If I knew you and you knew me
'Tis seldom we would disagree;
But, never having yet clasped hands,
Both often fail to understand
That each intends to do what's right,
And treat each other "Honor bright."
How little to complain there'd be
If I knew you and you knew me.

General Directions to Customers.

The attention of customers is respectfully called to the following directions, which will, if followed, be an aid to purchasers as well as to myself.

All sales are made subject to stock being unsold when order is received or loss by any and all unavoidable causes.

Order Early.—Send me your orders as soon as you receive my catalog, as the demand for some varieties often exceeds the supply, and those who order early are less liable to disappointment than if they waited till the rush at planting time.

Forwarding.—I deliver postage paid to any postoffice within the first, second, third and fourth postal zones, bulbs, etc., in small packages, at catalog prices, except where otherwise noted; Customers beyond the fourth zone will be charged with the full amount of transportation, but an allowance of 10 per cent will be made. We also allow a discount of 10 per cent to customers who call for the goods at the store or nursery, or who wish to have the goods shipped by Freight or Express at at their own expence.

Cash with order.—Please send money with the order sufficient to cover the whole bill. I decline sending goods C. O. D. unless remittance be made on account to guarantee acceptance.

Remittances.—Post-office money orders are the safest way of sending remittances; Postage stamps will be accepted in small amounts; Coin or bills should be sent only by registered mail.

Name and Address.—Please remember to write your **Name, Post-Office, County and State**; number of street or rural free delivery route as distinctly as possible; also the nearest express office, as well as giving full directions how you wish the goods shipped.

Time of Shipment.—We aim to as far as possible, ship all orders the same day received, but in case of orders for goods out of season, we will ship at such time as we consider safe for the handling of same.

Errors.—I exercise the utmost care in filling orders, striving to do a little more than I offer; yet in the press of business errors sometimes occur, in which event I wish to be promptly notified of the fact, and will make such corrections as will be satisfactory.

When'er we ship you by mistake,
Or in your bill some error make,
From irritation you'd be free
If I knew you and you knew me,
Or when the checks dont come on time,
And clients send us never a line,
We'd wait without anxiety
If I knew you and you knew me,
