ANNOUNCEMENT

THE COOLIDGE RARE PLANT GARDENS was organized to specialize in the finest economic and ornamental plants to be found in any part of the world. To this end we are co-operating with the Bureau of Plant Introduction, Department of Agriculture, Arnold Arboretum, in connection with Harvard University, and many Botanical Gardens in the work of introduction of new material. We aim not to disseminate any of our introductions that have not been thoroughly tested.

We are sure that whether you be a lifelong plant man, landscape gardener or ordinary plant lover, you will find in our collection many plants that are interesting and new.

This leaflet is not in any sense a catalogue of the plants we carry, but designed solely to call attention to some of the newer and rarer plants.

We do not issue a full catalogue, believing that the commoner plants are too well known to require at our hand any description. WE WISH IT EMPHASIZED, however, that we aim to carry a line of all plants that, though common, are desirable and **outside of seeds and bulbs** we are sure you will find in our stock **everything** for the garden.

Visitors are always Welcome.

EUPATORIUM WEINMANIANUM

An evergreen, white flowering shrub, 25c and 50c. Ev.—Sm.—Sh.

Our Great Nov- elty

“*Baby
Tom*”

Can you imagine a vigorous climbing rose of perfect foliage, carrying for the most of the year great clusters of the Wild Crab Apple blossoms of the East? If so, you have a faint picture of the Baby Tom climbing rose. The most dainty, the most artistic, the most fragrant, and in fact, the most desirable rambler ever introduced. Good plants \$1.50.

A Wonderful Pillar Rose

Climbing Orleans

*A good, strong-growing,
clean-foliaged rose
of great beauty.*

*A blossoming red
Polyantha, borne
in clusters of up-
wards of one hun-
dred flowers.*

*A superb rose for
fences or hedges.*

*Strong plants,
50c or \$5 per
dozen.*

FEIJOA

We have thousands of seedlings of all ages ranging in price from 25c up. Ev.—La.—Sh.

FEIJOA COOLIDEGI

We are sure that we have the best one of these superb fruits that has yet been locally introduced. Very large size, finest quality and very prolific. A limited number of grafted plants, \$10 each. Ev.—La.—Sh.

FERNS

We have about 5000 ground grown, evergreen, hardy ferns of about 50 varieties, suitable for outdoor planting, 15c to \$2 each. Ev.—Per.

(Honey Bells)

A pretty shrubby trailer with its masses of yellow, sweet scented bell like flowers, 15c-\$1 per doz. Ev.—Sm.—Sh.

MALUS "BECHTELS"

(Flowering Crabapple)

An exquisite double variety. Flowers like Cecil Brunner roses, \$1. De.—Sm.—T.

MALUS FLORIBUNDA PURPUREA

(Flowering Crabapple)

One of the most beautiful of these interesting plants. Rich, bronzy foliage and masses of deep red single flowers make it a conspicuous object in any planting. Not the least of this tree's value is the quantity of velvety red fruits produced in the Fall. Most delicious for jellies and sweet pickles. A superb novelty, \$1. De.-Sm.-T.

MENTZELIA CONZATTI

A wonderful yellow flowering shrub from Mexico. Very rare, \$2. Ev.—La.—Sh.

MORAEA IRIDIoidES

A very desirable perennial producing Iris like flowers practically all the time. Ev.—Per.

MURRAYA EXOTICA

A very beautiful evergreen shrub producing waxy, white sweet scented flowers. Small plants, 50c. Ev.—Sm.—Sh.

PAULOWNIA "Imperialis"

A large leaved deciduous tree, particularly striking for its tropical foliage and wondrous panicles of blue flowers, \$1. D.—La.—T.

PHILADELPHUS SEMPERVIRENS

The evergreen climbing Syringa. A really valuable strong climber, that produces for the most of the year, very fragrant, beautiful flowers, 50c. Ev.—V.

PITHECOCTENIUM MURICATUM

A really good everblooming, strong climber, producing for the most of the year cream colored flowers trumpet shape, 50c Ev.—V.—S.

