Wholesale Price List To The Planter

To Our Customers:

We wish to say that we thought rather than get out a high priced catalogue—as paper is so high—and make customers pay more to make it up, we thought we would only send out this list and make them a saving and make the prices on stock lower. We will pack all stock free, and ship fresh dug stock, true to name, or other stock in its place if any is not found as represented. Certificate of inspection with each shipment. On all orders of \$10.00 over we pay the freight, if by Express we will pay half of it or will include in your order stock enough extra to more than pay charges.

Terms, Cash with order, or 30 days time where Orders amount to \$25 00 or more with Bank Reference, C. O. D. will ship if one fourth of the amount is sent with the order, balance C. O. D. We also wish to thank our many customers who have given us their orders and we wish to thank the new ones for their order that they are going to send us. 50 trees at 100 rates, small fruits 250 at 1000 rates, shrubs 50 at 100 rates.

Beard, W. Va., 1916.

Portland Nursery Co.,

Dear Sirs:- Please send me your catalogue on Berries and Trees. The Everbearing plants I got of you last April simply beats any thing I ever saw in the berry line. They are full of ripe and green berries now and lots more of blooms too. I expect to order lots more of them this fall and next spring.

Yours truly,

Forest M. May.
