lb. lots.....	1.65	1,000 lb. lots.....	1.60
	2,000 lb. lots.....			\$1.55

MR. M. L. HARTMAN, of Dividing Creek, N. J., says: "I find Keystone Laying Food everything you claim for it. It has given me good satisfaction as an egg producer."

MR. J. A. ROGGE, of Newark, Del., says: "Keystone Cut Alfalfa is eminently satisfactory. The fowls take greedily to it, and with their rosy-red combs and cheery cacklings an observer might suppose that they were treading the white heather of bonnie Scotland instead of Delaware's snow drifts."

KEYSTONE GRANULATED BONE

AT least three times a week feed KEYSTONE GRANULATED BONE. This is better than green cut bone, as it contains no moisture or grease. Fresh cut bone contains as much as 40 per cent. water. Our product is made from fresh, green bones from which all the moisture and grease have been taken, leaving nothing but the phosphate, lime and protein. Where our bone is used there is never any trouble with soft shelled eggs.

ANALYSIS:

Ammonia..... $4\frac{1}{2}$ per cent. | Bone Phosphate......47 per cent.

PRICES: 50 lbs.....\$1.20 100 lbs.....\$2.15

KEYSTONE FINE GROUND BONE MEAL

RAW BONE MEAL is also made from fresh bones and is of the same stock as the GRANULATED BONE, but is reduced through a finer sieve. It is ground fine and is especially useful to mix with mash food. KEYSTONE LAYING FOOD is a complete ration, and it will not be necessary to use GROUND BONE MEAL if this food is fed. But with any of the other poultry foods offered we recommend the use of RAW BONE MEAL.

ANALYSIS:

Ammonia.. $4\frac{1}{2}$ per cent. | Phos. acid.. $21\frac{1}{2}$ per cent. | Bone sulphate..47 per cent.

PRICES: 50 lbs.....\$1.20 100 lbs.....\$2.15

KEYSTONE DISINFECTING FLUID

GERMS breed rapidly in poultry houses and yards and disease is the result.

If KEYSTONE DISINFECTING FLUID is used at least weekly, it will not only kill all germs, but prevent the spread of disease. KEYSTONE DISINFECTING FLUID will cure many of the common ills of the fowls.

This fluid is a powerful antiseptic, purifying and healing preparation, and 1 quart will make 50 quarts of the best kind of disinfectant.

Don't try to get along without it. Use in poultry houses, stables, kennels, and toilets.

PRICES: 1 quart.....\$0.50 $\frac{1}{2}$ gallon.....\$0.85 1 gallon.....\$1.50

MR. W. LAWRENCE, of Sea Girt, N. J., says: "I have used Keystone Lice Powder for poultry, and like it better than any other kind. Have tried many others."

MR. F. W. SCHMIDT, of Philadelphia, Pa., says: "I have used Keystone Pigeon Food for quite some time and heartily recommend it as the best pigeon food on the market. The pigeons thrive on it and show excellent health."

MR. M. H. HAMILTON, of Aura, N. J., says: "I gave Keystone Alfalfa to my poultry and they ate it with great relish. I think it is one of the finest things that is on the market for poultry, and just what poultry needs during winter months."

MR. R. S. HENDERSON, of Port Elizabeth, N. J., says: "I give Keystone Charcoal to both my pigeons and chickens with very good results. I keep the charcoal in small boxes in the coops all the time, and both the birds and chicks eat almost equal quantities of charcoal and grit. Have had no trouble to date with any illness and believe that charcoal has had much to do with my stock keeping in such good condition."

All Foods, Remedies and Supplies bearing our Keystone Trade Mark are strictly guaranteed or money refunded.

KEYSTONE LICE POWDER

LOUSY FOWLS are unprofitable, and no poultryman can expect to make money if his hens are bothered with lice and mites.

We want every poultryman to try **KEYSTONE LICE POWDER** and know what it is to have fowls free from lice and able to give all their time to egg production and the building up of good, healthy bodies.

KEYSTONE LICE POWDER is a scientific compound that is sure death to all insects on fowls, and will also destroy lice on cattle and horses, ticks on sheep and fleas on dogs.

It does not simply drive the lice from the fowls, but it kills them.

It is easy to use and does the work properly.

KEYSTONE LICE POWDER is also excellent to use on plants and bushes as a protection against plant lice, and on furs and carpets as a preventive against moths and other pests.

KEYSTONE LICE POWDER is put up in three sizes—5, 15 and 48 ounce boxes, the 5 and 15 ounce boxes being equipped with patent sifter top.

PRICES:	5 oz. box.....	\$0.10; postpaid,	\$0.15
	15 oz. box.....	.25; postpaid,	.33
	48 oz. box.....	.50; postpaid,	.64

Special Price in Quantities.

MR. O. F. LANE, of Forked River, N. J., says: "Your **Keystone Lice Powder** is the best I have ever used. It is fine for setting hens, and can be handled so easy with the patent box. There is none superior for young chicks."

KEYSTONE LICE PAINT

WE are proud of this preparation and all poultrymen should spray, sprinkle or paint their poultry houses regularly with it. It positively kills red mites. The little red mites suck the blood of the fowl; it weakens, and disease is the result. These mites hide in cracks and corners.

KEYSTONE LICE PAINT saves time, labor and expense, no dipping, dusting, greasing and handling being necessary. Its strength is such that the vapor given off destroys the pests without it coming in contact with the fowls or insects. It is perfectly safe to handle and is not injurious to the fowls or animals.

KEYSTONE LICE PAINT does effective work in ridding horses and cattle of lice, mites, etc.

LICE ON HOGS. To kill lice on hogs, spray the bedding thoroughly with **KEYSTONE LICE PAINT**. Also coat the rubbing posts with the liquid.

There are no special directions required for applying **KEYSTONE LICE PAINT**; all that is necessary in large houses to kill all the lice and mites is to spray, sprinkle or paint the floors, roosts, nests and dropping boards with the liquid. Use whatever method suits your convenience. Complete directions, however, are printed on the label of each can. A convenient method of applying is by the use of No. 1 Cyclone Sprayer.

PRICES:	1 qt. cans, each.....	\$0.35	½ gal. cans, each.....	\$0.60
	1 gal. cans, each.....			\$1.00

MR. CARL A. ANDERSON, of Camden, N. J., says: "Have had nothing but the best results from using **Keystone Lice Paint**."

Used it in exterminating a very bad case of red mites; it worked to perfection.

Can honestly recommend it to anyone in need of a good liquid lice paint."

KEYSTONE ROUP CURE

RROUP is the terror of the poultrymen, and yearly thousands of fowls are lost because of failure to treat the disease properly. Your flock may be saved by buying now a package of KEYSTONE ROUP CURE. Roup usually follows neglected colds. It is catarrhal in its nature, and first symptoms are frothiness and bubbles in the

corners of the fowls' eyes, generally accompanied by sneezing and snuffles. The discharge always has a foul odor, which thickens and clogs the nostrils. The bird's head usually swells, the eyes bulge and thick, slimy masses form in the mouth.

