SUBURBAN GARDEN COLLECTIONS OF PERENNIAL FLOWER SEEDS

Perennials As the demand is steadily increasing for the flowers which do not require planting each season, we have carefully prepared the following collections which will, without doubt, give excellent satisfaction to those interested in this class of beautiful plants.

We advise planting the seeds of perennials as early as June and July, thereby enabling the grower to obtain much stronger plants which will become better established to withstand the winter.

We include in the following collections such varieties as **Hollyhock, Columbine, Larkspur, Foxglove, Canterbury Bells** and the **Oriental Poppy**.

Collection of 20 varieties.....\$1.50

Collection of 10 varieties.....\$0.75

Strawberry Plants

The following listed varieties of Strawberry Plants are Pot-grown; we are unable to supply Layer Plants during the Summer months.

All of our plants are strong and well rooted, being grown in two and one-half inch pots, and are shipped in the pots in which they are grown, thereby insuring safe shipment, the roots undisturbed, allowing them to be transplanted to the best advantage.

The varieties indicated by the letter "P" are the pistillate sorts, and should be planted among other Perfect-flowering kinds: this may be best effected by planting every other or every second row of the latter sort thereby allowing the pistillate varieties to become pollenized.

Pot-grown Strawberry Plants are usually ready for delivery after August 1st but sometimes later according to the season.

Strawberries when planted during August will produce a fine growth during late summer and early fall which will insure a good crop the following summer.

Pot-grown Strawberry Plants (From 2½ in. pots) per doz. \$0.50; per 100, \$3.00; 250, \$6.50; 500, \$12.50; per 1000, \$25.00.

Strawberry Plants in pots cannot be sent by mail.

Glen Mary

Autumn Bearing

THE AUTUMN. Unlike other varieties, this bears fruit continuously during the Summer and into the late Autumn, even up to frost. Being a pistillate variety, should be planted with the Pan-American. The price on the Autumn is \$2.00 per doz.; \$10.00 per 100.

PAN-AMERICAN. One of the newer varieties and Autumn bearing. This is a perfect plant and bears continuously from August until frost. Price 25c. each; \$2.50 per doz.; \$15.00 per 100.

Extra Early Varieties

EXCELSIOR. One of the best extra early varieties; vigorous, healthy grower; unusually productive for an early sort. The fruit is of round, conical form, glossy, dark red color.

SUCCESS. Although this is one of the earliest, it holds out well during the strawberry season; it is a little soft for shipping, but this fact proves its superiority for home use. The fruit is of globular form, bright scarlet, fine flavor.

TEXAS. A strong grower; has quantities of runners; a good shipper; fruit medium large, crimson, very productive.

Medium or Second Early

ABINGTON. A strong growing native variety of recent introduction. The fruit is of large size, bright red in color, very solid and of excellent flavor.

BRANDYWINE. Famous among commercial growers for its quality as a shipper. Color blood red; round; yields very large crops of finest quality berries.

CLYDE. A strong grower making rather short runners; extra large fruit of mild flavor; light crimson color.

Medium or Second Early — Continued.

GLEN MARY. One of the best strawberries for the home garden and nearby markets. Extra large and productive; twelve specimens will fill a quart; color dark, glossy crimson, fairly firm and of excellent quality.

GOLDEN GATE. A strong growing variety, bearing rich, crimson fruit without green tips, and quality equal to the best; seems to bloom early and late, making a good variety to pollenize.

HERITAGE. This is an excellent variety in every way, making a large number of runners. The berries are long in shape, and extremely attractive; extra large and of delicious flavor; a very heavy yielder; color crimson.

KLONDYKE. Of recent introduction, color dark red; conical and very long, having the long neck typical of the very sweet berry; large in size, deliciously sweet in flavor; extra heavy yielder; one of the best shippers.

MARK HANNA P. The berries are of exceedingly large size, attractive in color, and excellent quality; very prolific.

MARSHALL. As an exhibition berry and for home use it is the leader; it captures the prize wherever exhibited; although of great size the fruit is rarely ever misshapen. The color is a rich, glossy crimson that every one admires; the quality is excellent and it is a strong grower.

NEW YORK. The berries are large, of conical form, dark red color, and of remarkably sweet flavor; one of the best for home use.

PARSON'S BEAUTY. A strong grower, making an abundance of runners; fruit is large and mild in flavor, of conical shape, bright red color; heavy yielder.

SAMPLE P. A variety much used for market; is a heavy yielder of large berries, excellent flavor.

SENATOR DUNLAP. Is one of the universally popular varieties; famous as a shipper. Color dark red; top-shaped; fruit large, rich flavor; yields immense crops of high quality fruit.

Late to Very Late

BELMONT. Although one of the older varieties, it is considered by many to be the finest late berry; an excellent keeper.

CHESAPEAKE. The most productive of the late varieties. Fruit extra large and very smooth, color crimson to dark and of rich aromatic flavor.

COMMONWEALTH. This is the latest of all strawberries and should be in every home garden. Not only is this an extra large berry, but also very productive, solid and of deep rich color.

