FOREST AND SHADE TREES AND ORNAMENTAL SHRUBS

**RFD 2. McMINNVILLE, TENN.
Spring, 1915**

TERMS OF SALE

All orders from strangers not commercially rated must be accompanied by at least one-half cash. If cash accompanies order in full no charge for boxing or packing if orders amount to \$10. or more.

No charge for bags, boxes or barrels for seeds.

Seeds—5 pounds at ten pound rates; 25 pounds at 100 pound rates.

Our responsibility ceases on delivery to transportation company and receipt taken. All orders to prepay stations should be accompanied by cash to cover freight. Add 8 cents for postage. Small orders from strangers should be accompanied by cash.

GUARANTY.—While we exercise the greatest care to have our trees and plants true to label, and hold ourselves prepared to replace, on proper proof, all that may prove untrue, we do not give any warranty, expressed or implied, and in case of any error on our part it is mutually agreed between the purchaser and ourselves that we shall not at any time be held responsible for a greater amount than the original price of the trees.

Most collected seedlings, such as Maples and some others, except large size, are crooked near ground should be cut back to crown before transplanting. They grow up straight, smooth and much faster and quicker than when planted without cutting back. We cut back all seedlings to crown before transplanting.

ALTHEA, or Rose of Sharon.

These are grand flowering shrubs. There is a wide range of color, and not a day from the middle of July until September—a time when so few other shrubs are in bloom—that Altheas are not aglow with flowers. They have no insect enemies, grow well anywhere, are splendidly suited for shrubby borders, for colony plantings and hedges. The planter who uses them freely makes no mistake.
