ORANGE, CONN.

82 and 84 DEY STREET, NEW YORK CITY

Our Twenty-Sixth Birthday

Threshing Fifty Acres Beet Seed on our Seed Farms, Orange, Conn., August 17, 1916.

To Our Customers:

We are life-long seed growers. Our seed farms at Orange, Conn., where the members of our firm live, are open to the inspection of our customers and friends. You are always welcome to visit us, either at our New York Store, 82 and 84 Dey Street, New York City, or at our farms at Orange, New Haven County, Connecticut.

POSTAGE

Seeds will be mailed postpaid in quantities of $\frac{1}{4}$ lb. and less. Quantities of $\frac{1}{2}$ lb. and over will require postage at the rate of 8 cents per lb. in addition to catalogue prices.

OUT of two thousand field trials at our Orange, Conn., farm, we have endeavored to select for the Market Gardener a few specialties. These specialties we believe are the best of their class, from a money-making standpoint, that a market gardener can secure. We hope that you will profit by our work and that the first few pages of this Catalogue will be long remembered.

Early Wonder, or Arlington Strain of Crosby's Egyptian Beet

The Beet that Beats them all. This wonderful beet is so popular with our thousands of customers that for the past two seasons entire crop was sold long before the end of season. The earliest, most perfect shaped, finest appearing bunch beet in the market; beautiful dark color, small top, single small tap root, excellent keeper, truly the ideal Beet. Used not only as a bunch beet but grown extensively for late fall sowing because it grows two weeks quicker than any other beet worth while. Every beet grower needs this beet. Pkt., 10c.; oz. 20c.; $\frac{1}{4}$ lb. 40c.; lb. \$1.25.

The Famous New Knight Stock

Yellow Globe Danvers Onion

This stock was grown on our Orange Farms. It is the finest strain of Globe Danvers Onion ever grown. It is of elegant globe type, and the best keeper of all Onions for storage purposes. It has a very hard outer skin. It cures a deep yellow color, and grows to an unusually large size. This stock is very limited, being nearly sold out as this book goes to print. Every Onion grower should try this new strain. Pkt. 10c.; oz. 30c.; $\frac{1}{4}$ lb. 80c.; lb. \$3.00.

Field of Woodruff & Son's, Knight-Stock Onion,
(Seed Warehouses at Orange, Conn., in background.)

Woodruff's Selected Southport White Globe Onion Seed

Hundreds of growers of fancy white onions come to us each year for their seed supply of the famous Southport White Globe Onion. We take great pains to have our stock of this onion of such quality as to add each year to our list of customers. Those who order this year will receive seed of exceptional quality, as the crop is of unusually strong vitality and fully up to the high standard of quality we always seek to maintain. Pkt. 5c.; oz. 25c.; $\frac{1}{4}$ lb. \$1; lb. \$3.50; 10 lbs. or over at \$3.25 lb.

We Are Headquarters for Onion Sets

We believe that there is a difference in Onion Sets. Our Sets are grown from selected strains of seed. Good seed will produce good results. We ship only the fancy, small, bright sets.

Our sets are reasonable in price, but they are not cheap sets. We look first to quality.

On account of the dry season, most sets are coarse and large. Good sets are at a premium and very scarce. We have them. Order early.

YELLOW, or RED SETS. Qt. 25c.; pk. \$1.00; bus. (32 lbs.), \$4.00; 10 bus at \$3.75. **WHITE SETS.** Qt. 35c.; pk. \$1.25; bus. (32 lbs.), \$4.00.

Copenhagen Market Cabbage

The most wonderful introduction for the market gardeners in recent years. This Cabbage, from the Island of Amagar, is ready for market earlier than the Charleston and nearly as early as our superb Jersey Wakefield. It is the surest heading variety in existence; as heavy and as hard as many of the late round or flat heads, often reaching a weight of seven pounds. It is a deep head, of the Danish Ballhead type, and, therefore, can be planted thicker than most varieties. We have it direct from its original source—the Island of Amagar.

Pkt. 10c.; oz. 50c.; $\frac{1}{4}$ lb. \$2.; lb. \$5.

Easy Blanching Celery

One of the most valuable introductions of the past few years. It excels in quality, ease of blanching and also long keeping qualities.

Pkt. 10c.; oz. \$2.00; $\frac{1}{4}$ lb. \$7.00.

ARKPORT, N. Y., Dec. 1, 1916.

S. D. Woodruff & Sons,
New York.

Gentlemen:—
One of my neighbors had a field of your Big Boston Lettuce this fall which was the finest in town. Please book me for seventy-five lbs. of the same strain of seed, and ship at once.

Very truly yours,

C. B. W.

Big Boston Lettuce

S. D. Woodruff & Sons' Selected Strain

We believe that this is the surest heading, most solid, and most uniform strain of Big Boston Lettuce ever produced. It forms a very large frame and, unlike most bulky Lettuces, it heads quickly and is extremely hard. For Spring and Fall use it has no superior. On account of its hardness and the tough character of the outer leaves, it cannot be surpassed for a shipping Lettuce. Our seed is one-year-old, tested stock. Below is what one of our customers, who planted this identical seed, thinks of it.

Pkt. 5c.; oz. 20c.; $\frac{1}{4}$ lb. 50c.; lb. \$1.50.

Woodruff's New Long Danvers Carrot

Note that this is distinct from the Half-Long Danvers. Possessing every feature of that popular variety, this new Carrot is nearly twice its length. It is as bright in color as the deepest Long Orange. It is extremely smooth and well formed.

In the districts where Carrots are marketed in boxes, two across will fill a bushel box. In length it is between a Danvers and a Long Orange. It is blunt in growth, with a very small tap root, smoother than any other Carrot grown. It goes to you with our hearty recommendation. Pkt. 10c.; oz. 30c.; $\frac{1}{4}$ lb. \$1.00; lb. \$3.00.

CAUTION—Owing to the world war now being waged in Europe certain sorts of seeds grown for a great many years in the countries now at war and imported to this country for use here are not only very hard to obtain, but they are far from reliable even when purchased from firms of established reputation abroad. We, therefore, wish to warn our customers that while we use every care to obtain only reliable seeds from our foreign connections we must remind them that the risk in purchasing Celery, Mangel, Swiss Chard, Cauliflower, Chervil, Chicory, Cress, Kohl Rabi, Spinach, etc., and Flower Seeds as are grown abroad is unusually great this year.

Gradus Peas.

Paris Golden Celery

French Grown

Never was Paris Golden Celery as scarce as it is at the present. Any reliable strain is at a premium. **We believe that a satisfied customer is the best advertisement possible.** We can refer you to hundreds of such customers who swear by Woodruff's Self-Blanching Celery. We are not willing to chance losing that reputation by using seed we do not know to be good. Remember this seed is at a premium, and extremely scarce.

Pkt. 25c.; oz. \$1.75; $\frac{1}{4}$ lb. \$5.00; lb. \$16.00.

Special Earliana Tomato

Grown from selected hills; this new strain of the most prolific and most popular early sort is far in advance of anything we have ever produced. **It is larger, more meaty, deeper in color and smoother than any Earliana we have ever seen and the biggest cropper of all early sorts.**

Pkt. 25c.; oz. \$1.00; $\frac{1}{4}$ lb. \$3.00.

