Spring Flowering Bulbs

The selection of your bulbs is of more importance this year than usual. The unsettled conditions in the bulb growing countries have destroyed the market for many growers. In order to dispose of their goods many of them have accepted offers of Auction Houses and collectors. These bulbs are then sold to retail houses at so much per case. There is no responsibility upon the grower. The buyer may have a splendid chance to get bulbs CHEAP, and also to be disappointed when they bloom.

We have our bulbs from the same grower in Holland that has supplied us for several years and has always given us the best of quality. He grows his own bulbs, this means that you receive your bulbs with the least handling possible. If you want satisfaction with your flowers next spring, we will be pleased to have your order. Named bulbs or bulbs selected according to color give better satisfaction for bedding than mixed bulbs or bulbs of unknown origin.

When people are enjoying the Tulips, Hyacinths and Daffodils in the Spring, we often hear them exclaim "I am going to have such a bed next year," but they often neglect to plant the bulbs when the time comes in the Fall. Are you going to neglect planting this Fall?

HYACINTHS

Superior Named Hyacinths First Size Bulbs. Single and Double. For customers who want superior bulbs for either forcing, or to plant in bulbs. Large Bulbs and strictly selected First Size.

\$1.25 per dozen

Albertine, pure white

Lady Derby, choice pink.

Gertrude, large strong spike, rosy pink.

Grand Maitre, large flower of dark porcelain.

City of Haarlem. Fine pure yellow.

Noble Par Merite, double, deep rose.

Gen. Kohler, double, blue, very large.

Jaune Supreme, double, deep yellow.

We have a limited number of strictly "EXHIBITION SIZE" bulbs, which we recommend for forcing indoors. These are the finest bulbs that it is possible to buy. They are higher in price, but if you want a window to attract attention next winter plant these "Exhibition" bulbs. Price \$1.50 per Doz. for the following varieties:

Albertine

Gertrude

City of Haarlem

Grand Maitre

BEDDING HYACINTH BULBS
