PEACH TREES

For Sale at the Bissell Peach Nursery

Having been in the Peach Nursery business for the past forty years, giving particular attention to the budding myself, selecting the most certain bearing, largest, highest-colored, productive and most profitable varieties, that past experience has proven to be a source of certain profit. In buying trees there are several things to consider, and these apply as well to the man who profits from the sale of the trees, as to the man who profits from the fruit grown. These things are:

First. The price as compared with the quality.

Second. Are the trees true to name?

Third. Are they healthy?

I have a fine lot of yearling Peach Trees to dispose of for the Spring of 1917 of the following varieties:

Carman
Belle of Georgia
Champion
Oldmixon
Stumps of the World
Mountain Raripes
Ever Bearer
Fox Seedling
Iron Mountain

Elberta
Reeves' Favorite
Francis
Late Crawfords
X X Yellows
Beer Smocks
Wonderful
Bray's R R
Fortune

No. 1, \$50 per 1,000; No. 2, \$30 per 1,000;
No. 3, \$15 per 1,000

and what the people said about me

WHAT SOME OF OUR PATRONS SAY.

—)C(—

FIRST NATIONAL BANK, CLINTON, N. J., Oct. 12, 1885.

MANSFIELD EICK, of Lebanon, N. J., has been a dealer with this Bank for several years, and in all his dealings and relations has shown himself worthy of confidence. N. W. VOORHEES, Cashier.

ACADEMIA, JUNIATA CO., PA., Nov. 2, 1885.

The 1,200 peach trees I purchased from you have given entire satisfaction. They have fine roots, and were well packed. In all your dealings with me you have shown yourself worthy of my confidence. I will need more trees from you next Spring.

Yours truly,

A. S. O'KESON.

HILLSDALE, MICH., Nov. 27, 1885.

MANSFIELD EICK: Dear Sir.—I have handled trees more or less for twenty-five years, and take pleasure in saying that I have never received a bill of trees that were as good in quality, as well packed, or that gave my customers as good satisfaction, as those I received from you.

Yours truly,

STEPHEN N. BETTS.

HAMMONTON, N. J., Nov. 16, 1885.

Mr. EICK: I received the trees in good time, and in first-class condition. They all look like good healthy trees, and I am very much pleased with them.

Yours respectfully,

E. A. HESTON.

FAIRMOUNT, N. J., Dec. 15, 1885.

The 2,500 peach trees I bought of you eight years ago, I am well pleased with and the fruit they bear, and the 3,000 peach trees I bought of you two years ago are growing very finely.

Yours respectfully,

WM. H. FLEMING.

NEW GERMANTOWN, Dec. 15, 1885.

The 2,500 peach trees I bought of you in the Spring of 1881 proved very satisfactory. Fruit just as represented. The 4,550 peach trees I bought of you last Spring have made splendid growth. I would advise all fruit-growers to try EICK's fruit trees before buying elsewhere, and I will further say that in all your dealings with me you have proved yourself worthy of my confidence.

Yours respectfully,

B. VAN DORNE.