S. D. Woodruff & Sons' Special Strain Gradus Peas

Earlier, more dwarf and more prolific than any stock ever offered. This strain is the result of many years of careful breeding and trials, and is as near to what we consider the true Gradus Pea as it is possible to grow. Many market gardeners are having trouble with Gradus Peas that are too late, and too tall. Our strain will grow 2 ft. 6 ins. high and will be fit to pick within a very few days of the Alaska or Clipper. **Its best point is its tremendous yield, due in some degree to the large size of the pods. It is the earliest wrinkled Pea grown.** We recommend our strain most highly, and are able to offer it at a very low price.

Qt. 40c.; pk. \$2.25; bus. \$8.00.

Special Earliana Tomato.

Dark Green Telephone Peas.

Improved Dark Green Telephone Peas

S. D. Woodruff & Sons' new tall Pea. This is a vast improvement over the old Telephone. It grows a **bigger yield**, has **darker colored pods**, a **more hardy constitution**, and **resists drought and blight better than any other late Pea**. Our aim for a long time has been to produce a dark pod Telephone Pea. Our success has been more marked than we even dreamed, and this Pea is the market gardener's ideal for a tall, large-podded sort. Do not allow others to convince you that theirs is just as good. Get it from its first source. Woodruff's Dark Pod Telephone Peas.

Pt. 20c.; qt. 30c.; pk. \$2; bus. \$7.

Long Island Wonder Potatoes

This new Potato will soon be as well known and as popular as Green Mountain is today. It will be promptly used in place of the Green Mountain as soon as tried beside it, because, **under similar conditions**, it will yield from ten to thirty barrels more per acre than Green Mountain. It has done this in several States, where tried by our customers the past season.

In Aroostook County, Maine, where it was grown on our own seed farm, it caused wonderful comment. We are receiving orders daily from growers in Maine, who saw our fields, for everyone who did, knows it is to be a real "Wonder." Remember, we are the only seed house in the United States to grow their own seed Potatoes on their own farm, in Aroostook County, Maine. Be sure and buy from the original source.

Lb. 25c.; pk. \$1; bus. \$2.50; sack, \$7.

S. D. Woodruff & Sons'

Earliest Scarlet Radish

This new variety is the finest outdoor Radish ever grown. It is very bright in color, matures in twenty-four days, stays solid and crisp until full grown and is of true globe shape. We can recommend it above all others.

Pkt. 10c.; oz. 15c.; $\frac{1}{4}$ lb. 30c.; lb. \$1.

S. D. Woodruff & Sons'

New Deep Dark Red Beet

We are one of the largest growers of Beet Seed in the United States. For some years we have been seeking an improvement on the Detroit Dark Red. This year we are pleased to offer our New Deep Dark Red, which we confidently predict will shortly take the place of Detroit Dark Red.

A **late Blood Beet**, very dark color, **bulbs uniform in shape**, with a **clean, small tap root**. Be sure and include this variety in your order. It is going to replace Detroit Dark Red, and is a winner.

Pkt. 10c.; oz. 20c.; $\frac{1}{4}$ lb. 40c.; lb. \$1.50.

Golden
Bantam
Corn.

Golden Bantam Corn

Connecticut-grown Sweet Corn is the best in the world. Our strain of Golden Bantam is earlier than any other strain grown because it can be planted earlier. It is in great demand in every market on account of its wonderfully sweet flavor. It is the biggest yielder of all early Sweet Corn and commands nearly double the price in any market. Doz. ears 75c.; qt. 60c.; pk. \$3.00; bus. \$10.00; 100 ears \$6.00.

Early May Flower Corn

A wonderful early Corn. Will produce more ears than the Early Cory. The ears are larger, and are matured and fit for market within a few days of the Early Dawn. Doz. ears 75c.; qt. 60c.; pk. \$3.00; bus. \$12.00; 100 ears \$6.00.

Woodruff's Select Strain—White Spine Cucumber

Our principal reason for selecting this strain was its freeness from blight. It is more robust, hardier and a bigger cropper than any other. The seed has been selected from staked hills, not from selected fruits. This is the finest strain of market Cucumber in existence. It is early, dark green in color, a good shipper, and a tremendous yielder, with fruit longer than the usual White Spine. Pkt. 5c.; oz. 15c.; 1/4 lb. 50c.; lb. \$1.50; 10 lbs. \$12.00.

Woodruff's Rival Parsnip

A new variety of immense popularity. Combines the merits of the Long, Smooth and Hollow Crown varieties. Roots thick through, half long, pure white and remarkably smooth. Pkt. 5c.; oz. 10c.; 1/4 lb. 40c.; lb. \$1.00; 10 lbs. \$9.00.

Early Dighton Corn.

The Earliest Sweet Corn in Existence.

The Earliest Sweet Corn in Existence. We Challenge the World—Not More Than One Peck Sold to Any One Customer.

Early Dighton Corn

Two years ago one of our enterprising customers near Boston, sent us a few ears of corn, claiming that the corn was fit for market seven days ahead of our Early Dawn, and our trials proved he told the truth. Ear near as large as Early Dawn, seven days earlier maturing. A real old fashion novelty. You all want some of this. Pkt. 25c.; qt. 80c.; peck \$6.00.

BEANS

Dwarf, Bush or Snap

Wax Pod, or Yellow Pod Varieties.

(Add \$5.00 per qt. if sent by mail)

Currie's Rust-Proof Wax. The best flat wax pod. Early, prolific, strictly rust-proof. The bean you want, if your market calls for flat pod. Pkt. 10c.; qt. 60c.; pk. \$4.00; bus. \$14.00.

Round Pod Kidney Wax, or Brittle Wax. The best round-podded variety. Sure to yield an early and profitable crop. The strain of seed we offer is pure, not mixed with Green Beans. Pkt. 10c.; qt. 60c.; pk. \$4.50. All Beans we offer are of the finest handpicked stock. None are better and few are equal in purity.

New Bean

Hodson Wax. Hodson Wax, the largest flat-podded and surest rust-proof Wax Bean. Pods straight, averaging 7 inches long; a very late but very vigorous vine, and the greatest yielder we have ever seen. Pkt. 10c.; qt. 60c.; pk. \$4.00; bus. \$14.00.

Norfolk, Va., Nov. 12.

Gentlemen:—You will please book me for 12 bushels Hodson Wax Beans. They are the greatest rust resister that I ever planted, besides being very prolific. All of your seeds were quite satisfactory.

Yours truly,

M. B. H.

Suggestions About Beans

Bountiful is earlier and better in every way than **Six Weeks**.

Our **Dwarf Horticultural** is the finest bright colored pod, pure and nearly stringless.

Golden-Eyed Wax and **Hodson Wax** in our trials are absolutely rustless.

Our strains of **Wardwell's** and **Davis' Kidney Wax** are the finest obtainable.

Watertown, Mass., Nov. 29th.

