Series I

List 4

INDEXED

BERRY PLANTS *and* SMALL FRUITS

I make a specialty of Strawberry, Raspberry, Logan, Mammoth Black, Himalaya and Phenomenal plants, and supply many of the large planters throughout Central California.

GUARANTEE of GENUINENESS

While I exercise the greatest care to have all my stocks true to label, and hold myself in readiness on proper proof to replace all trees, etc., that may prove untrue to label free of charge, or refund the amount paid, it is mutually understood and agreed to between the purchaser and myself, that my guarantee of genuineness shall in no case make me liable for any sum greater than that originally received for said trees, etc., that may prove untrue.

This List is for small planters and gives varieties I handle. Acreage estimates a specialty. Write me for close figures on your requirements.