PITTOSPORUM

About ten varieties, 25c to \$5. Ev.—Sh. and T.

PLEROMA SPLENDENS

A wonderfully beautiful plant whose every leaf looks and feels as if made from green velvet. The royal purple, Hibiscus like flowers make it a conspicuous object in any planting, 25c to \$2.50. Ev.—Sh.

POMEGRANATE (dwarf evergreen)

A superb novelty for borders or rockeries. Nearly always in bloom, 25c to \$1. Ev.—Sm.—Sh.

PONDEROSA LEMON

This large lemon, while not the finest quality, is well worth while as an ornament and for its fruit, 50c to \$2.50. Ev.—Sm.—T.

QUERCUS GLAUCA

A very rare and beautiful evergreen Oak from Japan. Small plants only, 50c. Ev.—Sm.—T.

RANGPUR LIME

A hardy orange colored Lime. Very productive and of fine quality, \$1.50 to \$3. Ev.—Sm.—T.

ROBINIA HISPIDA

The pink flowering Locust, 50c. De.—Sm.—Sh.

ROSE "Belle of Portugal"

A marvelous strong climber, bearing wonderful, long stemmed, light pink flowers. Very rare, \$1. De.—V.

ROSES—Polyantha

Of these charming Baby roses, we have 40 varieties, in white, pink, yellow, red and mottled, 15c to 50c.

ROSES

We have 500 varieties, ranging in price from 35c to \$2.

A beautiful evergreen small tree. Small plants, 50c.

STRANSVESIA UNDULATA

A fine Chinese novelty evergreen, low spreading shrub, said to produce beautiful berries, 50c and \$1. Ev.—Sm.—Sh.

TAMARIX HISPIDA AESTIVALIS

Unquestionably the finest in foliage and flower of all these interesting plants, 50c and \$1. De.—Sm.—T.

TRICUSPIDARIA DEPENDENS

One of our finest novelties. Beautiful flowering tree, \$1. Ev.—T.—Sm.

ULMUS PARVIFOLIUS

The Chinese evergreen Weeping Elm. Surely one of the prettiest of our exotics, 50c to \$3. Ev.—Sm.—T.

VERONICA SPICATA

One of the herbaceous perennials that is really worth growing, 25c each. Per.—De.

VERONICA SUBSESSILIS longifolia

The finest of them all. Produces long spikes of violet blue flowers, 50c. Per.—De.

VIBURNUM FOETIDUM *rectangulum*

The dwarf Laurestinus. Very beautiful for hedges or small specimens, 25c-\$2 per doz. Ev.—Sm.—Sh.

VIBURNUM MACROCEPHALUM

The evergreen Spring and Fall blooming Snowball, \$1.50 each. Ev.—La.—Sh.

VITEX "Agnus Castus"

A most brilliant blue flowering shrub, 50c. De.—La.—Sh.

VITIS BAUDINIANA

Another interesting evergreen Grape, 50c to \$1. Ev.—La.—V.

VITIS CAPENSIS

From the standpoint of foliage, there is no prettier vine than this evergreen Grape, 50c to \$1.50. Ev.—La.—V.

WIDDRINGTON WHYTEI

A wonderfully beautiful new Conifer. Small plants, \$1 each. Ev.—Sm.—T.

WILLOW "Curly Leaf"

Most interesting for its curious foliage, 50c to \$2. De.—Sm.—T.

ZINGIBER OFFICINALIS

The Ginger Plant, 50c. Ev.—Per.

LANDSCAPE DEPARTMENT

We have a complete landscape department and are prepared to give estimates on grading, installing sprinkler systems, putting in lawns, drives, walks, pergolas, rockeries and all work pertaining to the home grounds.

Our GREAT COLLECTION OF PLANTS places us in a position to do the most original and distinctive work to be obtained anywhere.

As an emphasis of our position in the PLANT WORLD, we have only to cite the fact of our having shipped during the past year, an entire carload of plants to Florida, the only state in the Union, that might, on account of climatic conditions, be a competitor.