S. D. Woodruff & Sons, 82 Dey St., N. Y. City.
Dear Sirs:—The past year I bought from you a trial order of Peas and Beans. Every item shipped me was entirely satisfactory, and I want to thank you for your kind treatment.

I have favored you with another order this year, a little larger than last year's, and I assure you that the orders will continue to grow larger if you give me the same class of seeds that you have in the past.

Very truly yours,

G. GUSTORIA.

Two Wonderful New Bush Lima Beans

The **Burpee Improved Bush** is a distinct new creation and not merely an improved selection made by man. It shows a most remarkable advance and its discovery is of incalculable value to American horticulture. It differs from the best strains of Burpee's Bush Lima in having uniformly much larger pods, producing more Beans, while both pods and beans are not only larger in size but also considerably earlier.

The **Burpee-Improved** produces magnificent crops of pods which measure from five to six inches long by one and one-quarter inches wide. Large pkt. 15c.; qt. 40c.; pk. \$3.00; bus. \$9.00.

Fordhook Bush Lima is altogether unique, and has created the greatest "sensation" of any vegetable ever presented. Until its introduction a few years ago, nothing like it had ever been seen before. It was created by Nature as a single sport in a field of the Challenger Pole Lima in 1903. Nearly double the size of Potato Bush or Dreer's Bush Lima. Large pkt. 15c.; qt. 50c.; pk. \$3.00; bus. \$9.00.

Woodruff's Lima Beans

Are the standard for quality and germination. We sell annually carloads of Lima Beans for seed, both pole and bush varieties.

Selected Red. Oz. 50c.; $\frac{1}{4}$ lb. \$1.50; lb. \$4.50.

We call special attention to the Selected Red Cabbage above offered. More or less trouble is always experienced by gardeners with all stocks of Red Cabbage not heading uniformly. This stock we offer is a carefully and newly bred type growing unusually large and hard heads and fully 90 per cent. of the plants make a good and salable head.

Volga. Fast gaining in favor; is a late main crop, sure heading sort, very deep, thick heads and remarkably sure header. Pkt. 10c.; oz. 30c.; $\frac{1}{4}$ lb. \$1.00; lb. \$3.00.

Glory of Enkhuizen. A new Cabbage from Holland; a round deep head with few outer leaves and can be set thicker than most sorts. A remarkably uniform heading variety for main crop and a splendid solid good keeper. Pkt. 10c.; oz. 30c.; $\frac{1}{4}$ lb. \$1.00; lb. \$3.00.

Houser. A late sure heading sort; a fine keeper. Pkt. 5c.; oz. 25c.; $\frac{1}{4}$ lb. 75c.; lb. \$2.50.

All-Head Early.

Chantenay Half-Long Scarlet Carrot.

CAULIFLOWER

Our Cauliflower is all grown in Denmark and is proven seed, that is one year old, and that has been tested and has produced a good crop.

Our stock of Early Snowball Cauliflower is one of the finest ever put out, equal in every way to the originator's stock.

Henderson's Early Snowball. Very largely grown for an early crop. It is dwarf and a sure header; heads are large, white and solid. Pure stock. Pkt. 15c.; oz. \$2.50; ¼ lb. \$8.00; lb. \$28.

Extra Early Dwarf Erfurt. One of the earliest varieties. Pkt. 15c.; oz. \$2.50; lb. \$28.00.

LeNormand's Short Stem Mammoth. A large stumped variety, and a standard for general cultivation. Pkt. 10c.; oz. 60c.; lb. \$7.00.

Veitch's Autumn Giant. Standard sure heading sort. Pkt. 10c.; oz. 60c.; lb. \$7.00.

Early Snowball Cauliflower.

CARROTS

Each, per pkt. 5c.; oz. 20c.; ¼ lb. 40c.; except where otherwise quoted.

The Hutchinson. The best market Carrot ever produced; longer than Danvers. Oz. 50c.; ¼ lb. \$1.50; lb. \$4.00.

Rubicon Half-Long Carrot. This is becoming a popular half long sort. It is very fixed in shape and a great cropper, excellent also for bunching. Lb. \$1.50.

Early Short Horn, or Scarlet Horn. Lb. \$1.50.

Chantenay Half-Long Scarlet. Popular bunching sort. Lb. \$1.50

Saint Vallery, or Intermediate Red. Popular trucker's sort. Lb. \$1.50.

Newport, R. I., Oct. 27.

Gentlemen:—Please book me for 20 pounds of your Danvers Improved Carrot seed. I find that your Carrot not only makes the biggest yield, but is the best keeper for storing until late in the Spring, as we do in Rhode Island. Please be careful to have this of the same high quality as seed sent us last season, and oblige. Respectfully, N. H. W.

S. D. Woodruff & Sons,
New York.

WOBURN, MASS.

Gentlemen:—Your Hutchinson Carrot was as good as the best. None gave us a better crop. Yours truly, W. M. M.

CELERY

No items in the entire list of seeds are more critical to the average planter than Paris Golden and Woodruff's Beauty Celery and Snowball Cauliflower. Our stocks of all three are simply perfect—no pithy Celery and no disappointments in our stock of these.

Paris Golden, or Golden Self-Blanching Celery. Most important and largely used is this sort on account of its fine quality, golden yellow foliage and readiness in blanching. No one item except Cauliflower and Cabbage depends so vitally on the seed. Our seed of this sort is French grown only. Seed grown elsewhere can be purchased at less than one-third the price. Insist on the French grown article of this variety whenever you purchase. Pkt. 15c.; oz. \$1.75; ¼ lb. \$5.00; lb. \$16.00.

Woodruff's Beauty. Color green, shaped like Self-Blanching. Pkt. 10c.; oz. 75c.; ¼ lb. \$2.00; lb. \$7.00.

Easy Blanching (Page 3). Oz. \$2.00; ¼ lb. \$7.00.

Our stocks of the following standard sorts of Celery are strictly pure and true to name. Liberal pkts. of each 5c.; 10 pkts. for 40c. postpaid.

Dwarf Golden Heart. Oz. 25c.; ¼ lb. 50c.; lb. \$1.65.

Boston Market. Oz. 25c.; ¼ lb. 50c.; lb. \$1.75.

Giant Golden Heart. Oz. 25c.; ¼ lb. 60c.; lb. \$2.

Schumacher. Oz. 25c.; ¼ lb. 60c.; lb. \$1.75.

Kalamazoo. Oz. 25c.; ¼ lb. 60c.; lb. \$1.75.

Soup Celery. Old seed for soups. Oz. 5c.; ¼ lb. 15c.; lb. \$4.00.

Woodruff's Beauty Celery

The past year has tended to prove the claims we have for the past three years been making for Woodruff's Beauty Celery. Wherever we place it in a Celery country, business comes to us for the seed. Read testimonials below, which is only a fair sample of dozens of such letters we have on file regarding this Celery. Demand for the seed is very great and we advise all to order early. The Celery which looks like Self-Blanching but will keep two months longer.

It is the best of all the green Celeries for many reasons; grows medium in size, blight proof, excellent keeper and the finest flavor of all. Sure to become more generally used than all other green sorts when generally known. We can strongly advise our customers to stake their main crop of Green Celery on this sort. Pkt. 10c.; oz. 75c.; ¼ lb. \$2.00; lb. \$7.00.