After thoroughly studying the causes and after much experimenting, we have placed on the market KEYSTONE ROUP CURE, which is guaranteed to cure unless the birds are in the last stages. At the first symptoms of cold, give it to all the fowls.

Pigeon raisers, as well as poultrymen, will find this an admirable remedy for all forms of canker.

We put it up in two sizes, the small size making 25 gallons of medicine, the large size 75 gallons. Don't wait until your flock is affected; order it now and be prepared.

PRICES: \$0.25 and \$0.50 per box; by parcel post, 5 cents extra.

Mr. A. H. ROBBINS, of Robbinsville, N. J., says: "I have tried the Keystone Roup Cure and have found it the best I ever used."

KEYSTONE GAPE CURE

DO you lose your chicks by gapes? Most poultrymen do, and everyone who keeps poultry should always have on hand KEYSTONE GAPE CURE—the best remedy for this disease ever made.

KEYSTONE GAPE CURE is in a powdered form, and used by mixing with the soft food. The chicks thus take their own medicine. The medicinal properties are quickly absorbed into the circulation, which, coming in contact with the worms kill them at once.

Gapes are caused by a small forked worm which adheres to the walls of the throat. They multiply rapidly, and if the chicks are not treated they soon die.

PRICE, per box, holding sufficient for treating several hundred feeds, \$0.50; by Parcel Post, 5 cents extra.

Whenever the fowls have gapes, disinfect all the houses and yards with KEYSTONE DISINFECTING FLUID.

MR. SALIDA B. KILLEN, of Henriette Farm, Wyoming, Del., says: "I can truthfully say that Keystone Gape Cure is all and more than is claimed for it. I have used Keystone Gape Cure for the last two years with the greatest success, during both seasons having lost only one chick with the gapes, and that one was so weak when I found it that I choked it to death while attempting to give it a pill of the Gape Cure. It is a mystery to me why our neighbors will persist in losing hundreds of chicks, year after year, with the gapes, with so positive a cure on the market and one that can be bought so cheap. One 50-cent box will last me the entire season, and one chicken saved will easily pay for that box."

KEYSTONE CHOLERA CURE

CHOLERA is one of the swiftest and most fatal diseases in the poultry yard, and is extremely contagious. Affected fowls should be separated at once from the balance of the flock and treated with KEYSTONE CHOLERA CURE administered in the drinking water. Each box is printed with plain directions for using.

PRICE: Each, \$0.50; by Parcel Post, 5 cents extra.

KEYSTONE GALL REMEDY

HOW often a little sore will become a serious one simply through neglect! If **KEYSTONE GALL REMEDY** is always kept on hand and used at once on collar and saddle galls, sores and contusions of all kinds on horses, cattle and other animals, they will quickly heal and leave no bad results.

This remedy is in powdered form, very powerful and does its work quickly. It is applied to the sores from the patent sprinkler box in which it is packed.

KEYSTONE GALL REMEDY is guaranteed to cure galls on horses while they are at work.

PRICE: \$0.25; by Parcel Post, 5 cents extra.

KEYSTONE ALFALFA HORSE MASH

THIS is our latest preparation, and one that is winning praise from every horseman who has given it a trial. **KEYSTONE ALFALFA HORSE MASH** is a balanced ration, containing all necessary ingredients for the health, strength, vigor and growth of the animal.

Do you know that alfalfa contains more nutriment than any of the grains, is easily and completely digested, aids in the digestion of other feeds, has a rich flavor and is much relished by horses? It makes the coat glossy, keeps the eyes bright, acts as a mild laxative, keeps the system cool and prevents fever.

We have mixed this alfalfa with the best grains and other ingredients, and the result is a perfect horse feed.

KEYSTONE ALFALFA HORSE MASH gives the most results for the least expense. Don't delay; send for a trial order and save money.

BLATCHFORD'S CALF MEAL

YOU can raise calves cheaper and successfully without milk by using **BLATCHFORD'S CALF MEAL**. It is a perfect milk substitute. It is composed entirely of selected condiments, oleaginous and leguminous seeds, lentils, flaxseed, locust bean, meal and flour, etc., all of the best quality, re-cleaned, finely ground and carefully combined. One pound mixed with seven pints of boiling water makes a gallon of gruel as rich and nutritious as a gallon of fresh whole milk.

SWIFT'S DIGESTER TANKAGE

Packed in 100 lb. sacks. It fattens hogs quicker than any other article.
TRY IT. PRICE: Per 100 lbs.....\$2.55

DAIRY AND TABLE SALT

Buy salt from us and you will get the best at the lowest prices. The Wig-Wam ranks very high and we would be very glad to quote prices in any quantity.

Wig-Wam Brand is a high grade, granulated vacuum process salt, especially refined for dairy, cooking, baking and table use, is strictly pure, sparkles like a diamond. the result of perfect crystallization, makes a brine as clear as crystal and will not harden in any climate.

Ground Salt (coarse grain) is the first product of evaporators and is a coarser grain than Perfection Brand. It is preferred by packers for pickling meats, etc.

Agricultural Salt is grades that have become discolored or dirty. It is used for fertilizing and for any purpose where quality is not essential. We do not guarantee the quality of Agricultural Salt.

Mineral Salt is white, bright, sparkling and clear (almost chemically pure). Used for packing meats, freezing ice cream, refrigerating, charging ice machines, pickling, salting hides and skins, and feeding horses, cattle and sheep.

GRIT

KEYSTONE SILVER GRIT

(See Page 6)

NO better grit can be bought. It has those qualities that make it particularly attractive to poultry. Have it before the chickens all the time and it will prevent disease. Three sizes: Coarse, Medium and Fine.

PRICES: { 50 lb. bag...\$0.39 100 lb. bag...\$0.65
Per ton....\$10.75

MICA CRYSTAL GRIT

MADE from a friable rock of peculiar formation and of such a composition that the contraction and relaxation of the muscles in the gizzard of the chicken, working on the grit, break it into small parts, which remain rough where they break off from the larger pieces. Three sizes: Fine, for chicks; Medium, for pigeons; Regular or Coarse, for fowls.

PRICES: { 50 lb. bag...\$0.40 100 lb. bag...\$0.68
Per ton....\$11.25

MICO-SPAR CUBICAL GRIT

MAKES and keeps hens healthy. It does this because it retains during the process of digestion its rough, hard form. Three sizes: Extra Fine, for chicks; Fine, for pigeons; Coarse, for fowls.

“OCULUM”

Scientific Remedy and Preventive for Cholera, Roup, White Diarrhoea and Sore Head; also Cure for Gapes

Inoculation for fowls is a new discovery. Oculum not only cures many diseases but also acts as a preventive.

Oculum is administered through the rectum of the fowl. The disease germ attacks the intestines and Oculum destroys the germ. For inoculating, use the small syringe that goes with each bottle.

Two sizes—\$0.50 and \$1.00 a bottle.
By Parcel Post—\$0.55 on \$0.50 Bottles, and \$1.05 on \$1.00 Bottles.

You can get plenty of eggs at all seasons by feeding BOWKER'S ANIMAL MEAL. Try it and see the result.

MR. R. S. CLEWELL, of Roelofs, Pa., says: "Keystone Scratching Food is very satisfactory, I have used it with good results and always found it free from dirt and trash."