GANDY. An excellent late berry of uniform size and perfect in form; color bright crimson and very glossy; best results when grown on moist soil.

MINUTE MAN P. Is a vigorous grower, very productive, fruit of crimson color, excellent quality and continues to bear longer than most other berries.

Strawberry, Marshall

PERENNIAL NOVELTIES

SWEET WILLIAM

Two Choice Varieties

DOUBLE SALMON

The Sweet William, which is so common to almost everyone, needs but very little introduction, but a new shade of this popular flower must naturally be appreciated.

The flowers are of good size, of a rich salmon coloring, producing fine clusters of flower heads, and extremely double.

Plants make a very sturdy and robust growth, with long flower stems, while the foliage shows a beautiful deep green.

This is a particularly fine variety to add to the long list of Sweet Williams now in existence.

Pkt. 20c.

SCARLET BEAUTY

The color of this new Sweet William is an intensely rich, deep scarlet, almost identical in color with *Euphorbia splendens*, and quite different from all other scarlet varieties.

The plant has the same habits and growth as Pink Beauty and is really a selection from that variety.

Pkt. 20c.

Sweet William, Double Salmon

DELPHINIUM

REV. E. LASCELLES

Beautiful Deep Blue, White Center

A particularly fine new addition to the already well known Delphiniums. We have had the plants of this excellent variety growing for the past three seasons, and they have been greatly admired by all who have seen them. The plants have been very shy in producing seed, but during the past season we have been quite successful in securing a stock which enables us to offer seed this year.

The flowers are quite double and of extra size, showing a beautiful deep blue color, with white center, producing an excellent contrast.

A large percentage of seed comes true, while the balance will undoubtedly produce some very choice hybrids.

Pkt. 25c.

PAPAYER ORIENTALE

"EXCELSIOR"

Choicest Hybrids

The Oriental Poppies are always welcome in any perennial bed, or even when grown by themselves. They are probably one of the easiest perennials to grow from seed, and the few fine varieties under cultivation at present all tend to dark shades.

In this choice strain of new hybrids, a great many new shades and colors are represented and are characterized in many of the delicate shades of pink and salmon to deep crimson. These hybrids have been selected from the choicest sorts obtainable from seed.

Delphinium Formosa

- DIANTHUS (Garden Pink).** In the following list of Dianthus or Garden Pinks will be found the best varieties for general use. We take especial care in selecting our stock and procure same from only the most experienced growers.
- Giant of Nice (Riviera Market).** Superior class of perpetual-flowered Carnations, blooming six months after sowing, and surpassing all others in size, color and productiveness. \$0.25
- Dianthus plumarius (Hardy garden, or Old-Fashioned Clove Pink).** A splendid free-flowering class, more hardy than the Carnation, and with a strong clove fragrance. 10
- plumarius Cyclops. Double Mixed.** A double variety of the popular Pheasant's-Eye. Pink. Very hardy and showy. June to September. 12 inches. 25
- Scoticus fl. pl. (Paisley Pink).** Flowers resembling those used for forcing; exceptionally fragrant and most desirable for gardens. 25
- semperflorens fl. pl. (Everblooming Pink).** Flowering in great profusion from June to October. **Finest Mixed.** 15
- Chinensis fl. pl. (Chinese or Indian Pink).** Flowers double, of great variety of colors. **Finest Mixed.** Oz. 75c. 05
- Hedderwigii fl. pl. (Japanese Pink).** Double flowers of brilliant colors. **Finest Mixed.** 1/4 oz. 25c. 05
- Crimson Belle.** Double crimson; extra large. Oz. \$1.50 10
- albus plenus.** Double white. Oz. 2.00 10
- astropurpureus albo-marginatus fl. pl.** Double crimson, white edge 1 ft. 1/4 oz. 50c. 10
- diadematus fl. pl. (Double Diadem Pink).** Large double flowers with fringed edge. **Finest Mixed.** Oz. \$2.00 10
- laciniatus fl. pl.** One of the finest double fringed varieties. **Finest Mixed.** 1/4 oz. 25c. 05
- DICTAMNUS Fraxinella (Dittiny or Gas Plant).** H. P. Flowers formed on long spikes; the leaves are thick and if rubbed emit a fine odor. The plant gives off a resinous matter which will readily ignite in warm weather.
- Crimson and White.** 3 ft. 1/4 oz. 15c. 05

