OZARK NURSERY CO.

TAHLEQUAH, OKLAHOMA

PRICE LIST

DIRECT FROM THE NURSERY TO THE PLANTER

WE HAVE adopted the mail order plan of business and in this Price List we are giving you the agent's or dealer's profits, which reduces the cost of your Nursery Stock about fifty per cent.

In other words, we are pricing you for \$1.00, the same amount of trees, and as good ones as the tree dealer will sell you for \$2.00. All reliable agents or tree dealers charge you at this rate because they have to get about double to pay expenses, take care of the bad orders that they get, and make a profit for themselves; and a great many crooked ones make you pay four or five times its worth for very poor stuff.

If you want to buy your trees for the least money, why not send your order direct to us and pay only your own bill?

Our terms are cash with the order, except as provided for at the bottom of the last page of this circular.

We pay the express on all orders of \$10.00 or more. On orders of less than \$10.00 we pack carefully and deliver to Freight, Express or Post Office. See Parcel Post table on back page to find how much to send for postage.

If you are not entirely satisfied with your stock when received return at our expense and get your money back.

If you want the benefit of these prices send your order direct to us; dont give it to an agent and expect the same quality of trees at the same price.
