FEBRUARY SURPLUS LIST

For Nurserymen and
Dealers Only

FEBRUARY 14, 1917

TO THE TRADE:

In soliciting orders for stock shown in this list we wish to announce the recent addition of a large brick storage house on West Clinton Street, in the City of Huntsville, in which our office is also located. This building is within four blocks of the business center, on the car line operating with regular schedule to Merrimack Village; within one-half block of the depot of the Nashville, Chattanooga and St. Louis Railroad and with side tracks to that line, which with city mail and express delivery service places us in better position than ever before to promptly handle hurry up shipments. When in Huntsville come to see us.

Fraser Nursery Company

(INCORPORATED)

Huntsville, Alabama

For terms and conditions governing sales see our regular fall Trade List, a copy of which will be mailed on request.

In compiling this list we have followed, as far as possible, the fruit nomenclature adopted and recommended by the American Pomological Society and the nomenclature of ornamentals recommended by the Nomenclature Committee of the Ornamental Growers' Association. In ornamentals, where possible, we show common name in parenthesis immediately following botanical specific and varietal name.