- DIGITALIS (Foxglove).** One of the finest of perennials, bearing long spikes of gloxinia-like flowers of tubular shape. Plants will grow in partial shade and in almost any good garden soil.
- Canariensis.** Light yellow. 1/4 oz. \$1.00 \$0.25
- gloxiniiflora. Finest Mixed.** Spotted throat. Oz. \$1.00 05
- alba. White.** Oz. 1.00 05
- rosea. Pink.** Oz. 1.00 05
- lilacina. Lavender.** Oz. 1.00 05
- maculata superba. (Ivery's Spotted).** Oz. 1.00 05
- monstrosa. Finest Mixed.** Extra large flowers. Oz. \$1.50 10
- monstrosa alba. Pure white.** 1/4 oz. 50c. 10
- monstrosa rubra. Rose pink.** 1/4 oz. 50c. 10
- purpurea (Witches' Fingers).** Oz. 40c. 05
- Fiske's Superb Mixture.** Oz. \$1.50 10
- DODECATHEON Media (American Cowslip).** H. P. Flowers somewhat resembling the Cyclamen; of rosy-purple color and drooping habit. 18 in. 25
- DORONICUM Caucasicum.** There is no finer Spring-blooming hardy perennial than this. The flowers are large, single and a fine yellow. 1 ft. 25
- DRACOCEPHALUM argenteum.** Fine hardy perennial, with spikes of bright blue Penstemon-like flowers: July and August. 1 1/2 ft. 1/4 oz. 30c. 10
- ECHINACEA helianthus (Perennial Red Sunflower).** H. P. Flower large, varying from 6 to 10 in. across. Plants 6 ft. high; color purplish red. 10
- ECHINOPS Ritro (Globe Thistle).** H. P. Flowers formed in heads in globe form of steel blue color. Foliage deeply cut and of silvery-white color. 1/4 oz. 20c. 05
- EDELWEISS (Leontopodium alpinum).** H. P. Flower heads are flat, resembling soft-cushioned foot of the lion. It is a native of the Swiss Alps and is used mostly in rockeries in moist locations. 6 in. 15
- EDELWEISS (Leontopodium Sibiricum).** H. P. New. This variety, found in Russia, is fully double the size and is of easy culture. The large white blooms are readily produced in England, and can be as easily grown here, for the flowers are developed far better in the low country than are those of the Edelweiss of the Alps. 15
- ERIGERON aurantiacus hybridus.** Attractive hardy perennial, producing stout, many-branched flower-stems, with numerous large flowers in all shades from white to rose, and from yellow to light and deep orange. 1 ft. 1/4 oz. 75c. 10
- Hybridus roseus.** Handsome hardy perennial, with deep rose-colored flowers, blooming from May to October. 1 ft. 10
- EUPATORIUM purpureum (Thoroughwort).** H. P. Flowers are of a purplish red color, borne in heads. Excellent for cutting and well worthy of a place in every garden. 2 ft. 10
- ageratoides.** Dense heads of small white flowers. 4 ft. 1/4 oz. 40c. 10
- Fraseri.** Snow-white. 2 ft. 1/4 oz. 30c. 10
- purpureum.** Purplish red. 4 ft. 1/4 oz. 25c. 10
- FORGET-ME-NOT.** See *Myosotis*.
- FOXGLOVE.** See *Digitalis*.

Missouriensis . Dwarf; yellow. 1 ft.	.10

Oenothera Missouriensis

PANSIES

Our strains of this popular flower are imported from the most experienced foreign growers and are unsurpassed for size and form, beautiful markings, brilliancy of colors and shadings. Seed sown in May will flower during late Summer and Autumn. For early Spring flowering, sow in August and protect the young plants either in coldframes or with straw or boughs. Soil best suited should be light, well fertilized and requiring plenty of moisture.

- Tall Double Branching.** **Finest Mixed.**..... .10

Sweet William, Holborn Glory

BULBS FOR EARLY FORCING

Planted in September can be Flowered for Christmas

Our Bulbs are all Selected, First Quality

Allium

No charge for postage.

Neapolitanum. Large heads of pure white flowers; extensively forced by florists. 15c. per doz., \$1.00 per 100, \$7.00 per 1000.

Hyacinth—White Roman

Hyacinths, Early Roman

Postage Extra. See inside cover page.

This class of Hyacinths is almost indispensable to the florist in his Autumn and Winter cut-flower work, and to the amateur it is the most successful of all flowering bulbs. If planted early in September and gently forced, will bloom in November, or flowers may be retarded until Christmas by keeping in a cool place.

Pure White. Extra-large selected bulbs.....	\$0.60	\$4.00	\$38.00
Pure White. Mammoth.....	.75	5.00	48.00
Light Pink	.50	3.75	32.00
Light Blue	.50	3.75	32.00

White Italian, or Parsian. These are about two weeks later than the Romans, and the blossoms somewhat larger; very fragrant. 50c. per doz., \$3.75 per 100, \$32.00 per 1000.

OUR FALL CATALOGUE

Containing a complete list of Hyacinths, Tulips, Narcissus and Miscellaneous Bulbs, Perennial Plants, Shrubs and Trees. SEND FOR ONE.

Polyanthus Narcissus

Paper White Grandiflora

The Fragrant Bunch-flowered Narcissus

Postage Extra. See inside cover page.

In our New England climate this class is not hardy and can be used for house culture only. Their easy culture should endear them to every flower lover. In southern states these bulbs are perfectly hardy, and we highly recommend them to be planted by the thousands.

THE LARGE-FLOWERED PAPER-WHITE NARCISSUS. If grown in pots, eight weeks will produce the flowers. We especially recommend to grow this bulb in pebbles and water, after the fashion of the Chinese Sacred Lilies, as they are far superior to the latter. Twelve bulbs should be planted in an ordinary-sized dish. It is advisable to start the bulbs in a dark place for four or six days. Grow cool and give plenty of water.

