State purpose

for which wanted so that intelligent
selection of plants may be made.

2½-inch pots contain thrifty young plants,
with strong balls of roots and
vigorous tops, suitable for lining out in nursery
rows, bedding, benching, growing on in three to
three and one-half-inch pots, or mailing.

4-inch pots contain well-branched two-
year-old bushes with extra
strong roots, ready for quick and substantial
results from planting out, forcing, or for imme-
diate sale as choice pot roses.

All stock summer grown,
under glass, on own roots.

None of our Roses are dormant or field-grown, but to comply
with requirements of several states, our tags bear copy of
the only form of certificate issued by this state, as follows:

CERTIFICATE OF NURSERY INSPECTION

No. 16

Columbus, Ohio, August 4, 1914.

This is to certify, that the nursery stock for sale by The
Leedle Floral Company, of Springfield, County of Clark,
State of Ohio, consisting of Shrubs and Roses, has been in-
spected by a duly authorized inspector, in compliance with
Section 1124, page 314, Laws of Ohio, 1913, and has been
found apparently free from dangerously injurious insects and
plant diseases.

Valid until September 15, 1915, unless revoked.

Signed, The Agricultural Commission of Ohio,

N. E. Shaw, Chief Inspector.

A. P. Sandles, President.

Yellow Baby Rambler or **Sunshine**—(P. Lambert, 1911.) (P.) Deep golden-yellow in the bud, changing to lemon-yellow as the blooms open; in a very hot, dry climate and under strong sunlight, the open flowers will sometimes fade nearly white, but in most localities they hold the yellowish color very satisfactorily.
