FARM SEEDS.

☞ We ship car loads of farm seeds and can supply first-class stock. We do not handle the low grades. Write for prices on large lots. Prices subject to fluctuations of the market.

Alfalfa seed in some sections of the country contains DODDER—a weed that will ruin alfalfa fields; also English Plantain another weed very disastrous to the farm. We will not ship any alfalfa containing these seeds. In consequence we are obliged to ask higher prices than some others.