GRAINS, SEEDS AND SUPPLIES

PRICES QUOTED ARE SUBJECT TO MARKET CHANGES

Barley. This is a fine feed for both poultry and birds; resembles oats. PRICE: \$0.90 to \$0.95 per bushel.

Broken Rice. Very desirable for young chicks. Try it.
PRICES: \$0.05 lb.; \$3.75 cwt. Write for quotations on large quantities.

Buckwheat. Scatter this feed twice a week in the litter and then watch the results. PRICE: \$0.95 to \$1.00 per bushel.

Cake Meal. (Old Process). Used to mix with soft feed. Regulates the digestion and makes a nice glossy plumage. PRICE: \$1.40 to \$1.50 cwt.

Canada Feeding Peas. An excellent pigeon food; growing more and more into popularity. PRICE: \$1.85 to \$2.00 per bushel.

Canary Bird Seed. Pure Sicily recleaned. PRICES: Quart, \$0.12 each; \$6.50 to \$6.75 cwt.

Chicken Cracked Corn. Especially prepared for poultry; no waste; fresh every day. Send for sample and price. ANALYSIS: Protein, 8.64 per cent.; fat, 3.9 per cent.; fiber, 1.68 per cent.

Cracked Corn for Pigeons. Made from highest grade corn; fresh daily. Write for prices. ANALYSIS: Protein, 8.64 per cent.; fat, 3.9 per cent.; fiber, 1.68 per cent.

English Flint Pigeon Corn. (Cinquantina Maize). Small grain, extra quality. In original sacks, about 220 lbs. \$2.50 to \$2.60 cwt.

Feeding Wheat for Chickens. We keep constantly in stock all the different grades. Write for sample and price.

Health Grit. Faust's and Red Cross. Is extensively used as a shell feed where a fine grade of shells is needed.

PRICES: 25 lb. bag, \$0.45; 50 lb. bag, \$0.83; 100 lb. bag, \$1.45.

Hemp. A fattening food for pigeons; makes squabs thrive. The greatest known food to tame wild birds. PRICE: \$1.40 to \$1.50 per bushel of 40 lbs.

Hulled Oats, Fancy. Clean and nutritious; free from dust and seeds; contains nothing but the kernel. Poultry relish this feed and it makes an extremely healthy diet. PRICE: \$2.50 to \$2.60 per 100 lbs.

Kaffir Corn. A poultry and pigeon food; exceedingly nutritious, and poultry specialists say easily digested, hence the great feeding value. We carry both domestic and imported. PRICE: \$1.40 to \$1.45 cwt.

Large White Bird Millet (Domestic). Excellent for birds and especially fine for young chicks. Try it. PRICE: \$2.10 to \$2.15 per cwt.

Milling Wheat for Pigeons. Sample and prices on request.

Pure Ground Flax Seed Meal. Contains the oil. Just what you need.

PRICES: { 5 lbs. \$0.35 25 lbs. \$1.70
 { 50 lbs. 3.25 100 lbs. 6.00

Rape Seed. Used extensively to mix with other seeds for a scratch food. Also good for pigeons. PRICE: \$5.25 per cwt.

Russian Sunflower Seed. This makes a very excellent change of feed for poultry; they like and thrive on it. An egg producer. PRICE: \$4.00 to \$4.25 per cwt.

Tobacco Stems. Excellent nesting material. Lice cannot live where extensively used. Pigeon growers can't afford to use anything else.

PRICE: \$0.90 per cwt., in bales from 150 to 250 lbs.

Wheat Screenings. One of the finest feeds for poultry. Relatively cheaper than the usual poultry feeds. The foreign seeds, such as wild buckwheat, frequently found in screenings, fowls need and greatly relish. Write for quotation. ANALYSIS: Protein, 12 per cent.; fat, 2 per cent.; fiber, 3 per cent.

Pin Head Oat Meal. Excellent for small chicks. 10 lb., \$0.40; 50 lb., \$1.60; 100 lb., \$2.80 to \$3.00.

THE "LULLABY" BROODERS

THIS brooder is positively the most simple one on the market, and yet it is built on lines true to nature, which insures the raising of nearly every chick entrusted to its care. "It broods like a hen," only it will take care of four times as many chicks with less bother. It is simple to operate, the chicks cannot crowd each other, and it requires only a limited space. 25 to 50 chicks can be raised in each brooder.

It costs but \$1.50. Think of it.

We will return money if not satisfied.

"H. AND D." BROODERS

Lampless Indoor, \$2.00; capacity 30 to 60 chicks.

THE PHILO SYSTEM CYCLE BROODER HATCHER

THESE machines were used exclusively in the original Philo System plant, where over \$1,500 from 60 hens in ten months has been cleared from the sale of eggs, baby chicks and fowls, raised on a city lot 40 feet square. One of the largest hatching plants in America saved over \$700 this year by using this system of brooding.

One party hatched and raised \$500 worth of poultry last year with four metal mothers, and hundreds of others are delighted with the machines and new way of raising poultry. The combined machine hatches and broods perfectly at the same time, with only one lamp and one-fifth the oil used in other machines. Once filling the lamp completes the hatch.

Brooder Hatcher

Holds 50 Eggs

PRICES: Brooder Hatcher.....\$8.50

Holds 50 Eggs

Cycle Hatcher.....\$6.50

ROUND FIRELESS BROODERS

THESE handy all metal fireless brooders or hovers will do satisfactory work in mild climates; they should not be used out of doors unless enclosed in good boxes, brood, colony or roosting coops. Indoors they can be placed almost anywhere, and in a fairly moderate temperature will give excellent satisfaction. The chicks soon learn to run in and out of this style brooder, and there are no corners in which they can crowd.

PRICES: { Small size, 12 to 20 chicks..\$1.50 Medium size, 20 to 30 chicks...\$2.00
 { Large size, 30 to 50 chicks.. 2.50 Per set of three, one of each size. 5.00

Mr. H. N. CARNOCHAN, of Hammondsport, N. Y., says: "We like Keystone Charcoal much better than any we have ever used. Since using it, we have not lost a chick or fowl from any sort of bowel trouble."

CYPHERS INCUBATORS BROODERS AND SUPPLIES

**TAYLOR BROTHERS, AUTHORIZED AGENTS FOR
GENUINE STANDARD CYPHERS INCUBATORS**
(Patented—Look for Trade Mark—Demand the Label)

Practical poultry raisers who mean business and desire the greatest possible success should look for and demand the qualities that have made CYPHERS INCUBATORS world famous.

**Fire Proofed
Insurable
Self-ventilating
Self-regulating
Non-moisture
Efficient, Durable and
Positively Guaranteed**

FOR 1913 we offer our customers the Cyphers Company's complete line of incubators and brooders—the best on the market. For years the CYPHERS INCUBATOR has been consistently improved, always maintaining its leadership, until to-day it represents all that is most efficient, convenient and reliable in incubator construction.

To Own a Cyphers is to have an incubator that stands **FIRST**, not only because it has affixed to it the **fire insurance label** granted by the National Board of Fire Underwriters and bears a world-wide reputation, but because of the well-established fact that it is the best hatcher of large, vigorous, livable chicks.