New Hampton, N. Y., Dec. 6.

S. D. Woodruff & Sons,

82 Dey Street, New York.

Gentlemen:—My son purchased of you last Spring 1½ lbs. of your Woodruff's Beauty Celery. I purchased my green Celery from —. Both were given the same treatment through the sason, planted side by side the same day. He is now selling his Celery, 35 to 40 stalks per crate, at \$4.00 per crate. I am selling mine 80 to 100 stalks per crate, in the same market, at \$2.00 per crate. Had I only used your seed I should be several hundred dollars ahead. I shall call in a few days for my year's supply of seed, and all my neighbors are going to buy your seed also.

Yours truly,

GEO. D. BATES.

Woodruff's Beauty Celery.

Select Giant Pascal Celery

We offer a special strain of Giant Pascal Celery seed, French grown, that far excels in quality and solidity any strain of this popular sort heretofore offered. We recommend this to growers of green Celery. Pkt. 10c.; oz. 60c.; ¼ lb. \$2.00; lb. \$6.00.

CHERVIL

Cultivate like Parsley.

Curled. Leaves used for flavoring. Pkt. 5c.; oz. 20c.; ¼ lb. 50c.

Plain. Like above, but not curled. Pkt. 5c.; oz. 15c.; ¼ lb. 40c.

CHICORY

Known as French Endive. Sow in May in drills. Thin out to 6 inches. Late in Summer bank up like Celery. When blanched, the stalks make a delicious salad.

Witloff Chicory. The best variety. Pkt. 5c.; oz. 15c.; ¼ lb. 40c.

Poughkeepsie, N. Y., Mar. 24.

S. D. Woodruff & Sons, New York, N. Y.

Dear Sirs:—We are not doing much, but I want some of your Celery seed. You can recommend it as high as you please, it is fine. Be sure you give me the genuine Beauty.

You want to raise lots of seed of that kind, and same will surely take the card over all other green Celery.

Yours truly,

E. L. ROBERTSON.

 paid.

Per oz. 10c.; 10-oz. packets for
 75c., postpaid, either one or as-
 sorted varieties.

**The New Davis Perfect Cucum-
 ber.** The sum and substance of
 the claims made for the New
 Davis Perfect Cucumber are
 that by using this variety gar-
 deners can produce out-of-doors,
 cucumbers that will sell in the
 market for hothouse forcing va-
 rieties. As is well known, these
 always bring fancy prices.

Our supply of this seed is very limited. We have seen them personally and see no reason
 why this sort will not be a most profitable one, as it is as early as White Spine, very dark
 green, great yielder and beautiful size and shape. Pkt. 10c; oz. 15c; ¼ lb. 50c; lb. \$1.50.

Your Davis Perfect Cucumbers were the envy of all gardeners who saw them I had the best garden
 I ever had in my thirty years' experience, the result of your seeds. They were true to name and
 money makers for me.—C. H. BRUNDAGE, Danbury, Conn.

For planting for ensilage or fodder, the Hickox, Stowell's Evergreen and Mammoth are the sorts most desirable. We would advise our friends to buy those of first quality. Write for prices on large lots.

NOTICE.—In buying your Sweet Corn seed of us you get the pick out of dozens of crops of each sort. We grow it in very large quantities and the seed is unusually fine this year. Many of our crops will test as high as 95 per cent. vitality this year.

Golden Rod. A very hardy extra early sort, very sweet. Per doz. ears 80c.; qt. 50c.; pk. \$3; bu. \$10.

Early Orange. A double-sized Golden Bantam. Per doz. ears 80c.; qt. 50c.; pk. \$3.00; bus. \$10.00.

Long Island Beauty.

EARLY MAYFLOWER

A first extra early pure white cob sort of good size and splendid quality. Only 2 or 3 days later than Early Dawn.

Prices, doz. ears, 80c.; qt. 50c; pk. \$3.00; bus. \$10.00.

HOWLING MOB

A pure white second early, large ear, of splendid quality. Prices, doz. ears, 80c; qt. 50c; pk. \$3.00; bus. \$10.00.

Woodruff's Field and Ensilage Corns

Prices on Field Corns are not subject to discount, neither can we pay freight.

Improved Leaming.

The quality of our Field Corns is extra nice this season. We are prepared to supply 50 to 100 bushels of a variety at closest possible prices.

Early Eight-Rowed Yellow Canada. Very early Yellow Flint. Per 100 selected ears \$2.00; qt. 20c.; pk. 75c.; bus. \$2.50.

Longfellow. Standard large-yielding Yellow Flint. Per 100 selected ears \$2.00; qt. 20c.; pk. 75c.; bus. \$2.50.

Pride of the North. Early, small cob, Yellow Dent. Per 100 selected ears \$2.00; qt. 20c.; pk. 75c.; bus. \$2.25.

Early Mastodon. Standard ensilage and main crop, Yellow Dent. Per 100 selected ears \$2.00; qt. 20c.; pk. 75c.; bus. \$2.25.

Improved Leaming. Deep kernel, great yielder, Yellow Dent. Per 100 selected ears \$2.00; qt. 20c.; pk. 75c.; bus. \$2.25.

Early Leaming. A brand new strain of Leaming, fully ten days earlier than this popular sort, which gives it a very distinct advantage, especially in the most northern climates. 100 ears \$2.00; qt. 20c.; pk. 75c.; bus. \$2.50.

Red Cob Ensilage. The standard silo Corn. Pk. 50c.; bus. \$2; 5-bus. lots \$1.90; net cash F. O. B. here; bags 20c. extra.

Eureka Ensilage Corn. A very large growing leafy stalk sort, and one of the best silo Corns. Pk. 75c.; bus. \$2.50.

Cuban Giant Ensilage. A very large, leafy ensilage variety. A favorite in northern New England. Pk. 75c.; bus. \$2.75; 10-bus. at \$2.50 per bushel.

Brewer's Improved Yellow Dent. This is, beyond question, the finest thoroughbred stock of Yellow Dent Corn in existence. Our stock is grown by ourselves from a continued selection since 1908, when this variety showed a measured and sworn yield of 133 $\frac{1}{2}$ bushels shelled Corn on a measured acre. Per 100 selected ears \$2.50; pk. 75c.; bus. \$2.50.

Reid's Yellow Dent. Per 100 ears \$2.00; pk. 75c.; bus. \$2.25.

Golden Beauty. Pk. 75c.; bus. \$2.25.

Sweet Fodder Corn. We can offer a choice lot of Sweet Corn, all large growing varieties, and those who buy a quantity for ensilage generally prefer the Sweet Corn to a field variety. Price per bus. \$3.00; five bushels or more at \$2.75 per bushel. You will find this a nice sample and the price is very low.

White Rice Pop Corn. The best sort for popping. Pt. 20c.; qt. 35c.; pk. \$1.00; lb. on ear 7c.

NOTICE.

Don't fail to try our stock of Brewer's Improved Yellow Dent Corn. This corn created a world's record in 1909 by producing one hundred and thirty-three and one-third bushels of shelled Corn in the State of Connecticut on a measured acre, which acre and yield were certified to by a committee of experts. The seed we offer was grown from stock seed from this record acre and was grown on our own farms in Orange, Conn.