Large bulbs. 30c. per doz., \$1.75 per 100, \$14.00 per 1000.
Mammoth bulbs. 40c. per doz., \$2.50 per 100, \$18.00 per 1000.

Pebbles for above. 10c. per qt., 35c. for 4 qts.

Fall and Winter-Blooming

Crocuses

Hardy Crocuses, which will bloom outdoors in the North between November and March with no protection whatever. Most of them are from the Holy Land, and all should be planted as early as possible in the Autumn.

We heartily recommend their use by the thousands on Southern estates, especially Winter homes in the Carolinas and Georgia. The time of bloom depends chiefly upon the openness of the Winter.

Species of Colchicums

Postage Extra. See inside cover page.

Autumnale major (commonly called Meadow Saffron). The rosy, lilac blossoms appear from September to November. Doz. \$1.00, 100 \$7.50, 1000 \$70.00.

Autumnale album. A white variety of above. Doz. 60 cts., 100 \$4.00, 1000 \$35.00.

Autumnale plenum. Double rose. Doz. 75cts., 100 \$4.00.
Agrippinum Parkinsoni. Large lilac flowers which are checkered with dark purple; attractive. Doz. \$1.25, 100 \$7.50.

Cilicicus. Flowers with white base and soft pink petals, inside lilac. Appears from October to December. Doz. 50cts., 100 \$3.00.

Speciosum. Large rosy purple flowers appear in September. Each 20cts., doz. \$2.00, 100 \$15.00.

Species of Crocus Autumnale

Postage Extra. See inside cover page.

Hiemalis. Flowers white, the outer lilac banded, throat orange-colored. Flowers appearing from December to April. Doz. 30cts., 100 \$2.00.

Imperati. Often seen in January but will continue up to March. Color lilac, the outer surface of the outer segment is coated with rich buff, suffused with purple feathering. Doz. 50cts., 100 \$2.75, 1000 \$25.00.

Medius. A beautiful purple flower from the Maritime Alps; flowers in October. Stigma bright scarlet and much branched. Each 20cts., doz. \$2.00, 100 \$15.00.

Sativus. Beautiful light blue, long narrow flowers in clusters of three. Flowers in October and November. Doz. 30cts., 100 \$2.00, 1000 \$15.00.

Speciosus. Flowering at the end of September and early in October. The peculiar segments are rich bluish purple, suffused with darker purple veins. Doz. 30cts., 100 \$2.00, 1000 \$15.00.

Zonatus. From the mountains of Cilicia. Bright vinous lilac flowers, golden at the base, about the middle of September. Doz. 40cts., 100 \$2.50, 1000 \$20.00.

Freesia, "Purity"

Giant, Pure White

No charge for postage.

This is, without doubt, the largest, finest and purest white Freesia in existence. Stems grow from 20 to 30 inches high and produce from 6 to a dozen enormous flowers of snowy white. Our strain of Freesia is exceptionally fine.

(Ascension or Madonna Lily) ready for delivery
in September

The Best Hardy White Garden Lily

One of the earliest Lilies. Flowers are large, pure white and extremely sweet. Should be planted as early as possible in September and October. 3 to 4 feet. June. Each 15c., doz. \$1.50, 100 \$10.

PAEONY, MILTON HILL

New Double Paeony Milton Hill

The Finest Variety in existence

Very large, globular form, of compact rose type; delicate pale lilac rose; very distinct; pure color; exceedingly strong growth; of medium height; somewhat later in flowering than most varieties. Each..... \$5.00

Collection of New, Rare and Beautiful Paeonies

See the Varieties displayed in our show windows during the month of June

The Paeonies are among the noblest and most magnificent of our herbaceous plants. With the addition of superb newer varieties.

The colors have the greatest range, embracing white, flesh color, rose, pink, salmon, yellow, scarlet and crimson in lighter and darker shades.

They require very rich soil, are perfectly hardy, and in planting care should be taken to select a rich, sunny place. The tip of the crown should be 6 inches below the surface.

Time of Delivery. All roots can be delivered from early April until the end of May, and again from September on and until freezing time in the Fall.

Directions for Shipping. Paeony roots can only be shipped by express, purchaser paying transit.

Our list here only shows varieties. We have 300 varieties. If you do not find the variety wanted listed here, write us.

Twelve Standard Paeonia Sinensis

The following named varieties are all standard and well-tried sorts that have proved very satisfactory.

Price of any of the following: Each 35c., doz. \$3.50.
Set of 15 varieties \$4.50.