CYPHERS INCUBATORS

Have now been on the market fifteen years and to-day are used by more Government Experiment Stations, on more large, practical poultry plants, on more successful duck and egg farms and by a larger number of foremost poultry breeders than all other makes combined.

Every Standard Cyphers Incubator is Guaranteed by the manufacturers to do first-class work in the hands of every purchaser who will give it a fair trial, and we hereby place our guarantee back of theirs. **IN BUYING A CYPHERS YOU TAKE NO CHANCES.** Persons who earnestly desire to succeed in the poultry business should have the right tools with which to work.

TAYLOR BROTHERS, Camden, N. J.

TAYLOR BROTHERS, AUTHORIZED AGENTS FOR STANDARD CYPHERS COMBINATION BROODERS AND COLONY ROOSTING COOPS

FIREPROOFED INSURABLE SELF-REGULATING SELF-VENTILATING

FOR 1913 Cyphers
Unequaled Apartment Brooders and Combination Roosting Coops have the same important advantages over all other makes that are possessed by Cyphers Company's 1912 Incubators, in that they are fireproofed and insurable, having the first fire insurance inspection label ever granted on a brooder.

Style B Outdoor Brooder

(Three apartments. Safest and most popular "Foster Mother" ever designed.)

Cyphers 1913 Brooders are self-regulating, self-ventilating and varmint proof. The outdoor styles are usable also as colony coops for the growing chicks. They are easily and quickly converted into colony roosting coops by simply taking out the hover, which is made removable for that purpose.

See Page 25 for Cyphers Portable Hover.

All Metal Adaptable Hover

(Self-Regulating and Bears Insurance Label as Separate Device)

CYPHERS ADAPTABLE HOVER

This machinery made, all metal, guaranteed fire proof heating and brooding device is suitable to be used anywhere that heat is required for brooding chicks or ducklings. It can be used in a roosting coop, colony house, shed, henhouse, barn or other building with or without any additional enclosure for the chicks, or in a large goods case or organ or piano box. Weight, boxed for shipment, only 40 pounds.

Remedy No. 5. Cures diphtheritic roup and all forms of canker.

Remedy No. 6. For all forms of indigestion, liver disease, sour crop, loss of appetite, constipation and limber neck.

Remedy No. 7. Cure for all diseases of egg organs; starts hens laying after moulting.

Remedy No. 8. For rheumatism, cramps, swollen legs, lameness.

Remedy No. 9. Useful for worms and intestinal parasites.

Remedy No. 10. For all diseases of egg organs which cause soft shell eggs.

PRICE: Set of ten remedies in case, \$2.00. Single vials, \$0.25 each; by Parcel Post, 5 cents extra.

OCEAN CITY, N. J., January 16, 1913.

TAYLOR BROS., Camden, N. J.

Gentlemen:—No doubt you are interested to learn of your Keystone Poultry Foods that I have been using for over a year, the results obtained and the method of feeding. The following figures are correct. I have sixteen (16) pure bred white Plymouth Rock pullets that laid during December, 1912, two hundred and seventy-eight eggs (278), and while the above is not a remarkable record, in face of the fact that they were not all laying before the 10th of the month, and December being very wet, which needed extra care to prevent roup, proves your statement that poultry well fed and cared for will pay.

METHOD OF FEEDING.

Keystone Scratching Food in Norwich Feeder; also fed in deep litter.

Keystone Dry Mash, Keystone Silver Grit, and Keystone Oyster Shells before fowls at all times.

Table scraps and Keystone Dry Mash mixed together, and cabbage for greens.

Wishing you success, I am, very truly yours,

JAMES WARD.

Pratts,

40 Years on
the Market

Guaranteed Animal and Poultry Regulators and Veterinary Remedies

Pratts Poultry Regulator

The best and most famous poultry tonic in the world. Keeps fowls of all kinds healthy, increases egg-production, aids moulting. Makes little chicks grow rapidly.

In packages, 25c., 50c.,

\$1.00, 12 lb. pails \$1.25, 100 lb. bag \$9.00.

Pratts White Diarrhoea Remedy

This remedy will positively save many dollars worth of little chicks to poultry raisers. It has taken us nearly three years to find a remedy for White Diarrhoea and we are so sure that we have it in this article that we authorize our dealers throughout the world to refund the purchase price in case it fails. 25c. and 50c.

Pratts Roup Cure

A guaranteed cure for roup, colds, cankers, catarrh, etc., in fowls. Very economical to use. Many prominent poultrymen use it the year around as a preventive. 25c., 50c. and \$1.00 packages.

Pratts Cholera Remedy

is an unfailing remedy for this disease and is a "guaranteed or money back" article which is prepared under our own supervision in our own laboratories. It is administered in the drinking water, and will be found of great value, not only for treating cholera, but also in cases of indigestion, sour crop, dysentery, diarrhoea and bowel trouble. 25c. and 50c. a box.

Pratts Powdered Lice-Killer

A powerful insecticide and disinfectant in powdered form; put up in sprinkler top boxes. The increased egg-production due to the ridding your fowls of vermin will surprise you. It pays well to use it. 25c. and 50c.

Pratts Animal Regulator

America's pioneer and best animal tonic and regulator; enables your horse to do more work, saves feed, increases your cows' milk, puts your hogs, sheep and steers in fattening condition, makes and keeps all stock healthy. 25 lb. pail, \$3.50. In packages and sacks from 25c. upward. It pays to use large sizes.

Remember "Pratts Must Make Good or Your Money Back." Isn't That Square?

NORWICH AUTOMATIC EXERCISER AND FEEDER

THIS machine is as near perfection as human intelligence can make it. It consists of a hopper, to contain the feed, in the bottom of which is fitted an adjusting valve, which is set to allow such quantities of feed to escape as may be desired. Directly under the valve is located the deflector, upon which the feed falls and by it is scattered on the ground or floor in a wide, even circle.

As the fowl strikes the feed bar it sends a regulated shower of feed on the deflector and it is thus scattered.

Place litter under the machine and the fowls at once begin a scratching and hunting for the feed until it is all gone, then they will peck again at the feed bar.

Our Guarantee. Use the machine 30 days. At the expiration of that time if you do not see a marked

improvement in your flock, if your egg production is not increased and if you are not absolutely satisfied with the machine in every respect, return it at our expense and we will refund your money.

GAPE WORM EXTRACTORS

The most inexperienced poultrymen will have no trouble in removing these worms by the use of our GAPE WORM EXTRACTOR.

PRICE: Postpaid, \$0.25; by Parcel Post, 5 cents extra.

POULTRY KILLING KNIFE

This knife penetrates the brain in such a manner that the feathers loosen and come off easily. It is made of finely tempered steel, with nickel handle.

PRICE: Each, \$0.50; by Parcel Post, 5 cents extra.

PILLING'S CAPONIZING SET

Consists of a lancet-shaped knife, spring spreader, the spreading strain of which is held in check by a lock, holds open to the right extent the incision to the intestinal cavity, making it easy to reach and remove the testicles.

PRICE: In velvet lined case, \$2.50; by Parcel Post, 10 cents extra.

