Hydrangea Hortensia

Flowering Shrubs

No garden is complete without a liberal display of flowering shrubs. They are indispensable in ornamental planting and with proper spacing and arrangement they always produce satisfactory and pleasing results. Both as regards flower and foliage, our collection embraces all the best and most useful varieties.

Price: From 20c. up, according to size and variety.

Althæa (Rose of Sharon). In colors.

Baccharis halimifolia. White flower. September.

Berberis Thunbergii. Handsome variety of dwarf habit, its small foliage changing to bright red in Autumn.

B. purpurea. Foliage and fruit violet-purple.

B. vulgaris. Showy clusters of yellow flowers in early Summer.

Cornus (Red-branched Dogwood). An excellent tree for ornamental planting.

Colutea arborescens (Pea Shrub). Yellow and brown flowers all Summer.
