Answered

To Our Patrons.

It is the policy of the Manalapan Nurseries to grow only the very best trees. We use nothing but Tennessee Mountain Natural Seed and propagating wood from trees that have given best orchard results and we feel that we are giving planters the best that money and brains can produce.

Guarantee of Genuineness and Agreement of Sale.

It is our intention and desire to have every tree we sell true to name and free from disease, and we exercise every precaution to do so, but it is mutually agreed between buyer and seller that we will not be held responsible for an amount greater than the purchase price, should any prove untrue to name.

Address all orders and communications to the

MANALAPAN NURSERIES,

ENGLISHTOWN, N. J.

STATE OF NEW JERSEY

State Board of Agriculture.

Office of the State Entomologist.

No. 105, 1914.

New Brunswick, N. J., Sept. 18, 1914.

This is to Certify that I have the 17th day of September, 1914, in accordance with the provisions of Chapter 249, Laws of 1903, State of New Jersey, inspected or caused to be inspected by a duly appointed assistant, the general nursery stock growing in the Manalapan nurseries of Manalapan Nurseries, Proprietors, at Englishtown, in Monmouth County, New Jersey, and have found the same apparently free from San Jose Scale and other dangerously injurious insect pests.

This certificate expires June 1, 1915, and covers only stock actually in the nurseries when examined.

THOMAS J. HEADLEE,
State Entomologist.

Office of the State Plant Pathologist.

No. 105, 1914.

New Brunswick, N. J., Sept. 18, 1914.

This is to Certify that the nursery stock grown by Manalapan Nurseries, at Englishtown, in Monmouth County, has been inspected in accordance with the provisions of Chapter 54, Laws of 1911, of the State of New Jersey, and has been found apparently free from dangerously destructive plant diseases.

This certificate is invalid after June 1, 1915, and does not include nursery stock not grown in the State unless such stock is previously accepted by the State Plant Pathologist.

MEL T. COOK,
State Plant Pathologist.