STERLINGWORTH DIARRHOEA REMEDY FOR POULTRY

This remedy is guaranteed to give satisfaction—the purchaser to be the judge of what constitutes satisfaction. If it fails, we will refund the purchase price.

A positive cure and preventive for Diarrhoea, including that diagnosed as White Diarrhoea, seems too good to be true; for this scourge has driven more poultrymen out of the business than any other disease.

PRICE: Per box, sufficient for several flocks, \$0.50. By Parcel Post, 10 cents extra.

STERLINGWORTH FLY DRIVER AND GERM DEATH

STERLINGWORTH FLY DRIVER AND GERM DEATH completely protects cattle and horses from all winged pests; it is non-poisonous and harmless; it does not burn or gum the coat. One quart mixed with water makes two gallons of fly driver. Can be applied with brush or sprayer. The No. 1 Cyclone Sprayer is recommended a good one for the purpose.

PRICES: 1 qt. can.....\$0.60 2 qt. can.....\$1.00

RUST'S HAVENS' ROUP PILLS

We Are Headquarters for Conkey's Remedies

Send to Us for Them

TAYLOR BROTHERS, Camden, N. J.

CONKEY'S goods are favorably known everywhere. Poultry diseases lose half their terror when you have your "Medicine Chest" well stocked with Conkey's Remedies.

Conkey's Roup Remedy is used in every civilized country of the world, and is known as an absolute cure for Roup if given in anything like reasonable time. PRICE: \$0.25, \$0.50 and \$1.00, postpaid.

Conkey's Bronchitis Remedy. Bronchitis is often mistaken for Roup, but it requires a different remedy. PRICE: \$0.50, postpaid.

Conkey's Cholera Remedy. A positive cure for diseases of the digestive organs and all troubles leading to cholera. PRICE: \$0.25 and \$0.50, postpaid.

Conkey's Gape Remedy. A sure cure for this enemy of little chicks. Price, \$0.50; or \$0.60, postpaid.

Conkey's Chicken Pox Remedy. This is called by different names in various localities—sore head, warts, pian and pigeon pox. They are all the same disgusting disease and this will cure it. PRICE: \$0.50; or \$0.55, postpaid.

Conkey's Limber Neck Remedy. When fowls eat putrid flesh they are liable to have ptomaine poisoning, called Limber Neck. This remedy cures readily if given at the first start. It should be kept on hand. PRICE: \$0.50; or \$0.55, postpaid.

Conkey's Poultry Laxative. Don't give castor oil, salts, aloes, etc. This is absolutely reliable. PRICE: \$0.25, postpaid.

Conkey's White Diarrhoea Remedy. PRICE: \$0.25 and \$0.50, postpaid.

Conkey's Rheumatic Remedy. It is absolutely dependable if used according to directions. PRICE: \$0.50; or \$0.55, postpaid.

Conkey's Scaly Leg Remedy. PRICE: \$0.25, postpaid.

Conkey's Poultry Tonic. A general tonic. Will often stop a disease at the start. PRICE: \$0.25; or \$0.30, postpaid.

Conkey's Laying Tonic. This actually promotes egg production without injuring or straining the fowl. It is not a food which you can buy cheaper at home, but it is a powerful, but harmless, medicine that gently acts on the egg-producing organs and promotes egg laying and health at the same time. PRICES: 1½ lbs., \$0.25; 3½ lbs., \$0.50; 7 lbs., \$1.00; 25 lb. pail, \$3.00. Expressage extra.

Conkey's Lice Powder. The best Lice Powder ever made. It absolutely kills the lice. PRICES: 5 oz. pkg., \$0.10; 15 oz. pkg., \$0.25; 48 oz. pkg., \$0.50; 100 oz. pkg., \$1.00. Expressage extra.

Conkey's Lice Liquid is the only thing for Mites. It kills them and keeps your fowls free. PRICES: 1 qt., \$0.35; 2 qts., \$0.60; 1 gal., \$1.00; 5 gals. (jacketed), \$4.00. Expressage extra.

Conkey's Head Lice Ointment. Harmless and effective. Saves little chicks. PRICES: \$0.10 and \$0.25, postpaid.

Conkey's Nox-I-Cide. The greatest disinfectant and germ destroyer known. One gallon makes 101 gallons when properly mixed with water for use. PRICES: 1 pint, \$0.35; \$1 qt., \$0.60; 2 qts., \$0.90; 1 gal., \$1.50; 5 gals., \$6.50. Expressage extra.

JERSEY BRAND POULTRY WIRE NETTING.

WE carry a large supply of fencing in stock and solicit an opportunity to quote on your requirements. In writing, please state size, kind and quantity required.

Each roll contains 150 lineal feet. Following prices are for full roll lots. Less than roll lots in 2 inch mesh No. 19 only, \$0.75 per 100 square feet.

FENCE STAPLES

These staples are made from heavy galvanized steel wire. They are $\frac{3}{4}$ inch long and weigh about 90 to the pound. PRICE: Per lb. \$0.06.

HAEDRICH'S WOVEN CEDAR PICKET FENCING

The best and cheapest. Made with power. Powerfully made.

Made of genuine white cedar $\frac{1}{2}$ in. x 2 in. pickets, neatly gothic topped and woven 2 in. apart with the best galvanized steel wire. Easily and quickly put up.

Following sizes put up in handy rolls of 50, 75 and 100 feet:

3 ft. high, with 4 gal. steel wire double cables.....	price, \$0.06	per lineal foot
4 ft. high, with 5 gal. steel wire double cables.....	price, .07½	per lineal foot
5 ft. high, with 6 gal. steel wire double cables.....	price, .10	per lineal foot

State height and length of rolls required when ordering.

A trial will convince you of its worth.

Claes Tilly

HAARLEM OIL

Home treatment of horses and cattle. Imported from Haarlem, Holland, put up in bottles of one dose size.

PRICE:

1 bot., \$0.15	1 doz. bots. \$0.75
1 gross bots., \$6.00	

MR. AUGUST KLEMN, of Riverside, N. J., says: "I find that Keystone Chick Food is the best we have ever used; the results are O. K. in every respect."

WHEN TO PLANT SEEDS

THE seeds of farm crops may be divided into two classes according to the temperatures at which they will germinate or sprout readily and can be safely planted, and the blossoming time of fruit trees can be taken as a more certain guide than any arbitrary calendar date.

1st Class.—Those seeds that will germinate or sprout at an average temperature of forty-five degrees in the shade, or at about the time the peach and plum trees blossom:

Barley	Red Clover	Carrot	Kale	Onion
Oats	Crimson Clover	Cabbage	Lettuce	Pea
Rye	Grasses	Cauliflower	Parsley	Radish
Wheat	Beet	Endive	Parsnip	Turnip

These can be planted with safety in the spring as soon as the ground can be prepared, and some of them, if planted in the fall, live through the winter.

2d Class.—Those seeds that will germinate or sprout at an average temperature of sixty degrees in the shade, or when the apple trees blossom:

Alfalfa	Cotton	Pole Bean	Okra	Pumpkin
Cow Pea	Egg Plant	String Bean	Squash	Tomato
Corn	Soy Bean	Melon	Cucumber	Pepper

ASPARAGUS, RHUBARB AND HORSERADISH ROOTS

This is the best stock that can be bought. Special transplanted Asparagus Roots for fancy garden trade.

