INDEX

Owing to the death of the senior member of the firm we desire to close up our business as rapidly as possible.

In order to do this we have put our prices down low enough so that we think our stock should move fast, in fact they are as low as we can go and break even.

Do not think that because our prices are low our stock is inferior. All our stock will be strictly first-class for the grade specified.

Let us quote you on your wants in small fruits and ornamentals.

OUR RECORD—Our appeal for your business is on the record our trees have made. For more than thirty-five years we have been dealing direct with the commercial planter. This experience equips us to submit to the prospective planter endorsements from scores of commercial fruit growers all over the country who have orchards of our trees which have been in full fruitage for years. Many of these are Orchardists of wide reputation both far and near. Such evidence as this will fortify you against disappointment when your orchards begin to fruit.

"I wish to advise you that my fifty-acre block of peaches, of which your trees comprise a large proportion of the block, after four years' standing I find all true to name."

H. L. BROWN, Waterport, N. Y.

"We had a good crop of peaches this year (1913) which enables me to say that the four thousand trees purchased from you produced fine fruit true to name, and the trees have made a good growth. My transactions with you have been so satisfactory that in the future I shall entrust to you the filling of all my orders for fruit trees.

ANNA C. CLARK, Kent, N. Y.

"I am pleased to say that my orchard of 1,400 peach trees bought from you a few years ago gave me a beautiful crop this season (1913) and I find them just as represented."

J. BLOSSOM & SON, Walker, N. Y.

"The several large lots of peaches bought of you from time to time have all borne bountifully, and I find them absolutely true and right."

C. H. SIMMONS, Hamlin, N. Y.

"I have been planting trees for twenty-five years, and want to say that when it comes to grading up fruit trees and labeling them correctly, I can depend on you. My trees never disappoint me in the variety ordered from you. The last 1,400 peach trees planted came into fruiting this past summer and were all true."

F. D. GARDNER, Barker, N. Y.

"I have been planting your trees since 1895. I have always been perfectly satisfied. Your trees have been true to name, and as long as you are in the business I do not want to take any risks."

HORTON GARDNER, Hudson, N. Y..

"I have set a great many of your trees during the past fifteen years. They do well, and best of all, I don't think I have ever found one untrue to label, which is a record to be proud of."

Yours truly,

A. J. TODKILL, Barker, N. Y.

"It is only your due that you should know that both of the peach orchards purchased from you, the first orchard of 600 trees and the second of 1,000 trees, have fruited absolutely true to label. I am very glad to make this report."

ELMER PORTER, Medina, N. Y.

"All of your trees that have shown fruit are absolutely true to label, and I only wish I had begun planting your trees sooner. I am recommending them to my friends as I have occasion."

HON. T. B. WILSON, Hall, N. Y.