EGG PLANT

ONIONS

Three Famous Connecticut Onions

Connecticut is the home of the celebrated Southport Globe types of Onions, and our stocks of these varieties are as near to being perfect as painstaking care will make them.

During our fifty years in the seed business, we have made a specialty of these three standard kinds of onions.

SOUTHPORT YELLOW GLOBE

The standard heavy cropper, pure yellow Globe sort planted so generally in the United States. Pkt. 5c.; oz. 25c.; $\frac{1}{4}$ lb. 65c.; lb. \$2.25; 5 lbs. and over, \$2.00 per lb.

SOUTHPORT RED GLOBE

Differing only in color from the two above. It is a beautiful blood-red color, pure globe-shaped type. Pkt. 5c.; oz. 20c.; $\frac{1}{4}$ lb. 60c.; lb. \$2.00; 5 lbs. at \$1.90 per lb.

SOUTHPORT WHITE GLOBE

A pure globe-shaped Onion which, with proper care in curing, will be an almost pure snow white, beautiful mild-flavored Onion. Should be pulled before fully ripe and kept under cover to protect from getting weather stained. Pkt. 5c.; oz. 35c.; $\frac{1}{4}$ lb. \$1.00; lb. \$3.75; 5 lbs. and over, \$3.50 per lb.

Bradstreet, Mass., Dec. 9.

S. D. Woodruff & Sons, Orange, Conn.

Gentlemen:—My best acre of Yellow Globe Onions, raised from your seed, went 834 bushels, against 704 bushels on an acre from seed from another dealer, in soil side by side. The best acre of your Red Globe Seed went 724 bushels; from six acres of your Red Globe and Yellow Globe Seed, they averaged 675 bushels per acre.

Yours respectfully,

L. H. WIGHT.

PEDIGREE ONION SEEDS

One of our greatest specialties is thoroughbred Pedigree Onion Seed.

We feel justified in claiming for our seed all that can be said about any seed, viz., that it is as good as can possibly be produced. Now the reasons for this claim are these: We grow our Onion seed from selected bulbs. We carefully harvest and cure the seed. We offer it to you direct. The price is as low as we can produce the very best seed. Once a trial order, always a customer has always been our motto regarding Onion seed. Do not be tempted to buy Onion seed of uncertain quality because it is a few cents less per pound in price.

ONIONS

For the benefit of any prospective customers, we would state that Messrs. Belden & Sons are one of the largest growers of Onions in the United States, and we would cheerfully refer any prospective customers to them, as to what they think of the quality of our goods and our business methods. There are probably less than one dozen single growers of Onions in the world who produce as many Onions annually as do the Messrs. Belden. We could furnish dozens of similar reports from smaller growers throughout the various Onion producing sections in the United States.

Quantities of no less than 50 pounds sold at these prices.

The Onion sets I got from you last Spring did so well that I am pleased to write you about the crop of Onions I had from your sets. I raised 12 acres from sets, but I only kept track of $4\frac{1}{2}$ acres, one piece 3 acres, the other $1\frac{1}{2}$ acres. These were chain measured. From the 3-acre piece there were 1931 bushels. From the $1\frac{1}{2}$ -acre piece there were 1245 bushels, or an average of 706 bushels to the acre. From one particular lot of 100 bushels yellow sets I had from you, I sold 2508 bushels of good Onions, 52 lbs. per bushel. I have raised Onions from sets for 14 years, and this crop beats them all. Your Onion seed did very well. It is a good globe shape and a good bright yellow, and produces good large Onions. It held out its growth in the field and stood up well. No one will make a mistake to buy their Onion sets from you.—F. C. KIDDER.

ONION SETS

Choice Philadelphia Grown Sets.
We are Headquarters for the East.

No crop the farmer puts in the ground is surer to return a profitable crop than a crop of Onion sets. If you set good, sound sets and give them good soil and good culture, a fairly good crop is assured. Markets for past two or three years have been good, and in almost every case crop has been a money-maker.

YOU WILL FIND OUR ONION SETS OF VERY CHOICE QUALITY (See Page 2.)

Prices are net and subject to advance, and in all probability will be much higher. Order early.

Yellow Onion Sets. Qt. 15c.; pk. \$1.00; 32 lbs. \$4.00; 160-lb. lots \$3.75 per 32 lbs.

Red Onion Sets. Qt. 15c.; pk. \$1.00; 32 lbs. \$4.00; 160-lb. lots, \$3.75 per 32 lbs.

White Onion Sets. Qt. 20c.; pk. \$1.25; 32 lbs. \$4.00.

(Add 10c. per qt. if sent by mail.)

Two of the Tools Every Onion Grower Should Own

No one who raises one acre or more of Onions can afford to be without this harrow. It does away entirely with hand-raking the soil. Upon our own farms we would not be without one for three times its cost. Price, \$25.00.

This is the drill used almost exclusively by Onion growers in the Southport, Conn., section, and it is needless to say that it is considered the very best drill in use. It sows with great accuracy two rows at a time, 12 to 14 inches apart. Net price, \$10.00.

Universal Onion Drill.

Meeker Smoothing Harrow.

Extra Double Curled Parsley.

PARSLEY

One of the finest plants for garnishing, used for flavoring soups, stews and salads. Sow as early as possible in Spring in shallow drills fifteen inches apart, raking the soil fine and level on top. Cover the seed one-third of an inch. The plants will appear in from one to six weeks. Succeed in common garden soil.

Champion Moss Curled. The standard market sort. Our stock of this is extra double curled and one of the finest stocks to be had. Used very extensively on Long Island. Pkt. 5c.; oz. 20c.; $\frac{1}{4}$ lb. 30c.; lb. \$1.00; 5 lbs. at 90c. lb.

Fern Leaf. Very fine crimped leaves. Pkt. 5c.; oz. 20c.; $\frac{1}{4}$ lb. 30c.; lb. \$1.00.

Plain Leaf. A very hardy variety. Pkt. 5c.; oz. 20c.; $\frac{1}{4}$ lb. 30c.; lb. \$1.00.

Hamburg, or Turnip Rooted. As the name implies, the root is the edible portion, used for soups. Pkt. 5c.; oz. 20c.; $\frac{1}{4}$ lb. 30c.; lb. \$1.00

PARSNIPS

The Parsnip is one of our specialties. We raise annually a great many hundred pounds and our strain is the smoothest and finest in existence.

Long Smooth, or Hollow Crowned. Pkt. 5c.; oz. 10c.; $\frac{1}{4}$ lb. 15c.; lb. 60c.; 5-lb. lots 50c. lb.

PEPPERS

Packets of each variety 5c.; 10 packets for 40c. postpaid.

New Neapolitan. The earliest by 10 days of the large Peppers, very mild flavor and immensely productive. Peppers grow upright on the plant. Oz. 30c.; $\frac{1}{4}$ lb. \$1.00; lb. \$3.00.

