CATALOG AND PRICE LIST OF

Gladiolus Bulbs

MRS. O. W. HALLADAY

C. W. BROWN & SON

ASHLAND, MASSACHUSETTS

INFORMATION

Continuing our policy of furnishing first class bulbs, at the lowest possible rates, you will find a considerable reduction of prices in this catalog.

The quality of the bulbs is the best we ever grew.

At the prices quoted for single bulbs, or by the dozen, they are mailed, post free.

One-half dozen bulbs at the dozen rate. Single bulbs at one-tenth (1-10) the dozen rate.

We guarantee everything sold by us to be first class in every respect, and just as described, or your money refunded and no back talk. We give no warranty as to crop or results.

We can ship by either Adams or American Express Companies on the N. Y., N. H. & H. or B. & A. R. R.

A new catalogue will be issued January (1918). Do not fail to send for it.

We will appreciate it, if when writing, you will send the names of any friends or neighbors, who are interested in Gladioli, so we can send them a catalogue.

Visitors are welcome.

If you can use bulbs by the 100, or 1000 write us for special price.

Hints as to Ordering

To insure your getting just what you want you should order early. The stock of some varieties is limited, and of others is cheap and late in the season may be sold out.

No changes or substitutions are made in any order without instruction to that effect.

Bulbs are usually shipped about April 1st, but may be sent at any time desired.

Remittances, or a first class business reference should accompany orders from new customers.

Do not forget to sign your name and address.

YOUVELLS FAVORITE —(K) Rose lavender pink, large flower	2.00

One-half dozen at dozen rate, single bulbs at 1-10th doz. rate.

GLADIOLUS MIXTURES

Primulinus Hybrids—These are a cross of Primulinus with Kunderd's ruffled Glory and some are more or less ruffled, some are quite large. John Lewis Childs gives the best description that we have seen. He says "They contain all the Nasturtium colors, Art shades, Terra Cotta, Apricot, etc."

Per dozen, postpaid	.50
Per hundred, by express	1.75
Per thousand, by express	20.00

Groff's Hybrids—All red and crimson shades of good quality

Per dozen, postpaid	.50
Per hundred, by express	1.75
Per thousand, by express	10.00

Silver Trophy No. 2—White, light and yellow shades, assorted, in pleasing contrasts.

Per dozen, postpaid	.50
Per hundred, by express	1.75
Per thousand, by express	10.00

Silver Trophy No. 3—Blue, lilac and heliotrope shades, very fine mixture.

Per dozen, postpaid	.50
Per hundred, by express	2.00
Per thousand, by express	12.00

Accidental Mixture—In the course of a year a large number of bulbs get accidentally mixed, and any that we are not positive about, are thrown into this mixture. It contains mostly named varieties and while we guarantee nothing, yet there are some of our best varieties included. If you want to buy a "Pig in a Poke" try some of these. Per dozen postpaid..... **.40**
Per hundred, by express **1.50** |

LUTHER BURBANK'S SEEDLINGS

We have a good assortment of this "plant wizard's" productions and offer them as long as they last at a reasonable price. They contain nearly every shade and some really good things.

Per dozen, postpaid	.75
Per hundred, by express	4.75

OUR OWN SEEDLING MIXTURE

We are growing thousands of seedlings each year and will have some grand varieties to introduce soon, but in the meantime we offer a mixture of all sorts of new varieties. Some are extra good but do not suit us, therefore we place them in this mixture (and you will wonder why) but you can have them as they run, and we are sure you will be suited.

Per dozen, postpaid	.60
Per hundred, by express	3.75

DOLLAR COLLECTIONS

Our selection of varieties sent post free.

A. 20 Bulbs, no two alike	\$1.00

D. (40 Bulbs as above, all different making a superb collection for \$2.50).	
E. 4 Bulbs each of 10 varieties	1.00
F. 6 Bulbs each of 7 varieties	1.00
G. 9 Bulbs each of 5 varieties	1.00
H. 12 Bulbs each of 4 varieties	1.00

"THE MODERN GLADIOLUS GROWER"

A monthly magazine for both amateur and professional growers of the gladiolus. It contains instructive articles on the planting, care, harvesting, storing and shipping of the gladiolus bulbs and cut flowers.

We heartily recommend it to our patrons. Published at Calcium, N. Y., by Madison Cooper, at 75c per year.

Include a year's subscription with your order and we will be glad to forward it.

If your order from this catalogue amounts to \$7.50 or over we will send it to you free for a year if you desire it.

SPECIAL OFFER

MONGOLIAN, price\$.80

MRS. O. W. HALLADAY, price75

A. W. CLIFFORD, price50

If you have not grown these varieties we will send you one of each for trial for **\$1.75**.

These varieties were originated by Mr. A. E. Kunderd and are among his best productions.

CHRISTMAS

A box of bulbs makes one of the best Christmas presents. We will send them to your friend nicely packed and labelled, with your card enclosed if you wish. We recommend the Dollar Collections for this purpose.

Dear Sir:

"My order for gladiolus bulbs received and will say they are the finest lot of bulbs I ever received from anyone, large size, and uniform in size."

F. H. P., Conn.

If you desire to purchase bulbs by the 100 or 1,000. Write us for special prices.

We have bulblets and small sized bulbs at low prices for those who desire to grow their own blooming size bulbs.

DIRECTIONS FOR THE CULTURE OF GLADIOLI

Although the Gladiolus prefers a light sandy loam, yet it will do well in any soil and may be planted at any time in the Spring after the frost is out of the ground. In this section from April 20th to May 15th, or even later if desired.

Do not plant along side a building, or under trees, or tall shrubs as the Gladiolus likes plenty of sun and moisture.

For a long blooming season, plant at intervals of two weeks from the earliest time up to the middle of June. It is advisable also to plant both large and small bulbs, as the small bulbs will bloom later than the larger sizes.

Depth of Planting Bulbs

Be sure to plant the bulbs six inches deep, as the soil supports the long, heavy spike when it comes to bloom, and the bulb is down where it can get the necessary moisture.

Watering the Plants

The plants do not require watering except in a long, severe drouth; although plenty of water at the time of budding will make larger blooms. When watering, always soak the soil thoroughly. Keep weeds out and the top soil loose.

Cut Flowers

If the spike is cut and taken into the house when the first bud opens you will get a much finer bloom, and every bud will open.

In cutting allow at least three or four leaves to remain on the plant, to bring the bulb to maturity.

To Store Bulbs

After digging the bulbs in the Fall and drying them, store in a cellar that will keep potatoes in good condition. Examine them occasionally, and if there are signs of rot, or if they seem damp, take them out and air, and dry again thoroughly.

MONGOLIAN