ALEXANDRINA. A handsome bright rose. Fine flower.	
ANEMONEFLORA RUBRA. A rich dark carmine red.	
DUC DE CAZES. A dark rose, with centre petals lighter.	
DUCHESS D'ORLEANS. Pale rosy lake with distinct salmon centre. A very beautiful sort.	
EDULIS SUPERBA. An extra fine bright rose variety. One of the best and very sweet scented.	
FESTIVA ALBA. Very fine pure white.	
FIDELINE. Very dark purplish crimson.	
L'ELEGANTE. A brilliant rose color, with well formed globular flowers.	
LOUIS VAN HOUTTE. A deep dark red; one of the choicest of its color. Large and finely formed.	
MAGNIFICA. A beautiful white, slightly tinted flesh color.	
PRINCESS MATHILDE. A fresh rose-colored self. Excellently-formed flower; one of the most attractive of this collection.	
PROLIFERA TRICOLOR. Handsome soft flesh-colored flower.	
PULCHERRIMA. A very delicate shade of soft rosy white, with tinge of salmon in centre.	
ROSEA ELEGANS. A beautiful combination of soft rose and salmon yellow.	
VICTORIA. A rosy white, with yellowish centre. Quite free flowering.	

Paeonia Arborea (Tree Paeony)

A handsome dwarf shrub, free flowering, blooming about three weeks earlier than the herbaceous varieties. It is quite hardy, but is benefited by a slight protection in Winter. Each \$1.50, doz. \$15.00.

HANKSII. Rose-blush, with purple centre. Very large and fragrant.

ELIZABETH. Rosy-crimson. Very large and full.

Fertilizer for Lawns and Gardens

BONE AND WOOD ASH FERTILIZER FOR LAWNS. The value of bone and wood ashes is appreciated by every one. Bone however is not a complete fertilizer, as it lacks potash. Ashes are not a complete fertilizer, as they lack both phosphate of lime and ammonia. The two combined, however, supplement each other and make a complete balanced fertilizer. \$2.00 per 100 lbs., \$25.00 per ton.

CANADA UNBLEACHED HARD WOOD ASHES. They give to the grass a rich, dark shade of green, and will destroy many of the insects that are injurious to grass roots. A superior lawn dressing. 100-lb. bags \$1.25, 200-lb. barrels \$2.25, per ton in barrels \$20.00, per ton in bags \$18.00. In carload lots, minimum weight 20 tons, \$16.00 per ton, in bulk; \$18.00 per ton in 100-lb. bags delivered at any station in Massachusetts, Vermont, New Hampshire, Rhode Island or Connecticut, or any station in Maine, except points on the Maine Central R. R.

LAWN AND GARDEN DRESSING. For lawns, grass lots, kitchen-gardens and flower-beds. This superior dressing is made from chemicals, and is so prepared that it acts gradually throughout the season, producing a luxuriant growth of grass of a rich green color. It is far superior to lumpy, strawy manure, which disfigures the lawn and gives off an offensive odor. It is nearly odorless, and is easily applied. 10-lb. bag for 1,000 sq. ft. 50c., 25-lb. bag for 2,500 sq. ft. \$1.00, 50-lb. bag for 5,000 sq. ft. \$1.75, 100-lb. bag for 1/4 acre \$3.00, ton \$50.00.

FRESH GROUND BONE. It is practically raw ground bone, the only thing extracted from it being the grease, which is of no value as a fertilizer. After the grease is extracted, the bone is dried and ground in its pure state. 50 lbs. \$1.25, 100 lbs. \$2.00, ton \$35.00.

SHEEP MANURE

The best for making a Liquid Manure for additional fertilizing during late Summer and Fall.

PURE SHEEP MANURE "F. F. R. BRAND". This is a pure natural manure and the most nutritious food for plants. It is the best of all manures for mixing with the soil for greenhouse plants. It makes the richest, safest, and quickest liquid manure, rivaling guano without any deleterious effects. For flower and vegetable gardens, and as a top dressing for lawns, it is unequalled. We handle large quantities of sheep manure direct from the corrals in the West. It comes to us in the natural state and we have it ground here in Boston. We know that it is as pure as can be obtained. 5 lbs. 25c., 10 lbs. 40c., 100 lbs. \$2.50, ton \$40.00.

"WIZARD BRAND" PURE PULVERIZED SHEEP MANURE. We are sole distributors for Boston and vicinity of the above brand of sheep manure. Pure sheep manure is the best and strongest in fertilizing and enriching elements of all nature's fertilizers, containing, as it does, nitrogen, phosphoric acid, ammonia and potash in liberal proportions. It is three times stronger than cow manure. Sheep manure is excellent for lawns, railroad stations, golf greens, general garden, flower beds, house plants, trees, hothouses, public parks, fruits and all farm products. Lb. 10c., 5 lbs. 25c., 10 lbs. 40c., 25 lbs. 75c., 50 lbs. \$1.25, 100 lbs. \$2.00, ton (in 100-lb. bags), \$35.00, full large barrel \$40.00.