Chinese Giant. A Pepper of immense size, but greatly overrated in most catalogues. Our trials have shown it a very shy yielder, and we cannot recommend it as having particular points of merit. Oz. 30c.; $\frac{1}{4}$ lb. \$1.25; lb. \$5.00.

Bull Nose. A standard heavy yielding, hot flavored sort. Oz. 25c.; $\frac{1}{4}$ lb. 90c.; lb. \$3.00.

Sweet Mountain. Grows to a large size; shaped somewhat like the Bell, but much larger; much used for pickling. The standard market variety. Oz. 25c.; $\frac{1}{4}$ lb. 90c.; lb. \$3.00.

Ruby King. Standard market variety, very large fruit and enormous yielder. Oz. 25c.; $\frac{1}{4}$ lb. 90c.; lb. \$3.00.

CRIMSON GIANT. New, great yielder. $\frac{1}{4}$ lb. 90c.; lb. \$3.00.

Worldbeater. Large and prolific. Oz. 30c.; $\frac{1}{4}$ lb. \$1.00; lb. \$3.50.

Large Squash. Oz. 25c.; $\frac{1}{4}$ lb. 75c.; lb. \$3.00.

Cherry Red. A small round variety. Oz. 25c.

Small Chili. Best variety for pepper sauce. Oz. 25c.

Long Red Cayenne. Fruit bright coral red. Oz. 25c.

Hollow Crown Parsnip.

NEW PARSNIP

Woodruff's Rival

Parsnip is the easiest of all root crops to grow. This new strain is fully explained on page 6.

Be sure and include it in your order.

S. D. Woodruff & Sons,
New York City.

Gentlemen:—Please book us for 40 lbs. of your Hollow Crown Parsnip. I foolishly tried for the past season another dealer's Parsnip Seed and my crop is an absolute failure. Had used your seed up to this season for a number of years and it has always proved reliable. I shall not soon change dealers again on my Parsnip Seed.

Yours very truly,

PEAS

(Add 15c. per qt. if sent by mail, for all varieties of Peas.)

Little Marvel Pea. This variety is as early as Nott's Excelsior or American Wonder, but produces a much larger pod, and the vines yield a much heavier crop. Its dark green pods are a more attractive color than the light green sorts. Pkt. 10c.; qt. 40c.; pk. \$2.25; bus. \$8.00.

Laxtonian. One of the earliest dwarf Peas. Vines are vigorous, growing about eighteen inches high, well covered with large, even-sized pods averaging 8 or 9 to a vine and 9 to 10 peas in a pod. Quality of the best. Pkt. 10c.; qt. 50c.; pk. \$2.75; bus. \$10.00.

Gradus. One of the greatest vegetable novelties introduced during recent years. Our stock of Gradus Peas is the finest both in sample and purity of stock of any strain we have ever seen. Pkt. 10c.; qt. 40c.; pk. \$2.25; bus. \$8.00.

Laxtonian Peas.

Blue Bantam Peas.

Thos. Laxton Pea. The growth of this sort is similar to Gradus; pods are a trifle darker green, square at the end. Matures two or three days later than Gradus. Pkt. 10c.; qt. 40c.; pk. \$2.25; bus. \$8.00.

Pilot, or Round-Seeded Gradus. Qt. 50c.; pk. \$2.50; bus. \$9.00.

"BLUE-BANTAM"

Is unequalled for combination of extreme earliness and unusual productiveness. The dwarf, vigorous vines average fifteen inches in height and carry really enormous crops of large, deep bluish-green pods, which measure four and one-half inches long and are tightly packed with eight to ten extra large, deep bluish-green peas. The pods are ready to pick as early as American Wonder, while double the size—in fact, they average fully as large as Gradus. Pkt. 15c.; qt. 60c.; pk. \$2.75; bus. \$10.00.

NEW PEA, AMEER

"A large-podded, extra early sort, resembling Alaska. In general appearance the peas and pod, however, are nearly twice as large as Alaska; matures three days later than Alaska." A very hardy sort; will stand planting much earlier than most other sorts. Pkt. 10c.; qt. 40c.; pk. \$2.50; bus. \$9.00.

SEED POTATOES

HOW WE HANDLE OUR SEED POTATOES

We raise our own seed stock on our own farms in Aroostook County, Maine.

We store our Potatoes in our own storehouses in Maine, and we ship them ourselves. We are not seed Potato Jobbers, but Seed Potato Growers. Mr. Bagley, the man in charge of our farms in Maine, is recognized as one of the best Potato men in the United States. Some of the biggest Potato handlers in the country, after visiting our crops, pronounced them the finest, purest and most healthy in Aroostook County this last season.

IRISH COBBLER POTATO

(S. D. W. Brand)

The wonderful popularity of this Potato is due to its white color, round shape, immense productiveness, superior quality. Can anything more be added to make a perfect Potato?

With the unusual care we have taken with our stock of this sort to keep it pure (and there are many impure stocks of it on the market) we shall put them out in 1917 under our own (S. D. W. Brand). Is it not worth a little more to be sure of pure stock. Pk. \$1.25; bus. \$2.50; bbl. sack \$6.50.

I will say your Ensign Bagley Potato was fine, the best I ever had; and Admiral Foote are fine also.—W. M. EMERSON, Concord, N. H.

Improved Green Mountain Potato.

Long Island Wonder Potato.

IMPORTANT. We are glad to quote special prices on large lots of seed Potatoes. Frequently we are able to make a close price on a carload of Potatoes to go to one section. Shall be glad to have our customers write us for prices.

The Ensign Bagley Potatoes I bought of you last Spring gave good satisfaction, all you claim for them and more, both in yield and quality; have always found your seeds reliable.—S. G. YOUNG, Voluntown, Conn.

The Bagley Potatoes have been fine. None are earlier around here.—A. H. JOURDON, Grafton, Mass.

I am very well satisfied with your seeds. Shall buy more extensively another year. I think very highly of your Bagley and Foote Potatoes.—J. F. CROWELL.

ENSIGN BAGLEY POTATO

120 Barrels Per Acre.

We continue to give this most desirable and valuable Potato a prominent place, notwithstanding we introduced it several years ago and it can no longer be classed as a novelty. We have made so many good friends, however, by the influence and merit of this Potato that we are naturally still enthusiastic regarding it.

Any novelty that has particular merit is profitable to both buyer and seller alike, for a customer that is specially pleased invariably proves an advertiser for any business.

Ensign Bagley is a second early main crop, pure white, oblong-shaped sort of splendid quality and a great yielder. What more favorable can be said of any Potato? Lb. postpaid 25c.; pk. \$1.25; bus. 2.50; bbl. sack, 165 lbs. \$7.00. If you order 1 pk. or 25 bbls. you cannot make a mistake.

Last Spring I bought from you one packet of Mammoth Pumpkin seed and it was very late when I planted them. From one vine I got five Pumpkins that weighed as follows: 37, 53, 55, 61, 84; total weight from the one vine, 290 lbs. No special care or fertilizer. Three of the largest are now in my cellar. — F. H. KING.

NOTICE

In the middle of our Catalogue we desire to call the particular attention of our customers to the **NEW EVERBEARING STRAWBERRY**.

