WHOLESALE CATALOGUE

For the Season of 1901

**Seeds, Plants, Bulbs
and Florists' Supplies**

VICK'S EARLY SCARLET GLOBE RADISH.

As a forcing Radish Vicks' Early Scarlet Globe has established a reputation as the leading sort—the best in every way. It is handsome in form and color—a beautiful oval and rich scarlet. The amount of its foliage is small compared with other varieties, and small for the size of the radish. The peculiar merit of this variety as a forcing radish, is that it will bear the heat requisite for forcing without becoming pithy or spongy. The flesh is crisp, tender, juicy and mild. It is equally as good for open garden culture as for forcing, and, therefore, it commends itself equally to the amateur and market gardener. Beware of cheap foreign grown seed offered by many dealers as “Vicks.” Our seed is all American grown.

TERMS.

To all regular customers, orders for seeds, bulbs, or plants, made before June 1st, will be due at that date, and those made after that time will be due December 1st. A discount of one per cent. per month will be allowed when payment is made previous to these dates. **Grass Seed, Clover Seed, Potatoes, and Onion Sets, invariably net cash.** Satisfactory reference required from all new or unknown correspondents desiring credit. We decline to send C. O. D. unless a partial remittance is made as guarantee of good faith. Not bound by these prices for any length of time and subject to advance without notice. **We send out no seeds on commission.**

Prices of Flower and Vegetable Seeds.

FIVE CENT PAPERS—Per 100, \$2.00; per 1000, \$18.00.

TEN CENT PAPERS—Per 100, \$4.00; per 1000, \$35.00.

FIFTEEN CENT PAPERS—Per 100, \$6.00; per 1000, \$50.00.

TWENTY CENT PAPERS—Per 100, \$8.00; per 1000, \$70.00.

TWENTY-FIVE CENT PAPERS—Per 100, \$10.00; per 1000, \$80.00.

Not less than 100 papers at the 100 rate, nor than 1000 papers at the 1000 rate. Dealers who prefer can make their own selection from our Retail Catalogue at the above rates, provided not less than 100 papers are ordered, nor less than five papers of a kind. Where less quantity is desired a discount of 50 per cent. from retail prices will be allowed.

All Novelties at packet prices are net, from which there are no discounts.

Ounce papers of Vegetable Seeds 40 per cent. discount from retail prices. Flower Seeds by the ounce and pound, and Vegetable Seeds by the pound, four quarts, and bushel, are priced net in the body of this catalogue—peck at bushel rates, and ten pounds at hundred pound rates. No quantity of seed packed from bulk for less than ten cents. When smaller quantities are required use the ounce papers with the usual discount of 40 per cent off.

Our New Departure.

In Vick's Garden and Floral Guide for 1901 is explained a new plan of selling Vegetable Seeds in definite quantities, instead of the old unsatisfactory packet. With this system a planter can tell at once just what quantity of seeds the packet contains, and by glancing at the tables in the Guide, know how much land it will plant. This should be a great drawing card, and no doubt will increase your sales materially, if you order your seeds put up in this new style. Owing to the increase in quantities the discount on $\frac{1}{4}$ -ounce and $\frac{1}{2}$ -ounce packages and $\frac{1}{2}$ -pints and pints of Peas, Beans and Corn, will be same as on ounces, 40 per cent. from retail prices.

Boxes of Flower Seeds.

For the convenience of small dealers we put up boxes of seeds in papers, embracing those varieties most in demand, and in such proportions as our long experience has taught us are called for. The boxes are neat, showy and convenient for retailing from.

THE BOX OF FLOWER SEEDS contains \$5.00 worth of retail papers; price to dealers \$2.00. As these boxes are filled early in the season, before the press of business begins, no changes can be made from the assortments we have put up.

HANDSOME SHOW CARDS furnished with order.

For the assistance of those selling our seeds, we will furnish a reasonable quantity of VICK'S LITTLE GEM CATALOGUE free with each order when requested.

SHIPPING.

Purchasers will please send explicit shipping instructions with each order; where no such instructions are given we shall exercise our best judgment in the matter; but when goods have been so delivered, in first-class condition, addressed as ordered, we disclaim all responsibility for any accident, damage or delay on the route. When goods are desired sent by mail, postage must be added at the rate of 8 cents per pound.

⚡ Bags, boxes, and barrels will be charged at cost. No charge for cartage or packing.

20TH CENTURY

Vick's Earliest of All Cabbage

A Solid, Compact Grower

This new variety came to us from Denmark, the home of the famous Danish Ballhead Winter Cabbage, and is without exception the earliest Cabbage ever introduced. Up to this time the Jersey Wakefield has been cultivated for the earliest of all Cabbage, producing pointed or so-called sugar-loaf heads, but in the 20th Century we have the round shape, like All Seasons and others, which is the most preferable form of head. A novel feature of this variety is in its forming a number of small cabbage, similar to Brussels Sprouts (and equally as good) at base of cabbage or top of stem.

The heads of the 20th Century Cabbage are round and solid

as a cannon-ball and earlier than any other sort. It grows more compactly, thus yielding a much larger crop than either Wakefield or Winnigstadt. For garden or market use it is unexcelled.

Ten pounds or more will be charged at 100 pound rates.

In some few articles in larger lots than herein quoted we will make special prices by mail or wire.

FLOWER SEEDS.

The flower seeds we offer are grown largely upon our own farm; others we have grown for us on contract and under our personal supervision by the very best specialists both at home and abroad, and (which is of great importance) in climates and soils best adapted for each particular variety. The seeds used in mixtures are selected from flowers the *brightest in color* and *most perfect in form* and can be relied upon for purity and vitality. Therefore our seeds must not be classed with the cheap sorts picked up here and there, simply because they can be bought and sold cheap, and which are offered by unscrupulous dealers at ridiculous prices, making such seed dear at any price.

We will not sell less than one ounce of sorts priced at 15 cents per ounce or under; but we will put up 1-2 ounce of seeds priced at 20 cents per ounce and over; 1-4 ounce of seed priced at 75 cents per ounce and over; 1-8 ounce of seeds priced at \$2.00 per ounce and over.

It is quite important that a mixture of Sweet Peas should be intelligently composed. This can only be accomplished by growers who, like ourselves, are in a position to watch and care for the crop while in bloom, and when making selections see to it that the bright or telling colors predominate. Our mixture contains about twenty-five varieties and we are confident it will give universal satisfaction. With our immense stock and low prices we are prepared to fill in any quantity all orders for this favorite flower.
