CRAWFORD'S CATALOG

OF STRAWBERRY PLANTS & GLADIOLUS BULBS

To Our Friends and Customers, Greeting:

We thank you one and all for the way you have stood by us in the past years, and for the many encouraging letters received, not only from our old customers, but from many new ones, showing that our efforts to send out good strong, healthy plants, well packed in damp moss, and absolutely **TRUE TO NAME**, are fully appreciated. At the same time we would respectfully solicit a continuance of their favors. Those who planted plants last Spring will not be disappointed at the prices the fruit will bring this year, and we strongly advise our customers, who have land enough to plant a few hundred plants, to do so this Spring, give them the necessary attention and they will more than pay for themselves. If you have a friend who would like to earn a little extra pocket money, pass the advice along and don't forget **CRAWFORD'S PLANTS**.

Owing to the high price of material and labor, you will notice we are only issuing a **PRICE LIST** this year. The varieties we have for sale are practically the same as we catalogued last year. Any person wishing a fuller description of a variety, kindly write us and we will be only too pleased to answer your inquiry.

NOTE—Perfect varieties are able to fertilize not only their own blooms, but also those of pistillate or imperfect varieties.

Imperfect varieties must have perfect or pistillate varieties near or beside them.

Order early and get what you want. When ordering be sure and state Express Company you desire your plants shipped by, as this is very important.

Our terms are strictly cash before shipment, except in dealing with experiment stations and other public institutions.

CERTIFICATE OF INSPECTION

This is to certify that the nursery stock for sale by M. CRAWFORD COMPANY, of Cuyahoga Falls, County of Summit, State of Ohio, consisting of Strawberry Plants, has been inspected by a duly authorized inspector, in compliance with Section 1124, laws of Ohio, 1916, and has been found apparently free from dangerously injurious insects and plant diseases. Valid until September 15, 1917, unless revoked.

(Signed): G. A. STAUFFER, Secy.

BOARD OF AGRICULTURE OF OHIO.

AROMA (Per.)—A good, reliable, all-round variety, popular wherever it grows. Medium to late.

BRANDYWINE (Per.)—This variety has been in existence over twenty years and still a popular favorite.

BUBACH (Imp.)—We are sold out of this variety before going to press.

CHESAPEAKE (Per.)—This is a remarkably fine late variety, and its quality is recognized wherever grown.

COLUMBIA (Imp.)—One of the very best late varieties, give this a trial.

DR. BURRILL (Per.)—A new variety that is vieing with the Dunlap for popularity. In many respects it is like the Dunlap, only lighter in color. We have only a limited number of plants for sale.

DUNLAP (Per.)—One of the surest varieties to produce a large crop of very fine quality berries. This variety has always been our largest seller.

EARLY JERSEY GIANT (Per.)—This certainly is a very fine early berry; the fruit is large and of excellent quality.

EKEY (Per.)—An early variety that produces an abundance of fruit. The berries are large, the flavor fine, tho slightly tart, making it good for canning purposes.

GLEN MARY (Per.)—One of the largest berries grown; its great size procures for it a ready market.

GIBSON (Per.)—An excellent market berry; its fruit is regular in shape, conical, and the flavor, tho tart, is of good quality.

- HAVERLAND (Imp.)**—Produces an enormous crop of fruit, the rows must be mulched well to keep the berries from lying on the ground.
- HIGHLAND (Imp.)**—An extra fine canning berry, and is equal to Sample in productiveness.
- HELEN DAVIS (Per.)**—A very delicious berry, inclined to be soft; a good table variety.
- HUB (Per.)**—We have only a few plants of this variety for sale, having sold too close on our stock last year.
- KELLOGG'S PRIZE (Imp.)**—An exceedingly good berry. Late.
- KITTIE RICE (Imp.)**—A beauty both in shape, size, color, and of the very finest quality. Order this variety at once in case you be disappointed.
- MODEL (Per.)**—Closely resembles Wm. Belt both in plant and fruit.
- REWASTICO (Per.)**—A late variety with a good strawberry flavor.
- ROOSEVELT (Per.)**—We have only a few plants of this variety for sale having sold too close on last year's stock.
- SAMPLE (Imp.)**—A real money maker; you will do well to plant a good many of this variety.
- SUPERB EVERBEARING (Per.)**—This is a very fine everbearing variety, producing a very large crop of berries in the Spring and all through the Summer until late Fall, if kept free from weeds. It also produces berries the first season it is planted. We received 50 cents per quart for all the berries we sold last Fall.
- PROGRESSIVE EVERBEARING (Per.)**—The fruit of this variety is not quite as large as the Superb, but the quality and flavor of the berries are simply fine.
- UNCLE JIM (Per.)**—A very prolific yielder and ripens its entire crop of exceedingly large attractive berries.
- WILLARD (Imp.)**—One of the best imperfect varieties on the market, it yields a large crop of big, fine berries. We did not have near

enough plants last season to supply the demand, so please get your order in early if you want to secure any plants of this variety. WM. BELT (Per.)—One of the best varieties we ever introduced, known all over the states as a berry of the highest quality.

PRICE LIST OF CRAWFORD'S 1917 STRAWBERRY PLANTS

Imperfect varieties (I) must have Perfect varieties (P) planted near them.

These prices are by express, not prepaid. If ordered by mail, see parcel post rates.

In sending your remittances we request that you make all money orders, post office or express, also bank checks and drafts, payable to M. CRAWFORD COMPANY. Do not send money loose in envelopes.

CLASSES AS TO TIME OF RIPENING

EARLY—Dunlap, Early Jersey Giant, Ekey, Haverland, Helen Davis, Kellogg's Prize, Roosevelt, Dr. Burrill.

MEDIUM—Glen Mary, Gibson, Highland, Hub, Kittie Rice, Model, Willard, Wm. Belt.

LATE—Aroma, Brandywine, Chesapeake, Columbia, Rewastico, Sample, Uncle Jim.

EVERBEARING—Progressive, Superb.

FEB 20 1917

THE GIANT RED CURRANT

This is one of the best currants originated; it produces great clusters of beautiful fruit which remain on the stems long after they are ripe. Price: 15 cents each, \$1.75 per doz., \$12.00 per 100.

Rooted cuttings, five cents each, or fifty cents per dozen, by mail.

THE GLADIOLUS

AMERICA—The most popular variety of them all. It is a very delicate pink with a suggestion of lavender. Its crimson markings in the throat and its large wide open flowers places this favorite in a class by itself. Our flowers from this variety were practically all sold last year before they were cut. Prices: \$10.00 per 1,000, \$2.00 per 100, 35 cents per doz.

WM. MASON—This is a very fine red variety, with large and showy flowers. A very strong grower, one of the best reds yet introduced. 75 cents per doz.

OUR BEST MIXTURE—This mixture contains a large percentage of named varieties. Those who buy this mixture will not be disappointed with their purchase. \$10.00 per 1,000, \$2.00 per 100, 35 cents per doz.

TABLE OF ZONES AND RATES

Zone	Miles	First lb. or fraction above 8 oz.	Each add. lb. or fraction
1 within	50	5 cents	1 cent
2 within	150	5 cents	1 cent
3 within	300	6 cents	2 cents
4 within	600	7 cents	4 cents
5 within	1000	8 cents	6 cents
6 within	1400	9 cents	8 cents
7 within	1800	11 cents	10 cents
8 above	1800	12 cents	12 cents

Strawberry plants will average between 3 and 4 pounds per hundred plants in weight, which will require postage on 4 pounds.