We believe this new fruit should be in the gardens of every one of our customers. Nothing we have planted in our home garden for years gave as much satisfaction during the past season as one thousand of these **EVERBEARING STRAWBERRIES**. This one thousand plants produced an abundance of the most luscious fruit from June 15th to October 1st, and supplied the tables of three families during all this time with the best strawberries we ever ate.

We urge all of our customers to include some of these plants in their seed order, believing they cannot fail to be pleased with the results.

White Icicle Radish.

We call particular attention to our stock of Half-Long Black or Gray Radish. Reliable seed of this variety is very hard to obtain and we have used great care in working up a stock which never fails to give entire satisfaction. The demand for this Radish is increasing rapidly and it should find a place in every market gardener's list. It will grow in the latitude of New York if sowed as late as September 1st, and often proves a very profitable crop.

SPINACH

We are headquarters on Spinach Seed, and supply annually the most critical customers.

Buying as we do in such large quantities we are enabled to sell at correspondingly low figures.

We offer the following standard varieties, all of very best stocks, at the following uniform prices: Oz. 10c; ¼ lb. 25c; lb. 85c; 10-lb. lots at \$0c; 50-lb. lots and over at 75c per lb.

(Add 8c per lb. if sent by mail.)

All the following best imported stock:

Round Thick Leaf. One of the very best for early Spring and Fall sowing.

Norfolk Savoy-Leaved (Bloomsdale). Curled and wrinkled like the Savoy Cabbage.

Giant, or Monstrous Viroflay. The leaves of this variety are very large.

Long Standing. Does not run to seed as quickly as some of the other varieties.

New Victoria. A new, very long standing sort.

New Zealand. For Summer use. Oz. 10c; ¼ lb. 25c; lb. 75c.

American Grown Bloomsdale Savoy. To supply the demand for new crop Spinach seed for sowing same year seed is grown, we have this variety grown in America as well as abroad. We offer the new crop seed for shipment August 15th to 20th. Lb. 40c; 10 lbs. at 35c; 100 lbs. at 30c.

Savoy Leaf Spinach.

Long Seasons, or Triumph. A new sort for Spring sowing. Lb. 85c; 100 lbs. \$75.

Gaundry Round Seed. A splendid new round thick leaf sort; an immense sized plant and cropper. We urge our largest truckers to try this variety. Lb. \$1.00; 10 lbs. \$9.00; 100 lbs. \$80.00.

NOTICE.—We call particular attention to our American grown Savoy Spinach, new crop of 1917, ready for delivery about September. The superior quality of this seed will be appreciated by all who give it a trial.

Spinach is one of the easiest cultivated of all the vegetables. It can be sown any month in the year as long as the ground is not frozen. Some of our customers sow their Spinach Seed in November and December, just before the ground freezes up in the Winter, claiming to get an earlier start in the Spring. The seed in that case lies dormant through the winter in the ground.

Guilford, Conn., April 12.

Gentlemen:—Enclosed find check \$50.00. Your prices are very considerate and thank you kindly for the favor.

Hoping we may do business again in the future, I remain,

Yours very truly,
ROBT. E. DAVIS.

SUNFLOWER

Yankee ingenuity has led some to use the tall Sunflower stalks for bean poles. Excellent for parrot food.

Mammoth Russian, or Large Gray Seeded. Pkt. 5c.; qt. 15c.; pk. 60c.; bus. \$2.00.

H. Clay Smith, 32 Ashley Ave., Chicopee, Mass., writes: "Your seed thus far has proven fine in fertility, never having had seed come up so good."

SWEET, POT AND MEDICINAL HERBS

Every garden should have its complement of Sweet Herbs. We can all appreciate their utility, both for Summer flavoring, and their opportune use medicinally. Their culture is so easy that none ought to be without them. Sow the seed in pan or seed bed in early Spring, transplant as soon as weather will permit. Cut them when not quite in full bloom and hang in shady place to dry. Pack away in box entirely excluded from the air.

TOMATO

Liberal Packets
All Varieties, 5c.

Bonnie Best. A splendid second early sort, good sized bright red fruit and rarely ever cracks at stem end; excellent for main crop. Oz. 40c.; $\frac{1}{4}$ lb. \$1.00; lb. \$3.50.

Spark's Earliana Tomato. Probably the most used of the extra early sorts because of its great productiveness and good shipping qualities. Oz. 40c.; $\frac{1}{4}$ lb. \$1.00; lb. \$3.50.

June Pink. A new extra early pink colored sort, introduced by a Philadelphia house last season and said to have gained a great reputation for extra earliness, yield, and smooth, handsome fruits. Pkt. 10c.; oz. 50c.; $\frac{1}{4}$ lb. \$1.25; lb. \$4.00.

Earlibell Tomato. When known, will surpass, in popularity and demand, the Earliana. It is an extra early sort, the fruits of which are larger and smoother than Earliana and such a marked advantage over that popular sort that it will continue bearing much longer. Pkt. 10c.; oz. 50c.; $\frac{1}{4}$ lb. \$1.50; lb. \$5.50.

Seymour, Ct., Nov. 25.
From 1 acre and 3 rods of ground sowed with your Long Island Ruta Baga Turnip Seed in drills, I harvested 1200 bushels Turnips. The only fertilizer I used was $\frac{1}{2}$ ton Woodruff's Home Mixture that cost me \$15.00. Not a forkful of stable manure. This is what I call a satisfactory crop. I sold all but 100 bushels of them at 50c per bushel. Those I fed out, as they were too large for market.—JAMES BRENNAN.

LAWN GRASS SEED

How to Lay Down a Lawn

From the middle of March to the middle of May is the most favorable time for laying down a lawn. Any soil where Potatoes or Corn will grow is suitable, since it is well that the soil be not too rich, or the Grasses will grow too rapidly.

The ground should be thoroughly ploughed, harrowed and pulverized and brought to a smooth surface.

After sowing, the ground should be rolled in order to press the seed firmly in the soil.

The sowing should be done when the ground is moist or before a rainfall.

Grass seed may also be sown early in the Fall, but must be sown early enough to give the Grass a good strong growth before Winter sets in.

Every succeeding Spring the lawn should be gone over with a heavy roller, as Winter frosts loosen the soil, and rolling is necessary to compress it again. It is well to roll frequently.

It is advisable to mow the lawn frequently, as it improves the Grass, both in vigor of root-growth and in fineness of texture.

It is not well to cut the Grass too close, especially in the hot Summer months when the roots need some shade to protect them from the burning sun.

A good top-growth is also necessary to protect the roots from severe Winter frosts.

CENTRAL PARK MIXTURE

This mixture is composed of Grasses permanent in character, and will produce a rich sward in three or four weeks from time of sowing; 5 bus. to acre, 15 lbs. to bus. Qt. 25c.; 2 qts. 40c.; ½ pk. 75c.; pk. \$1.25; bus. \$4.00.

WOODRUFF'S SPECIAL MIXTURE

We have given special attention to this mixture, which will be found perfect in every detail. The Grasses used are selected with the purpose of producing a close turf of fine, even texture, which when once attained is permanent and beautiful (only the highest grade of Grasses used in this mixture); 4 bus. to acre, 20 lbs. to bus. Qt. 30c.; 2 qts. 50c.; ½ pk. 85c.; pk. \$1.50; bus. \$5.50.