Insecticide Implements for Spraying and Dusting

See our Spring Catalogue for complete list of Insecticides

COMPRESSED AIR SPRAYERS

LOWELL SPRAYER. The best compressed air sprayer for florists' use in greenhouses. All of the tobacco extracts can be used to best advantage with this sprayer. It is both automatic and positive in its action. One charge is sufficient to expel its entire contents. Each sprayer is thoroughly tested with both air and water pressure before leaving our factory. Having convex heads, entire contents can be drained from machine, leaving it perfectly dry when not in use. Heads after being seamed and riveted are dipped into molten solder, making it absolutely air tight and the strongest Air Pressure Sprayer made, standing five times the air pressure necessary to operate. Tree attachment, consisting of three feet of 3/4-in. 3-ply. C. I. Rubber Tubing with spray nozzle one foot long, for small tree and shrub spraying; funnel with brass wire strainer cloth for filling, and shoulder strap for carrying furnished with each machine, also attachment to spray the underside of leaves. Capacity of tank, three gallons. Galvanized steel, \$5.00 each, brass \$7.50 ea. Complete.

Lowell Sprayer

THE "AUTO-SPRAY" works automatically for six to fifteen minutes, according to the nozzle opening. Has a capacity of four gallons. Eight to twelve strokes of the plunger will compress the air and two pumpings will discharge the entire contents.

The Auto Spray

Three gallons of solution or one charge will easily cover one-half acre of potatoes or other similar crop. Galvanized Iron Tank, with Auto-Pop Nozzle \$5.00; Brass Tank, with Auto-Pop Nozzle \$7.25.

Auto-Spray No. 3B. For spraying large trees, whitewashing or painting. Galvanized iron tank holds 8 gals. Machine furnished complete with 8 feet 3-ply discharge hose, stopcock, 8 feet of iron extension pipe, Vermorel nozzle, \$14.00 Each

INSECTICIDES AND FUNGICIDES

For all Insect Pests and Fungus Growth

Liquids and Poisons are not mailable. Other Insecticides and Fungicides may be sent at Parcel Post Rates

ALPHOL. For destroying slugs, ants, wire worms, woodlice and other insects infesting the soil. When making up heaps of potting soil, manure or leaf mold, use Alphol freely or in the open ground. 3 lbs. 35c., 7 lbs. 60c., 14 lbs. \$1.00, 28 lbs. \$1.75, 56 lbs. \$3.00, 112 lbs. \$5.00.

ANT-1-CIDE. (Sterlingworth). The best and most effective remedy for cleaning ants from your lawn. It is a non-poisonous powder, producing quick results. It is easily applied by strewing on the infested surface. One pound will treat three hundred square feet of surface. 1 lb. 25c., 5 lbs. \$1.00, 25 lbs. \$4.50.

ARSENATE OF LEAD. It kills all leaf-eating insects like potato bugs, rose bugs, fruit-tree worms, gypsy and brown-tail moths, caterpillars, elm-leaf beetles, etc., and sticks like paint to the leaves. It is easy to apply, and won't injure the most tender foliage. 1 lb. 20c., 2 lbs. 40c., 5 lbs. 90c., 10 lbs. \$1.60, 25 lbs. \$3.75, 50 lbs. \$6.00, 100 lbs. \$10.00, 600 lbs. \$54.00.

"BLACK LEAF 40" (Sulphate of Nicotine). Highly recommended by spraying experts for destroying aphids, thrips, etc., without injury to foliage; is perfectly soluble in water; no clogging of nozzles. 1/2-lb. can 85c., makes 47 gallons; 2-lb. can \$3.00, makes 240 gallons; 10-lb. can \$2.50, makes 1000 gallons.

BORDEAUX MIXTURE LIQUID. Very effective in preventing and checking all fungus diseases, such as potato rot, potato blight, rust, mildew, and diseases of grape. Full directions on can. Qt. 40c., gal. \$1.00, 5 gals. \$4.50, 10 gals. \$8.00.

BORDEAUX MIXTURE DRY. This is put up in convenient form for immediate use; can be used dry or with water. 1-lb. pkg. 25c.

BUG DEATH. Is a non-poisonous powder, sure death to potato, squash and cucumber bugs, currant and tomato worms; safe to handle; can be applied either dry or in water. 1 lb. 15c. 3 lbs. 35c., 5 lbs. 50c., 12 1/2 lbs. \$1.00, 100 lbs. \$7.50.

COPPER SOLUTION. The ingredient Carbonate of Copper dissolved with ammonia, the same as Bordeaux Mixture, it is counteracted by lime water. An excellent spray for fruits when nearing maturity or when plants are in full bloom. There is no sediment left to show color same as Bordeaux. Qt. 50c., gal. \$1.50.

COW COMFORT. Protects cattle and horses from fly pest. A sure preventive, perfectly harmless, easily applied. Its use on milch cows protects the cows from shrinkage of Summer milk. Cow comfort is applied to best advantage by spraying. Qt. 25c., 1 gal. 75c., 5 gals. \$3.00. Sprayer for applying Cow Comfort, 50c.

FISH OIL SOAP. A very effective, simple and cheap preparation for the preservation of trees, shrubs plants, vines, rose bushes and garden plants in general, from the ravages of insects. 1/2-lb. box 10c., lb. 15c., 5 lbs. 60c.

