DECORATIVE Dahlias

General Collection

We have observed during the last two seasons a growing tendency on the part of the public who frequent Horticultural Exhibitions to favour the exhibits of huge decorative varieties. This impressed us so much that we decided to grow all the introductions, and to select therefrom those which pleased us in regard to habit of growth—particularly the way in which the flowers were produced upon the plants—floriferousness and general effectiveness in the garden. In size they cannot be equaled and for decorative purpose they are unexcelled.
