SPRING PRICE LIST 1917

Summer Flowering Bulbs

Hardy Perennial Plants

FRANKEN BROTHERS

DEERFIELD, ILLINOIS

Telephone 241

SPECIAL NOTICE

Persons to whom this Price List is sent will also receive in May or June, our General Catalogue, which will contain the largest and finest collection of Holland Bulbs and Perennial Plants for Autumn delivery which we have ever offered.

CONCERNING OUR PRICES

The prices named in this list are for first quality bulbs and plants, properly packed and delivered to the Express or Freight office in Deerfield, free of all charges for packing or cartage. Express or freight charges for transportation, must however, be paid by the purchaser.

SHIPPING

The opinion is prevalent that plants and bulbs can be sent cheaply by Parcel Post, but such is not the case. The rates of the Express companies have lately been reduced, and it is not only quicker and safer to send packages through them but almost invariably cheaper also.

We shall, therefore, **ALWAYS SHIP BY EXPRESS** unless we have positive orders to the contrary, and we **guarantee the safe delivery** only on packages so shipped.

In those instances where our customers make special request that their goods be sent by Parcel Post we will do so provided sufficient postage is remitted.

Six or more of any one kind of bulbs or plants offered in this price list will be sold at the dozen rate, and 25 or more at the 100 rate.

Purchasers please state whether goods shall be shipped by freight or express.

On orders amounting to \$5.00 or more, 5 per cent may be deducted when money accompanies the order.

Orders from unknown correspondents must be accompanied by cash or satisfactory references.

Money should be sent only by safe methods, preferably postal or express money orders payable to **FRANKEN BROTHERS** at **Deerfield, Illinois**, or drafts on Chicago or New York.

Dahlias

All our Dahlias are dormant, field-grown roots.

BEAUTIFUL PEONY-FLOWERED DAHLIAS

These large, artistic flowers have become very popular, and for all decorative purposes they are unrivaled.

IRIS GERMANICA (German Iris).

The German Iris is perfectly hardy and grows luxuriantly everywhere, particularly if in a dry and sunny location. Its spikes of flowers are deliciously

fragrant and fine for cutting. If cut when the lower buds show color they will open finely in the house. Be particular in planting to barely cover the rhizomes or large, fleshy roots.

Peonies

In the interest of our customers we do not list our peonies at this time, although we have a fine lot of choice varieties growing in our fields. Peonies start active growth so early in the spring that it is very difficult to dig, pack and ship them without injury. If moved now, growth and development will be checked for a year. September is the proper time to transplant them. If, however, it is imperative that vacancies in the garden be filled, we will fill orders for them if received before active growth begins. Varieties may be selected from our fall catalogue of 1916.