FUNGINE. An infallible remedy for mildew, rust, wilt, bench rot and other blights affecting flowers, fruits and vegetables. It is equally effective under glass and out of doors. A sulphur composition which, diluted with water, contains no sediment and does not stain the foliage. One gallon makes 50 gallons spraying material. 1/2 pt. 30c., pt. 50c., qt. 75c., gal. \$2.00, 10-gal. keg \$15.00. Express prepaid: Qt. \$1.15, pt. 65c., 1/2 pt. 40c.

GISHURST'S COMPOUND IMPORTED. For destroying red spider, mealy bug, scale, thrips, etc. Box 60c., by mail, 80c.

GRAPE DUST. Very efficient in destroying mildews and preventing blights, either in greenhouses or in the open; destroys aphids and black fly. 5 lbs. 35c.

HELLEBORE. Universally used for the destruction of rose slugs and currant worms. Very effectual and cheap. 1/2 lb. 15c., lb. 25c., 10 lbs. \$2.00.

"IMP" SOAP SPRAY. The base is pure soap. It contains vegetable poisons, harmless to plants, but peculiarly effective against red spider on fruits, etc., the rhododendron fly, rose bug and other insect pests on fruits, flowers and foliage. It sticks, but can be easily washed off before marketing. One gallon (can) makes 12 gallons of spraying fluid. Qt. 55c., gal. \$1.65, 5 gals. \$6.50, 10 gals. \$12.00. Specially recommended and very effective in killing the white fly and mealy bug.

KEROSENE EMULSION. Not injurious to foliage, and a pure remedy for lice, scale insects and most soft-bodied insects. Very valuable for washing domestic pets. Kills by contact. Qt. 40c., gal. \$1.00, 5 gals. \$4.50.

NICO-FUME LIQUID. A highly refined solution of free nicotine, containing 40 per cent. nicotine, for spraying as a remedy for aphids, thrips, black and white fly, and also may be used for vaporizing. Full directions on each package. In cans containing 1/4 lb. 60c., lb. \$2.00, 4 lbs. \$7.00, 8 lbs. \$13.50.

NIKOTEEN. Is used either by fumigating or spraying. Pt. bottle \$1.50. Small bottle 40c.

PARIS GREEN. More extensively used than any other poison. Purest of all brands. 1/2 lb. 25c., 1 lb. 35c. Special price on larger quantities.

PYROX, BOWKER'S. The one best spray for apples, potatoes and general purposes against leaf-eating insects and fungus diseases. This combined insecticide and fungicide is better than Paris Green, Arsenate of Lead or Bordeaux Mixture and cheaper to use. It sticks to foliage like paint in spite of heavy rains. Guaranteed under the National Insecticide Act. Mix with cold water and it is ready to use. 1 lb. 25c., 5 lbs. \$1.00, 10 lbs. \$1.75, 25 lbs. \$4.00, 50 lbs. \$7.50, 100 lbs. \$13.50, 300 lbs. \$38.00, 500 lbs. \$60.00.

SLUG SHOT. A light, composite, fine powder, easily distributed either by duster bellows, or in water by spraying. Thoroughly reliable in killing currant worms, potato bugs, cabbage worms, lice, slugs, sow bugs, etc., and it is also strongly impregnated with fungicides. 5-lb. pkg. 30c., 10 lbs. 50c. keg (25 lbs.) \$7.65, bbl. (235 lbs.) 4 1/2c. lb.

SOAP, SULPHUR TOBACCO. The most convenient form of tobacco, as an insecticide for general use, and most effectual as a contact poison for insects infesting both plant and animal life. Applied either as a spray or a wash. 3-oz. pkg. 10c., 1/2 lb. 20c.

VERMINE. A soil sterilizer and germicide for all oil vermin, such as cut, eel, wire and grub worms, slugs, root lice, maggots and ants. Used in the greenhouse, garden and field. One part Vermine to four hundred parts water, thoroughly soaking the ground, does its work effectively without injury to vegetation, and protects your crops and lawns against the ravages under the soil. Prices: Gill 25c., 1/2 pt. 40c., pt. 65c., qt. \$1.00, gal. \$3.00, 5-gal. keg \$12.50. Express prepaid: Qt. \$1.25, pt. 75c., 1/2 pt. 50c.

STERLINGWORTH WEED KILLER. Compounded especially for use on walks, drives, tennis courts, golf links, etc. It is a dry powder, to be dissolved in water. When applied to vegetation it completely destroys all kinds of weeds, grass. Full directions on each package. 1-lb. pkg. makes 15 gals., covers 45 to 60 sq. yds., 50c., 5-lb. pkg. makes 100 gals., covers 360 to 400 sq. yds. \$2.00.

X L ALL, RICHARD'S LIQUID INSECTICIDE. Destroys mealy bug, red spider, etc. Pt. 65c., qt. \$1.00, 1/2 gal. \$1.75, gal. \$3.25.

MOSQUITO OIL

For oiling Mosquito-breeding Pools. A very effective remedy for getting rid of Mosquitoes

Where mosquito larvae or wrigglers are found in any pool, they may be killed in a few minutes by spreading a film of oil over the surface of the water. It is necessary for the larvae to come to the surface about once each two minutes to breathe, and the oil not only prevents the air from entering their respiratory system, but the oil also enters their breathing tubes, destroying the tissues, and they soon die.