SHADY NOOK MIXTURE

This mixture is designed for shady spots, where sufficient sun to grow the ordinary lawn mixtures does not reach; 4 bus. to acre, 24 lbs. to bus. Qt. 40c.; 2 qts. 70c.; ½ pk. \$1.25; pk. \$2; bus. \$7.

TERRACE SOD MIXTURE

A mixture of Grasses, possessing long and penetrating roots, matting and holding the soil well together and resisting drought; 24 lbs. to bus. Qt. 35c.; 2 qts. 60c.; ½ pk. \$1.00; pk. \$1.75; bus. \$6.00.

Grass Mixture for Golf Links, Tennis Courts, Etc.

FAIR GREEN MIXTURE

For the grounds in general, use Woodruff's Special Mixture. Bus. \$5.50.

PUTTING GREEN MIXTURE

A mixture of extra fine Grasses that will make a close, firm, green and lasting turf, which will improve with tramping; 24 lbs. to bus. Qt. 40c.; 2 qts. 70c.; ½ pk. \$1.25; pk. \$2.00; bus. \$7.00.

TENNIS COURT MIXTURE

Tennis courts need Grasses of a hardy nature, of fine leaf and close, compact growth. Our mixture will be found particularly adapted for the purpose; 24 lbs. to bus. Qt. 40c.; 2 qts. 70c.; ½ pk. \$1.25; pk. \$2.00; bus. \$7.00.

SPECIAL MIXTURES FOR SPECIAL PURPOSES

If our correspondents will write us, giving the nature and condition of the soil to be treated, we will make up a special mixture that will suit the purpose, in any locality or climate.

Correspondence Solicited.

FARM SEEDS

BUCKWHEAT

A field of Buckwheat sown in May, June or July will add much to the comfort of the home during the Winter months. A small quantity of Buckwheat sown in July will make abundant food for quail during early Winter, and it is being sowed by many farmers for that purpose.

Japanese Buckwheat. Pk. 75c; bus. \$2.50.

Silver Hull Buckwheat. Pk. 75c; bus. \$2.50.

JAPANESE BARNYARD MILLET

(*Panicum Crus-Galli*)

This wonderful and valuable new forage plant was introduced in this country by Professor Brooks of the Massachusetts Agricultural Experiment Station. It has proved an enormous yielder in all sections of the United States where tried—hay and fodder of the most excellent quality growing on any soil, yielding 12 to 20 tons per acre, and growing 5 to 8 feet in height. Cattle and horses eat it greedily. Sow in May and June broadcast, 20 to 32 pounds per acre, or in drills 20 lbs. per acre. Lb. 20c. (by mail postpaid, lb. 25c.). 10 lbs. \$1.50; bus. of 32 lbs. \$2.25, by freight or express.

CONQUEROR OATS

Sweden has long been noted for producing the very best Oats in the world. We are importing from Sweden this season a new Oat which is unquestionably the best Oat produced there. Note the following description: The Conqueror Oat has the highest record for yield of any white Oat in cultivation on good Oat land. We are so thoroughly convinced that the reason so few really good crops of Oats are produced in the eastern states is due to poor Oat seed, that we are giving considerable space to this new variety. No farmer can afford to sow poor Oat seed. Start with a few bushels of the Conqueror and note the great difference in your crops. Price, pk. 75c.; bus. \$2.25; 10 bus. lots \$2.00 per bus.

SPRING WHEAT

Our stock of Spring Wheat for this season is from selected fields giving the largest yield of plump seed. Pk. 75c.; bus. \$2.75.

BARLEY

We are headquarters on Barley. For sowing for a forage crop is being used very extensively. The early frost does not kill it, and it can be pastured clear into the Winter. If cut in September it makes good hay. Bus. \$1.85; 5 bus. lots \$1.75 per bus.

SEED OATS

The Seed Oats we offer are the heaviest, plump-est and finest samples we have ever seen. All put up in sacks of 2½ bus. each, no charge for bags. All are Ohio grown and selected from heaviest producing crops.

Did You Know This?

One hundred pounds of dry Sheep Manure (odorless after spreading) will make your lawn (if not over fifty feet by fifty feet) fresh and green almost from the day it is applied. Nothing you can place on your Lawn will give you better results. In most cases also one-fourth bushel of Lawn Seed applied at same time on Lawn of above size (cost of seed, \$1.00) will be a great advantage.

SHEEP MANURE—\$2.00 per bag of 100 lbs.

WOODRUFF'S HOME MIXED FERTILIZERS

We have mixed our own fertilizer for use on our extensive seed farms for the past few years and cannot too strongly recommend this method of buying fertilizers. The successful results we have obtained from using Woodruff's Home Mixture on our own farms has induced us to offer these goods at a reasonable price to the dozens of our customers who quickly see the extra value offered. The fertilizer we offer is in every respect the same as we use on our own extensive seed farms, is made from strictly high-grade chemicals and mixed by ourselves. We buy these chemicals in 50 to 100 ton lots for spot cash, and by so doing we are enabled to sell a strictly high-grade fertilizer at a much lower price than the same quality can be purchased from manufacturers of ready mixed fertilizers.

We Call Special Attention to Any Report of Connecticut Agricultural Experiment Station for the Past Five Years.

We offer the following formula:

Ammonia,	4%	} Spot cash price,	per 100 lbs., \$2.25
Available Phos. Acid,	8%		per 500 lbs., 10.00
Potash,	1%		
		} F. O. B. Orange, Ct.	

If you compare this formula at this price with any standard goods, you will be able to judge of the great saving in price by using our Home Mixture. Owing to increased cost of chemicals we are obliged to raise our price \$3.00 per ton over last year, or \$36.00 per ton.

Danbury, Ct., Nov. 28.

I have used Mapes', Bradley's, Swift's, Bowker's and Stockbridge fertilizers, but, using them side by side, your brand gave me the best results.

I consider \$30.00 worth of your brand will go as far as \$40.00 will with any other make that I have used. I depend on commercial fertilizers to raise my crops and I raise acres of vegetables every year. After careful study I shall use 90 per cent. of your brand, but shall continue to make tests each year. Wishing you success, Truly yours,

C. H. BRUNDAGE.

We offer the following high grade chemicals F. O. B. cars, Orange, Conn., to those who wish to mix their own fertilizer; we recommend, however, our customers to use our Home Mixture, as our facilities for handling and mixing are such that we do it at a minimum cost.

Nitrate of Soda in original bags about 225 lbs. each at \$4.00 per 100 lbs.

Animal Tankage, guaranteed $7\frac{1}{2}\%$ Ammonia }
25% Bone Phosphate of Lime } at \$2.50 per 100 lbs.

Acid Phosphate, guaranteed 16% Available Phosphoric Acid, at \$1.00 per 100 lbs.

All the above prices are for cash with order or before shipment. These offerings will not appeal to the planter who expects 8 months or 1 year's time in which to pay for his fertilizer, but for the buyer who can pay cash we believe they will be attractive. We can almost always ship on the day the order is received.