Two-year old Asparagus Roots.	100	1,000
Conover's Colossal.....	\$0.50	\$4.50
Barn's Mammoth.....	.50	4.50
Palmetto.....	.50	4.50
Donald's Elmyra.....	.50	4.50
Giant Argentiell.....	.50	4.50

(One year old, 5c. 100, 50c. 1,000 less)

	Doz.	100	1,000
Rhubarb Roots	\$0.50	\$3.50	\$32.50
Horseradish Roots		.40	3.75

The prices quoted are F. O. B. growers' station.

STERLINGWORTH LAWN COMPOUND

Kills the weeds and promotes a healthy and vigorous growth of grass; will kill crab grass, daisies, chick weeds, etc. PRICE: 5 lb. package, \$0.60.

STERLINGWORTH CONCENTRATED PLANT TABLETS

An odorless tonic for plants in tablet form.

PRICE: Small size package, \$0.10; large size package, \$0.25.

STERLINGWORTH HELLEBORE

Satisfactory and effective against slugs, worms, caterpillars, etc. Less poisonous than Paris green and London purple, and safer to use when fruits or vegetables are nearly ripe. Can be used as a powder or dissolved, 1 ounce in 3 gallons of water.

PRICES: 1 lb. box, \$0.25; 5 lbs., \$1.00. In patent sprinkler top boxes.

STERLINGWORTH FISH OIL SOAP AND TOBACCO

Different from the so-called Fish Oil Soap usually sold for agricultural use, and its efficiency is greatly increased by the addition of tobacco extractive matter. It possesses all the valuable features of Fish Oil Soap and the additional insecticide values of tobacco, and can be used for any purpose for which Fish Oil Soap is used, with doubly satisfactory results. It is effective for destroying San Jose Scale, Oyster Shell Scale, Plant Lice, and all sucking insects on trees, shrubs, plants, vines, rose bushes, etc.

PRICES: 1 lb. box, \$0.15; 5 lb. box, \$0.60; 10 lb. box, \$1.00; 50 lb. box, \$4.50; 100 lb. box, \$8.50.

FARMOGERM

High Bred Nitrogen Gathering Bacteria

THE FARMOGERM BACTERIA, when placed on the seeds of legume crops, such as Peas, Beans, Clover, Alfalfa, etc., form colonies on the roots and feed the plants with nitrates, which they get from the air. You not only get nitrates for the growing crop, but large amounts are stored up for the use of following crops of other kinds. You can grow alfalfa and other legumes where others have failed by using Farmogerm. Farmogerm is not an experiment, but a success and thousands of farmers testify to its value.

Prepared for Peas, Beans, Clover, Alfalfa, Soy Beans, Cow Peas, Vetches and all other legumes. In ordering, state what legume you wish to plant.

**You Put It On The Seed
Nature Does The Rest**

Five acre sizes, \$9.00 each; One acre sizes, \$2.00 each; Garden sizes, 50c. each.

Write for Farmogerm Booklet

BERRY BASKETS

Standard quarts; oval pints. Thirty-two quart berry crates.

Dividers for crates. Write for prices in any quantity.

BASKETS

Five-eighths bushel; standard brace, elm hoop.

Half bushel; special brace, elm hoop.

Half bushel peach; best quality.

Hampers; best quality.

Prices quoted in carload lots or less quantities.

THE FARMERS' FAVORITE COOKER

It pays to use a cooker. A warm meal once a day for the cows will show surprising results in the milk pail. Hogs will respond much quicker if fed cooked food. They will eat more, have better digestion, and quicker growth. Poultry must have warm food for best results. These cookers will enable you to have hot water at all times.

	Capacity	Size Boiler	Length Fire Box	List
No. 1	25 gal.	22x22x12	 24 in.	\$10.00
No. 2	30 gal.	22x24x13½	 24 in.	10.50
No. 3	40 gal.	22x30x14	 30 in.	12.00
No. 4	50 gal.	22x36x15	 36 in.	13.00
No. 5	75 gal.	22x48x17	 48 in.	15.00
No. 6	100 gal.	22x60x17	 60 in.	17.00

The above prices are for the Cooker complete, consisting of stove, or fire box, galvanized steel boiler with four handles and cover, one length of 6-in. stove pipe and damper and one 6-in. elbow.

LEHIGH PORTLAND CEMENT

Cement is always needed in every up-to-date establishment. This cement is the best, and we can supply you in any quantities. Send for catalog and prices.

All prices quoted on seeds subject to market changes.

SO many contingencies continually arise to prevent the best seeds always giving satisfaction, it is impracticable to guarantee seeds. Therefore, we give no warranty as to description, purity, productiveness, etc., of any seeds we send out, and we will not be in any way responsible for the crop. If the purchaser does not accept the goods on these terms, they are at once to be returned.

VALUABLE PLANTS FOR SUMMER FORAGE AND ENSILAGE

(For prices, see page 47)

Crimson Clover. Solves the problem of cheap manuring; it is the great nitrogen gatherer and economizer in the use of fertilizers. Improves poor lands and restores to fertility those that have been worn down by excessive cropping. May be planted in spring, summer and fall. Splendid for reseeding Red Clover that has been winter killed. Sow 15 to 20 pounds per acre.

Soja or Soy Beans. One of the most remarkable drought resisting crops under cultivation. Will thrive under the most adverse conditions; tremendous yielder and valuable soil improver.

Cow Peas. When planted in rich soil make an enormous growth of vine of high feeding value and equal to clover for enriching the ground if plowed under. Black Eye, Clay, Black and Whippoorwill Gray Crowder, New Era varieties are adapted to Northern growth. Sow 1 to 1½ bushels broadcast, or drill 20 to 30 pounds per acre.

Sorghum. (Early Amber.) This plant is fast coming to the front for summer pasture or forage. It withstands drought and grows luxuriantly when the grasses and even Millets are burned out with the dry midsummer heats. It makes excellent hay. Sow broadcast, 1 to 1½ bushels, or drill 10 to 20 pounds per acre. Early Amber is best for this latitude.

Kaffir Corn. Is a non-saccharine Sorghum grown for the seed, which is good for poultry and cattle. Cultivation same as for Sorghum.

Canada Field Peas. These are very valuable for fattening stock, and can also be grown for soiling purposes, but are of greater value for fodder when fed as ground feed, or the vines can be cured for hay, which is of great nutritive value. They can be sown alone or with oats; if sown alone, sow 2 bushels to the acre; if with oats, sow 1 bushel of peas and 1½ bushels of oats.

Spring Vetches or Tares. (*Vicia Sativa*.) These are a species of pea, and grown extensively for stock feeding. Are excellent food for hogs and also a most valuable fertilizer. 50 to 60 pounds are sown per acre and cultivated same as field peas.