The oil must be applied about once each ten days to keep the pool in a safe, non-breeding condition.

A convenient method of applying oil is by means of small compressed air sprayers with cylinders of galvanized sheet iron. Each cylinder contains a pressure pump and will hold about two and one-half gallons of liquid. It may be carried in the hand or held by a strap thrown over the shoulder. Such an outfit as the Lowell Sprayer recommends itself very highly.

The amount of oil to be applied is one fluid ounce to each fifteen square feet of water surface. A less quantity will often fail to kill the wrigglers. One gal. 40c., 10 gals. \$2.75, bbl. (50 gal.) \$7.00. 10-gal. cans returned, express prepaid, will be credited 75c.

LAWN MOWERS

PHILADELPHIA, STYLE K

Five blades, 10-in. wheel, $6\frac{1}{2}$ -in. cylinder. Single Pinion, Geared on both sides. For all-round general purposes this is one of the best style mowers on the market. With its high wheels it runs light, and with five knives it cuts smooth and even, with the principles of construction so evenly balanced that it has the greatest amount of durability. 14 in., \$7.00; 16 in., \$7.75; 18 in., \$8.50; 20 in., \$9.25. Philadelphia Grass Collector (extra) 14 in., \$1.60; 16 in., \$1.70; 18 in., \$1.80; 20 in., \$1.90.

PHILADELPHIA, STYLE E

Four blades, 10-in. wheel, $6\frac{1}{2}$ -in. cylinder, train of 3 gears, double wheel. One of the lightest draft mowers manufactured; made of iron and steel. It has one special point of excellence over other mowers of this style, which consists in removing the box caps to the cylinder cutter, and removing the cutter without disturbing the frame of the mower; it therefore has a solid frame, with little trouble in case of repairing same. 15 in., \$9.00; 17 in., \$10.00; 19 in., \$11.25; 21 in., \$12.50. Philadelphia Grass Collector (extra) 15 in., \$1.70; 17 in., \$1.80; 19 in., \$1.90; 21 in., \$2.00.

GOLF WONDER

Ball bearing. This mower will cut putting greens, golf courses and other smooth and fine lawns better than any other mower made; it was designed especially for that purpose; no wheels to tear up the sod in turning or to leave tracks. The weight of the front part of the machine is carried on a wooden roller, $6\frac{1}{2}$ in. in diameter, at the rear of the cutter bar. Reel 4 in. diameter, 7 knives, lower knife, Coes laid blade, glass hard. Prices, 16 in., \$21.00; 18 in., \$22.50; 20 in., \$24.50.

TOWNSEND LAWN FINISHER

The most satisfactory machine offered for trimming and finishing lawns and borders. Quicker and easier than trimming by hand, producing equal results. Will cut within one-quarter inch of buildings, fences and curbings, and especially adapted for narrow borders around flower beds, shrubbery and hedges. $6\frac{3}{4}$ -in. wheels, $5\frac{1}{2}$ -in. reel, 3 blades, width of cut 5 in. Lower blade—Crucible steel, tempered. Finish—Blue wheels, gold frame. Cast bush journals, self-aligning, warranted. Only $\frac{1}{8}$ in. of metal between ends of blades and any obstruction to be cut around. Price, \$4.50.

Townsend Lawn Finisher

LAWN MOWERS—Victory Ball Bearing

The Victory is especially adapted to cutting fine lawns. Its long wheel base adapts it to going over lawns too rough for most mowers. Its compound triple gear permits of the maximum strength with the minimum weight. These gears are entirely enclosed so that no dirt or cut grass can get into the pinions and clog them. It has a 10-in. wheel, $5\frac{1}{2}$ -in. reel, 4 blades, crucible steel, oil tempered; lower blade is also crucible steel, oil tempered. Of the many mowers of all makes that we repair during the year, this mower comes back with its working mechanism the cleanest. Prices, 14 in., \$8.50; 16 in., \$9.50; 18 in., \$10.50; 20 in., \$11.50.

BEST MOWERS FOR BEST LAWN

GRASS CATCHER

The E. Z. Catcher will fit every size of mower and consists of a galvanized iron bottom with canvas sides and back. The 16 in. will fit all sizes from 12 to 16 in. 20 in. in all sizes from 18 to 22 in. Price, \$1.50.

TOWNSEND HORSE LAWN MOWER

Its special features are: Triple rolls with triple pawls in each roll, making the most powerful and instantaneous driving mechanism ever put in a lawn mower. This feature maintains the motion of the blades even in turning sharp corners. A lever beside the driver enables him to cut any height from the ground and to easily and quickly raise the blades over stones or other obstructions without stopping the horse or leaving the seat. Large rolls 15 in. in diameter insure great power and ease of movement. Prices, 30 in., \$68.00; 35 in., \$80.00; 38 in., \$90.00, f. o. b. factory.

12 AND 13 FANEUIL HALL SQUARE, BOSTON, MASS.