Winter Hairy or Sand Vetch. (*Vicia Villosa*.) Can be sown from July to November broadcast, at rate of 20 to 30 pounds per acre, with one bushel of oats or wheat, or 40 to 50 pounds if sown alone. Will grow on most any soil and produce a good crop. Splendid as a soil improver or for feeding.

Dwarf Essex Rape. It can be sown in drills far enough apart to cultivate, or broadcast. If sown in drills, but 7 pounds per acre is necessary. The best way is to sow it broadcast on very clean soil, or to sow it with your spring grain at the rate of 15 pounds per acre.

Speltz. Makes excellent pasture and good hay if cut at the proper season. The straw is stiff and does not lodge easily, and the grain does not shell out. Dry weather does not seem to have any effect on it whatever. It is a wonderful stooler and a robust grower and can be fed same as oats with the hulls. Every farmer should grow it. Sow at the rate of 50 to 60 pounds per acre.

Teosinte. (Reana Luxurians.) Its value lies in the fact that it can be cut several times during the season, and when allowed to remain without being cut attains a height of 12 feet. We would advise sowing the seed in rows 3 feet apart and the hills far enough to work, putting in three seeds about every 12 inches in the drill.

MR. H. BRICK, of Elwood, N. J., says: "My birds are looking well and doing well and Keystone Poultry Meat is to a great extent responsible for this condition."

GRASS SEEDS

Awnless-Brome Grass. (*Bromus inermis*.) A valuable grass for light, dry soils. Will stand long droughts and produce heavy growths where other grasses frequently fail. 30 pounds to the acre. Bushel, 14 pounds.

Blue Grass. (Kentucky.) Extra fancy cleaned. One of the most valuable sorts for lawn purposes, and as a pasture grass is indispensable. This grade is best for sowing lawns. Sow 3 to 5 bushels per acre for lawn; for pasture, sow 2½ bushels. Bushel, 14 pounds.

Canadian Blue Grass. Adapted especially to high, dry situations. Fine for permanent pasture. Bushel, 14 pounds.

Creeping Bent Grass. (*Agrostis stolonifera*.) Excellent for lawns; succeeds well in all locations; makes a low, velvety growth. Bushel, 20 pounds.

Crested Dogstail. An excellent grass for hard, dry soils; valuable for pastures or lawns; 25 pounds to acre. Bushel, 21 pounds.

English Rye Grass. (Perennial Rye.) Fine for an immediate effect. Bushel, 24 pounds.

Fancy Hulled Herd or Red Top. Extra recleaned seed, free from chaff. Bushel, 32 pounds.

Herd and Red Top Grass. Very popular for field use. Bushel, 10 pounds.

Hard Fescue. Thrives well in dry situations where many other grasses fail; 30 pounds to the acre. Bushel, 12 pounds.

Italian Rye Grass. An annual; quick in maturing. Bushel, 22 pounds.

Meadow Fescue. English Blue Grass. An excellent grass for permanent pasture or hay. Bushel, 22 pounds.

Meadow Foxtail. An elegant pasture grass. Bushel, 7 pounds.

Natural Green Grass. Largely used on lawn and field. Bushel, 14 pounds.

Orchard Grass. For pasture, sowing under orchards or shady places. Bushel, 14 pounds.

Rhode Island Bent Grass. (*Agrostis Canina*.) Resembles Herd Grass, forming a fine turf, even on thin soils. Doing especially well in salt atmospheres. Sow 40 pounds to the acre. Bushel, 15 pounds.

Sheep's Fescue. (*Festuca Ovina*.) Sow 40 pounds to the acre. Bushel, 12 pounds.

Wood Meadow Grass. (*Poa Nemoralis*.) Particularly adapted for pleasure grounds and lawns; will grow under trees where few other grasses can exist. Bushel, 14 pounds.

Timothy Seed. Best grades strictly recleaned. 45 pounds per bushel.

Red Clover. Fine quality, high germinating seed, free from foreign matter. 60 pounds per bushel.

Alsike (Swedish) Clover. Harvested with great care; the finest product of the market. 60 pounds per bushel.

Scarlet (Crimson) Clover. Used principally as a soil restorative. Both Delaware and Imported seed. Best quality. 60 pounds per bushel.

White Dutch Clover. For thickening the growth of the lawn, a better seed could not be used. Our grade is extra fine and we can say every grain will germinate. 60 pounds per bushel.

Mammoth Pea Vine or Sapling Clover. Grows much taller than the Common Red Clover, with larger, leafier stalks.

Alfalfa. As a fertilizing, land-enriching crop, it is unequalled. The roots sink down into the earth searching for nourishment and bringing to the surface the chemicals and fertilizing materials that have been stored 10 to 15 feet deep. One seeding stands for years. All cattle are fond of it. If possible, sow with oats at the rate of 15 pounds per acre, or if the land is very poor sow 3 pounds more. The first season the growth will be very light, but don't be worried if the plants are small and several inches apart, for that means the next season you will probably get from 3 to 5 tons per acre, and it increases for several years, producing as high as 10 tons; but that is a very large yield. It should be cut when in full bloom; but don't cut too early and be careful not to allow it to become water soaked after cutting, as it greatly reduces its value for feeding.

German or Golden Millet. Best known of all varieties; has, in consequence, a large sale, is a medium early forage plant, prolific in stalk and grain.

Common Millet. Has a smaller seed head than German and does not produce as heavy a growth of forage.

Siberian Millet. Grown largely in the Northwest, and is there considered better than any other. It yields a heavy crop of superior forage and seeds abundantly.

Hungarian. It is very much like German in its growth, but is distinguished by the brown color of seed.

Japanese Millet. (Barnyard.) It yields an enormous crop of forage, which is greatly relished by stock. When cured, it makes an excellent hay.

TAYLOR BROTHERS' "BEST" LAWN GRASS SEED

THE attractiveness of a suburban home is greatly increased by a well-kept, closely-cut lawn. In order to obtain this, an important feature is securing the right kind of mixture; something that will remain fresh and green in hot weather. TAYLOR BROTHERS' LAWN GRASS will form a deep green velvety lawn in a few weeks' time. A mixture of the finest and most desirable grasses which gives satisfactory results.

THE "NORCROSS" HAND GARDEN CULTIVATOR

Its work equals that of the highest priced wheel plow on the market. With its low price, it sells to those who have but a small home garden.

It is made of first-class material, shovels forged from the steel prongs, and can be entirely taken apart, every part being detachable.

It works between rows, or the center shovel can be removed and the row straddled. It pulls the weeds, pulverizes the soil thoroughly, giving level cultivation. It is light, durable, easy to operate and always gives perfect satisfaction.

5 Prong...\$0.75 3 Prong...\$0.50 1 Prong only...\$0.25

PRACTICAL TOOL GRINDER

Beats the Grindstone

Designed for house, shop and farm; grinds ten times as fast as any grindstone; mounted with alundum grinding wheel, selected especially for grinding edge tools.

No. 2.....	5.50	No. 4.....	7.50

MR. C. L. FISHER, of Rio Grande, N. J., says: "I was well pleased with the results of the Keystone Chick Food. The young chicks grew fine on it, and I would not undertake to raise chicks without it."

TARGET BRAND SCALE DESTROYER

THE practical method of controlling the San Jose Scale.

It destroys insect life by contact, and kills all scale insects and eggs.

This preparation contains about 85 per cent. of mineral oil. When diluted with 20 parts of water, it represents a 4 per cent. solution, a strength strong enough to be fatal to insect life and yet harmless to buds, bark and growth of the tree.

PRICES:	1 qt. can, each.....	\$0.30
	2 qt. can, each.....	.55
	4 qt. can, each.....	.90
	2 gal. can, each.....	1.75
	5 gal. can, each.....	3.70
	10 gal. can, each.....	7.40
	25 gal. barrel, gal.....	.50
	50 gal. barrel, gal.....	.46

LIME AND SULPHUR SOLUTION

THE best spraying material for San Jose Scale, apple scab, leaf blight, grape rot, etc. A fungicide and insecticide combined. It is uniform in character, of a fixed strength, does not deteriorate with age, mixes instantly with water and can be applied any time. This solution has all the merits of the far famed

HOME BOILED LIME SULPHUR WASH, with its many disagreeable features removed.

PRICES:	1 gal. can, each.....	\$0.75	Half barrel, each.....	\$7.00
	5 gal. can, each.....	2.25	Full barrel, each.....	11.50
	10 gal. can, each.....	3.75		

NEVER SCALE

LIME and Sulphur in powdered form. All that is necessary to prepare this for application is to add $\frac{1}{4}$ pound to 1 gallon of boiling water. It is cheap, convenient and effective. A fungicide that can be applied to trees in foliage in proportions of 1 pound to 10 gallons of water.

PRICES:	In 12 $\frac{1}{2}$ lb. bags, lb.....	\$0.06 $\frac{1}{2}$	In 25 lb. bags, lb.....	\$0.06
	In 300 lb. barrel, lb.....	\$0.05 $\frac{1}{2}$		

PYROX

Pyrox is the spray that answers all requirements. It is a smooth, creamy paste free from grit and lumps. Mixes easily in cold water. Sprays without clogging the nozzles, sticks like paint to the foliage and won't wash off. Kills all leaf-eating insects; destroys fungus growths, scab blight, rot, etc. It insures the crop.

Dilute one pound to five gallons of water.

1 lb. pkgs., each.....	\$0.25	50 lb. pkgs., each.....	\$7.50
5 lb. pkgs., each.....	1.00	100 lb. pkgs., each.....	13.50
10 lb. pkgs., each.....	1.75	300 lb. pkgs., each.....	38.00
25 lb. pkgs., each.....	4.00	500 lb. pkgs., each.....	60.00

ACRE-AN-HOUR SIFTER

Acre-an-Hour Sifter is for applying dry insecticide with economy, being constructed in such a way that there is no wasting of material. When a small plant is to be treated, it can be regulated so that there is no surplus mixture thrown away. When large plants are treated the Sifter is opened up to any satisfactory dimension required. The work may be accomplished as fast as a man can walk, being easy to operate, and with care will last for years. PRICE: \$0.50, each.

RAT CORN

Sure death to rats. A positive destroyer of rats and mice, without any odor.

Every box guaranteed.

PRICES:

Small can.....	\$0.15	Medium can.....	\$0.25

LOWELL FOUNTAIN COMPRESSED AIR SPRAYER

**Does Not Require Constant Pumping. Has An Automatic Thumb Lever Valve.
Most Practical for Orchard, Field and Garden Work**

ONE pumping will expel entire contents of tank and is sufficient to spray 2,000 plants. Spraying nozzle may be reversed to spray under side of bushes and plants. The automatic thumb lever valve is at all times under complete control of operator, hence none of the solution is wasted. An adjustable shoulder strap and tree attachment with suitable couplings for orchard and tree spraying furnished with each machine. Aluminum finish. Capacity, 3 gallons. PRICE: Each, \$6.00.

No. 1 CYCLONE

With quart tank underneath double seamed heads, stationary tube; dimensions of cylinder, 13-4 x 8 inches; throws spray fine as mist; uses about one-tenth of liquid that many other pumps do, and is a satisfactory sprayer in every way; no danger of getting out of order. PRICE: Each 50 cents.

LITTLE WONDER. Price: Each 30 Cents

MYERS' BUCKET SPRAY PUMP

Brass cylinder, not liable to corrode with acids; also foot rest to steady it, with clamp to fasten to side of bucket. This is an easy working pump, as the forcing is done on

the downward stroke. Will throw a stream fifty feet. PRICE: Each \$2.65.

STANDARD SPRAYER, entirely different from any other sprayer. It is made of brass, completely finished, fitted with nozzles for spraying trees, shrubbery, and also extra nozzle for whitewashing. PRICE: \$4.00.

Lewis Combination Brass Spray Pumps	4.95
Smiths' Tin	.90

"KANT-KLOG" SPRAYERS

An entirely new idea in sprayers. Does away with objectionable foot rest, clamps, leather suction, packing, etc. This pump requires no fastening, holds itself down and works anywhere and everywhere. All the operator need do is to press the plunger down. It rises of itself. Does not get out of order. Very easy to work. Send for a circular.

PRICES:

Junior, No. 5, each	\$3.75	Nozzles, each	\$0.85
G, galvanized, each	4.50	Elbows, each	.35
G, Brass, each	6.75	3-ft. pipe sections	.35

AMERICAN WIRE FENCE

THE best all around fencing, good for all purposes; made of stiff, heavy wire, drawn from steel, made especially for the purpose and carefully galvanized. It costs a little money to divide and subdivide a farm by fencing with good woven wire fence, but it pays the cost from the start. Every farmer can make good money, but to make it the farm must be fenced and fitted for business.

OUR FACILITIES

ON several pages of this book you will see views of a few of our departments. They give but a faint idea of the size and magnitude of our different plants. Lack of space prevented us from giving a more complete set.

Note the view of our elevator and warehouse at Cooper's Point. Then look at the platform on south side of buildings for loading outgoing freight. Nine cars can be loaded there at one time and seven more on the adjoining track. In addition to this, we have facilities for unloading on the north side of elevator and warehouse nine cars of bulk and sacked feed and grain.

Again our building at Front and Market Streets. Every floor of that immense building is filled with goods.

The sectional view of the fifth floor of 38 Market Street will give you an idea of how closely we pack our stock.

We were not able to show more than one-quarter of our Seed Department, 36 Market Street.

A partial view only is given of our salesroom, Front and Market Streets.

Our general offices on second floor of Front and Market Streets are shown, but the private offices on both first and second floors are not.

This business of ours is for your benefit. The big stock and immense assortment enables us to give you the best service at the best prices.

OUR GOODS

We carry the best lines of

Flour, Salt, Feed, Hay, Cement

Potatoes, Garden and Field Seeds

Land Plaster, Fertilizers, Poultry Supplies

Hardware, Agricultural Machinery and Implements

Write or see us before ordering any of the above, and we will guarantee to save you money.

Our Keystone Preparations are the best that can be bought. We want you to know them. Read carefully pages 2 to 12. Write us on any subject pertaining to the care and feeding of poultry and we will give you the benefit of our experience.

It's no trouble to answer questions pertaining to our preparations or any goods we handle.
